

## **RESIDENCE HALL ASSOCIATION**

The Residence Hall Association (RHA) provides the link between the administration and the residents. The RHA attempts to provide this link by focusing its concerns in two main areas: community building programming and policy recommendations. The RHA works with the Department of Housing and Residence Life and the residence hall staff to build a community atmosphere within the residence halls through community building programming efforts. Policy recommendations are passed by the RHA and forwarded to the Director of Housing and Residence Life for further consideration. The Residence Hall Association meets on Mondays at 4:00 p.m. in Conference Room 12, Southwest Hall. All students are welcome to attend. There office is located in 016 Southwest Hall.
