

Dear colleagues,

I am looking forward to leading the 2016 AP French Language and culture Institute at WKU. It is always so stimulating to meet teachers who are passionate about French.

I will bring many resources and ideas from my own experiences in the classroom, in the publishing arena and from conferences and workshops. I love sharing what I have and what I know. Let me add that I always learn a lot myself in the process.

Although the workshop is primarily for AP teachers entering the field, whether you are coming to learn about the AP program or whether you are looking to refresh your skills, please bring whatever resources or materials you have with you to the workshop. Computers and tablets are welcome; they help immensely.

You will collaborate with your colleagues in developing or improving your curriculum and teaching strategies across the levels and especially in the AP course. You will become skilled in reading and scoring samples from the AP exam.

Good humor, enthusiasm and a positive attitude are truly the only essentials to bring to the AP Institute.

A bientôt, chers amis.

Eliane Kurbegov
