Notes:

- 1) Students enrolled in the distance cohort are expected to take all classes in the sequence offered. The only exceptions are described in #2. Your targeted graduation date is May 2023.
- 2) Clinical Externship (SLP 591) is offered during multiple terms. To complete the program on time, you must complete six credits of externship experiences (SLP 591). This may be done over 2 semesters at 3 credits each, or over 3 semesters at 2 credits each (if needed). Your decision to complete 2 or 3 externships must be reported by December 1, 2021. For more information about externships, see the following link: <http://www.wku.edu/communicationdisorders/clinicaexternship.php>.
- 3) Professional Issues (SLP 579) must be completed during the last semester or next to last semester of the program.
- 4) If 25 hours of clinical observation were not completed prior to entry to the graduate program you will be required to complete a one credit course, SLP 580, in order to earn the observation hours during the Fall 2021 semester.
- 5) All courses are three credit hours unless otherwise specified.
- 6) Four elective courses will be required. If you have not completed an undergraduate course in Alternative and Augmentative Communication then the first elective course needs to be Advanced AAC (SLP 518).
