Western Kentucky University Bulletin (USPS678-620) is published quarterly by Western Kentucky University, Bowling Green, Kentucky 42101. Entered as second class matter at the Post Office, Bowling Green, Kentucky 42101.

Volume 56 January 1983 Number 1

STUDENT RESPONSIBILITY

All colleges and departments of the University establish certain requirements which must be met before a degree is granted. Faculty advisors, department heads, and deans are available to help the student understand and arrange to meet the requirements; but the student is responsible for fulfilling them. At the end of a student’s course of study, if requirements for graduation have not been satisfied, the degree will not be granted. Thus, it is important for each student to become acquainted with all academic requirements and to be responsible for completing all such requirements in a timely manner. In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation. Requests for waiver of regulations stated in this bulletin must be presented to the Graduate Council.

STATEMENT OF COMPLIANCE

Western Kentucky University is committed to equal opportunity. It is an Equal Opportunity-Affirmative Action Employer and does not discriminate on the basis of age, race, color, religion, sex, national origin, or handicap in any employment opportunity. No person is excluded from participation in, denied the benefits of, or otherwise subjected to unlawful discrimination on such basis under any educational program or activity receiving federal financial assistance.

If you have experienced discrimination in such educational programs or activities, written inquiries about procedures that are available at the University for consideration of complaints alleging such discrimination should be directed to the President’s Office, Western Kentucky University, Bowling Green, Kentucky 42101. Inquiries about such alleged discrimination also may be made directly to the Director, Office of Civil Rights, United States Department of Health, Education, and Welfare, Washington, D.C. 20201.

Inquiries about employment discrimination may be directed to the Affirmative Action Officer, Western Kentucky University, Bowling Green, Kentucky 42101, or The Commission on Human Rights, Commonwealth of Kentucky, 828 Capital Plaza Tower, Frankfort, Kentucky 40601, or Equal Employment Opportunity Commission, 1800 G Street, N.W., Washington, D.C. 20506, or Office of Federal Contract Compliance, United States Department of Labor, Washington, D.C. 20210.
Historical Sketch

Western Kentucky State Normal School, located in Bowling Green, was established by an act of the 1906 Kentucky General Assembly. Prior to 1906, there had existed in Bowling Green the Southern Normal School and Bowling Green Business University, whose president was Dr. Henry Hardin Cherry. In 1907 the Southern Normal School was transferred to the state, and Dr. Cherry was selected as the first president of Western Kentucky State Normal School. In 1922 the Kentucky Legislature changed the school's name to Western Kentucky State Normal School and Teachers College and empowered the College to award degrees to its graduates. In 1930 the school's name was changed to Western Kentucky State Teachers College, and in 1948 to Western Kentucky State College. The Kentucky General Assembly in 1966 designated Western as a University and changed the name to Western Kentucky University.

In 1964 the Bowling Green College of Commerce was organized into an academic division of Western, and the Graduate Division was changed to the Graduate School. In 1965 Western's Board of Regents approved the formation of three new colleges: the College of Education, the Potter College of Liberal Arts and the Ogden College of Science and Technology. In 1969 the name of the Graduate School was changed to the Graduate College. In 1972 the Potter College of Liberal Arts was renamed Potter College of Arts and Humanities, and the Bowling Green College of Commerce was renamed the Bowling Green College of Business and Public Affairs; in 1979 it was reorganized as the Bowling Green College of Business Administration.

THE UNIVERSITY

1906

THE GRADUATE COLLEGE

History

Western began offering the Master of Arts Degree in 1931. This program was discontinued in 1936 but was resumed in 1941 and has enjoyed continuous growth since that time. The granting of university status in 1966 gave the Graduate School (renamed the Graduate College in 1969) increased opportunity both to strengthen existing programs and to offer an even wider choice of program areas.

Administration

The Dean of the Graduate College is charged with the administration of policies regulating and relating to graduate studies. It is his/her responsibility to certify that candidates have fulfilled requirements for advanced degrees.

The Graduate Faculty consists of faculty members recommended by department heads and college deans, and approved by the Graduate Council.

The Graduate Council, which represents the Graduate Faculty, recommends and reviews policies pertinent to the operation of the Graduate College. In addition, it reviews and makes recommendations regarding new graduate programs and alteration of existing programs. Requests for waiver of regulations stated in this bulletin must be presented to the Graduate Council.

CULTURAL, RELIGIOUS AND RECREATIONAL OPPORTUNITIES

Music

The Department of Music sponsors a number of musical presentations including seasonal concerts. In addition, many faculty and student recitals are given throughout the year.

Communication and Theatre

The Department of Communication and Theatre and the Western Players present a series of programs during the academic year. Summer Theatre programs are scheduled during the summer sessions. A small fee is charged for admission to major productions; however, there is no admission charge for one-act plays produced by the Department.

Art

The Department of Art has a gallery in the Ivan Wilson Fine Arts Building where a display is usually on exhibit.

Foreign Languages

The Department of Modern Languages and Intercultural Studies sponsors an annual International Film Series, an auxiliary event of the Fine Arts Festival. The series, consisting of twelve films from twelve different countries, is shown in the original language with English subtitles. This event exposes the WKU and Bowling Green communities to acclaimed motion pictures which cannot be seen in local theatres or on commercial television.

Each year one graduate student is permitted to go to Montpellier, France, on a University Workshop. While there, the student may take courses for transfer to Western and will serve as advisor to Western undergraduates who are attending the University Paul Valery on the Western-In-France program. In order to have the experience needed for this advisory function, the graduate student must have spent his/her junior year in Montpellier.
Lecture Series

The Rodes-Helm Lecture Series was endowed in 1961 by Mr. and Mrs. Harold Helm of Montclair, New Jersey. The lecture series is named in honor of the late Judge John B. Rodes, father of Mrs. Helm, and in honor of Miss Margie Helm, sister of Mr. Helm and former Director of Library Services at Western. The endowment fund is to be kept intact and the income from it devoted to bringing distinguished lecturers to the Western campus.

The University Lecture Series brings to the campus three or four nationally known lecturers each school year. Students, faculty, and the general public are admitted to all lectures free of charge.

Planetarium

The Hardin Planetarium, a circular unit adjacent to the Thompson Science Complex, contains a Projection Hemisphere Room and a roof-top observatory which houses a 12½-inch Cassegrain reflector and associated photoelectric equipment.

Recreational Activities

Students and faculty are encouraged to use the Athletic Complex facilities. Swimming, dancing, tumbling, gymnastics, table tennis, judo, karate, wrestling, basketball, volleyball, badminton, tennis, weight training, conditioning, handball, squash, tennis, and archery facilities are available. Equipment is made available on a non-charge basis to students, faculty, and staff.

Religious Life

Since Western Kentucky University is a state-supported institution, it is non-denominational. Religious activities are, however, available to students. The Western Religious Council serves as the coordinating organization for religious activity on campus.

Support to the Research and Instructional Program of the University is provided through the activities and programs of the Divisions of Library Services and Media Services. These programs provide services for the acquisition, utilization, and dissemination of all types of instructional resources.

Library Services

Six library and resources centers serve the academic community at Western Kentucky University. They are: (1) the Margie Helm Library, (2) the Raymond L. Cravens Graduate Center and Library, (3) Kentucky Library and Museum, (4) Science Library, (5) the Education Resources Center, and (6) University Archives. These libraries and resource centers provide a seating capacity of 3,175 and a book capacity of 1,000,000 volumes.

Library resources are organized into divisional collections. This arrangement allows maximum benefits for reference and research activities among its 525,000 volumes; 6,075 journal holdings; 345,000 microform units within the libraries. An on-line computerized resources management system with remote video display terminals provides the library user with immediate data on the availability and status of library resources.

Individual carrels are provided for students engaged in thesis or research projects, and rooms are provided for graduate seminars. The library offers aid to researchers through extensive bibliographies, indexing and abstracting services, and interlibrary loans. The library is a depository for federal, state, and selected United Nations documents. Significantly collections of research materials in several fields are available in various forms of micro-reproductions. Various computer based research services are available. Western also holds membership in the Center for Research Libraries (CRL) which provides the library and its patrons with access and borrowing privileges to over three million volumes and 14,000 journal titles in a wide variety of subjects and languages.

Support to the Research and Instructional Program of the University is housed in the Kentucky Building. These resources consist of both printed materials and museum collections relating to all phases of Kentuckiana. There are 25,000 volumes, a large number of early newspapers and periodicals, state documents, broadsides, photographs, maps, microfilm, original cartoons, oral tapes, and art prints. Also available are church records, clippings, sheet music, and scrap books. The manuscript division includes collections such as the Lewis-Starling papers, the Joseph R. Underwood papers, the Proctor Knott Collection, the Calvert-Younglove Collection, the Frank Cheff Collection, the Helm-Carson Family papers, and the Janice Holt Giles Manuscripts. The Courteney Ellis River Collection, the H. O. Potter Daviess County Collection, and the Lilly Bland Carter Poetry Collection are other notable collections housed in the manuscript division. The Kentucky Library also houses the Gordon Wilson Linguistic Study of the Mammoth Cave, the Allan Trout Collection, and the South Union Shaker Materials.

Museum holdings include items of natural history, Civil War relics, furniture, art, musical instruments, toys, jewelry, and textiles as well as pioneer relics, early types of lighting, tools and weapons, and models of Kentucky forts and homes.

Media Services

The Division of Media Services is a service organization consisting of two units: (1) the Audio Visual Service Center and (2) Educational Television. The staff, facilities, and equipment of the Audio Visual Service Center provide both audio visual resources and utilization assistance for the entire campus. The Division is also responsible for the administration of the film library and photographic darkrooms. Educational Television provides instructional support in the planning, development, production, and campus distribution of these types of instructional resources.
Archives

The University Archives is housed in Wilson Hall. The purpose of the Archives is to collect, preserve, and organize for appropriate use the records of the University which are required for administrative functions and are essential for the historic study of the institution and its genealogical antecedents. Such records include correspondence, reports, minutes, photographs, scrap books, publications, as well as clippings and articles about the University and its personnel. Reference service is available.

Research and Computing Services

Computing and consultation services for research and instructional application are provided for faculty and students by the Area of Research and Computing Services in the Office of Institutional Research. Most computing for research and instructional application, with the exception of data processing and computer science classes, is done on a batch terminal connected to the Kentucky Education Computing Network. The University maintains a small business-type computer and a time-sharing system which are used primarily for instructional programs in data processing and computer science. The University's central computer facilities are used mainly for administrative applications. The wide variety of computer programs and statistical packages that are maintained will satisfy most data analysis requirements. Although the primary responsibility for research design and data analysis rests with the individual researcher, the Area assists students and faculty by providing methodological programming, and other services related to the use of computer facilities. Academic and research computing facilities are operated on an open lab basis during periods that approximate normal library hours.

Cooperative and Experiential Education

Cooperative education integrates classroom study with specific periods of supervised work experience. Though traditionally a program for undergraduate students, several departments are participating in Co-op programs at the graduate level. Contact the Office of Cooperative and Experiential Education, Room 521, Grise Hall, for further information.

Counseling Services Center

The Center, located in Room 408 of the College of Education Building, provides counseling services and is responsible for the administration of national testing programs. Contact the Center for appointments and for test information.

Housing Facilities

Residence hall applications (with advance payment) should be sent to Director of Housing, Western Kentucky University, Bowling Green, Kentucky 42101.

Residence halls are assigned according to student preference and availability of space. Graduate student floors are located in Bemis Lawrence Hall for women and Pearce-Ford Tower for men. Telephones and compact refrigerators are provided.

Food Services

Food services maintained on campus include the Garrett Conference Center Cafeteria, which offers a voluntary board plan, and the Downing University Center Cafeteria, Snack Bar, and Grill. Vending services are available in all dormitories.
FINANCIAL ASSISTANCE

Loans

National Direct Student Loan. This long-term loan is designed to assist the student whose family income and total assets place limitations upon other sources (bank loan, family savings, etc.) of educational funds. The loan is interest free while the student is in school and charges only five percent interest during the repayment period. In addition to the interest-rate advantage, the borrower may discount 15 percent of the loan each year, up to 100 percent of the total loan, by teaching in an elementary or secondary school in an economically deprived area.

Guaranteed Student Loan. This long-term loan may be secured through the student’s local bank. Student applicants who qualify for interest subsidy begin paying interest at a rate of nine percent upon expiration of a six months grace period after student status ceases.

College Heights Foundation Loan. This loan permits borrowing for extreme emergencies at low interest and requires repayment on a short-term basis.

Workships

The University participates in both a work-study and a regular program of employment whereby a student may work 15 hours per week during the regular term of study, providing such work is needed to balance the college expense budget. The work-study program offers summer employment which permits the student to work 40 hours per week. Eligibility to participate is based on family income. Assistance in obtaining off-campus employment is also available.

Application Information. Application forms for financial assistance are available in:

Department of Student Financial Aid
Western Kentucky University
Bowling Green, Kentucky 42101

For maximum consideration, apply before March 1.

Research Grants

Graduate students are invited to submit proposals for University research grants. Information as to application deadline and required proposal form may be obtained from the Graduate College.

Veterans Administration Benefits

G.I. Bill. Students who have had more than 180 days of active service with the Armed Forces after January 31, 1955, or have served less than 181 days but received an honorable discharge for service-connected disability are eligible for educational assistance under the Veterans Readjustment Benefits Act of 1966. Applications are made directly to the Veterans Administration, 600 Federal Place, Louisville, Kentucky. Application forms are available in the Department of Student Financial Aid. War Orphans and Widows of Deceased Veterans and Children and Wives of Disabled Veterans should contact the Veterans Administration nearest their hometowns for determination of eligibility for educational assistance.

Graduate Assistantships

Graduate assistantships are available in various departments and service areas to qualified students. Stipends vary depending upon the student’s qualifications and duties assigned. In addition to the stipend, the out-of-state portion of the graduate assistant’s fees is awarded in the form of a scholarship during the period of appointment and the summer term following a spring semester appointment. Graduate assistants are permitted to carry a maximum of 12 hours during a regular semester and 6 hours during a summer session. Since graduate assistants have responsibilities for their own studies and for services to the University, they are not permitted to hold an assistantship while being employed elsewhere.

Graduate assistants have professional responsibilities to the University; therefore, they are expected to familiarize themselves with the University policies and responsibilities and to fulfill their obligations in this respect. Stipends are paid at the middle of each working month.

The applicant for a graduate assistantship must have been admitted to a graduate program, must have an overall undergraduate grade point average of at least 2.8 or a score of not less than 1250 on the General (verbal, quantitative, and analytical combined) Test of the Graduate Record Examination, and should apply prior to February 1. The assistantship application and three letters of recommendation (to be requested by the student, not the Graduate College) must be submitted to the Dean of the Graduate College. Appointments are based upon the recommendation and approval of the head of the department and the dean of the college in which the assistantship is granted.

Graduate assistant appointments may be terminated upon failure of the appointee to maintain a grade point average of at least 3.0 in all coursework taken during any enrollment period or upon failure to maintain conduct compatible with the University’s function as an educational institution as defined in “Hilltopics, A Handbook for University Life,” an annual publication of the Office of the Dean of Student Affairs.

Senior Citizen Scholarship Program

Persons 65 years of age and older are granted tuition scholarships for any college class for which they enroll, whether for credit or audited.
GENERAL INFORMATION

Academic Year

The University provides a year-round instructional program consisting of the fall and spring semesters and a summer term (8 weeks). A wide offering of graduate courses is available to students during the regular semesters and summer term.

Registration Procedures

The computer is utilized to facilitate registration for Western students. Spring semester, fall semester, and summer term registration packets will be prepared without request for all students who have applied for admission for that term. Registration packets shall be made for all graduate students who have been enrolled during the year prior to the registration for which packets are being made. For a specific registration, a packet will be prepared for every graduate student who was enrolled in any one term during the preceding year, as follows:

<table>
<thead>
<tr>
<th>Specific Registration</th>
<th>Previous Terms of Enrollment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Spring</td>
<td>Spring, Summer, Fall</td>
</tr>
<tr>
<td>Summer</td>
<td>Summer, Fall, Spring</td>
</tr>
<tr>
<td>Fall</td>
<td>Fall, Spring, Summer</td>
</tr>
</tbody>
</table>

Students who were previously admitted but were not enrolled during the preceding year must complete a packet request form, obtained from and returned to the Graduate College.

Registration for extended campus classes is usually accomplished at the first class meetings. Contact the Office for Extended Campus Programs, 116 Van Meter Hall, for information.

Schedule Changes. The University reserves the privilege of cancelling any course which has insufficient enrollment to justify its continuation. Other adjustments in the schedule may be made when necessary.

Withdrawal From Class. A student who finds it necessary to withdraw from a course should notify the Office of Registrar.

<td>1,132.00</td>
</tr>
</tbody>
</table>

Note: Fees are subject to change without advance notice. Graduate students in music should refer to the department section for additional fees.

A minimum of nine hours during a regular semester and six hours during a summer session is required in order to be classified as a full-time student.

Course Numbering System

500-700: Courses numbered 500 and above are open only to graduate students. At least 15 hours of the master's degree program and at least 21 hours of the specialist degree program must be earned in courses open only to graduate students.

400G: Upper division undergraduate courses which are numbered at the 400-level and have a "G" designation (e.g., Eng. 401G) may be taken for graduate credit. In these courses, graduate students are expected to complete additional course requirements as prescribed by the instructor.

300: Courses numbered at the 300-level are for undergraduate credit and can be taken for graduate credit only in exceptional cases when permission is granted prior to enrollment in the course. Any request to take a 300-level course for graduate credit must be accompanied by a letter of justification from the department head and must be approved by the college dean and the graduate dean.
The policy on classification of students for registration fee assessment purposes at state-supported institutions of higher education was established by the Kentucky Council on Higher Education. It is printed below.

