

# Bachelor of Science Computer Information Technology

## Transfer Plan, Western Kentucky University

---

**Purpose:** To promote transfer of credits from the Associate in Applied Science (A.A.S.) with potentially the Associate of Science (AS) or Associate of Arts (A.A.) degree from any KCTCS (or other two year degree granting) institution into the B.S. in Computer Information Technology (CIT) at WKU.

**Admissions Process:**

Applicants for the Western Kentucky University's Bachelor of Computer Information Technology require the following:

1. All transfer students must request that an official transcript from each college attended be sent to the WKU Admissions Office, 1906 College Heights Blvd. #11020, Bowling Green, KY 42101-1020, or preferable electronically, or call (270)745-2551 if you have questions.
2. Students should complete an A.A.S. in an information-technology oriented discipline at KCTCS (or other two year degree granting institution) to be eligible to participate in this transfer agreement. KCTCS faculty advisors should help students understand this important factor when planning their educational programs.
3. Admission to WKU.

**Program Delivery Method:**

This program is designed as a distance program, and thus students do not need to relocate to the WKU campus (although they may do so if desired). See: <http://www.wku.edu/cit>

**Application of Credits:**

1. Transfer equivalencies for WKU admitted students are available on iCAP: <http://www.wku.edu/icap/>. If not formally admitted to WKU, course transfer equivalencies are available at: <http://www.wku.edu/transferequivalencies>
2. An AAS in a following major from KCTCS (or other two year degree granting institution) can transfer to WKU for the Computer Information Technology B.S. degree:
  - Computer & Information Technologies - Applications
  - Computer & Information Technologies - Computer Science
  - Computer & Information Technologies - Information Security
  - Computer & Information Technologies - Internet Technologies
  - Computer & Information Technologies - Network Administration
  - Computer & Information Technologies - Networking Technologies
  - Computer & Information Technologies - Programming
  - Information-technology oriented programs as approved by WKU CIT faculty
3. Transfer students in the CIT program must complete WKU Colonnade general education requirements and comply with all published Academic Requirements and Regulations

# Bachelor of Science Computer Information Technology

Transfer plan, Western Kentucky University

(see WKU Catalog for details). Additional general education coursework needed to fulfill a WKU BS degree program may be taken through WKU or KCTCS (or other two year degree granting institution).

- Students may arrive from KCTCS (or other two year degree granting institution) fully-certified in General Education or complete the WKU Colonnade General Education requirements. KCTCS students with an AA or AS are designated as fully-certified in General Education and will be credited as meeting WKU Colonnade General Education requirements. Students with an AAS degree (such as the AAS in Computer and Information Technology) may stay at KCTCS in order to become General Education certified. While working on General Education at KCTCS, students are encouraged to complete the following course as a foundation for the BS in CIT.

KCTCS Courses	WKU Courses (required if not completed at KCTCS or other two year degree granting institution)
<b>MAT 150</b> College Algebra (3)	<b>MATH 116</b> College Algebra (3)

- This Agreement allows Associate degree graduates to apply credits to the WKU CIT program. Specifically, the KCTCS (or other two year degree granting institution) Associate degree credits will be accepted by WKU as a comprehensive transfer with a minimum of 36 credit hours toward the degree. It is acceptable for students to begin at WKU before completing the KCTCS (or other two year degree granting institution) Associate Degree.
- Students transferring into WKU from KCTCS (or other two year degree granting institution) for the CIT program are required to complete a minimum of 36 upper division hours to earn a WKU degree, all 36 of which are imbedded in the CIT major.
- The table below includes the WKU courses required for the CIT B.S. program:

CIT Courses Required for Transfer Students		
CIT 300	On-Line Training Foundations	3 hrs
CIT 302	Web Development	3 hrs
CIT 352	Database Administration II	3 hrs
CIT 372	Telecommunications II	3 hrs
CIT 4xx	400-level CIT electives	24 hrs
	Total CIT Hours Required	36 hrs
