

Video Library Workshop

October 11, 2014

9:00—12:00

Cherry Hall 102

If you are interested in participating in the Video Library Project and are available to attend the workshop on October 11, please fill out the application at www.wku.edu/wp. We are hoping to be able to create videos from a variety of schools, grade levels, and content areas. Yours might fill just the spot we need.

Jennifer Gonzalez will be leading a Video Library workshop to help interested teachers get started making their own teaching videos to add to the library.

WKU will provide:

- ♦ mini-cams for your use in the project
- ♦ training in how to make effective lesson tapes
- ♦ assistance with editing.

We have funding to provide \$300 stipends for 10 participants in this project, to be paid in two checks, \$150 this fall and \$150 in the spring.

Applications are due by September 26, 2014

We will notify the 10 participants who are chosen by October 3, 2014.