Section 1.
INTENT. Under current law the Council on Higher Education as a matter of policy establishes a higher fee or tuition for non-resident students attending public institutions than that charged Kentuckians. It is the intent of the Council on Higher Education that the state institutions of higher education in the Commonwealth of Kentucky shall apply uniform interpretations, as described in this policy and not otherwise, in determining whether students shall be classified as residents or non-residents for fee assessment purposes.

Section 2.
DEFINITIONS. Wherever used in this policy:

(1) The word "institution" shall mean a college, university, or community college supported by appropriations made by the General Assembly of Kentucky.

(2) The word "residence" or "reside" shall denote continuous presence within this State, provided that temporary absence for short periods of time shall not affect the establishment of a residence.

(3) The word "domicile" shall denote a person's true, fixed, and permanent home and place of habitation. It is the place where that person intends to remain, and to which that individual expects to return when leaving without intentions of establishing a new domicile elsewhere. Residence and domicile convey the same notion of permanence and principal home and are used interchangeably.

(4) The term "emancipated person" shall mean a person who has attained the age of 18 years, and whose parents: (A) have entirely surrendered the right to the care, custody and earnings of such person; (B) who no longer are under any legal obligation to support or maintain such person; (C) who no longer, in fact, voluntarily contribute substantial financial assistance; and (D) whose parents' income is not taken into account by any private or governmental agency furnishing financial educational assistance to such person, including scholarships, loans and other assistance. If all of the aforesaid dependency tests are not met, said person shall be deemed an "unemancipated person."

(5) The word "parent" shall mean a person's father or mother, or the parent having custody, or if there is a legal guardian or legal custodian of an unemancipated person, then such guardian or legal custodian; provided that such guardianship or custodianship was not created primarily for the purpose of conferring the status of resident on such an unemancipated person.

(6) Attendance at a college or colleges in this State shall be deemed "continuous" if the person claiming continuous attendance has been enrolled at a college(s) in this State as a full-time student, as such term is defined by the governing body of said college(s), for two consecutive regular semesters since the beginning of the period for which continuous attendance is claimed. Such person need not attend summer sessions or other such intersession in order to render person's attendance "continuous."

Section 3.
GUIDELINES FOR DETERMINATION OF STATUS.

(1) The domicile of an unemancipated person is that of one's parent.

(2) Upon moving to this State, an emancipated person who provides persuasive evidence of domicile may apply for resident classification for unemancipated children; and provided that said person is not personally in this State primarily as a full-time student, one's unemancipated children may at once be so classified.

(3) Any person who remains in this State when that individual's parent(s), having theretofore been domiciled in this State, removes from this State, shall be entitled to classification as a resident while in continuous attendance at the degree level in which currently enrolled.

(4) An unemancipated person whose parent is a member of the Armed Forces stationed in any state or country while a member of the Armed Forces specifically assigned for educational purposes to state-supported institutions of higher education, is presumed to be domiciled in the State and shall be entitled to classification as a resident while on active duty in this State pursuant to such orders. Resident status is similarly granted to one's unemancipated children.

(5) In the event an unemancipated person's parent or parents should have separate domiciles, one's domicile shall be that of the parent having legal custody. In the event neither parent has legal custody, one's domicile shall be that of the parent furnishing the greater financial assistance.

spent in the military service toward meeting the presumptions outlined in Section 4, provided the individual entered military service from the State of Kentucky or maintains a home of record and permanent address in Kentucky at the time of discharge.

Section 4.
PREMISSES. Unless the contrary appears from clear and convincing evidence, it shall be presumed that:

(1) Except as provided in Section 4(2), every person remaining in this State in a non-student status for the twelve months immediately preceding the last date for enrollment in the institution shall be presumed to be a resident student for fee assessment purposes. No person having a domicile elsewhere than in this State shall be classified as a resident for fee assessment purposes.

(2) No emancipated person shall be deemed to have gained residence while attending any educational institution (public or private) in this State as a full-time student, as such status is defined by the governing board of such institution, in the absence of a clear demonstration that the student has established domicile in the State. However, attending college in a part-time status will not prevent such person who has bona fide full-time employment in the State from establishing domicile.

(3) The domicile of a married person shall be determined by the provisions of these regulations independent of the residency of the spouse.

(4) A person does not gain or lose resident status for reason of presence in any state or country while a member of the Armed Forces of the United States. However, a member of the Armed Forces of the United States stationed in Kentucky on military orders, except members of the Armed Forces specifically assigned for educational purposes to state-supported institutions of higher education, is presumed to be domiciled in the State and shall be entitled to classification as a resident while on active duty in this State pursuant to such orders. Resident status is similarly granted to one's unemancipated children.

(5) In the event an unemancipated person's parents should have separate domiciles, one's domicile shall be that of the parent having legal custody. In the event neither parent has legal custody, one's domicile shall be that of the parent furnishing the greater financial assistance.
(6) Use of records. A student whose admissions records show that individual to be a graduate of an out-of-state high school and one's residence to be outside of Kentucky will normally be classified as a non-resident.

(7) Aliens. Aliens lawfully admitted to the United States for permanent residence under a permanent visa may establish Kentucky residence in the same manner as any other non-resident. An alien who possesses a student visa cannot be classified as a resident.

Section 5.
TYPES OF EVIDENCE TO BE CONSIDERED FOR ESTABLISHMENT OF DOMICILE. If a person asserts that a domicile has been established in Kentucky for a period of twelve months immediately preceding the last date for enrollment in an institution, that individual has the burden of proving the point. The following statements pertain to the kind of evidence that will be considered in reviewing an assertion by a person that one is domiciled in Kentucky.

(1) The following facts, although not conclusive, have probative value in support of a claim for resident classification: acceptance of an offer of permanent employment in this State; former residence in the State and the maintenance of significant connections therein while absent; or abandonment of a former domicile and establishing domicile in the State with attendance at an institution following and only an incident to such domicile.

(2) The following facts are not necessarily sufficient evidence of domicile: employment by an institution as a fellow, scholar, assistant or in any position normally filled by students; a statement of intention to acquire a domicile in this State; voting or registration for voting; the lease of living quarters; payment of local and state taxes; Kentucky automobile registration; Kentucky operators license; continued presence in Kentucky during vacation periods; marriage to a Kentucky resident; or the ownership of any real property.

Section 6.
RESIDENCY CLASSIFICATION AND APPEAL PROCEDURES. Each institution shall establish a Non-Resident Fee Committee to consider changes in resident status based on the above criteria. Application for change of resident classification shall be made in writing to the Office of the Registrar or to the Chairman of the Non-Resident Fee Committee. The Chairman may present each case to the Committee for a final decision, and the student will be notified in writing as to the disposition of the application.

In the event of a ruling by the Non-Resident Fee Committee which is unsatisfactory to the student, the student may request that a copy of the file be submitted by the Chairman to the Executive Director of the Council on Higher Education for referral to the Council's Committee on Residency Review for its recommendation to the institution.

Section 7.
EFFECTIVE DATE. These revised guidelines became effective on July 1, 1975, and supersede all previous policies of the Council relating to classification of students for fee assessment purposes.

Course Load
In general, the number of semester hours of credit which may be earned during a given term may not exceed the number of weeks of instruction. During a regular semester, the course load for a full-time graduate student is 9-15 hours with 9 being the minimum and 15 the maximum. During a summer session, the minimum and maximum course load for a full-time graduate student is 6 hours.

Graduate assistants may take a maximum of 12 hours during a regular semester, 6 hours during a summer session.

Maximum hour limitations include all courses taken whether they are for graduate or undergraduate credit or audited.

The fully employed, part-time student should attempt no more than 6 hours per semester.

Time Limitation for Completion of Degree
All requirements for the master's degree must be completed within five years from the date first course is taken.

All requirements for the specialist degree must be completed within four years.
Transfer Credit

Twelve hours of transfer work from an accredited institution may be accepted toward meeting course requirements for the master's or specialist degree; however, at least six (6) hours in the minor area and at least twelve (12) hours in the major area must be taken at Western.

The hours to be transferred must be properly designated as having been taken for graduate credit and must carry a grade of “B” or above. Credits earned during a given term must not exceed the number of weeks of instruction and must meet the specified time limit for the degree. Any course to be transferred must be appropriate for the degree program being followed and must be approved by the student’s graduate advisor(s) and the graduate dean.

Correspondence Study

Courses taken through correspondence study cannot be used as a part of any graduate program.

Graduate Record Examination

All degree-seeking students (excluding M.B.A. students who must submit GMAT scores) must submit scores on the General (Aptitude) Test of the Graduate Record Examination regardless of their undergraduate grade point average. The scores must be received by the Graduate College prior to the completion of 12 hours and prior to enrollment in hours beyond 12 toward the program of study. Failure to submit the scores by the established deadline will result in the student having to take additional coursework.

Registration materials for the GRE and GMAT are available at the Counseling Services Center and the Graduate College.

Major Advisor

Upon admission to a graduate program, each student is assigned a major advisor from the eligible graduate faculty of Western Kentucky University.

Program of Study (Form C)

All degree-seeking students must submit a planned program of study (Form C) to the Graduate College prior to the completion of 12 hours (including transfer credits) and prior to enrollment in hours beyond 12 toward the program of study. The degree program is to be developed in consultation with and approved by the advisor(s) assigned at the time of admission. Failure to submit the approved program by the established deadline will result in the student having to take additional coursework.

Students entering fifth- or sixth-year (Rank II or Rank I) non-degree, professional education programs must also submit a program of study to the Graduate College as specified above. The approved program must be on file before a letter certifying completion of hours can be sent to the appropriate Board of Education.

All degree and non-degree programs must be reviewed and approved by the Graduate College Dean.

Course Substitutions

Any change in the approved program of study—the addition or deletion of a course, the substitution of a transfer course or of another Western course for a course on the program—must be outlined on a “course change” form, approved by the advisor and submitted to the Graduate College for final approval. This approval should be gained prior to enrollment in the course to be substituted.

Program of Study Change

Students who wish to change from one program of study to another must apply on a “Change of Program” form. Admission to the desired program must be gained, and such admission constitutes a new date of admission. The advisor(s) assigned to the new program will evaluate any previously-taken courses for their applicability to the new program. All Graduate College regulations must be followed.

Grades

Grades lower than “C” may not be used in meeting degree or non-degree program requirements. Exception in the case of theses or specialist projects, the grade of “X” (incomplete) becomes “F” on the student’s transcript if the work is not completed within one calendar year. Thereafter, the gradepoint average will include the “F.” In the case of theses (599) and specialist projects (699), a grade of “X” must be reported for each enrollment period prior to submission of the approved thesis or specialist project to the Graduate College after which the grade may be changed.

Candidates for graduate degrees are required to have a combined average of “B” in all courses taken in the major and minor areas, regardless of whether they are included on the approved program of study (Form C), and in courses used to meet the research tool requirements for the MA and MS degrees. The minimum acceptable grade for a master’s thesis or specialist project is “B.”

Grades are recorded in the Office of the Registrar as reported by the graduate faculty at the close of each academic term. No grade filed in that office may be changed except on a written statement from the instructor.
certifying that an error has been made or, in the case of an "X," that the work was completed within the time limit.

Admission to Candidacy (Form D)

All degree seeking graduate students must apply for and be admitted to candidacy by submitting Form D to the Graduate College. Admission to the Graduate College and admission to candidacy are two separate procedures.

Students seeking master’s degrees must apply for and be admitted to candidacy by submitting Form D to the Graduate College after completion of at least twelve hours of coursework and prior to enrollment in hours beyond 21 toward the program of study. Candidacy status requires the following:

1. approved program of study
2. attainment of at least a 3.0 GPA on all graduate coursework at the time of admission to candidacy
3. approval of the major department and Graduate College
4. completion of at least 12 hours of coursework in the program of study following admission to candidacy

Note: Specialist degree students who enroll in 9-12 hours of coursework (applicable to their approved degree programs) during their first semester should submit their applications for candidacy (Form D) to the Graduate College at the end of that semester. Failure to submit Form D and receive approval for candidacy by the established deadline will result in the student’s having to enroll for additional hours of credit.

Admission to candidacy is a traditional component of graduate study the purpose of which is to provide a planned, formal review of the student’s progress toward the specified program of study. The review enables the student, in consultation with appropriate University officials, to make warranted changes in the program. Admission to candidacy should be an expression of confidence that the student will (with appropriate, continued effort) be able to complete all requirements for the degree.

Comprehensive Examination

All graduate degree programs require that either a written or an oral examination be satisfactorily completed. After admission to candidacy and during the final term of enrollment (or, if a part-time student, after completion of at least 21 hours) the comprehensive examination must be taken. A written examination is required by some programs within the Master of Arts in Education degree and by the Administration option of the Master of Public Service degree. Specialist degree programs require an oral examination. Master’s degree programs with thesis (Plan A) require an oral thesis defense. The student’s committee for the oral examination consists of the graduate committee appointed by the major department or, in the case of the Master of Arts in Education, the committee consists of the major and minor advisors and one additional member selected by the major advisor from the major department.

Students must contact their major advisors for scheduling the examination. The chairperson will notify the Graduate College of the results of the examination through the use of Form E.

Second Master’s Guidelines

The student who wishes to earn a second master’s degree from Western Kentucky University must apply for and gain admission to the new program and must satisfy all requirements (specific coursework, research tool, thesis, etc.) for the new degree, completing at least 18 additional hours of coursework plus the thesis. No more than 12 hours of previous coursework, whether transferred from another university or from the previous master’s degree at Western (or a combination of the two), may be used to fulfill program and research tool requirements.

Seniors Earning Graduate Credit

Seniors at Western or one of the cooperating consortium colleges may enroll in graduate coursework during their final undergraduate semester provided they (1) have an undergraduate grade point average of at least 2.5, (2) make formal application to graduate study (Form A should be submitted to the Graduate College at least four weeks prior to the beginning of the semester), (3) carry a final-semester course load of no more than 15 hours (combined undergraduate and graduate hours), and (4) do not, in any way, attempt to apply the graduate course(s) to the undergraduate degree.

Thesis and Specialist Project Advisory Committees

Students pursuing graduate programs requiring the thesis or specialist project are assisted by a thesis or specialist project advisory committee. In consultation with the student, the major advisor selects two additional eligible graduate faculty members—thus forming the three-member advisory committee, with the major advisor as chairperson.

In some cases, one member—other than the chairperson—may be
an individual who is not a member of Western’s faculty. Those individuals must qualify and be recommended for adjunct regular or associate membership on Western’s graduate faculty. An individual who has expertise in a pertinent area but who does not meet the requirements for appointment to regular or associate membership on the graduate faculty may serve as a fourth member of the committee with approval of the graduate dean.

Thesis or Specialist Project

The program of a student pursuing the master’s thesis or specialist project must contain six (6) hours of credit in 599—Thesis Research and Writing or in 699—Specialist Project, respectively.

The thesis or project must be submitted to the Graduate College, in final form and approved by the student’s committee members, at least three weeks prior to the date of graduation.

Complete instructions and requirements for preparing, submitting, and distributing the thesis or specialist project are given in “Guidelines for Master’s theses and Specialist Projects.” Copies are available in the Graduate College office. It is the student’s responsibility to obtain and comply with these guidelines.

Maintaining Matriculation

If the thesis or project is not completed during the period of registration for this credit, the student must maintain matriculation until said thesis or project has been submitted and approved. Therefore, if not enrolled in thesis/project credit or for graduate coursework, the student must register for 599c (thesis) or 699c (project) during any semester or summer term in which he/she will be actively pursuing the thesis or project or will be submitting it for approval. Enrollment in 599c or 699c does not result in a grade nor credit toward any degree or non-degree program requirements.

Application for Degree

The degree candidate must complete a degree application (available in the Graduate College and in the Registrar’s Office) and return it with the graduation fee to the Registrar’s Office according to the dates established by the Registrar for each semester.

Initial Procedures

Degree students seeking admission must obtain from the Graduate College Form A (Application for Admission). The completed form must be returned well in advance of the expected date of matriculation. Graduates of accredited institutions other than Western Kentucky University must request one official transcript indicating the completed degree. The transcript must be forwarded from the college or university Registrar directly to the Graduate College. Applicants who have not yet completed the undergraduate degree submit one official transcript at the time of application and one official transcript after the degree is completed.

Transient students (working toward a degree at other institutions) must complete Form A but are not required to submit transcripts. Instead, they must obtain Form H from the Graduate College. This completed form must be returned to the Dean of the Graduate College at Western prior to enrollment.

Unclassified students (not seeking an advanced degree) must complete Form A and, if not a Western graduate, submit one official undergraduate transcript to the Graduate College.

Should the unclassified student later apply for and be granted admission into a degree program, no more than 12 hours taken while in the unclassified category may (with advisor approval) be used to fulfill degree requirements, provided time limitations etc. are met.

Requirements: Master’s Degree Applicants

To be admitted to the Graduate College and be considered for admission to a master’s degree program the applicant must:

A. Hold a bachelor’s degree from a college or university of recognized standing. (Applicants from non-accredited institutions see below.)

B. Have adequate preparation in the field of specialization.

C. Have (1) an overall grade point average of not less than 2.5, or (2) a grade point average of 2.5 on the last sixty semester hours of undergraduate work, or (3) a score of not less than 1150 on the General (verbal, quantitative, and analytical combined) Test of the Graduate Record Examination. Requirements for admission to some programs are higher than these minimum standards.

D. Applicants for the Master of Business Administration program must submit scores on the Graduate Management Admissions Test in lieu of GRE scores, regardless of grade point average.

All other applicants must submit
GRE General scores, regardless of undergraduate grade point average, prior to enrollment in hours beyond twelve (12).

