About me video <https://mediasite.wku.edu/Mediasite/Play/5349b4325e97489e83b50b418e5532691d>

When you'd like my help, please follow these guidelines.

Always

- Include your 800/801 number and your WKU email.
- Express your question or request clearly.

Easy Questions

If you have an easy question that we can resolve with up to 3-4 emails (for instance—you want to claim or change your minor), just email me with a clear statement of what you'd like help with and we'll resolve it through email.

More Complex Questions or During Registration Windows

- Request a meeting by email or phone (above). If you have a specific time or two that are better for you, let me know. I'll respond with some options for meeting times.
- Include a description of what you know about your progress. Do you know what major/Colonnade courses you still need? Do you have requests for specific courses or delivery options (f2f or online, e.g.)?
 - Run an Icap Audit and attach it.
 - Consult course offerings for the next semester and suggest a sample schedule. Attach a picture or type it in.

I'm happy to talk with you about specific course- or program-related questions. I'm also happy to talk with you about your career goals and the path you're on. Just let me know!
