With our thoughts focused on the upcoming holiday season, I am filled with gratitude for the amazing staff members that make possible the excellent work of the CEC and LifeWorks. Since 2006, they have been fulfilling the CEC Mission of Building a World Where All Individuals Flourish as Values Members of Their Community with knowledge, skill, and dedication.

Our future is bright, filled with boundless opportunities for growth, thanks to the commitment of these talented individuals. Dr. Christina Noel will assume the responsibilities of Interim Executive Director of the Suzanne Vitale Clinical Education Complex on January 1, 2024, upon my retirement. I am confident she will lead us into the future with vision, creativity, and grace.

It has been a privilege and pleasure to be involved with the CEC for the last eighteen years. I look forward to the abundant opportunities that lie ahead. We continue to be most grateful for your support and remain committed to making a difference in the lives of individuals, families, and communities. Please join us.

All the best,

Mary Lloyd