Requirements: Specialist Degree

Applicants

Applicants for a specialist degree program must:

A. Hold a master's degree from an accredited college or university.
B. Have adequate preparation in the proposed field of specialization.
C. Score not less than 1250 on the General (verbal, quantitative, and analytical combined) Test of the Graduate Record Examination.
D. Have a grade point average of not less than 3.25 on the first 30 semester hours of graduate work.
E. Present to the Graduate College three letters of recommendation from graduate faculty and professional associates.

Applicants From Non-regionally Accredited Institutions

Graduates of non-regionally accredited, four-year educational institutions may be conditionally admitted to the Graduate College and considered for admission to a master's degree program with a minimum GRE General (verbal, quantitative, and analytical combined) score of 1250, a minimum undergraduate grade point average of 2.5/4.0, and adequate preparation in the field of specialization, and one of the following:

A. The undergraduate institution is a candidate for regional accreditation.
B. The undergraduate degree is accepted as preparation for graduate study by that state's reporting institution.
C. The student's GRE verbal score is at least 550 and the undergraduate transcript indicates completion of a minimum of 40 hours of general education coursework including:
   a. at least 6 semester hours (or the equivalent) in each of the areas of communication, humanities, and natural science.
   b. at least 12 semester hours (or the equivalent) in social and behavioral studies, including history.
   c. at least 3 semester hours (or the equivalent in mathematics or logic).

Completion of 12 hours of graduate credit with a grade point average of at least 3.00 removes the conditional status.

A student with a combined verbal, quantitative, and analytical GRE score of at least 1400 or a verbal score of at least 600 may request individual consideration by the Graduate Council.

International Students: Requirements

Applicants who are not U.S. citizens must submit (1) a properly completed application for admission, (2) an official transcript indicating completion of the baccalaureate degree (or the equivalent), (3) evidence (grades, test scores) of ability to communicate in English and of the academic aptitude necessary for success in Western's graduate program, and (4) evidence of the needed financial resources. After the file is complete with these credentials, evaluation is made within the department administering the degree program and admission is based upon adequate undergraduate preparation, academic aptitude, English ability, etc.

International students must arrive on campus three days prior to the beginning of registration for classes for orientation and testing of English proficiency. Students found to be deficient in English skills must take remedial coursework.

Health insurance must be purchased upon arrival at the University.

Senior Citizens

A senior citizen (65 years or older) who holds a bachelors degree may be admitted to the Graduate College as a Special Student. Upon completion of 12 hours of coursework in a degree program with a minimum grade point average of 3.0, the student may be admitted to that degree program.

Master of Arts. Programs leading to the M.A. degree are offered in the following fields: child development and family living, communication, English, folk studies, history, humanities, psychology and sociology.

Master of Arts in Education. This degree program permits minors in the following fields: agriculture, art, biology, business education and office administration, chemistry, communication, counseling (school), economics, elementary education, English, English and allied language areas, early childhood education, exceptional child education, French, general education, geography, German, health, health and safety, history, home economics, industrial education, library science, mathematics, math-science area, music, physical education, psychology, reading, school business administration, science area, secondary education, social science area, Spanish, and student personnel services in higher education.

The secondary education degree program permits minors in the following areas: agriculture, art, biology, business education and office administration, chemistry, communication, distributive education, drama, economics, English, folk studies, French, geography, German, health, health and safety, history, home economics, industrial education, library science, mathematics, music, physical education, physics, psychology, science area, secondary education, sociology, and Spanish.

Master of Science. Programs leading to the M.S. degree are offered in the following fields: agriculture, biology, business education and office administration, chemistry, communication, distributive education, drama, economics, English, folk studies, French, geography, German, health, health and safety, history, home economics, industrial education, library science, mathematics, music, physical education, recreation, and institutional and home environment.

Master of Business Administration. Specific information and requirements are given under the administrative department.

Master of Music. Specific information and requirements are given under the administrative department.

Master of Public Service. Program options leading to the M.P.S. degree are offered in the following fields: administration, city and regional planning, and counseling.
Specialist in Education. The Specialist Degree in Education is available in counseling, elementary education, school administration, and secondary education.

Joint Doctoral. Western participates in joint-doctoral programs in education with the University of Kentucky and in a cooperative program in aquatic biology with the University of Louisville.

OUTLINE OF DEGREE REQUIREMENTS

The requirements outlined below are minimum requirements for the specific degrees. Some programs leading to the degree have requirements which exceed these minimums.

Master of Arts and Master of Science Degrees

Admission. In addition to meeting Graduate College requirements, applicants must possess at least a minor or its equivalent and a minimum grade average of 2.7 in the desired area of study.

Coursework. A minimum total of 30 hours of graduate level coursework (or 24 hours plus thesis) is required, with at least 15 hours in courses open only to graduate students.

Program. The student's approved program (Form C) must be on file by the completion of 12 hours and prior to enrollment in hours beyond 12 to be used on the degree program.

Research Tool. Unless the department has a specific requirement, the student may meet the research tool requirement by demonstrating (1) a reading ability sufficient to do scholarly research in a foreign language appropriate to the major area or (2) competency in the use of the appropriate research techniques recommended by the departmental advisor(s) and approved by the Dean of the Graduate College. No credit earned in meeting research tool requirements will apply toward the hours required for the degree. Minimum grade of "B" is required in courses used to meet the research tool requirement.

Language Reading and Translation Courses The French and German reading translation courses are offered during the fall semester only. Graduate students in degree programs which require the language proficiency test must make those courses a part of their first fall enrollment period.

Thesis. Some departments offer both Plan A (thesis) and Plan B (non-thesis). For Plan A, the thesis credit (6 semester hours) must be included in the hours (usually a minimum of 30) required for the degree. The thesis topic must be approved by the student's major advisor and department head. Students must maintain matriculation until the thesis is approved (see "Thesis and Specialist Project" and "Maintaining Matriculation").

Admission to Candidacy. Candidacy status must be gained after completion of at least 12 hours and prior to enrollment in hours beyond 21.

Final Examination. A final examination over coursework and related materials must be satisfactorily completed. An oral thesis defense is required under Plan A (thesis option).

Master of Arts in Education Degree

Admission. In addition to meeting Graduate College requirements for admission, if applying for a program which involves teacher certification the applicant must meet certification requirements for that specific program.

Coursework. A minimum of 30 hours of graduate level coursework (or 24 hours plus thesis) is required, with at least 15 hours in courses open only to graduate students. All students pursuing this degree must complete Education 500—Research Methods—and must meet coursework requirements for any certification being pursued.

Program. The student's approved program (Form C) must be on file by the completion of 12 hours and prior to enrollment in hours beyond 12 to be used on the degree program.

Research Tool. Not required.

Thesis. Some departments offer both Plan A (thesis) and Plan B (non-thesis). For Plan A, the thesis credit (6 semester hours) must be included in the hours (usually a minimum of 30) required for the degree. The thesis topic must be approved by the student's major advisor and department head. Students must maintain matriculation until the thesis is approved (see "Thesis and Specialist Project" and "Maintaining Matriculation").

Admission to Candidacy. Candidacy status must be gained after completion of at least 12 hours and prior to enrollment in hours beyond 21.

Final Examination. A final examination over coursework and related materials must be satisfactorily completed. An oral thesis defense is required under Plan A (thesis option).
Master of Public Service Degree

Admission. The applicant must meet Graduate College requirements and must submit evidence of sufficient background in the chosen area of study.

Coursework. A minimum of 30 hours of graduate level coursework (or 24 hours plus thesis) is required, of which 9 must be selected from the MPS core area. At least 15 hours must be taken in courses open only to graduate students.

Program. The student’s approved program (Form C) must be on file by the completion of 12 hours and prior to enrollment in hours beyond 12 to be used on the degree program.

Research Tool. Not Required.

Thesis. The thesis is not required. Only the City and Regional Planning option has a thesis plan available.

Admission to Candidacy. Candidacy status must be gained after completion of at least 12 hours and prior to enrollment in hours beyond 21.

Final Examination. A final examination over coursework and related materials must be satisfactorily completed. An oral thesis defense is required under Plan A (thesis option).

Specialist in Education

Admission. Applicants must hold the master’s degree (or the equivalent), must have a minimum grade average of 3.25 on the first 30 hours of graduate work and a combined score of at least 1250 on the General (verbal, quantitative, and analytical combined) Test of the Graduate Record Examination, and must submit three letters of recommendation (sent directly to the Graduate College) from professors and professional colleagues.

Coursework. A minimum of 30 semester hours of graduate credit, 21 of which must be in courses open only to graduate students, must be completed.

Program. The student’s approved program (Form B) must be on file by the completion of 12 hours and prior to enrollment in hours beyond 12 to be used on the degree program.

Residency. Two periods, consisting of a minimum of six hours each, of on-campus coursework must be completed. The student may meet this requirement in two summers, two semesters, or one summer and one semester. These 12 hours must be earned through traditional coursework (i.e., courses which may not be completed through independent study). The summer (8 weeks) will count as only one period in meeting this requirement.

Admission to Candidacy. Admission to candidacy must be accomplished after completion of a minimum of nine semester hours (at least six of which must be with Western Kentucky University) and prior to enrollment in the final twelve semester hours of the program.

Specialist Project. The project is an integral part of the specialist program and is planned with reference to the student’s field of specialization and professional goals. It may take the form of a field project, a creative study, or a more formal research study and shall culminate in a written, scholarly report. Students must maintain matriculation until the project is approved (see “Thesis and Specialist Project” and “Maintaining Matriculation”).

Final Examination. An oral examination covering the coursework and project must be satisfactorily completed. The chairperson will notify the Graduate College of the results through the use of Form E.

Cooperative-Doctoral (Ph.D.) with the University of Louisville

The cooperative-doctoral is limited to the Ph.D. program with emphasis in aquatic biology or in chemistry of free radicals. Admission requires concomitant admission to the Graduate School of the University of Louisville and the Graduate College of Western Kentucky University. Admission requires completion of the appropriate application forms at each institution and the payment of a non-refundable application fee of five dollars ($5.00) to the University of Louisville, the transmission of one official transcript indicating adequate preparation and copies of two letters of recommendation to each Graduate College office, achievement of a combined score of at least 1,000 on the General (verbal and quantitative) Test of the Graduate Record Examination and a score at or above 40 on the Miller Analogies Test (to be sent to the University of Louisville), and approval by the graduate faculty members of both institutions.

The degree requires the equivalent of at least three years of full-time graduate study, at least two years of which must be spent on the cooperative campus (Western Kentucky University and/or the University of Louisville). A minimum of one year of full-time residence must be spent on the university campus on which the student’s major professor resides.

The student’s graduate committee will consist of at least five members, with at least two each from the University of Louisville and Western Kentucky University.
Requirements include an entry examination over material from the broad field of biology or chemistry and a preliminary oral and/or written examination after completion of the major portion of the prescribed coursework. A reading knowledge of at least one modern foreign language must be demonstrated before admission to candidacy.

The final oral examination consists of a defense of the dissertation and a demonstration of the candidate's mastery of the field of study.

Joint-Doctoral with the University of Kentucky

Admission requires concomitant admission to the Graduate College at Western and to the Graduate School and doctoral program at the University of Kentucky. Application forms are available in the Graduate College at Western and, upon completion, are to be returned to the Dean of the Graduate College, Western Kentucky University. If fully qualified, the applicant's credentials will be forwarded to the University of Kentucky. Requirements for admission include a combined score of at least 1,000 on the General (verbal and quantitative) Test of the Graduate Record Examination, completion of the Miller Analogies Test if the GRE verbal score is below 600, personal references, transcripts of previous academic work, a statement of educational goals, and a brief autobiography.
COLLEGE OF ARTS AND HUMANITIES

DEPARTMENTS

Art
Communication and Theatre
English
Government
History
Journalism
Modern Languages and Intercultural Studies
Music
Philosophy and Religion
Sociology and Social Work

DEGREES OFFERED

Master of Arts (Communication, English, Folk Studies, History, Humanities)

Master of Music

Majors and Minors Offered Under the Master of Arts in Education Degree

Art
Communication
Drama/Theatre
English
English and Allied Language Arts (Major only)
Folk Studies (Minor only)
History
Modern Languages (German, French, Spanish)
Music
Social Science (Major only)
Sociology (Minor only)
DEPARTMENT OF ART

IVAN WILSON CENTER
ROOM 441 (502) 745-3944

Joseph W. Gluhman, Head
Graduate Faculty
Associate Professors: M. Klein, J. Oakes

Degree Offered: Master of Arts in Education (Art major or minor)

A presentation of a portfolio or permission of the professor under whom the student plans to study is required for admission. The major requires 18 to 21 hours in art and 9 to 12 hours in professional education. The 18-21 hours in art can be selected to meet individual needs. The minor requires 12 to 15 hours in art and 15 to 18 hours in professional education. Professional education courses taken must satisfy the requirements for standard high school certification.

Graduate Courses in Art

500 History of Architecture and Sculpture During the Middle Ages. 3 hours. Architecture and sculpture during the Middle Ages. Selected individual research problems.

501 History of Painting During the Middle Ages. 3 hours. The history of painting during the Middle Ages. Lecture and independent study.

511 Investigations in Art Education. 3 hours. Independent study in art curriculum and methodology, with emphasis on the literature, selected art history, and studio areas.

520 Ceramic Art. 3, 6, 9 hours. Advanced levels of clay forming techniques and clay glaze composition. Research in various phases of the ceramic process.

540 Drawing. 3, 6, 9 hours. Independent study utilizing traditional methods of drawing. Students are encouraged to investigate and utilize new directions.

550 Printmaking. 3, 6, or 9 hours. Independent study utilizing traditional methods of printmaking. Encourages the investigation of new directions in personal expression.

560 Painting. 3, 6, or 9 hours. Advanced aspects of painting, with emphasis on experimentation in different schools of painting and on individualized approaches.

570 Sculpture. 3, 6, or 9 hours. Independent study and experimentation in sculpture.

580 Weaving. 3, 6, or 9 hours. Individual study of weaving utilizing traditional and experimental techniques; the production of works that are highly individualistic and are of exhibition quality.

591 Investigations in Art History. 3 hours. Topics and approaches for special areas of interest. Emphasis on the traditional periods of art history.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit

401G Art in the Italian Renaissance.

402G American Architecture.

405G Art Theory and Criticism. 3 hours. Major theories of art, both historical and contemporary, and of various approaches to aesthetic judgments about individual works of art.

420G, 421G, 422G Ceramics.

440G Drawing.

480G, 481G, 482G Weaving.

490G, 491G Special Problems.
DEPARTMENT OF COMMUNICATION AND THEATRE

IVAN WILSON CENTER
ROOM 130 (502) 745-3296

Regis O'Connor, Head

Graduate Faculty

Associate Professors: D. Combs, J. Kesler, L. Miller, E. Rudolph, L. Ruff

Assistant Professor: L. Caillouet

DEGREES OFFERED: Master of Arts in Communication, Master of Arts in Education (Communication major or minor), Master of Arts in Education (DramafTheatre minor)

Master of Arts in Communication

This program provides preparation for students who plan to teach at the college level, to pursue additional graduate study, or to follow careers in fields where advanced study in communication would be helpful. To pursue a graduate degree in communication, a student must be eligible for admission to the Graduate College and must have at least an 18-hour minor, or the equivalent, in communication.

During the early stages of the program, the candidate for the MA in Communication should, in consultation with his/her committee, decide whether to follow Plan A (thesis) or Plan B (non-thesis).

Maximum flexibility is provided for students pursuing the degree. Courses are organized to allow concentration in one of the following areas within the department: communication theory, general speech, interpretation, rhetoric and public address, mass communication, and drama/theatre. Students may, with permission of the advisors, take courses in related departments.

The MA in Communication requires 30 credit hours plus 4 hours of research tool for non-credit. The research tool requirements are as follows:

Com 501 Introduction to Graduate Study in Communication and
Com 440G Experimental Studies in Communication or
Com 400G Historical Studies in Communication

Total 4 hours

Occasionally, a tool other than 440G or 400G may be needed, in which case the student's graduate committee may submit an appropriate substitute.

Master of Arts in Education. (Communication major or minor, Drama/Theatre minor)

Since this program provides graduate coursework in speech or theatre for the public school teacher, all requirements for standard high school certification must be met. The major in communication requires a minimum of 18 or a maximum of 21 hours. The minor in communication or in theatre requires a minimum of 12 or a maximum of 15 hours in the appropriate area. The remaining hours will be taken in professional education.

Graduate Courses in Communication

500 Speech Communication Internship. 3 hours.
Practical experience in a speech communication situation. On-site guidance from a coordinator within the organization.

501 Introduction to Graduate Study in
Communication and Theatre. 1 hour.
Nature and uses of research. Methods and career curricular information regarding the various areas of communication and theatre.

521 Evaluation of Mass Communication. 3 hours.
Criteria for determining the social responsibility of and for judging the performance of the mass media in America. Principal recurring schema used to evaluate the mass communication process.

522 Seminar in Mass Communication. 3 hours.
Selected topics in mass communication theory and practice: mass communication history, mass communication law and regulation, popular culture, message characteristics, etc. May be repeated with a different topic.

540 Seminar in Rhetoric and Public Address. 3 hours.
Theories of rhetoric and the application of rhetorical standards to selected speakers, movements, areas and periods. May be repeated with a different topic.

541 Seminar in Communication. 3 hours.
Selected topics in communication theory: interpersonal communication, persuasion and attitude changes, non-verbal communication, small group communication, language behavior, etc. May be repeated with a different topic.

542 Practicum in Communications Consulting. 3 hours.
Practical off-campus experience in the actual development, implementation, and evaluation of communications programs in organizations.

544 History and Theory of Interpretation. 3 hours.
History and development of interpretive theory from ancient times to the present. Use and developments of the interpreter's art, with analysis of contemporary principles and practices.

545 Seminar in Speech. 3 hours.
Content will vary. If offered as independent study, an area of individual interest may be pursued. If offered as a class, timely topics will be covered.

