Mathematics Placement

ACT		0-18	19 +		
OLD SAT		0-450	460+		
NEW SAT		0-490	500+		
KYOTE (College Readiness Math)	0-21	109C	109/112		
	22+	109/112			
There are certain MATH 112 sections listed for students with lower score ranges. Please refer to the blue bar in TopNet.					
Placement based on previous Math Course Grade					
Current Course					
Grade		MA 115C/116C/123 AND MATH 105	MATH 115 MA115C	MATH 116 MA116C MATH 123	MATH 117 MA 117C
	A, B, or C	N/A	N/A	MATH 117 MA 117C	MATH 136
	D/F	MA 115C/116C/123 AND MATH 105***	MA 115C & MATH 105	MA116C	MA 117C

*The New SAT Range for MATH 117/117C is 630-640 and the MPE score of 18 or 19.

Students earning a 630 or higher on the NEW SAT Math test will earn credit for MATH 116.

**The following scores will place a student directly into MATH 136: 650 or higher on SAT Math (March 2016 or later) or 590 or higher on SAT (prior to March 2016), 15 or higher on KYOTE Calculus, or 76 or higher on ALEKS PPL.

***MATH 136 in this section requires a score of 10 or better on the MPTE.

KYOTE College Algebra scores directly correlate with MPE scores.

The following placement scores expire after one year (KYOTE, MPE, ALEXS PPL, PARCC, Accuplacer).

ACT/SAT Scores expire after four years.

For more detail on Math placement: Go to TopNet, Advising, TopNet Reports, Academic Standing & College Readiness Report.

***If a student receives a passing grade in the 115C/116C/123 course but fails the 105 course, they will still get to proceed and will not need to repeat the 105.

Students that receive a D/F in MATH 115 or 116 that need to repeat must sign up for the 115C or 116C section. Repeating in these sections will still count as an equivalent for grade replacement purposes.

All placement scores expire after one year (KYOTE, MPE, ALEXS PPL, PARCC, Accuplacer).

One retake during the currency period is possible. The retake does not “reset the currency clock” and is taken in a proctored environment. Contact the Math Testing Center for more information.
