Prevent Catastrophes Caused by Human Error

Boiler and Pressure Vessel incidents, which can have devastating consequences, are usually the result of human error (improper installation, improper repair, low-water condition, operator error or poor maintenance).

WARE Boiler University's hands-on classes are designed to provide in-depth training on the following:

- Safety
- Efficiency operations
- Maintenance
- Refractory inspections
- Boiler codes
- Troubleshooting controls
- Cost reduction
- Boiler inspections
- Feedwater chemistry
- Applications
- Terminology
- And more

Accredited Adult Continuing Education

WARE Boiler University is an accredited adult continuing education class through WKU. All participants earn 2.4 continuing education units.

A week's worth of boiler technical information packed into a three day session. Session is Tuesday, Wednesday, and Thursday.
