<p>Motion to Discuss – 1st/2nd: Hughey Discussion: Grubbs gave a brief description. Course is tied to the program revision proposals. They enhanced the BIOL-516 section and turned this into a 4 credit hour class. Vote: Approved by Electronic (3/3) – Results shown in appendix</p>

<p>Motion to Discuss – 1st/2nd: Hughey Discussion: Grubbs gave a brief description. 15 hours program and this is for those students that just need a little more to get in a special program. Danita asked if this certificate was very open on purpose. Grubbs, yes, they need diversity of course work. Webb wanted to look at the approval path and wondered if we should be editing it since it was already approved. Chelf thought it was just adding a header saying how many hours. Vote: Approved by Electronic (3/3) – Results shown in appendix</p>				
0500	0500: Advanced Teacher Education	Edited	and85146	12/9/2021
<p>Motion to Discuss – 1st/2nd: Hughey Discussion: Paganelli gave a brief description on the changes. Only in specialization area, remove PE and replacement with Athletic Admin & Coaching. Also changing a few electives. Arnett/Chelf asked if we could do a friendly amendment. Having 15 hours certificates and there are a couple – New language should say “This degree program is exempted from the course duplication policy.” Need to adjust the hours in the program, can't have below 12 hours. And this one is listed as 10-12 hours. Koodali talked briefly about the new policy and wanted to know why they are doing it this why. Just asking for a reasoning because this may come up again and he is trying to understand. <i>Friendly amendment – Change CNS 669 to 3 hours instead of 1-3 hours. Then the total would be 12. Also adding a statement under program overview, “This degree program is exempt from the Duplication of coursework policy.”</i> Vote: Approved by Electronic (3/3) – Results shown in appendix</p>