546 Seminar in Forensics. 3 hours.
Principles and procedures involved in directing the standard forensic events such as debate, extemporaneous speaking, discussion, original oratory, analysis of a public address. Also includes interpretative reading, duet acting, and story telling.

549 Rhetorical Theory and Criticism. 3 hours.
Development of the classical tradition in rhetorical theory, practice, criticism, and pedagogy, from pre-Aristotelian writings through twentieth century British and American theorists.

565 Seminar in Broadcasting. 3 hours.
Topical issues in the field of broadcasting. Individual student research and subsequent class discussion. Primary research methods and resources will be viewed.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.
The following 400-level courses in Communication may be taken for graduate credit

400G Historical Studies in Communication. 3 hours. Research methodologies in communication and theatre.

401G History of Broadcasting in America. 3 hours. Historical factors in the development of primary means of contemporary print and broadcast mass communications; background data on the creation, adoption and diffusion of mass media in America.

405G Phonetics. 3 hours. Speech sounds, their production, and acoustic properties.

406G Experimental Studies in Communication. 3 hours. Research design, procedures, and reporting. Critical examination of experimental studies in various areas of communication.

411G Advanced Oral Interpretation: Prose. 3 hours. Study of prose with emphasis on differentiation of types of oral performance.

412G Contemporary Rhetoric and Public Address. 3 hours. Contemporary theories of rhetoric and persuasion as they relate to public address. Also includes analysis of contemporary public address.

414G Advanced Oral Interpretation: Poetry. 3 hours. An analysis of poetry fiction (short story, novella, novel) with emphasis on point of view, tone, and characterization in oral performance.

415G Research in Speech and Theatre. 3 hours. Usually offered as an independent study.

416G Classical Rhetoric. 3 hours. Greek and Roman theories of rhetoric: Plato, Aristotle, Cicero, and Quintillian.

417G American Public Address. 3 hours. Study and evaluation of selected speakers from American history.

418G Kentucky Oratory. 3 hours. Prerequisite: Com 447 or His 456. Studies speakers of influence in Kentucky and provides an overview of oratory from political, religious and social issues.

419G Speech Development. 3 hours. Speech as a teaching tool. Minor problems in voice control, articulation, and pronunciation.

420G Interviewing. 3 hours. Overview of principles and methods especially well suited to oral, one-to-one information gathering in an organizational setting. Emphasizes practice both in and out of the classroom.

421G Organization Communication. 3 hours. Theoretical examination of rhetorical principles operant in modern organizational communication systems.

423G Intercultural Communication. 3 hours. Dimensions of communication theory that apply across cultural boundaries, including anthropological and linguistic perspectives.

Graduate Courses in Theatre

547 Instructional Technology. 3 hours.

550 Seminar in Theatre. 3 hours. Provides theatre experience through research and application. Individual investigation of interpretative, technical, or promotional problems.

552 Dramatic Theory and Criticism. 3 hours. Theories and practices within the theatre from Aristotle to present, criteria for critical analysis.

553 Restoration and Eighteenth Century Drama. 3 hours. Representative plays, evaluation of influences, movements, and productions. Reading and individual study.

554 Theatre Styles. 3 hours. Major stylistic impulses that have influenced the nature of drama and theatrical production within the Western World.

583 Shakespeare II. 3 hours. (See English 583)

The following 400-level Theatre courses may be taken for graduate credit

401G Styles of Acting. 3 hours. Acting problems as related to differences in genre and styles of dramatic production from the Greeks to the present.

422G Lighting Design. 3 hours. Lighting equipment demonstration and practical experience in working with lights for the major productions. Each student will design the lighting for a full-length play.

423G Theatre Management. 3 hours. Principles of management applied to fields of theatre operation, production preparation, and performance.

424G Special Problems in Technical Theatre. 3 hours. Advanced study in the areas of scenery, costume, lighting, and sound.

431G Musical Theatre. 3 hours. Development of the musical theatre; the style and form of its music, dance and drama; and its impact on the modern theatre.

441G Costume Design. 3 hours. For theatre majors and those interested in understanding the concept of costuming. Emphasis on the historical and practical aspects of theatrical costume design.

442G Historic Decor for Stage. 3 hours. Prerequisite: Theatre 251. Historic costumes of the major periods of theatrical production. Covers the costumed actor's problems with manners and movements.

455G American Drama. 3 hours. Development of American drama from the colonial period to the present. An overview of American drama and the works of major American playwrights of the past forty years.

456G Elizabethan Drama. 3 hours. Intensive study of the immediate predecessors and contemporaries of Shakespeare.

459G Modern Drama. 3 hours. Dramatic literature since Ibsen, with emphasis on evolving developments and trends in world theatre.

460G Studies in British Theatre. 3 hours. Includes a tour to England and viewing of representative productions, visits to historical and cultural sites.

461G Theatre Practicum. 3 hours. Reading of plays and dramatic materials; staging methods; script selection for production; prompt script with director's research; individual interpretation and production plans; final production.

462G Theatre History to 1640. 3 hours. Development of theatre from primitive ritual to closing of the English theatres.

463G Theatre History Since 1640. 3 hours. Development of theatre from 1640 to present.

471G Theories of Directing. 3 hours. Evolution of the modern director and the theoretical and practical bases of contemporary stage directing.

472G Readers Theatre. 3 hours. Methods of group oral interpretation of literature with emphasis on the short story, poetry, and drama. Includes analysis of literature, preparation of Reader's Theatre and Chamber Theatre scripts, and performance in class projects.

482G Shakespeare I. 3 hours. See Department of English.

491G Puppet Theatre. 3 hours. Puppets, puppets and marionettes with emphasis on history, construction, operation, and performance.
DEPARTMENT OF ENGLISH

CHERRY HALL
ROOM 135 (502) 745-3043

James S. Flynn, Head

Graduate Faculty

Associate Professors: E. Eckard, J. Flynn, C. Guthrie, C. Mosby

Degrees Offered: Master of Arts in English, Master of Arts in Education (English major or minor; English and Allied Language Arts area major), Specialist in College Teaching (English major)

Master of Arts in English

This program is designed for students who are preparing to teach in secondary schools or junior colleges, or who expect to continue graduate work toward an advanced degree. To meet departmental admission requirements, the student must have a minimum of 27 hours of undergraduate English with a grade point average of 3.0 or above and a satisfactory score on the General Test of the GRE. Both Plan A (Thesis) and Plan B (non-Thesis) are available. Plan A requires 24 hours of coursework and the 6-hour thesis. Plan B requires 33 hours of coursework. In either plan, 6 hours of coursework may be in a related field such as drama, English history, foreign literature, mass media, philosophy, or communication. Courses in each program must meet departmental requirements, a list of which is available from the English Graduate Advisor. The research tool, under both plans, may be met by demonstrating proficiency in a foreign language or by completing English 520. If English 520 is designated as the research tool, it may not be included in the credit hours required for the degree.

An examination over the coursework, thesis (if Plan A), and related materials must be completed. Early in the graduate program, the student should obtain from the English Graduate Advisor a copy of the Reading List for the MA Oral Examination.

Master of Arts in Education (English major or minor; English and Allied Language Arts area major)

This degree qualifies the student for the standard high school certificate. To pursue a major or minor in English, the student must have completed at least 24 hours of undergraduate work in English.

The major in English is designed primarily for secondary teachers who wish to acquire a strong academic background in their teaching field. Requirements include 18 to 21 hours in English, 9 to 12 hours in education, and a final examination on courses and related materials specified in the Reading List for the MA Oral Examination. At the beginning of the graduate program, the student should obtain a copy of the reading list from the Graduate Advisor in English. The thesis is optional.

Students minoring in English take a maximum of 15 hours or a minimum of 12 hours in that department.

The major in English and Allied Language Arts is designed for middle and secondary school teachers involved in teaching basic language courses and in directing student activities related to the language arts. Admission to this program usually requires 24 hours of undergraduate coursework in English; however, to keep the entrance requirements as open as possible to qualified applicants, up to 9 of the 24 hours may consist of appropriate courses from related fields (foreign language, speech, drama, journalism, reading).

This area major requires 18 to 21 semester hours of coursework in English and Allied Language Arts (communication, drama, journalism, mass media, foreign languages, and folk studies). The requirement in English varies according to undergraduate preparation. English 401G—Advanced Composition—and 6 to 9 hours of British or American literature are required of all. The remaining 0 to 12 hours for the area major will be selected from allied language arts. Nine to 12 hours must be taken in professional education.

Graduate Courses in English

503 Linguistics and Transformational Grammar. 3 hours. History and development of modern grammar and linguistic principles, a review of current professional writers, and an introduction to the various "new" grammars.

520 Bibliographical and Methodological Studies in Literature. 3 hours. Basic bibliography and bibliographical problems; research methods requisite for the M.A. thesis and scholarly publications; methodologies of recent critical essays.

553 Restoration and Eighteenth Century Drama. 3 hours. Emphasis on representative plays. Evaluation of influences, movements, and productions.

560 Literary Criticism II. 3 hours. Critical theory and practice of significant literary critics of the Western world from the Romantic period to the present.

569 Cooperative Education in English I. 3 hours. Prerequisites: A minimum of 9 graduate hours in English with a GPA of 3.25 or above; approval of the departmental co-op advisor and of the English departmental advisory committee. Appropriate supervised work with a cooperating organization.

570 Practical Approaches to Literature. 3 hours. Terms, concepts, and procedures of practical criticism through the study and practice of a variety of critical approaches to a representative sample of literary works.

571 British Masterpieces in the Classroom. 3 hours. Masterpieces of British literature suitable for teenage students. Works suggested by those taking the course and a designated core of selections will be studied to aid teachers in making these masterpieces understandable, interesting, and enjoyable to secondary school students.

572 American Masterpieces in the Classroom. 3 hours. Major American literary works appropriate for instruction in high school and junior high school. Works suggested by those taking the course and a designated core of selections will be studied to aid teachers in making these masterpieces understandable, interesting, and enjoyable to secondary school students.
581 Readings In Old English. 3 hours. Introduction to Anglo-Saxon vocabulary, grammar, and literary devices. Readings in the original and in translation.

582 Middle English Literature. 3 hours. Non-Chaucerian English literature of the Middle English period. Language of the period reviewed.

583 Shakespeare I, 3 hours. Selected comedies and histories. Individual research in literary criticism.

584 Milton. 3 hours. The writings of John Milton, with emphasis on his poetic works.

585 Seminar In British Writers. 3 hours. Content varies. Selected works or writers. Majors may repeat course once with different topic.

586 Wordsworth and Keats. 3 hours. The major works of these two writers and an evaluation of their contributions to the Romantic Movement.

587 Modern British Poetry. 3 hours. Detailed study of the works of major twentieth century British poets.

588 Cooperative Education in English II. 3 hours. Prerequisites: A minimum of 9 graduate hours in English with a GPA of 3.25 or above; approval of the departmental co-op advisor and of the English graduate advisory committee. Appropriate supervised work with a cooperating organization.

591 Emerson, Thoreau, and Whitman. 3 hours. Selected works, cultural backgrounds, and contributions of these writers.

592 The Age of Twain and James. 3 hours. Realism and naturalism in American literature. Emphasis on Twain, James, and their contemporaries.

593 Poe, Hawthorne and Melville. 3 hours. Selected works, cultural backgrounds, and contributions of these writers.

594 Contemporary Fiction. 3 hours. Selected major figures and their works. Consideration of movements, influences, developments since 1900.

596 Seminar In American Writers. 3 hours. Varies according to assigned instructor and student's needs. Usually covers group of writers, or one major writer.

598 Problems in English. 2 or 3 hours. Supervised research on literary or linguistic problems.

599 Thesis Research and Writing. 6 hours.

The following 400-level courses may be taken for graduate credit

401G Advanced Composition. 3 hours. Study and practice in various forms of writing and rhetorical principles.

404G The History of the English Language. 3 hours. Origin and development of the language from Indo-European to Modern English, with emphasis on developments in the sound system, vocabulary, and grammar; historical and cultural forces which have affected the language.

405G Phonetics. 3 hours. Speech sounds, their production and acoustic properties.

407G Descriptive Linguistics. 3 hours. Current linguistic theory which includes the important levels of language as a means of communication; various theories and applications of linguistic theory to other fields of study.

410G Theories of Rhetoric and Composition. 3 hours. Classical and contemporary theories of rhetoric and composition with emphasis on application of the theories to writing and to the teaching of writing.

455G American Drama. 3 hours. See Department of Communication and Theatre.

466G Elizabethan Drama. 3 hours. See Department of Communication and Theatre.

458G Modern British Novel. 3 hours. Techniques and rationale in representative works of major British novelists from Joseph Conrad to the present. Intellectual climate of the period.

459G Modern Drama. 3 hours. See Department of Communication and Theatre.

460G Literary Criticism I. 3 hours. Critical theory and practice of significant literary critics of the Western world from the Greek and Roman periods through the English Neo-Classical period.

469G Introduction to Teaching English as a Second Language. 3 hours. Theories, methods, and materials for teaching English as a second or foreign language.

481G Chaucer. 3 hours. Representative works of Chaucer; backgrounds; outside readings and reports.

482G Shakespeare I. 3 hours. Selected major Shakespearean plays read and studied in the light of the Elizabethan period as representing typical dramatic writing and production.

483G The English Renaissance. 3 hours. Non-dramatic literature of the Renaissance, with emphasis on Spenser.

484G The Romantic Movement. 3 hours. Background and phases of romanticism; representative exponents of the Romantic Movement.

485G The Seventeenth Century. 3 hours. Seventeenth century literature, forms, and developments.

486G The Eighteenth Century. 3 hours. Eighteenth century literature, forms, and developments.

487G Victorian Prose. 3 hours. Major prose writers of the Victorian period. Also covers political, social, and economic movements to show the interrelationships between the culture of the era and its literature.

488G Victorian Poetry. 3 hours. Major poets of the Victorian period. Also covers political, social, and economic movements to show the interrelationships between the culture of the era and its literature.

489G The English Novel. 3 hours. Technique and history of the novel. Several representative novels studied.

490G The American Novel. 3 hours. The American novel from Cooper to the present. History, general development, and technique. Several representative novels studied.

493G Major American Poets. 3 hours. The major poems, the styles, and the poetic intent of the most important American poets from Poe to the present.

494G Kentucky Literature. 3 hours. Survey of literary people and places in Kentucky, including detailed study of several works of Kentucky writers.

495G Southern Literature. 3 hours. Covers major, minor, and "regional" writers of the South.
DEPARTMENT OF GOVERNMENT

GRIZE HALL
ROOM 300 (502) 745-4558

George S. Masannat, Head

Associate Professor: J. Sloan

Degrees Offered: *Master of Arts in Government, Master of Public Service (Public Administration Option)
*MA in Government temporarily suspended

Master of Public Service (Public Administration option)

The Master of Public Service (MPS), an interdisciplinary program, is designed to prepare individuals for employment in governmental or quasi-governmental organizations requiring broad administrative knowledge as well as more specialized academic and practical training. The program requires the completion of a core curriculum consisting of courses from several departments and provides for career specialization within the option area. No thesis is required.

Requirements for the Public Administration option are:

Govt 540 Seminar in Public Administration and six hours selected from the following core courses:
- Geog 484G Planning: Theory and Application
- Govt 511 Seminar in State and Local Government
- Econ 588 Public Sector Economics
- Soc 542 Community

In addition to the core requirements, students must complete the following courses:
- Govt 501 Methods of Political Inquiry
- Govt 441G Public Personnel Administration
- Govt 442G Government Financial Administration
- Govt 545 Seminar in Public Policy Analysis

The remaining hours may be selected from the following:
- Govt 417G Urban Political Systems
- Govt 424G Administrative Law
- Govt 510 Problems in National Government
- Govt 547 Seminar in Urban and Regional Public Policy Analysis
- Mgt 570 Business, Government, and Law
- Mgt 575 Organization Theory
- Soc 562 Formal Organizations
- Psy 551 Social Psychology of Organizations

Graduate Courses in Government

501 Methods of Political Inquiry. 3 hours. Analysis and description of the logic and procedures necessary for valid political inquiry.

510 Problems in National Government. 3 hours. Research, reports, and discussion of selected aspects of national government.

511 Seminar in State and Local U.S. Government. 3 hours. Selected problems at all levels of U.S. Government.

520 Seminar in Public Law. 3 hours. Exposition, discussion, and analysis of concepts and issues in jurisprudence, and in administrative, constitutional, and international law.

530 Seminar in Political Theory. 3 hours. Analysis of selected topics in political theory.

540 Seminar in Public Administration. 3 hours. Analysis of behavior and problems of public organizations in democratic environments. Links societal values to administrative structure and behavior.

545 Seminar in Public Policy Analysis. 3 hours. Theoretical approaches to the analysis of public policy, policy-making, and policy implementation and to such topics as health and welfare, poverty, education, and urban affairs.

547 Seminar in Urban and Regional Public Policy. 3 hours. Current approaches to urban and regional public policy. Detailed treatment of selected problems and related policy choices facing decision makers.

550 Seminar in International Relations. 3 hours. Individual and group study of theories and practical applications of international relations.

560 Seminar in Comparative Government. 3 hours. Study and research in the areas of democratic and totalitarian government.

580 Directed Study. 3 hours. Faculty guidance of student research in one or more selected fields of political science.

The following 400-level courses may be taken for graduate credit

403G Field Studies in Politics. 1 to 4 hours. Practical problems of political research. Students will be directed through the design and execution of a major field study.

410G Seminar in National Government. 3 hours. Prerequisite: Govt 110 or permission of the instructor. Research, reports, and discussion of selected aspects of national government.

411G Seminar in State Government. 3 hours. Prerequisite: Govt 110, 210 or permission of the instructor. Research, reports, and discussion of selected aspects of state government.

412G Kentucky Government and Politics. 3 hours. The governmental and political development of the state from its constitutional beginning to the present. Covers the major factors and issues in the state's political development within the context of the national governmental setting and the role and influence of various political and social institutions in the state's political development.

