Catalog Description: SPED 400 Behavior Management Strategies in Special Education (3)
Classroom management strategies specific to students with mild to moderate disabilities. Special consideration for the function, measurement, documentation, and modification of specific behaviors to improve student progress academically and socially. Fieldwork may be required. Students are responsible for their own transportation to designated sites. Prerequisites: SPED 424 and admission to professional education

Rationale: This course was developed as part of an extensive revision of the undergraduate program in special education (formerly exceptional education). Students with mild to moderate disabilities may engage in a range of problem behaviors that interfere with their ability to access the general education curriculum. As such, special education teachers must learn to define, measure, and analyze the function of these behaviors to teach students appropriate behaviors, thereby allowing students access to the least restrictive environment.

Text(s): Required Text(s):

_During the course of the semester, students will be asked to use additional resources found online, in research journals or texts. Additional textbooks may be required._

### Bibliography/Reference/Websites

**Electronic:** Resources from these sites will be utilized in this course.
- Online library resource. [http://www.kyvl.org/](http://www.kyvl.org/)
- WKU Blackboard

### Special Instructional Materials

Access to Blackboard and the Internet

### Course Objectives and outcomes

Course objectives are part of a comprehensive program to meet both KY teacher standards (3.1 3.2 3.3 3.4 3.5) and Council for Exceptional Children {1.2 2.1 2.2 2.3 3.1 6.1 6.3 6.6 7.1 7.2 7.3}. All course objectives must remain in place for all sections. Faculty may add to but not delete from this base list.

**Learner Outcomes:**

- Review current research and trends for students with behavioral concerns in special education
- Name prominent theories of behavior management
- Comprehend the legal and procedural measures for legal discipline protocol as applied to students with disabilities
- Define the characteristics of students with emotional disorders, common etiologies and medical aspects including common medications
- Identify research-based strategies for managing behavior, de-escalation, re-direction, self-awareness, self-management, reinforcement, and extinction
- To isolate target behaviors, review antecedent and consequential procedures, take baseline data, plan behavioral interventions, and complete a behavior plan
- Research and design social skills instruction
- Observe and document student behavior
- Discuss the roles of family, paraprofessionals, other stakeholders and the student in the behavior program of a student with disabilities
- Create classroom rules, classroom management system and classroom procedures

### Topics covered in this course

**Course Topics (some, but not all-inclusive of topics that may be covered during the term):**

- Defining behavior
- Measurement
- Appropriate behavior and expectations
- Diversity and expectations
- EBD characteristics and subcategories, etiologies
- Function of behavior
- Sensory Integration
- Medical aspects
- Law governing students with disabilities and behavior concerns
- Research based strategies: De-escalation, Re-direction, Life Space, Skill streaming, Behavior contracts, etc.
- Least Restrictive Environment
- Lesson plans including behavior goals
- Social skill strategies and programs
- Working with counselors

Assignments/Point values:

All assignments must have your name, date, class/section posted on them. If I print them out to grade while out of the office, they must be clearly marked.

Specific assignments will be uploaded to Blackboard under the Assignments section, but you will be asked to complete group and individual projects, write research-based papers, take comprehensive tests and quizzes and complete assignments associated with field experience.

Additional activities may be assigned for clarity but points will not be added for the grade. The instructor retains the right to modify and adjust the assignments and schedule of activities.

<td><strong>APA Style</strong></td>
</tr>
<tr>
<td>All papers submitted in this course will be typed and formatted according to the <em>Publication Manual of the American Psychological Association</em> (5th ed.). <strong>APA style will not be taught as a part of this course.</strong> Students are individually responsible for obtaining and following APA style conventions, for part of the grade of each applicable assignment will be based upon the extent and accuracy to which these conventions are used. APA’s Publication Manual is on sale at the campus bookstore, and students may also wish to consult the web for information on citing electronic references: <a href="http://www.apastyle.org/elecref.html">http://www.apastyle.org/elecref.html</a></td>

<tr>
<td><strong>Discussion Board Postings (DBP)</strong></td>
</tr>
<tr>
<td>When posting to the course discussion board, students should: (a) maintain confidentiality regarding schools, school personnel, students, and students’ families and (b) avoid negative evaluations/comments regarding others both in and outside of the course. In addition, students should maintain confidentiality regarding the postings of other students in the course. In other words, the discussion board is not a forum for complaints about the practices of schools and school personnel, neither is it a public forum intended for distribution to those not enrolled in the course. Rather than discussing what someone may be doing wrong in the classroom, use the course content to discuss what educators should do correctly in the same kind of situation. Deviations from these guidelines will not be tolerated. With that being said, please be aware that, as with any online forum, discussion boards are not private and may be viewed by others who do not have permission to access the board.</td>

<tr>
<td>Admission to Teacher Education, a Criminal background check, TB test and a health screening are required prior to any work in the schools. Students are responsible for obtaining these through the office of Teacher Education –GRH 2052; (270) 745-4300. There is a fee, which may be paid through cash or check (Payable to KY STATE TREASURER). Contact <a href="http://www.wku.edu/teacherservices/teacher_admissions/index.php">http://www.wku.edu/teacherservices/teacher_admissions/index.php</a> for more information.</td>

you have already completed these screenings for another course, such as EDU 250, you do not have to do it again for this course.

Electronic Portfolio/ Critical Performance Indicator (CPI)

The CPI is a task created to demonstrate mastery of at least one Kentucky Teaching Standard. Each task can be viewed at WKU E-PASS portfolios [http://edtech2.wku.edu/portfolio/](http://edtech2.wku.edu/portfolio/).

