

Western Kentucky University
Department of Communication

Statement of Intent to enter the Joint Undergraduate Master's Program (JUMP) in Communication

By signing below, the student certifies the following:

I intend to enter the JUMP program to complete both the B.A. and M.A. degrees in Communication, taking a blend of undergraduate and graduate coursework.

I understand that I must complete 120 hours of undergraduate credits including completion of the Communication Studies or Corporate and Organizational Communication degree, any required second majors or minors, and the general education curriculum in order to receive the B.A. degree.

I understand that completion of the M.A. degree in Organizational Communication requires a minimum of 33 credit hours and that no more than 12 hours of graduate coursework will apply toward the B.A. degree. Further, I understand that a B.A. degree must be completed prior to or simultaneously with the award of a M.A. degree.

I will be considered an undergraduate student until completion of at least 120 hours of total undergraduate and graduate credits. At this point, I will then gain admission to the Graduate School and hold graduate standing.