417G Urban Political Systems. 3 hours. Contemporary American urban political systems, socioeconomic values in the urban political culture and how they relate to political structures and activities.

423G Jurisprudence. 3 hours. The nature of law: origins, evolutions and characteristics of the common and Roman law systems; principal schools of legal theory; and the arrangement, methods and processes of the law.

424G Administrative Law. 3 hours. The development of and trends in administrative law with emphasis on problems caused by the exercise of quasi-legislative and quasi-judicial powers by administrative agencies.

432G Early Political Theory. 3 hours. Political ideas in the West from Plato through Thomas Aquinas.

433G Modern Political Theory. 3 hours. Prerequisite: Govt 432 or permission of the instructor. Political ideas in the West from Machiavelli to present-day theorists.

434G Contemporary Political Theory. 3 hours. Prerequisite: Govt 432 or 433 or permission of the instructor. Selected aspects of contemporary political thought.

435G American Political Theory. 3 hours. American political theory from puritanism to present.
DEPARTMENT OF HISTORY

CHERRY HALL
ROOM 200 (502) 745-3842

Richard Troutman, Head

Graduate Faculty

Associate Professors: C. Bussey, D. Lee, R. Weigel

Degrees Offered: Master of Arts in History, Master of Arts in Education (History major or minor). *Specialist in College Teaching.

*Specialist in College Teaching temporarily suspended

A person pursuing a graduate degree in history must take at least half of the work in history, excluding the thesis, at the 500 or 600 level.

Master of Arts in History

This program is designed to prepare students for the teaching of history on the junior or senior college level; to provide the initial graduate work for those who intend to pursue a doctoral degree; and to enhance the preparation of secondary teachers of history who desire to meet certification requirements through such a program.

In addition to meeting general Graduate College requirements, the applicant must present a major or minor in history with approximately a B average in this field.

A student who has an undergraduate major in history may be permitted to take six to nine hours of graduate work in a related field in courses approved by the Graduate Advisory Committee. A student who present an undergraduate minor in history must complete the entire program in the field of history.

Both Plan A (thesis) and Plan B (non-thesis) are available. Plan A requires a minimum of 24 hours of coursework, including European Historiography 435G or American Historiography 455G (unless previously taken) and the thesis. Reading proficiency in a modern foreign language must be demonstrated.

Plan B requires 36 hours, including at least 21 hours in courses open only to graduate students. Both European Historiography 435G and American Historiography 455G must be included on the program or used as a research tool. The research tool may be met by (1) demonstrating proficiency in a foreign language, (2) completing Math 203—Statistics, or (3) completing either History 435G or 455G.

A final examination over coursework, thesis (if Plan A), and related materials must be passed.

Master of Arts in Education (History major or minor)

Since this program is designed for the public school teacher, the student following it must meet all requirements for standard high school certification. A maximum of 21 or a minimum of 18 hours is required for a major. A maximum of 15 or a minimum of 12 hours is required for a minor. The remaining hours must be taken in professional education courses.

History and the Humanities Program

History is an integral part of the program leading to the Master of Arts in Humanities degree. As a general rule, students under the humanities program who enroll in graduate courses in history must have at least 18 hours of history as a prerequisite.
Graduate Courses in History

500 Cultural and Social Aspects of American Life. 3 hours. Designed for graduate students who have undergraduate majors in the field of elementary education.

501 European History for Secondary Teachers. 3 hours. Emphasis on bibliography, documents, historical interpretations and materials useful for secondary teachers of history.

502 United States History for Secondary Teachers. 3 hours. Emphasis on bibliography, documents, historical interpretations and materials for secondary teachers of history.

521 United States History for Secondary Teachers. 3 hours. Emphasis on bibliography, documents, historical interpretations and materials for secondary teachers of history.

525 Social and Intellectual History of the US: Nineteenth Century. 3 hours.

526 Social and Intellectual History of the US: Twentieth Century. 3 hours.

527 Social and Intellectual History of Europe: Nineteenth Century. 3 hours.

535 Discovery and Interpretation of Local History. 3 hours. Materials, methodology and techniques employed in local history research and its integration with other fields.

589 Cooperative Education in History. 3 hours. Practical experience in a supervised work situation with a cooperating library, museum, archives, or other appropriate historical organization.

590 Advanced Individual Study. 3 hours. Prerequisite: 3.0 average in at least 9 hours at the graduate level. A research problem or intensive readings directed by a faculty member. May be repeated once with a change of content.

599 Thesis Research and Writing. 3 hours.

599c Maintaining Matriculation. 1 to 6 hours.

605 Seminar in Ancient History. 3 hours. May be repeated once with a different topic.

606 Seminar in European History. 3 hours. Graduate Seminar in such diverse areas as the Middle Ages, the Renaissance, and the Reformation. May be repeated once with a different topic.

619 Seminar in United States Diplomatic Relations. 3 hours. May be repeated once with a different topic.

622 Seminar in Western United States History. 3 hours. May be repeated once with a different topic.

630 Seminar in United States History. 3 hours. Graduate seminar in such diverse areas as Colonial America, the Confederation Period, the Federalist era, the Jeffersonian Republicans, the Slavery Controversy. May be repeated once with a different topic.

631 Seminar in Kentucky History. 3 hours.

640 Seminar in College Teaching. 3 hours. Course organization, lecture preparation, professional development, ethics, testing procedures, and library development.

The following 400-level courses may be taken for graduate credit

419G Tudor-Stuart England. 3 hours.

422G The French Revolution and Napoleonic Era. 3 hours.

425G Modern Germany. 3 hours.

426G The Middle East in Modern Times. 3 hours.

428G England Since 1914. 3 hours.

435G European Historiography. 3 hours.

440G Colonial History of the United States. 3 hours.

441G The Formative Period, 1776-1815. 3 hours.

442G The Jacksonian Era, 1815-1850. 3 hours.

443G Civil War and Reconstruction, 1850-1877. 3 hours.

444G The United States, 1870-1900. 3 hours.

450G Diplomatic History of the United States to 1898. 3 hours.

451G Diplomatic History of the United States Since 1898. 3 hours.

452G Urban History. 3 hours.

455G American Historiography. 3 hours.

456G Kentucky History. 3 hours.

457G The Old South. 3 hours.

458G The New South. 3 hours.

459G The Immigrant in American History. 3 hours.

464G Latin America and the United States. 3 hours.

479G Topics in the Third World. 3 hours. Intensive study of a selected Third World topic.

DEPARTMENT OF JOURNALISM

ACADEMIC COMPLEX
ROOM 323 (502) 745-4143

David B. Whitaker, Head

A graduate program is not offered by the Department of Journalism. However, students in other departmental programs may elect coursework from the limited offering in this area.

The following 400-level courses may be taken for graduate credit.

427G School Journalism. 3 hours. Processes and problems of the mass media in our nation; responsibilities of advisors to school publication and broadcasting facilities; materials and resources available to support mass communication instructional programs.

461G Problems in Mass Communication. 3 hours. Individualized research, management, production, etc., in the fields of mass communication activities. Supervised internship with professional media operations. May be repeated once for credit.
### Degree Offered
- Master of Arts in Spanish
- Master of Arts in Folk Studies
- Master of Arts in Education

Spanish majors or minors can take a minimum of 12 hours or a maximum of 15 hours. The remaining hours will be taken in professional education. At least half of the required hours of coursework must be at the 500-level or above.

#### Master of Arts in Education

 Majors and minors are available in French, German, and Spanish. Since this program is designed for the public school teacher, students following it must meet all requirements for the standard high school certificate. Those persons majoring in French, German, or Spanish may take a minimum of 18 or a maximum of 21 hours. Those minoring in French, German, or Spanish may take a minimum of 12 or a maximum of 15 hours. The remaining hours will be taken in professional education. At least half of the required hours of coursework must be at the 500-level or above.

### Graduated Courses in Modern Languages

#### French
- **Seminar in French Literature or Language.** 3 hours.
- **Nineteenth Century French Novel.** 3 hours.
- **Modern French Poetry.** 3 hours.
- **Seminar in French Literature.** 3 hours.
- **Comparative Romance Linguistics.** 3 hours.
- **Seminar in College Teaching.** 3 hours.

#### German
- **Seminar in German Literature.** 3 hours.
- **Seminar in German Literature or Language.** 3 hours.
- **Seminar in College Teaching.** 3 hours.

#### Spanish
- **Literature of Spain's Golden Age.** 3 hours.
- **Nineteenth Century Literature.** 3 hours.
- **Twentieth Century Prose.** 3 hours.
- **Twentieth Century Poetry and Drama.** 3 hours.

#### The following courses may be taken for graduate credit

#### French
- **Advanced French Composition and Stylistics.** 3 hours. (Prerequisite: Fr 320. Creative self-expression, refinement of grammatical understanding, the art of translation, and stylistic devices.)
- **Advanced French Conversation.** 3 hours. (Prerequisite: Fr 321. Discussion on assigned topics and reports on current newspaper and magazine articles. Special emphasis on idiomatic expression.)
- **History of the French Language.** 3 hours. (Prerequisite: Fr 221. Phonological, morphological, syntactic, and lexical changes which turned the Latin spoken in Gaul into modern standard French. No previous training in linguistics required.)

#### German
- **Advanced Written German.** 3 hours. (Prerequisite: Ger 330. Covers selection of vocabulary and sentence structure appropriate to letters, reports, essays and descriptions.)
- **Advanced Spoken German.** 3 hours. (Prerequisite: Ger 331. Practical in oral German with emphasis on student discussion of literary, cultural, and political topics.)

The Historic Preservation option is available under the Master of Arts in Folk Studies.
Master of Arts in Folk Studies

The study of folklore involves examination and analysis of traditional expressive culture in all its forms—including oral, musical, and material. In every society, literate and non-literate, agricultural and industrial, rural and urban, folklore is a vital part of life. Thus, the discipline has close affinities with literature, anthropology, sociology, history, geography, philosophy, and psychology. Adequate undergraduate preparation in any of these disciplines will be acceptable for admission to graduate study in folk studies. The student without sufficient background may be required to take additional courses.

Plan A (thesis)

This program is intended to provide advanced knowledge of the theoretical and methodological aspects of folkloristics. Coursework will emphasize the history of the discipline, field research techniques, and surveys of various folklore genres. It is designed to prepare students for both academic and public sector professions ranging from serving as state folk arts coordinators to teaching in universities, junior colleges, and in high schools.

Plan A requires a minimum of 30 hours plus the research tool. Specific requirements are 12 hours of folklore at the 500 level, including FS 577 and 578; twelve hours of folklore or selected courses in related disciplines; and the thesis.

The research tool requirement may be met by demonstrating proficiency in foreign language or by completing FS 578 and replacing it with an additional folklore course. The student must also pass a comprehensive written examination.

Graduate Courses in Folk Studies

500 American Folklore. 3 hours.
An overview of American folklore fields: myths, legends, folktales, folksongs, proverbs, beliefs, customs, folk speech, material culture, etc. Not recommended for folklore studies majors.

567 Folklore Studies. 3 hours.
An overview of folklore studies focusing on its historical development, methodologies, and theories.

568 Oral History Materials and Methods. 3 hours.
Philosophy of oral history, kinds of materials included, methodology, legal and ethical considerations, uses and planning local oral history projects.

569 Folklore Genres. 3 hours.
An examination of the oral and material culture genres of folklore, and the theories and methods of genre studies.

438G Survey of the German Lyric. 3 hours.
Prerequisite: Ger 534.
German lyric poetry from the earliest times to the present. Representative works and authors.

439G Studies in German Literature or Language. 3 hours.
May be repeated once.

Spanish

470G Advanced Oral Spanish. 3 hours.
Prerequisite: Spn 570.
Conversation units, dramatic sketches, original oral topics.

471G Advanced Spanish Syntax. 3 hours.
Prerequisite: Spn 371.
Examination of selected literary works; original compositions on selected topics.

472G Background of Modern Spanish. 3 hours.
Prerequisite: Spn 371.
History of the Spanish language, stresses the development of sounds and forms, word borrowings, and changes in meanings.

475G Literature of Spain I. 3 hours.
Prerequisite: Spn 374.
Peninsular Spanish literature from the beginnings through the 17th Century. Readings, reports.

476G Literature of Spain II. 3 hours.
Prerequisite: Spn 374.
Peninsular Spanish literature from the 18th Century to the present. Readings, reports.

477G Spanish American Literature. 3 hours.
Prerequisite: Spn 374.
Spanish American literature from the pre-conquest period through the contemporary period.

479G Studies in Hispanic Literature or Language. 3 hours.
May be repeated once.

Plan B (non-thesis, Historic Preservation)

The historic preservation concentration is designed to provide a firm grounding in the multiple facets of historic preservation theory and practice. Coursework in folk studies will be complemented by coursework in several cooperating departments including geography and geology, history, and art.

Internships with a variety of local, regional, and national institutions will also provide opportunity for practical work experience in historic preservation.

Plan B requires a minimum of 36 hours plus the research tool. Specific requirements are the 9-hour historic preservation core which consists of FS 477G, His 554, and Geog 434G; fifteen hours of folk studies including FS 577, 578, 470G, and two graduate level folk studies electives; three hours of history to be selected from Hist 525, 526, or 452G; and nine hours of electives to be selected with advisor approval.

The research tool requirements are the same as for Plan A. The students must also pass a written examination that covers both folk studies and historic preservation.

Master of Arts in Education (Folk Studies minor)

This program is designed to enrich teaching content in the public schools in the arts, humanities, and social sciences, and to broaden the teacher's general education background. Admission requirements are the same as for the Master of Arts in Folk Studies. The folk studies minor requires a minimum of 12 hours in folklore, including Folk Studies 577 and 578 and two folklore electives. One course from a related discipline may be substituted for one folklore elective.

570 Appalachian Folklore and Folklore. 3 hours.
Folklore and culture of the Upland South, with emphasis on verbal and material traditions.

571 Folk Narrative. 3 hours.
A survey of narrative genres of folklore and applicable scholarship.

572 Applied Folklore. 3 hours.
Folklore concepts and methods as application-oriented research and public sec-
This program is designed for students who seek a career in performance, symphony orchestra, or private studio teaching in college or community. In addition to the general Graduate College requirements, the applicant must have a bachelor's degree in music with a grade point average in music subjects of at least 3.0. In addition the individual must demonstrate ability and knowledge through examination in music theory, music literature, and the chosen area of performance.

Included in the required 30 hours (minimum) are 15 hours in the performance area; 12 hours selected from music literature, theory, composition, orchestration, or music psychology; and three elective hours. Music literature and music theory courses must be included.

Voice majors are required to demonstrate ability to sing in English and three foreign languages. Any deficiency in this area may require extra coursework. A full length public recital is required in lieu of a thesis.

All students pursuing the Master of Music will be administered a written comprehensive examination at the completion of their coursework.

**Master of Arts in Education (Music major or minor)**

Since this program is designed for the public school teacher, the student following it must meet all requirements for standard high school certification. The major re-
Graduate Courses in Music

500 Seminar in Theory. 3 hours.
501 Analytical Techniques. 3 hours. Harmonic and contrapuntal analysis in various styles.
502 The Teaching of Applied Music. 3 hours. Investigations of pedagogical problems in a specific performance area of music.
511 Investigations of Music Education. 3 hours. Problems and Methods of research in music education. Includes application of pure and action research and investigation of published research in music education.
512 Music Education Workshop. 1 to 3 hours. A variable topic workshop that may be repeated for a total of six hours.
513 Directed Individual Study. 3 hours. Research projects in music education.
514 General Music in the Secondary Schools. 3 hours. Training the music teacher to provide orientation experiences for junior and senior high school non-performers.
515 Administration and Supervision of Public School Music. 3 hours. Current trends in educational thought and the implications of administration, instruction and evaluation public school instrumental music.
530 Music Literature. 3 hours. Investigation of a specialized area not covered in other music literature courses.
538 Directed Individual Study. 3 hours. Supervised private research culminating in a scholarly paper.
556, 557, 558, Applied Music Major. 4 hours. (MM in Performance only)
559 Graduate Recital. 2 hours. Required of candidates for the Master of Music Degree.
599 Thesis Research and Writing. 6 hours.
599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit

402G Counterpoint I. 2 to 3 hours. Prerequisite: Theory 201 Sixteenth Century polyphony.
403G Counterpoint II. 2 to 3 hours. Prerequisite: Counterpoint I.
405G Choral Arranging. 2 hours.
406G Composition. 3 hours. Prerequisite: Consent of the instructor.
407G Orchestration and Band Arranging. 3 hours. Prerequisite: Theory IV.
414G Choral Materials. 2 hours.
415G Choral Methods. 3 hours.
416G Instrumental Methods. 3 hours.
417G Marching Band Techniques. 2 hours.
430G Music Literature. 2 to 3 hours. A survey embracing music of several periods, styles, and forms.
432G Research Techniques in Music. 3 hours.
440G Choral Union. 1 hour.
441G Choir. 1 hour.
443G Band. 1 hour.
444G Orchestra. 1 hour.
445G Madrigal Singers. 1 hour.
446G Chamber Music. 1 hour.
453G, 454G Applied Music Principal. 2 to 3 hours.
471G Jazz Ensemble. 1 hour.

DEPARTMENT OF PHILOSOPHY AND RELIGION

CHERRY HALL
ROOM 300 (502) 745-3136

Ronald H. Nash, Head

Graduate Faculty

Professors: M. Howe, W. Lane, R. Nash, D. Tuck, R. Veenker, A. Vos

Associate Professors: L. Mayhew R. Roberts, E. Schoen, J. Spiceland

Assistant Professors: J. Long, J. Trafton

Degree Offered: Master of Arts in Humanities (an interdepartmental program).

The Department of Philosophy and Religion administers the graduate program in humanities. In addition graduate courses in philosophy and religion give significant support to graduate programs in other areas.