Special directions for this CPI will be delivered at the appropriate time in the course. All CPI’s must be successfully passed for student progress. Work must be posted on the E-PASS website or a grade of Incomplete will be received.

Summary of this CPI is three-fold:

1. Create classroom rules and select a management system to use in a resource room setting. Create a 1st day letter to introduce parents to your classroom rules with a rationale for each rule and how you will handle the consequences based on the management system chosen.
2. Add a thorough list of classroom procedures and organization systems.
3. Create a 1st day parent letter explaining homework policy per your classroom procedures.

The CPI for this course covers KY Teaching Standard 3 (at least 4/5 subcategories must be covered.) and CEC standards 1.0, 1.1, 2.1, 2.1, 1.3, 2.1, 2.2

Grading

Points are awarded for various tasks/projects/activities during the course. Grades are calculated as a percentage of the total possible points. NO grade below C is accepted in the education program

Plagiarism Policy

Click here to review WKU Plagiarism and Academic Integrity Policy and tutorial

Student work may be checked using plagiarism detection software. To represent the ideas or interpretations taken from another source as one’s own is plagiarism. Plagiarism is a serious offense. The academic work of students must be their own and for this class. Students must give the author(s) credit for ANY source material used. Credit must be either at the bottom of the material’s page or in a list of references. To lift content directly from a source, even if it is from a website or friend’s work, without giving credit and/or quoting is a flagrant act. To present a borrowed passage after having changed a few words, even if the source is cited, is also plagiarism. Plagiarism or other act of academic dishonesty can and will result in an “F” for the assignment and possible dismissal from the university. All plagiarism must be reported to Student Affairs.

Technology Management

Managing student technology is the sole responsibility of the student. The professor and/or WKU are not responsible for making sure that:

(a) student word processing software is compatible with that used by the University;
(b) student email software is working properly and that students know how to use it (e.g., to send attachments to the professor);
(c) Internet service providers’ equipment and software are installed and working properly in conjunction with student computers;
(d) in the event that a student’s computer stops working properly or becomes totally inoperative, the student has another means by which he or she can successfully complete the course; and
(e) any other student technology problem or issue gets successfully resolved. It should be understood that, even though periodic travel to a campus classroom may not be required, online courses require more dedication, self-motivation, organization, and planning than many face-to-face courses, and this in part implies that if a student cannot resolve any personal technology difficulties, his or her only workable solution may be to drop the course.

Please note that working, compatible technology (hardware and software) are prerequisites to taking an online course. This includes PowerPoint software. If you are having difficulty, please contact the Help Desk at 270-745-7000, not the professor.

### Course Policies

**Assignments or student work**
- Assignments become the property of the professor and may not be returned. Keep all work electronically and regularly back up all work.
- Online course are more difficult than Face-to-Face courses and the learner must be self-driven to schedule time to read, prepare and stay ahead of the due dates. Candidates should schedule at least six (6) hours a week to prepare and complete the work for a three-hour undergraduate course.
- Most assignments will have two allowable opportunities to submit on blackboard. THEREFORE, check it to make sure it opens, it is complete and the final edited version was submitted. Two chances to post it does not negate the due date.

**Attendance Policy**
Timely participation and punctual assignments are mandatory components to successfully completing this course!
**Due dates**
Teaching is a profession that requires numerous due dates and strong time-management skills. To better prepare students for effective teaching, due dates will be adhered to. The professor will not pre-view your work but is willing to answer pertinent questions prior to the due dates. Major life crisis are always taken into consideration. Patterns of unpreparedness, neglect or disorganization are not. Work that is due in class is due when the class begins. Work that is due at midnight is considered late at 12:01. Work may be submitted early.

**E-Mail Communication**
You are expected to check the course site and your email on a daily basis for class notifications/updates. If you do not read the announcements on the course site and your email, you will not be up to date on any changes or assignment instructions and clarifications. Failure to read the announcements on the course site or your emails will not be an acceptable excuse for late assignments. All email will be sent to your WKU email address - I send whole class emails through the blackboard and your WKU email address is what is listed there. Check with the help desk if you want to have your email forwarded or changed.

Teachers must be skilled at communication. Email is a form of communication that loses many of the vital components of quality communication and is subjective to interpretation. It is a format that is not appropriate airing conflicts, frustrations or to promote conflict resolution. Use proper thought in creating email communication.

(a) It is often difficult to correctly interpret the intended tone of an email message;
(b) It is often too easy to quickly zip off a rude email to someone without first finding out “the whole story” or thinking through the possible consequences of doing so; and
(c) People sometimes will communicate things in an email that they would never say in a face-to-face conversation, students should take care to be polite, to-the-point, professional, and respectful in all email communication with the professor.

In the case that inappropriate/disrespectful student email is received, the professor reserves the right to deduct points from the disposition grade and/or to meet with the student about proper choices.

**Field Experience for this course:**
XXX hours.

**Written work Quality**
All submitted work is to be of professional quality. Work that is less than professional will be returned ungraded. A Holistic Writing Rubric will be provided. Student should analyze the rubric and edit work prior to submission. If writing is a weak skill set, please procure an editor/tutor to strengthen this skill.

Please use “people first” language. That means, that you always refer to a person first and the disability as secondary. For example, person with autism is correct –autistic student is incorrect. Points will be deducted for misuse of people first language.

12-point font & double spaced is standard for APA format.
