

Assessment Documentation Database

The following tables provide a college-by-college index of the assessment of Institutional Effectiveness for the academic programs appearing in column one. Left clicking the mouse button on “IE Examples” in the second column will link to a table giving examples of methods used to assess effectiveness, changes made as a result of the assessment, and how the changes have resulted in improvements in the program for the years 1999-2004. (Please note that in some cases IE Examples are grouped by department. Viewer may need to scroll down the document in order to access the desired program.) Left clicking the mouse button on “Assessment Plan” in the third column will link to the 2003-2004 Assessment Plan for the program including current student learning outcomes.
