JOIN THE THOUSANDS OF EDUCATORS from all over the U.S. and beyond who have participated in the exemplary Advanced Placement training offered by The Center for Gifted Studies for 36 summers. Our College Board-endorsed consultants have been or currently are AP exam readers and AP exam table leaders for the AP readings. Some are also test and textbook authors.

WE OFFER 26 WORKSHOPS specifically for beginning or experienced AP teachers. At the AP Summer Institute, teachers embrace the notion of providing a quality learning environment for their students by first challenging themselves to become better educators. You will engage in stimulating conversation, establish a strong network of colleagues, and leave eager to challenge students in the fall. Become a part of the great tradition of Advanced Placement excellence at WKU.

“The institute rejuvenated my love for teaching. It refreshed concepts, ideas, and teaching strategies and introduced new ways to tackle hard concepts.”

“Everything that was presented either reinforced teaching practices that I have used in the past or gave me new ways of completing teaching skills. There was no time wasted or unnecessary information.”