The graduate program in humanities is designed to provide the student with a broad background in the intellectual and cultural achievements of Western civilization. It involves a serious attempt to develop a creative synthesis of those contributions which flow from the study of history, literature, philosophy, religion, and the fine arts. It traces the adventure of the human spirit across the disciplines with the intention of nurturing in the student an increased awareness of the interrelatedness of all knowledge.

At least 18 of the required 30 hours must be in courses numbered 500-level or above. The student's program must include one course each from history, philosophy, and literature (which includes religious literature), as well as a basic methodology course in interdisciplinary study (Humanities Seminar). Each student will also take

Music Fees

Individual or small group instruction in voice or musical instrument: $50 per semester
598—Humanities Essay (3 hours) or 599—Thesis Research and Writing (6 hours) plus a final written examination. The student must also demonstrate reading ability in either French, German, or Greek.

Options available within the core course sequence of this program include:

(1) A concentration in the history of ideas of a particular cultural epoch. The goal here is one of breadth of material and approach. The student electing this option will select one of three periods of Western civilization for the area of specialization: Ancient and Medieval; Renaissance through Enlightenment; Nineteenth and Twentieth Centuries. Twenty-one of the student's thirty hours including thesis or essay are to be taken in the period of specialization. The research for the essay or thesis must also be in this period and must demonstrate a knowledge of the unifying relationships which exist between the various disciplines in the humanities.

(2) A specialization in philosophy or religious studies. This option permits a concentration in the more traditional disciplines of philosophy and religion while permitting a broad background in supporting disciplines.

DEPARTMENT OF SOCIOLOGY AND SOCIAL WORK

GRISE HALL 101 (502) 745-3759

Jerry D. Cardwell, Head

Graduate Faculty

Professors: F. Baali, K. Dansereau, T. Dunn, J. Grimm, K. Kalab, P Wozniak

Assistant Professor: A. Goetting

Degrees Offered: Master of Arts in Sociology, Master of Arts in Education (Sociology minor), Master of Arts in Education (Social Science Area major partially composed of sociology courses).

Master of Arts in Sociology

This program is designed to provide a sound methodological and theoretical foundation for graduate study beyond the master's level, to give thorough preparation for teaching at the college level, and also to provide necessary skills for careers in business or industry or in service organizations.

In addition to admission standards prescribed by the Graduate College, students entering this program must have completed eighteen undergraduate hours in sociology with an average of "B" or better. In circumstances where special competence has been developed through experiences other than traditional coursework or through extensive coursework in related disciplines, the departmental guidelines may be adjusted by approval of the de-
department head in consultation with the department graduate committee.

Both Plan A (thesis) and Plan B (non-thesis) are available. Students who anticipate doctoral study are encouraged to pursue Plan A. Under either plan, students must take the department's required core courses as follows:

Soc 511—Advanced General Sociology
Soc 512—Sociological Theory
Soc 513—Methods of Social Research
Soc 514—Sociological Statistics

Under Plan A, thirty hours are required—24 hours of coursework and 6 hours of thesis credit. Twenty-one hours of 500-level coursework must be taken within the department. Up to nine hours may be taken at the 400-level. With the approval of the student's advisor and the department head, six hours may be taken in a related field.

The oral examination and defense of thesis will serve as the final examination for students following Plan A.

Under Plan B, thirty-six hours are required. Twenty-four hours of 500-level coursework must be taken within the department of sociology. Up to twelve hours may be taken at the 400-level. With the approval of the student's advisor and the department head, nine hours may be taken in a related field.

A written examination covering sociological theory and research methods and their application to selected substantive courses taken in the graduate program will serve as the final examination for students following Plan B.

Beyond the 30 hour requirement under Plan A or the 36 hour requirement under Plan B, the student must demonstrate acquisition of an appropriate research tool. This requirement may be met by demonstrating either (1) reading proficiency in a foreign language appropriate to the major area or (2) mastery of appropriate research techniques.

**Master of Arts in Education** (Social Science Area major; Sociology minor)

This program provides graduate coursework in sociology for the public school teacher, and the student pursuing it must meet all requirements for the standard high school certificate. The student desiring an emphasis in sociology is advised to follow the Social Science Area major, which allows 9 to 12 hours in sociology and the remaining 6 to 9 hours in other social science departments. The student minor in sociology may take a minimum of 12 hours or a maximum of 15 hours in sociology. In both cases, the remaining hours are taken in professional education courses.

</table>
452G  Change and Modern Society. 3 hours.
Prerequisite: Nine hours of Soc or permission of instructor.
Nature and theories of social change and
the factors affecting it. Emphasis on modernization and institutional changes in
contemporary societies.

468G  City Life. 3 hours.
Prerequisite: Six hours of Soc or consent of instructor.
The impact of city life on social actions,
social relationships, and social institutions. Emphasis on the rise and significance of cities in American life.

495G  Directed Study. 3 hours.
Prerequisite: Consent of the instructor and the department head.
Individual research in a specific area of sociology in close cooperation with supervising faculty.
COLLEGE OF BUSINESS ADMINISTRATION

Robert E. Nelson, Dean

DEPARTMENTS

Accounting
Business-Distributive Education and Office Administration
Economics
Finance and Quantitative Business Analysis
Management and Marketing

DEGREE OFFERED
Master of Business Administration

MBA GRADUATE FACULTY

Professors:
E. Busch, K. Cann, E. Evans, H. Fletcher,
J. Hall, C. Hays, S. Lile,
R. Nelson, R. Pethia, J. Philhours,
J. Rice, J. Wassom

Associate Professors:
M. Albin, W. Davis, L. Finley, C. Fost, B. Griffin,
A. Gudikunst, L. Lowe, J. Morgan, R. Pulsinelli,
R. Otto, C. Roberts

Assistant Professors:
D. Fugate, R. Howsen, S. Jarrell
Degree Offered: Master of Business Administration

This interdepartmental program is designed to provide professional education for successful careers at the higher levels of business enterprise. It is general in approach and emphasizes the relevance of economics, statistics, organizational theory, behavioral science, finance, marketing, and quantitative decision-making techniques.

Admission to the program requires the approval of the Graduate College and the College of Business Administration Graduate Committee. The Graduate Committee applies the minimum requirements as recommended by the American Assembly of Collegiate Schools of Business. These requirements are as follows:

1. Graduate Management Admissions Test (GMAT) score of 450 or above and overall grade point average of 2.5 (4.0)

   or

2. GMAT score of 450 or above and junior-senior grade point average of 2.75 (4.0) or above

   or

3. A total of at least 950 points based on the formula 200 x undergraduate g.p.a. + GMAT score

   or

4. A total of at least 1000 points based on the formula 200 x junior-senior g.p.a. + GMAT score.

GMAT registration forms and information bulletins can be obtained by contacting the Graduate College, The College of Business Administration, or by writing to Educational Testing Service, Princeton, New Jersey 08540.

The MBA program is flexible to the extent that both business and non-business graduate degree holders can pursue the degree through individually tailored curricula.

The student holding an undergraduate degree in business must demonstrate competence in advanced statistics and mathematics through the calculus or take the appropriate courses recommended by the Graduate Director. If the undergraduate transcript indicates deficiencies in one or more functional areas of business administration, the student will be required to take foundation courses. In addition to the foundation work, 30 semester hours of approved graduate work in courses numbered above 519 are required.

The student holding a non-business undergraduate degree is required to demonstrate competence in advanced statistics, mathematics through calculus, and in the functional areas of business or take the appropriate courses at the foundation level before advancing to upper level graduate coursework. The number of foundation courses needed is determined on an individual basis by the Graduate Director. Academic background is considered when the foundation requirements are specified. In addition to the foundation work, the non-business undergraduate is required to complete 30 semester hours of approved graduate work in courses numbered above 519.

Students must maintain a minimum GPA of 3.0 in all courses while pursuing the degree.

In the final semester of coursework, all candidates for the degree must pass a comprehensive examination covering the graduate core work.

The foundation sequence consists of the following courses:

- Acct 500—Financial Accounting
- Econ 504—Survey of Economic Theory
- Econ 506—Statistical Research Methods
- INF 516—Business Computer Applications
- Fin 509—Managerial Finance
- Mkt 511—Managerial Marketing
- Mgt 513—Management Dynamics
- OBA 518—Management Science
- OBA 519—Production Management

These courses may be waived by the Graduate Director for students whose transcripts show comparable work satisfactorily completed. All required foundation work must be completed before enrollment in the graduate core sequence.

The graduate core sequence consists of the following courses:

- Acct 560—Managerial Accounting
- Mgt 570—Business, Government, and Law
- Mkt 520—Advanced Marketing
- Mgt 575—Organization Theory
- Econ 580—Applied Microeconomic Theory
- Econ 585—Applied Macroeconomic Theory
- Fin 530—Advanced Managerial Finance
- OBA 535—Advanced Management Science
- Mgt 573—International Business
- Mgt 578—Administrative Policy and Strategy

The sequence in which prescribed courses should be taken is extremely important. All students are required to consult with the Graduate Director in planning each semester’s coursework. The Graduate Director will supervise proper sequencing to the best advantage of each student. Mgt 578 must not be taken prior to the semester in which the student is to sit for the comprehensive written examination.

Graduate Courses

Courses are listed alphabetically by prefix. Frequency of offering is determined by the Graduate Director based on needs of students currently enrolled in the program.

#### Prerequisites

- Acct 401 and Acct 402 or their equivalents.
- A study of the development of financial accounting theory, including a critical appraisal of trends in its application.

- The unified transfer tax provisions of the internal revenue code; income taxation of estates and trusts; use of tax services in research.
The following 400-level courses may be taken for graduate credit.

**Business (BE) and (OA)**

461G Report Writing. 3 hours.

462G Office Management. 3 hours.

463G Records Management. 3 hours.

464G Internship in Business and Office Education. 3 hours.

465G Advanced Business Communications. 3 hours.

**Economics (Econ)**

504 Survey of Economic Theory. 3 hours. Theoretical principles of micro and macroeconomic analysis. Covers price, output decisions, resource allocation in a market economy, aggregate income, price level, etc.

505W Economics for Teachers. 3 hours. Basic concepts and topics dealing with the functioning of a market-oriented economic system and the U.S. economy.

506 Statistical Research Methods. 3 hours. Basic concepts of statistics applicable to managerial analysis of variance, regression analysis, time series, and forecasting.

540W Consumer Financial Problems. 3 hours. Basic elements of money management and the relationship of these elements to family units and corporate citizenship.

550 Managerial Accounting. 3 hours. Problem areas include systems analysis and design, personnel, environmental factors, and automation. Individual and group analysis and presentation of case problems and current literature.

OA

550 Managerial Accounting. 3 hours. Prerequisite: Acct 500 or its equivalent. Control function in corporate enterprise; control measures for production and marketing decisions.

561 Management Accounting Practices. 3 hours. Prerequisites: Acct 310 or its equivalent. Application of managerial accounting concepts to planning, control, and decision making.

562 Accounting Information Systems. 3 hours. Prerequisites: Acct 310 and INFS 241 or their equivalents. Emphasis on the role of marketing in the business activities involved in moving goods from production to consumption; emphasis on the role of marketing in the American economy.

565 Auditing Standards and Applications. 3 hours. Prerequisite: Acct 450 or its equivalent. Philosophy and development of auditing; review of auditing pronouncements of the AICPA; requirements of the SEC and GAO; current auditing issues.

The following 400-level courses may be taken for graduate credit.

431G Federal Tax Accounting. 3 hours.

545 Principles of Business Education. 3 hours. Principles, practices, problems, and philosophy. Includes standards, guidance, curricula, and supervision at all educational levels.

575 Administration and Supervision in Business Education. 3 hours. Roles and functions of administration and supervision at all educational levels. Includes vocational education laws and their relationship to business education.

580 Applied Microeconomic Theory. 3 hours. Prerequisites: Econ 504 and 506 or equivalents. Advanced theory and its application in the business environment. Emphasis on behavior of and decision-making within the firm, demand resource allocation, and decision-making techniques.

581 Survey of Public Financial Theory. 3 hours. Theoretical aspects of government finance and its influence on public and private decision making.

582 Seminar in Economic History. 3 hours. Topics and research in American and European economic history.

583 Advanced Microeconomic Theory. 3 hours. Topics in the theory of consumer behavior, prices, markets, production, distribution, and welfare.

584 Advanced Macroeconomic Theory. 3 hours. Topics in the theory of consumption, saving, investment, interest, money, and employment.

585 Applied Macroeconomic Theory. 3 hours. Prerequisites: Econ 504 and 506 or equivalents. Its application to the business environment. Emphasis on the dynamic character of the American economy and applied techniques of business conditions forecasting.

586 Monetary Theory. 3 hours. Classical, neoclassical Keynesian, and modern quantity theory of money and monetary policy.

587 Land Economics. 3 hours. Topics in land use, values, and natural resources.

588 Public Sector Economics. 3 hours. Problems in government finance, budgeting, fiscal relations, and revenue sharing. Primarily for Master of Public Service students.

589 Seminar in Economic Theory. 3 hours. Intensive study of selected topics in theory.

590 Economic Development. 3 hours. Development of problems of the less progressive countries.

591 Advanced International Economics. 3 hours. Trade theory, tariffs, balance of payments, and capital transfers.

592 Economic Research and Report Writing. 3 hours. Techniques of data collection, research, and writing on selected topics.

593 Directed Studies. 3 hours. Selected topics in economics.

The following 400-level courses may be taken for graduate credit.

410G Seminar in Economics. 1 to 3 hours.

420G Public Finance. 3 hours.

430G Comparative Economic Organization. 3 hours.

440G American Industry: Structure, Performance, and Policy. 3 hours.

450G Central Banking Theory and Monetary Policy. 3 hours.

464G Introduction to Mathematical Economics. 3 hours.

465G Introduction to Econometrics. 3 hours.

470G Economic Growth and Development. 3 hours.

474G Urban and Regional Economics. 3 hours.

490G Economic Thought to 1870. 3 hours.

491G Economic Thought Since 1870. 3 hours.

**Finance and Quantitative Business Analysis**

Finance (Fin)

509 Managerial Finance. 3 hours. Nature and scope; topics in financial structure and the cost of capital.

530 Advanced Managerial Finance. 3 hours. Prerequisite: Fin 520 or equivalent. Financing policies of corporate entities with emphasis on planning the capital structure, measuring and controlling costs of alternate sources of funds, dividend policy, and capital budgeting.

**Information Systems (INFS)**

516 Business Computer Applications. 3 hours. Introduction to electronic information processing. Overview of systems analysis and design, management information systems, and introduction to computer programming languages.
Quantitative Business Analysis (QBA)

518 Management Science. 3 hours.
Prerequisites: Math 116 and Econ 206 or equivalents.
Quantitative techniques as an aid to decision making. Decision theory, linear programming, queuing theory, and probabilistic models.

519 Production Management. 3 hours.
Prerequisites: Inf 516, QBA 518, and Econ 506 or equivalents.
Operations management planning and control in manufacturing and non-manufacturing systems.

535 Advanced Management Science. 3 hours.
Prerequisite: QBA 519.
Quantitative and computer-based techniques used as aids to managerial decision making. Emphasizes mathematical programming methods, stochastic models, and simulation.

Department of Marketing and Management

Management (Mgt)

513 Management Dynamics. 3 hours.
An introduction to organizational analysis and to the understanding and management of behavior in organizations.

570 Business, Government, and Law. 3 hours.
Development, implementation, and impact of major public policies toward business. Includes antitrust, consumer protection, conservation and environmental control, etc.

573 International Business. 3 hours.
Prerequisites: Mkt 520 and Fin 530 or equivalents.
Institutions, organizations, and procedures of international business. Emphasizes problems and decision-making techniques.

575 Organization Theory. 3 hours.
Prerequisite: Mgt 513 or the equivalent.
Contemporary theory and research on organizational structure and design that has relevance for practical problems of designing and managing organizations.

578 Administrative Policy and Strategy. 3 hours.
Prerequisites: At least 21 hours in the MBA program including Acct 560, Fin 530, Mgt 575, Mkt 520, and QBA 519.
A capstone course focusing on the formulation and implementation of corporate and business strategy.

Marketing (Mkt)

511 Managerial Marketing. 3 hours.
Concepts, terms, and functions important to marketing, consumer behavior, product planning, pricing, and public policy implications of marketing strategies.

520 Advanced Marketing. 3 hours.
Prerequisite: Mkt 511 or the equivalent.
Marketing principles, policies, and operations; quantitative and behavioral sciences as related to the theory, philosophy, and operation of integrated marketing systems.

BUSINESS-DISTRIBUTIVE EDUCATION AND OFFICE ADMINISTRATION

GRIZE HALL
ROOM 500 (502) 745-3097

Hollie W. Sharpe, Head

Graduate Faculty
Professors: J. Harrington, P. Keck, C. Ray, H. Sharpe
Associate Professor: K. Utley

Degree Offered: Master of Arts in Education (Business-Distributive Education and Office Administration major or minor).

This program broadens the skills and the understandings of business teacher education through the application of research findings to business teaching.

The Department requires a minimum of 18 or a maximum of 21 hours for a major. A minimum of 12 or a maximum of 15 hours is required for a minor. The remaining courses will be taken in professional education, since teacher certification requirements must be met. Courses available are listed in the College of Business Administration.

The Center for Career and Vocational Teacher Education offers a flexible, individualized program leading to the Master of Arts in Education degree. This program is provided for individuals whose career interests are oriented toward an area of education which does not require public school (elementary or secondary) certification.

The center also offers a minor in distributive education under the Master of Arts in Education (Secondary) program and a 15-hour program leading to certification of administrators, supervisors, and coordinators of vocational education programs.

Master of Arts in Education (General)

Students must meet requirements for admission to the Graduate College and applicable departmental requirements.

