This program immediately connects you to doctors, hospitals, pharmacies and other services when faced with a medical emergency while traveling 100 miles or more from your permanent residence, campus location or abroad.

SES's Operations Center is staffed 24 hours a day, 365 days a year with trained multilingual and medical personnel, including nurses and doctors, to advise and assist you quickly and professionally in a medical emergency.

One simple phone call to the number on your SES identification card will connect you to:

- A global network of pre-qualified medical providers
- A state-of-the-art Operations Center with worldwide response capabilities
- Experienced crisis management professionals
- Air and ground ambulance service providers

SES completely arranges and pays for all of the assistance services it provides without limits on the covered cost. This alleviates many of the obstacles and potential expenses that can be caused by medical emergencies away from home.

It is important to keep your identification card with you at all times so that you can contact us whenever you need assistance.

SES is not travel or medical insurance, rather it is a provider of global emergency services.* SES's services do not replace medical insurance during medical emergencies away from home. All medical costs incurred should be submitted to your health plan and are subject to the policy limits of your health coverage.

***All services must be arranged and provided by SES. No claims for reimbursement of assistance services will be accepted.**
