

RESEARCH EXPERIENCES FOR UNDERGRADUATES on TRANSLATIONAL ECOLOGY

May 21 – August 10, 2018
Millbrook, NY

Stipend, food, housing covered
Assistance with travel cost

Contact: Aude Lochet
(locheta@caryinstitute.org)

- ✓ **Conduct an independent research project in ecology**
- ✓ **Explore how ecological research impacts our society**
- ✓ **Be part of an exciting research community**

Examples of project include:

Eavesdropping in birds • Mosquito ecology • Ecological changes in lakes • Hudson River in a changing world • Macro-vertebrate scavengers • Carbon and nitrogen dynamics in forest soils
