    c. Proposal to revise a program – MBA 057

4. Reports:
    a. Assurance of Learning
       The AOL committee recommends that a group of graduate faculty be identified from each department that will act as an assessor for any graduate AOL goal. Four to eight evaluators will be used to assess each goal. Each piece of data would be evaluated by two different assessors but each assessor would only evaluate a portion of the data collected. It is also the recommendation of the committee that these assessors be members of the AOL Graduate Assessment subcommittee.
    b. Graduate Council

5. Walk-ons
