Staff Council Campaign Guidelines

- There is a limit of two (2) Staff-All e-mails during entire campaign process to be sent out per candidate, with no emails sent after 4:30 pm the day before Election Day and no emails the day of election.

- Campaign materials may be posted on all public bulletin boards. Materials are not to be posted on telephones, columns, building entrances, etc.

- Staff Council members shall remain impartial and are not to actively campaign for any candidate; however, Staff Council members should actively encourage staff members to vote for the candidate of their choice.

- Violations of campaign guidelines will result in disqualification from election. Election officials (Chair of Staff Council, Co-Chair of Staff Council and Human Resources Director) will review alleged violations on a case-by-case basis. Disqualifications are final and not subject to appeal.