A minimum of 30 semester hours of graduate level coursework is required for the non-thesis option; 24 hours of coursework is required for the thesis option. A final comprehensive examination must be satisfactorily completed.

The education major (15-21 hours) must include Ed Fnd 500—Research Methods and 3 hours selected from Ed Fnd 576, Ed Fnd 577, Psy 510, or Psy 511. The remaining courses (9-15 hours) may be selected, in consultation with the advisor, from adult and community education, higher education, vocational education, and/or other areas of education.

The distributed subject matter minor courses (9-15 hours) may be selected from one or more academic departments. These courses must be approved by a representative from the academic department(s) involved.

Master of Arts in Education (Vocational-Distributive Education minor)

This minor has the flexibility to meet the needs of individuals whose career interests require standard certification in distributive education. Available emphases include retail merchandising, marketing, sales promotion, and mid-management. Teacher/coordinators pursuing this minor must take 12-15 hours of coursework which supports the undergraduate major or teaching area. The courses may be chosen, with advisor approval, from the following and other appropriate courses:

- Mgt 570, Mkt 520
- BEOA 550, 540W, 535, 462G
- Econ 582
- HEFL 536, 533, 438G, 428G, 422G
- Psy 570, 551, 520, 412G

Vocational Administrator Certificate

This program area is based on the prerequisite as stipulated by State certification regulations: the baccalaureate degree and preparation for a ten year certificate (provisional) for any one of the areas of vocational education authorized in the Kentucky State Plan for Vocational Education. Any individual planning to pursue this program should present a copy of the appropriate certificate to the department and advisor concerned.

A minimum of 15 hours must be completed in the areas of administration, supervision, research, and guidance—to
include at least one course from each area as follows:

Organization and Administration of Vocational Education
CVTE 581
CVTE 591

Administration and Supervision of Educational Personnel
Sch Ad 686
Sch Ad 585
CVTE 595

Graduate Courses in CVTE

578 Methods and Materials in Teaching Adult Education, 3 hours. Methods and materials used in teaching adults; the nature of the adult learner; factors, that influence adult learning; special needs of the disadvantaged adult.

581 Organization and Administration of Occupational Education, 3 hours. Organization, administration, and implementation of occupational education programs as an integral part of the educational system.

582 Organization and Administration of Community Education, 3 hours. The community education concept; local community education programs; utilization of available resources to meet community needs.

591 The Administration, Management and Finance of Federal-State Vocational Education Programs, 3 hours. Sources, standards, management functions, and procedures concerned with financing and operating federal-state occupational education programs.

592 Program Planning in Occupational Education, 3 hours. Determining the need for occupational education programs, developing programs and curricula, evaluating existing programs, annual and long-range planning.

593 Planning and Equipping Occupational Education Facilities, 3 hours.

594 Seminar on Leadership in Occupational Education, 3 hours. Principles and practices of leadership as related to involving community resources in the development and operation of occupational education programs.

595 Supervised Practice in Administration of Occupational Education Programs, (Internship), 3 to 6 hours. Supervised internship with emphasis on development of administrative leadership and management skills.

596 Occupational Education in the Community Junior College, 3 hours. Organization and Administration of occupational education programs in the community junior college.

598V Organization and Supervision of Student Teachers in Vocational Education, 3 hours. Philosophy, theory, and practices essential in an effective student teaching program. Examines both State and NCATE standards.

693 Programs of Continuing Education, 3 hours. Philosophy, organization, and administration of continuing education programs, Organizations and agencies that provide continuing education opportunities for adults.

Vocational Guidance, Industrial Psychology, Human Relations
Cns Ed. 656
CVTE 594

The following 400-level courses may be taken for graduate credit

404G Adult and Community Education: History and Contemporary Perspective, 3 hours. Historical development, philosophical basis, and contemporary concerns of adult education; societal forces that dictate the need for life-long learning.

416G Coordination Techniques in Distributive Education, 3 hours. Development of cooperative relationships with community resources; program development and initiation; selection and development of training stations; placement and supervision of students; and development and evaluation of training plans.

417G Curriculum Development for Distributive Education, 3 hours. Identification and development of instructional units and teaching aids which integrate student needs and needs of the business community.

428G Techniques of Teaching Distributive Education, 3 hours. Emphasizes problem solving; use of demonstrations, field trips, audio-visual materials and classroom equipment; and utilization of facilities in local business and industry.

Degrees Offered: Master of Arts in Education (School Counseling, Student Personnel Services in Higher Education, School Business Administration); Master of Public Service (Counseling Option); Specialist in Education (Counseling, School Administration).

Additional program specialization areas are available in elementary school administration, secondary school administration, pupil personnel administration, supervision of instruction, and general school administration (superintendent).

The Department of Educational Leadership offers programs designed to prepare school personnel for effective leadership in the elementary and secondary schools. The department also offers programs of preparation for school and professional personnel in the areas of guidance, counseling, and personnel services. The curricula meets professional certification standards in school administration, school counseling, and school supervision. The department also provides education foundations courses which give professional educators a greater understanding of their roles and the function of educational institutions in society.
Master of Arts in Education (School Counseling)

This program leads to the master's degree and provisional certification for school counselors. Applicants must meet Graduate College requirements for admission and must gain admission to the department.

All students shall complete Ed Fnd 500—Research Methods and one additional foundations course selected from Ed Fnd 577, Sec Ed 580, or Ed Fnd 576. In addition to the 6 hours of educational foundations, the following counselor education courses must be taken:

A. Elementary School Counselor
   550 Introduction to Guidance
   552 Individual and Group Analysis
   554 Group Guidance
   558 Counseling Theory and Practice
   560 Counseling Practicum

(Practicum experience must be at the elementary level)

Courses for the 9-hour subject matter minor will be taken in the area of psychological, physical, and social development of children.

B. Secondary School Counselor
   550 Introduction to Guidance
   552 Individual and Group Analysis
   * 556 Informational Services
   560 Counseling Practicum

(Practicum experience must be at the secondary level)

*In special cases, Cns Ed 554 may be substituted.

Courses for the 9-hour minor will be taken in related fields other than professional education.

Master of Arts in Education (Student Personnel Services)

Applicants to this program must meet Graduate College requirements for admission. Course requirements are as follows:

A. Professional Education (6 hours)
   Ed Fnd 500—Research Methods (required) and three hours from Ed Fnd 576, 577, Sec Ed 580, or Hi Ed 675, Hi Ed 685, Psy 510, or Psy 511

B. Student Personnel Services major (15-18 hours)
   Required courses:
   664 Introduction to Student Personnel Services
   668 Special Topics in Student Personnel Services
   or
   674 Seminar in Student Personnel Services
   560H Practicum in Student Personnel Services

   Elective courses:
   550 Introduction to Guidance
   552 Individual and Group Analysis
   554 Group Guidance
   556 Informational Services
   558 Counseling Theory and Practice or other counselor education electives.

C. Distributed minor (6-9 hours)
   Courses to be selected from related areas such as: psychology, sociology, government, home economics and family living, economics, and health and safety or others as appropriate.

Master of Public Service (Counseling Option)

This interdisciplinary program consists of offerings from several departments and is designed to prepare individuals for governmental positions which require administrative training as well as knowledge of the particular areas they are to serve.

All candidates for the Master of Public Service degree (regardless of the option chosen) are required to complete a minimum of 9 hours in the core—3 semester hours from category A and 6 semester hours from category B as follows:

A. Organization theory courses—3 hours
   Govt 540 Seminar in Public Administration
   Psy 551 Social Psychology of Organizations
   Soc 562 Formal Organizations
   Mgt 575 Organization Theory

B. Socio-economic and political factor courses—6 hours
   Geog 484G Planning: Theory and Application
   Govt 511 Seminar in State and Local Government
   Econ 550 Public Sector Economics
   Soc 542 Community

Required Counselor Education Courses
   550 Introduction to Guidance or
   561 Introduction to Rehabilitation Counseling
   552 Individual and Group Analysis
   558 Counseling Theory and Practice
   560 Counseling Practicum

The remaining 9 hours may be selected from
   Ed Fnd 500 Research Methods
   Ed Fnd 501 Educational Statistics
   Cns Ed 554 Group Guidance
   Cns Ed 556 Informational Services
   Cns Ed 650 Utilization of Community Resources
   Cns Ed 656 Seminar in Vocational Guidance and Occupational Adj
   Hi Ed 675 Higher Education in America

*Note: Other counselor education courses may be selected.

Specialist in Education (Counselor Education major)

Applicants desiring to pursue this program must meet Graduate College requirements for admission and must also be admitted to the department. A personal interview is required for reviewing professional and educational background and other pertinent data. A departmental admissions committee will review the information and make final recommendations regarding the applicant's eligibility.

Three major emphases are available: school counseling, public service counseling and personnel work, and student personnel services in higher education.

This degree requires a minimum of 30 semester hours of graduate coursework beyond the master's degree. Specific courses and field experiences are provided to meet individual needs. Coursework is generally taken from three areas:

   Foundations Core—education and research, 6 hours.

   Major Emphasis—school counseling, public service counseling, or student personnel services in higher education, 15-18 hours.

   Cognate—psychology, sociology, home economics and family living and/or related areas, 6-12 hours.

The student's committee directs the coursework and required research project and administers a final oral examination.
Graduate Courses in Counselor Education

550 Introduction to Guidance. 3 hours. Philosophy, organization, administration, and functions of guidance and personnel services.

552 Individual and Group Analysis. 3 hours. Methods, techniques, and instruments used in assessing and evaluating individuals and groups; administering, scoring, and interpreting both objective and subjective instruments; survey of research design, statistics, and computer utilization.

554 Group Guidance. 3 hours. Dynamics and processes within group structures; experiences in the formation of groups and their utilization in group counseling procedures and in guidance aspects of career development and vocational choice.

556 Informational Services. 3 hours. Sources, types and uses of educational and occupational information applicable to a program of developmental guidance and counseling.

558 Counseling Theory and Practice. 3 hours. Major contemporary theories of counseling; implementation of the various methods and procedures followed in individual and group counseling; laboratory demonstration and participation.

560 Counseling Practicum. 3 hours. Supervised experiences in a setting related to the area in which the individual plans to seek certification or employment.

561 Introduction to Rehabilitation Counseling. 3 hours. Basic counseling procedures appropriate to rehabilitation; history, settings and functions of the rehabilitation counselor.

565 Seminar in Guidance Services in the Elementary School. 3 hours. Determining, instituting, and maintaining guidance services that are congruent with the philosophy, curricula, and student patterns within the elementary school.

566 Seminar in Vocational Guidance and Occupational Adjustment. 3 hours. Vocational guidance and occupational adjustment and its application at all educational levels as well as to business, industry, and government.

567 Readings in Contemporary Counseling. 3 hours. Significant books and research articles related to counseling theory, theory application, and innovative techniques.

568 Seminar in Guidance and Counseling. 3 hours. Presentation and discussion of research in guidance and counseling. Emphasizes theoretical and practical criticism of relevant studies in the field.

569 Theories of Career Development and Vocational Choices. 3 hours. Major theories of vocational development as they relate to educational progress. Topics include vocational choice, development of interests, values and attitudes as related to work, etc.

570 Organization and Administration of Guidance Services. 3 hours. Effective guidance services in elementary and secondary schools. Basic principles and postulates underlying the justification of guidance services, staffing, facilities, budget, etc.

571 Research in Guidance and Counseling. 1 to 3 hours. Research problems relating to the organization and administration of guidance programs. May be repeated once with a different topic.

574 Educational and Intellectual Analysis of Children and Adults. 3 hours. Administration and interpretation of standard mental and aptitude tests as tools of educational and occupational guidance.

575 Seminar in Guidance Services in the Elementary School. 3 hours. Determining, instituting, and maintaining guidance services that are congruent with the philosophy, curricula, and student patterns within the elementary school.

576 Readings in Contemporary Counseling. 3 hours. Significant books and research articles related to counseling theory, theory application, and innovative techniques.

577 Seminar in Guidance and Counseling. 3 hours. Presentation and discussion of research in guidance and counseling. Emphasizes theoretical and practical criticism of relevant studies in the field.

578 Theories of Career Development and Vocational Choices. 3 hours. Major theories of vocational development as they relate to educational progress. Topics include vocational choice, development of interests, values and attitudes as related to work, etc.

579 Organization and Administration of Guidance Services. 3 hours. Effective guidance services in elementary and secondary schools. Basic principles and postulates underlying the justification of guidance services, staffing, facilities, budget, etc.

580 Seminar in Disability and Rehabilitation Counseling. 3 hours. Psychological, physiological, and sociological impacts of congenital and traumatic disabilities, with emphasis on the rehabilitation counselor's role.

581 Advanced Counseling Practicum. 3 to 6 hours. Supervised, on-campus experiences in counseling elementary, junior and senior high school students, and their parents. Emphasizes educational, vocational, and social-personal counseling and problems. Also includes experience in providing consultative services to teachers, principals, agency workers, and other professional people who work with children.

582 Counseling the Exceptional Child and Parent. 3 hours. General concepts of exceptionality, the needs of and effective counseling techniques for the exceptional child; referral, resources, and coordination efforts of the counselor; the needs of and effective counseling techniques for the parent of the exceptional child.

583 Introduction to Student Personnel Services in Higher Education. 3 hours. History, philosophy, and development of student services. Includes testing and counseling, financial aids, housing, admissions, and records, placement, etc.

584 Special Topics in Student Personnel Services in Higher Education. 3 hours.

585 Special Topics in Counseling and Guidance. 3 hours.

586 Seminar in Student Personnel Services in Higher Education. 3 hours. Philosophy, organization, and administration of and current practices in student personnel work.

587 Specialist Project. 6 hours.

588 Specialist Project. 6 hours.

589 Maintenance of Matriculation 1 to 6 hours.

Master of Arts in Education (School Business Administration)

Required courses in education are 577—Philosophy of Education or 576—Social Foundations of Education, 585—Fundamentals of School Administration, 677—School Law, 676—School Finance, 678—School Building, and 500—Research Methods. Additional courses or demonstrated competency are required in the following: office and personnel management, taxation, business law, school business management, accounting, data processing, public finance.

Provisional certification in school business administration is based on completion of the above coursework (18 hours) and two years successful experience in government, business, or education. Standard certification is based on completion of the master's degree and three years experience as a school business administrator.

Specialist in Education (School Administration)

This advanced professional degree requires a minimum of 36 semester hours of graduate credit beyond the master's degree. It is designed to increase the competency of educational administrators and to enable them to meet specific goals and objectives in their areas of specialization.

Applicants desiring to pursue a specialist degree program must complete Graduate College and departmental requirements for admission. The student's assigned committee reviews the academic program and directs the required research study or project.

Five major emphases are available as follows: elementary school administration, secondary school administration, supervision and curriculum, school business administration, and general school administration.

Coursework is within three areas: Foundations Core—
research, historical or sociological foundations of education, fundamentals of school administration, Introduction to Guidance (6 hours minimum); Cognate—sociology, psychology, economics, business administration, guidance, exceptional child education, higher education, computer technology or other related areas, (6 hours minimum); Major Emphasis—18 hour minimum including research study or project. Elective courses shall be selected in a manner to insure that 12 semester hours of non-professional education is included within an individual's total graduate work.

JOINT-DOCTORAL PROGRAM
(With the University of Kentucky)

Persons who have completed, or are completing, a master's degree in education and who have adequate qualifications may petition to enter the joint program leading to the Ed.D or Ph.D. in Education from the University of Kentucky. In addition, admission standards of the doctoral program of the UK College of Education must be met.

Application is filed with the Graduate College of Western Kentucky University. The applicant's qualifications are evaluated by a screening committee, which makes an appropriate recommendation to the University of Kentucky.

Each student admitted to the program is appointed an advisory committee, known as the Special Doctoral Committee, which represents both participating institutions. Normally the student will continue in residence at Western Kentucky University for one school year (maximum 24 semester hours) after being admitted to the joint program. Variations as to period of residence at each institution may be approved by the student's committee. For further information, contact the Dean of the Graduate College, Western Kentucky University.

NON-DEGREE PROGRAMS

Students wishing to pursue one of the following programs must make application to the Graduate College. Upon completion of the program, individuals must contact the certification officer in the College of Education, who then certifies to the State Department of Education that rank requirements have been met.

Rank II Non-Degree Programs

Western Kentucky University provides the planned Fifth Year Program for students who do not meet the admission requirements of a degree program or who want greater flexibility with regard to time allowed for completion, transfer limitations, and selection of courses than is permitted in a degree program.

Although the Fifth Year Program does not result in the master's degree nor standard certification, it does result in Rank II salary classification in Kentucky, renews the provisional certificate, and permits entry into a Rank I teacher program.

Guidelines

1. Thirty-two (32) hours of upper division undergraduate and graduate courses must be completed.
2. At least 18 of the required hours must be taken at Western Kentucky University.
3. A grade point average no less than that for undergraduate certification (2.5) shall be required.
4. A minimum of 12 hours must be in professional education and a minimum of 12 hours in cognate areas.
5. At least 12 hours must be in graduate level courses.
6. Coursework taken by correspondence is not accepted.

Rank II (Elementary Education)

The following courses and their distribution would meet requirements for a Fifth Year Program for renewal of the provisional elementary teaching certificate and Rank II equivalency.

Three to six semester hours from
EI Ed 503 and Rdg Ed 519 or 523
Nine semester hours from
EI Ed 505, 506, 507, 544, 545, 570W, Ear Ed 508, 509
Three to six semester hours from
Exc Ed 516, Cns Ed 550, Ed Fnd 576, 577, Sch Ad 585, 598
Twelve to fifteen semester hours from
Each 32-hour program must be individually planned in consultation with the student's advisor.

Rank II (Secondary Education)

The following courses and their distribution would meet requirements for a Fifth Year Program for renewal of the provisional high school teaching certificate and Rank II equivalency.

