SPECIAL SPEAKER:

Amanda Hervey,
Kentucky Monthly feature
writer, "A – Z"

Amanda Hervey just published the book, "Kentucky A to Z: A Bluegrass Travel Memoir," which is a collection of articles she wrote for "Kentucky Monthly Magazine". Every month she was assigned was a different location based on the alphabet and given one day to find a story.

Her stories are more about the people who make the place with a little history included. She captures the essence of Kentuckians while learning life-lessons on her journeys.

Her articles help to open the long-closed drawers of memory, visiting childhood family and friends as well as places held dear. Amanda's natural talent as a writer and her acute observations of surroundings are treasures she will share with Retreat participants.
