Subject: Seeking talented IT person

Good morning Dr. Revels,

I would like to introduce myself if I may. I am the CIO for South Central Bank, and my office is in Glasgow at the operations center. Mike Houchens referred you as a good contact to help us find a talented person in Information Technology to join our team. We are shorthanded and looking for immediate placement.

If possible, I would like to speak with you and discuss a partnership for job placement. Please let me know if your schedule would accommodate a meeting or if you have a moment, please call me. In the event, you are too busy or not the right person I should reach out to, could you provide me with a contact I could speak with at the College?

Thank you very much for your time.

Michael Good
VP, Chief Information Officer
