

# THE ASSOCIATION FOR THE GIFTED (TAG) INVITES YOU TO TAG'S FALL INSTITUTE

## ***Celebrating Diversity Among Gifted Children***

**Friday, September 6, 2013, 8:30 am – 3:00 pm**

National experts in the field of gifted education will explore important issues in four strands: diversity, twice-exceptional students, curriculum, and social-emotional needs. If you are interested in meeting the social, emotional, and cognitive needs of students from minority, impoverished or rural backgrounds or students who are gifted yet have another exceptionality, then join us in Bowling Green, KY, for a day filled with information, learning, and sharing.

### • *About the Program* •

**Dr. Krystal Goree**, Baylor University School of Education, will provide one of the keynotes: *What Administrators Need to Know about Diversity Among Gifted Children*. Rutgers University's **Dr. Fred Bonner** will keynote at lunch, *African-American Males in P-16 Contexts*.

Sample sessions and speakers for the institute include the following:
