PROGRAM INFORMATION:

Prior to the establishment of the position of Chief Diversity Officer in June 2007, WKU was continuing to focus on issues related to the broad aspects of diversity. Since the appointment of WKU’s first Chief Diversity Officer, the University developed an Institutional Diversity Plan in September 2011 that included a recommitment to the values of diversity as expressed in the following statement:

“Western Kentucky University insists on a welcoming environment in which it is committed to promoting, acceptance, providing support, and encouraging diversity. Embracing diversity is an essential component to maintaining the University’s efforts toward connecting faculty, staff, and student populations in striving for a high standard of excellence and success. The University is committed to recognizing and supporting meritorious talent and achievement by supporting diversity and equal opportunity in its educational and community/global service obligations. The University’s dedication and persistence in its efforts to promote and strengthen its diversity initiatives serves as an institutional priority in which valuable contributions towards recruitment, retention and advancement of students, faculty, and staff may be realized. In summary, Western Kentucky University is committed to focusing on and espousing the values of diversity as well as recognizing how these values contribute to the preparation of productive, engaged and socially responsible citizen-leaders of a global society.”
