PMBA Results for Strategic and Critical Thinking

Grand Average

| | |
|---|----------|
| Identifies/ summarizes problem or issue | 3.833333 |
| Considers context and key assumptions | 3.444444 |
| Presents own perspective, hypothesis | 3.222222 |
| Addresses other perspectives | 2.777778 |
| Analyzes supporting data and evidence | 3.388889 |
| Assesses conclusions | 3.388889 |

There were only 9 students in the PMBA group and the case was not appropriate to use for all the dimensions in the rubric.

The recommendations is to make instructors aware of the results and choose a more appropriate case to be able to collect data on all the dimensions in the rubric.
