

**Department of Agriculture**  
**AGRI 399 Research Problems in Agriculture**

- This course is restricted to: 1) seniors who have less than 30 hours left 2) seniors with a degree program on file 3) seniors who have applied for graduation and 4) students who have completed and submitted this form.
- To receive 1.0 credit hour you must work with 2 faculty members. To receive 2.0 credit hours you must work with 4 faculty members. To receive 3.0 credit hours you must work with 6 faculty members.
- Each faculty member will assign you one or two reading assignments. Once you have checked out the book or article, you have two weeks to complete the reading assignment.
- The faculty member will set a date and time to meet with you to discuss the readings in depth. If you have a thorough understanding of the reading, the faculty member will give you pass for their part of this course.
- All readings and discussions must be completed by the twelfth week of class \_\_\_\_\_.
- The Department of Agriculture will remove the restriction from the course, but it is your responsibility to register for the course.
- You may choose any of the following faculty members to work with.

Dr. Fred DeGraves, Dr. Phillip Gunter or Luiz Silva -Animal Science  
Mr. Roger Dennis-Floriculture/Horticulture  
Dr. Martin Stone/Horticulture - Landscaping  
Dr. Becky Gilfillen-Soil Science
