**Subject:** CIS Interns

Good afternoon, Ray,

I hope you had a wonderful Thanksgiving break. Steve Lancaster suggested that I contact you regarding CIS student internship opportunities with WKU Surplus. As you can imagine, Surplus receives an abundance of computers—many of which have plenty of life left in them. Of course, we would prefer to engage WKU students in hands-on learning experiences that also maximize the utility of these computers, as opposed to sending them elsewhere to be recycled. Would you care to talk more about the possibility of working together to engage students in this partnership?

Thank you,  
Beth
