Faculty's WKU Phone:

Credit hours for proposed  
course (1, 2, or 3):

Academic term you wish to  
enroll in the course

Please explain your reasons for applying to take an Honors Independent Study course; for example, how will it enhance your educational experience and/or contribute to your career goals in a way a traditional course would not?

As with a syllabus, please describe in approximately 200 words the nature of the project, objectives/questions to be addressed, and the approach to be taken.

As with a syllabus, what will be the final product of the independent study? That is, what quantifiable measure(s) will constitute “successful” completion of the independent study and how will your work be assessed?

As with a syllabus, list the major assignments, readings, and other required activities and the dates they will be due, along with how these requirements will be assessed and calculated into the final grade.

## Signatures

### Faculty Director

I have participated in development of this Honors Independent Study course, and the work proposed is both valuable to the student and of sufficient scholarly rigor to warrant the assignment of Honors credit. I agree to serve as faculty director for this project and agree to serve as the instructor of record for this section of Hon 303.

---

### Department Head

I have reviewed the attached proposal and feel the work proposed is both valuable and sufficiently rigorous to warrant the assignment of honors credit. On behalf of the department, I approve of the attached proposal and the Faculty Director's leadership of it.

---

### Mahurin Honors College, Assistant Director for Academics

I support and approve the Honors Independent Study proposal.
