Session A

Technology Planning

Terry L. Manuel, KDLA Branch Manager
Emma Hignite, KDLA Technology Consultant

This session will focus on technology planning in libraries. It will cover budgeting, integration of the technology plan into the library's long-range plan, personnel issues, and preparing for emerging technologies. Also covered will be E-rate requirements for a technology plan.

Session B

E-Resources: History and Handling

Mary Beth Thomson, U K Associate Dean for
Collections and Technical Services
Karen A. Nuckolls, UK Law Library Head of
Technical Services
Marsha Seamans, UK Head of Access Records
Management

This session will discuss the history and growing importance of electronic resources in all types of libraries. It will include a presentation of cataloging e-resources and web sites using OCLC Connexion.

Session C

The Resource Sharing Detective: Citation Tracing

Russell Palmer, SOLINET Educational Services

This hands-on session will show how to use search tools to find elusive materials requested by interlibrary loan patrons. It will emphasize searching techniques, archival collections, scientific information, the "deep web," government information, and hard-to-find newspapers and periodicals.

Important for Session C:

Only first 24 paid registrants will be allowed in class!!!
