

# IMPORTANT DOCUMENTS

There are several documents you should take with you and keep in a safe place separate from your passport and travelers checks:

1. Photocopy of the information page of your passport
2. Photocopy of any visas you may have for your program
3. Photocopy of your airline ticket(s)
4. Certified copy of your birth certificate
5. Driver's License
6. Insurance policies
7. List of traveler's check numbers in case of loss
8. Passport and a Photocopy of your passport

You should also leave copies of the above documents at home.

It may also be a good idea to keep copies of your credit/debit card(s) and information about how to report a lost or stolen card with the above documents.
