

Pool Update: Extended Closure

We regret to inform you that, despite our earlier optimism, the start-up of the new HVAC system has encountered unexpected issues, resulting in further delays.

A technician from the manufacturer is now required to complete the process and is not expected to arrive until
Tuesday, July 1st.

As a result, **the pool will remain closed through at least the end of that week.** If the system becomes operational sooner, we will notify members immediately and reopen as soon as it is safe to do so.

**The anticipated reopening date is now
Monday, July 7th.**

We sincerely apologize for the delay and any confusion caused by our earlier update. We understand many of you are eager to return, and we are just as eager to welcome you back.

Thank you for your continued patience and understanding.
