Dear Presenters,

We are so excited to have you share your work at the 2023 Ohio Valley History Conference! Just some things to keep in mind as you prepare to share your scholarship.

- Each panel is set to run for 75 minutes (apart from one session of student lightning rounds). For most panels of three this means the presentations will be 15-20 min with questions at the end after all the presenters have gone. For panels of four this means presentations are 15 min long with time for questions at the end after all participants have gone.
- The conference rooms will be equipped with a desktop, speaker, and projector. If you have an accompanying visual presentation, please plan to use a flash drive.
- If you have a visual component to your presentation, please plan to arrive to your assigned room 10-15 min before the set start time to load your presentation to the desktop and test the tech you need.

Thank you for your participation in this conference and please feel free to reach out to me if you have any questions or concerns!

-Dr. Kathryn McClurkin
