- 1. Identification of course:**
  - 1.1 Current course prefix and number: CD 485
  - 1.2 Course title: Diagnostic Procedures for Communication Disorders
- 2. Rationale for the course deletion:** This was offered to graduate students who did not have a diagnostics class before entering graduate school. Department policy is now that students must have it to be considered for admission. Consequently, the class is no longer needed at the graduate level.
- 3. Effect of course deletion on programs or other departments, if known:** none

- 1. Identification of existing course:**
  - 1.1 Current course prefix and number: HED 247C
  - 1.2 Course title: Contemporary Healthcare Issues
- 2. Identification of proposed equivalent course prefix and number:** HCA 247 Contemporary Healthcare Issues
- 3. Rationale for each equivalent course:** This course will parallel the current content in HED 247C which is housed in the Department of Liberal Arts and Sciences in University College and is supported by the Department Head and the Dean of University College. Given that HED 247C is a requirement for the Paramedicine major, it seems prudent to create a course equivalency.

**1. Identification of program:**

- 1.1 Program reference number: 245  
1.2 Program title: Hospitality Management (A.S.)  
1.3 Credit hours: 64

2. **Rationale for the program deletion:** After several years in existence, the enrollment goals for the A.S degree program were never met. Students are more interested in the B.S. degree rather than the A.S degree and once they became aware of the B.S. degree they immediately enrolled in it. Additionally, if a student initially enrolled in the A.S. degree, they would typically transfer to the B.S. degree without completing the A.S. degree first. After analyzing the data on enrollment and graduation rates for this program, we have decided to terminate the program.

3. **Effect on current students or other departments, if known:** none. For the few students who wish to finish the program, they will be allowed to. There are no courses that will be dropped as the result of deleting the program.
