

Meteorology Program

B.S. Meteorology Professional Program [Extended Major #578]

SUGGESTED FIRST SEMESTER COURSE SEQUENCE

Effective Fall 2014

MATH 136 - the course you enroll in will be determined by your MATH placement score and prior AP or other credit.	3-4 hours
GEOG 175 Freshman Experience in the Department	2 hours
METR 121 (Colonnade Explorations – Physical Sciences Lab) Meteorology	3 hours
GEOG 110 World Regional Geography (Colonnade – Social) (prerequisite for GEOG 300 and other courses)	3 hours
ENG 100 (Colonnade Foundations – College Composition) Introduction to College Writing	3 hours
TOTAL	14-15 hours

- **Note: For students who enter with AP, CLEP, Dual, or Transfer Credit, please talk to a Meteorology Program advisor about the correct sequence of introductory and Colonnade courses.**
