There is a new class attendance policy effective in the Spring Semester of 2006. Registration in a course obligates the students to be regular and punctual in class attendance. Students who, without previous arrangements with the instructor or department, fail to attend the first two class meetings may be DROPPED from the course.
In order to meet the above objectives, attendance and participation is expected in this class. Material will only be covered once and it is the responsibility of each learner to obtain the
information provided through lectures, participation, and readings. Tardiness on two occasions is equivalent to one absence.