Three hours
Sec Ed 580
Three to nine semester hours from
Sec Ed 444G, 455G, 528-542, 543, 544, 545, 570W, 571
Six to nine semester hours from
Sec Ed 445G, Cns Ed 550, 554, Ed Fnd 576, 577, Sch Ad 585, 598, Rdg 519
Twelve to twenty-one semester hours from the major or minor, or area of preparation, or in supporting courses from disciplines as approved by this institution.
Each 32-hour program must be individually planned in consultation with the student's advisor.

Rank I Programs

Western Kentucky University offers the following Rank I programs in accordance with the minimum regulations prescribed by the Kentucky State Board of Education:
1. Rank I—Teacher (program leading to Rank I qualification for teachers)
2. Rank I—Standard Guidance (leading to standard certification in guidance)
3. Rank I—School Administration (the professional certificate in administration and supervision endorsed for specific administrative positions)

General Guidelines:

1. Rank I classification shall require the completion of either (a) 30 semester hours approved graduate level credit in addition to the requirements for a Rank II classification, or (b) 60 semester hours approved graduate level credit including a master's degree.
2. The student’s program shall be planned in consultation with the advisor and shall be related to the professional needs of the individual.
3. A minimum of 15 semester hours must be in courses open only to graduate students.
4. The student shall maintain a B standing, and no credit shall be given for a course grade lower than C.
5. At least 15 of the required hours shall be taken at Western Kentucky University. The remaining hours may be taken, upon approval of the college advisor and the Graduate College, at other institutions provided the grade is A or B.

A minimum of 24 hours of the total 60 (62 when based upon Rank II classification) must be in academic work apart from professional education. These hours shall be in the candidate’s major or minor, or area of preparation, or in supporting courses from other disciplines as approved by this institution.

Rank I—Teacher’s Program

Rank I (Elementary Education)

The following courses and their distribution would meet requirements for Rank I classification. The student must complete a total of sixty semester hours of graduate credit including the master’s degree or thirty semester hours of graduate level credit above the Rank II classification.

Twelve semester hours
- El Ed 603, 604, 605, Exc Ed 516
Three to six semester hours from
- El Ed 505, 506, 507, 544, 545, 570W, Ear Ed 508, 509, Rdg Ed 519, 523
Three semester hours from
- Cns Ed 550, Ed Fnd 576, 577, Sch Ad 677, 585, 598
Twelve semester hours from

Each program must be individually planned in consultation with the student’s advisor.

Rank I (Secondary Education)

The following courses and their distribution would meet requirements for Rank I classification. The student must complete a total of sixty semester hours of graduate credit including the master’s degree or thirty semester hours of graduate level credit above the Rank II classification.

Nine semester hours
- Exc Ed 516, Sec Ed 604, 605
Three to six semester hours from
- Sec Ed 444G, 455G, 528-542, 543, 544, 545, 570W, 571
Three to six semester hours from
Twelve to fifteen semester hours from the major or minor, or area of preparation, or in supporting courses from disciplines as approved by this institution.

Each program must be individually planned in consultation with the student’s advisor.

Rank I—Guidance Program

The Rank I guidance program, which leads to the standard certificate in guidance and counseling, is designed to provide additional preparation and competency for school counselor personnel. The planned program requires a minimum of sixty hours including a master’s degree and one year’s experience as a school counselor.

A certified teacher with a master’s degree outside guidance must complete at least fifteen semester hours in counseling coursework toward provisional guidance as a part of the Rank I program. An additional fifteen semester hours of counseling coursework are required for the standard certificate in guidance and counseling, along with the minimal one year’s experience as a school counselor.

The 60-hour program leading to the standard guidance certificate must be individually planned in consultation with the student’s advisor and must include the following:
- Counselor education - 30 hours
- Behavioral sciences/related fields - 12 hours
- Educational research - 3 hours
- Counseling electives, educational foundations, and/or other selected areas - 15 hours

Rank I—School Administration

A sixty-hour planned program, including the master’s degree and standard teaching certificate, is required. Of the total 60 hours (Master’s and Rank I), at least 12 hours must be taken in the behavioral sciences or subject matter fields other than professional education. Application for admission should be made to the Graduate College and the department. Programs are designed to include administrative certification requirements for one or more of the following leadership positions: elementary principal, secondary principal, director of pupil personnel, supervisor, superintendent.

Certification for School Principal Endorsement
(Elementary or Secondary)

The professional certificate for school administration and supervision may be endorsed for either the elementary or the secondary principalship when the following conditions have been met:

1. Completion of requirements for the standard elementary teaching certificate (for elementary principal endorsement) or the standard secondary teaching certificate (for secondary principal endorsement).
2. Three years of successful teaching experience.
3. Completion of a minimum of 45 semester hours of graduate credit including the master’s degree. Within these total hours the student must complete the following required courses in education:
   - Ed Fnd 500, Ed Fnd 577, or 576, Psy 510 or 511, Cns Ed 660 or 550, Sch Adm 585.
4. Satisfactory score on the Subject (Advanced) Test of the GRE.
5. Completion of departmentally approved electives with emphasis in elementary education (for elementary principal endorsement), or secondary education (for secondary principal endorsement) to meet certification requirements and to provide administrative competencies.

Certification for Director of Pupil Personnel Endorsement

The professional certificate in school administration and
supervision may be endorsed for the position of director of pupil personnel when the following conditions have been met:

1. Completion of the requirements for either the standard elementary certificate or the standard high school certificate.
2. Three years of successful teaching experience.
3. Satisfactory score on the Subject (Advanced) Test of the GRE.
4. Completion of a minimum of 45 semester hours of graduate credit including the master’s degree. Within these total hours the student must complete the following required courses in education: Ed Fnd 500, Ed Fnd 577 or 576, Psy 510 or 511, Cns Ed 550, Sch Adm 583 and 585.

Certification for Supervisor Endorsement

The professional certificate in school administration and supervision may be endorsed for the position of supervisor when the following conditions have been met:

1. Completion of the requirements for either the standard elementary certificate or the standard high school certificate.
2. Three years of successful teaching experience.
3. Completion of a minimum of 45 semester hours of graduate credit including the master’s degree. Within these total hours the student must complete the following required courses in education: Ed Fnd 500, Ed Fnd 577 or 576, Psy 510 or 511, Sch Adm 585, Rdg Ed 519.
4. Satisfactory score on the Subject (Advanced) Test of the GRE.
5. Completion of departmentally approved electives selected from curriculum, supervision, administration, and/or cognate areas to meet certification requirements and to provide the necessary competencies.

Certification for Superintendent Endorsement

The professional certificate for school administration and supervision may be endorsed for the position of school superintendent when the following conditions have been met:

1. Completion of the requirements for either the standard elementary certificate or the standard high school certificate.
2. Completion of Rank I in School Administration.
3. Satisfactory score on the Subject (Advanced) Test of the GRE.
4. Certification for superintendent as a general rule should include requirements for principal or supervisor.
5. Five years of successful experience in teaching or administration.
6. Completion of the following required courses in education:
   - 676—School Finance
   - 677—School Law
   - 678—School Plant Administration
7. Completion of departmentally approved electives selected from professional education, behavioral sciences, and/or cognate areas to meet certification requirements and provide administrative competencies.

Graduate Courses in Educational Foundations

500 Research Methods. 3 hours.
   Includes theory of research, experimental design, bibliographical and data gathering techniques, and interpretation of results.

501 Educational Statistics. 3 hours.
   Graphic and tabular arrangement of data, measures of central tendency and of relationship.

548 Research in Curriculum and Instruction. 1 to 3 hours.
   Research in elementary instructional problems in reading, mathematics, social studies, English, and in elementary and secondary curriculum.

570W Workshops in Education. 1 to 3 hours.
   Special short courses on educational problems.

576 Social Foundations of Education. 3 hours.
   Selected problems in American society, their impact on the educational system, and the possible role of that system in resolving such problems.

577 Philosophy of Education. 3 hours.
   The relationship between philosophy and education. Emphasizes the development of an effective individual philosophy of education.

675 Higher Education in America. 3 hours.
   History, purpose, philosophy, organization, curriculum, student personnel services, financial services, and trends of the American system of higher education.

685 Academic Problems in Higher Education. 3 hours.
   Prerequisite: Hi Ed 675 or permission of instructor.
   Major problem areas of academic administration with emphasis on issues and procedures of college and university level curricular development.

686 Readings in Education. 1 to 3 hours.
   Prerequisite: Permission of major professor.
   Reading and research in an area of individual interest. Supervised by the major professor.

687 Problems in Administration and Supervision. 1 to 3 hours.
   Prerequisite: Permission of instructor. Identifying and attempting to solve administrative problems in the local school setting.

583 Accounting for Pupil Personnel. 3 hours.
   Emphasizes the responsibilities of directors of pupil personnel, problems of personnel accounting, and records and reports related to the Minimum Foundation Program.

585 Fundamentals of School Administration. 3 hours.

586 The Organization and Supervision of Student Teaching. 3 hours.
   The philosophy, theory, and practices essential for an effective student teaching program. Covers State and NCATE standards for teacher education, personal and professional relationships, and evaluation of student teachers.

601 Statistical Techniques for Experimental Designs in Education. 3 hours.
   Parametric and non-parametric statistical techniques apply to experimental and quasi-experimental research designs in education.

676 Public School Finance. 3 hours.
   School budgets and accounting for school money; unit costs and cost accounting; accounting for school property; insurance business procedure and office practice.

677 School Law. 3 hours.

### Degrees Offered:
- **Master of Arts in Education (Home Economics Education major or minor)**
  - This program is planned for teachers pursuing the standard high school certificate. Applicants must have an undergraduate area of concentration in home economics education. Required courses for the major are HEFL 572, 573, 574, and 9-12 hours of HEFL electives to be approved by the advisor. Required for the education minor are Educ 540 and 500. The HEFL minor requires 12-15 hours along with 15-18 hours in professional education.

- **Master of Science in Institutional and Home Environment**
  - This degree is designed to prepare individuals for positions requiring specialization at the master's level or to provide an adequate foundation for study beyond the mas-
Option in Interior Design and Housing

Applicants must be eligible for admission to the Graduate College and must submit a portfolio representative of their work. Decisions in regard to acceptability of coursework for admission, deficiencies, and program planning will be made by the graduate faculty in interior design and housing.

The required 30 hours of graduate work, with at least 15 hours at the 500-level or above, must include HEFL 480G, 481G, 536, and 537; 6 hours of HEFL elective courses, at least 3 hours of which must be at the 500-level or above; and 6 hours in an approved cognate field. For Plan A, a thesis must be submitted in a specific area of interior design and housing. For Plan B, 6 hours of approved coursework, at least 3 hours of which must be at the 500-level or above, must be taken in lieu of the thesis.

The research tool requirement usually involves demonstration of the ability to read French or specialized study in statistics and research methods or computer utilization.

Specialist in Education (Vocational Home Economics major)

See Department of Teacher Education.

</table>

The following 400-level courses may be taken for graduate credit.

| 420 Non-Residential Projects. 3 hours. Planning of non-residential interiors including cost control, selection of furnishings; |
422G Textile Design I. 3 hours. Historic and contemporary design. Applications for costume, home furnishings, and accessories.

423G Interior Design Architectural Survey: History and Components. 3 hours. Interface and interaction between architecture and interior design through history, with emphasis on the components involved. Includes folk architecture.

424G Specifying and Buying Interior Furnishings. 3 hours. The behavioral basis for selecting and specifying interior artifacts to satisfy human wants and needs; examination of the marketplace and its mechanisms to implement specifications.

425G History of Costume. 3 hours. Development of costume through the media of fashion and design centers to present. Includes folk and modern designs through the media of fashion and design centers to present.

426G Clothing and Human Behavior. 3 hours. Prerequisites: 9 hours of social science or consent of instructor. Dress and adornment as related to human behavior.

427G Presentation Techniques. 3 hours. Perspective and rendering materials and techniques used by interior designers.

428G Merchandise Display and Promotion. 3 hours. Principles and practices in arranging and displaying merchandise and in planning and executing sales promotions.

430G Historic Textiles. 3 hours. Prerequisite: HEFL 231. Decorative fabrics and the history of textile design from ancient times to present.

431G Advanced Textiles. 3 hours. Prerequisites: HEFL 231 and chemistry. Relation of fiber and fabric properties to serviceability; testing of fabrics with emphasis on interpretation of results in consumer choice. Individual problems.

432G Recent Developments in Textiles. 3 hours. New developments in textiles as reported in current literature.

433G Fashion Fundamentals. 3 hours. Fashion as a social force. The fashion world: designers, leading markets, fashion cycles.

434G Advanced Clothing Tailoring. 3 hours. Advanced techniques of tailoring.

435G Household Equipment and Usage Factors. 3 hours. Materials, finishes, and design of household equipment. Emphasis on use, safety, and productivity.

436G Advanced Clothing Design. 3 hours. Interpretation and development of original designs through the media of flat pattern and/or draping.

437G Fashion and Design Study Tour. 3 hours. Travel to fashion and design centers to observe current trends in design, production, marketing and promotion of textiles, clothing, and home furnishings.

438G Textile and Clothing Merchandising II. 3 hours. Prerequisite: HEFL 333. Principles, techniques, and practices of effective fashion merchandising. Includes problems in store design and display, supervision of retail establishment, and fashion merchandising.

439G Advances in Science of Nutrition. 3 hours. Individual study of literature and research concerned with foods and nutrition.

440G Diet Therapy. 3 hours. Prerequisites: HEFL 261, Chem 107, or consent of instructor. Biol 207 recommended. Chemical, physical, and microbiological factors related to foods.

441G Experimental Foods. 3 hours. Ingredients and their function; factors involved in food preparation; evaluation of foods by objective measurements.

442G Advanced Foods. 3 hours. Prerequisites: HEFL 261, Chem 107, or consent of instructor. Biol 207 recommended. Chemical, physical, and microbiological factors related to foods.

443G User-oriented Interior Design and Housing. 3 hours. Methods of determining user needs so that resultant interior design and housing may satisfy those needs.

444G Lighting Design. 3 hours. Prerequisite: HEFL 382. Lighting and wiring design for residences and the near environment. Emphasis on economics of installation and energy use, aesthetics, safety, and function of activity areas.

445G Residential Energy Resources and Problems. 3 hours. Issues and trends in the supply and use of nonhuman energy resources. The roles and choices of space designers and consumers regarding design, selection, and use of housing, home furnishings, and appliances.

446G Space and Activity Analysis. 3 hours. Includes concepts of time use and productivity as well as family economics and selected environmental components relative to housing interiors.

447G Family Life Education. 3 hours. Principles, practices, and content of family life education. Extension agents, social workers, and mental health professionals (in addition to teachers of family life education) may enroll.

448G Family Life Education. 3 hours. Principles, practices, and content of family life education. Extension agents, social workers, and mental health professionals (in addition to teachers of family life education) may enroll.

449G Parenting Strategies. 3 hours. Major parenting approaches including Adlerian, behaviorist, and communication modalities. Emphasis upon specific parenting techniques along with the philosophical and developmental bases.

450G Dining and Dignity. 3 hours. Prerequisites: HEFL 370 and 492. Study of literature and research concerned with foods and nutrition. May be repeated with different topics.

451G Food and Labor Cost Control. 3 hours. Prerequisite: HEFL 390, principles of accounting. Topics selected from child development and family living, dietetics, foods, nutrition, institutional administration, textiles and clothing, interior design, home economics education. May be repeated with different topics.

452G Institutional Food Preparation. 3 hours. Basic food preparation principles applied to quantity food production and services. Standardization of recipes and procedures. (Lecture, 1 hour; practicum, 10 hours)

453G Institutional Purchasing. 3 hours. Prerequisite: HEFL 492. Principles and methods of buying food and supplies for various types of quantity food services. Emphasis on specifications, standards, inventory, and factors affecting quality and cost control.

454G Applied Institution Administration. 3 hours. Prerequisites: HEFL 390 and 492. Standard methods of quantity food production, menu planning, food cost determination, job analysis and problems involved in institution administration. Requires administrative responsibilities, under supervision. (Lecture, 1 hour; practicum, 10 hours)

455G Organization and Management of School Lunch Service. 3 hours. Prerequisites: HEFL 390 and 492. Sec Ed 370 is recommended. Organization and management of single and multiple school lunch units including menu planning, purchasing records, equipment, and meal services.

456G Menu Planning and Merchandising for the Food and Lodging Industry. 3 hours. Prerequisite: HEFL 492. Menu planning for group feeding, meeting nutritional needs of different age levels, portion costs, menu pricing, and merchandising.

457G Food and Labor Cost Control. 3 hours. Prerequisite: HEFL 390, principles of accounting. Topics studied include work management methods, relationship of labor costs and mechanization, food cost controls, portion control methods of purchasing and preparation, and application of accounting and inventory procedures.

458G Special Topics in Home Economics and Family Living. 1 to 3 hours. Prerequisite: Approval of department head. Topics selected from child development and family living, dietetics, foods, nutrition, institutional administration, textiles and clothing, interior design, home economics education. May be repeated with different topics.

459G Parenting Strategies. 3 hours. Major parenting approaches including Adlerian, behaviorist, and communication modalities. Emphasis upon specific parenting techniques along with the philosophical and developmental bases.
DEPARTMENT OF PHYSICAL EDUCATION AND RECREATION

ACADEMIC-ATHLETIC BUILDING #2
ROOM 316 (502) 745-3347

Burch Oglesby, Head

Graduate Faculty

Professors: J. Jones, A. Little, W. Meadors, B. Oglesby
Associate Professors: T. Crews, W. Kummer, S. Laney, R. Sims
Assistant Professor: C. Daniel

Degrees Offered: Master of Science in Physical Education, Master of Arts in Education (Physical Education major or minor), Master of Science in Recreation.

Diversified programs are available in physical education and recreation. The department maintains laboratories for study of human motor behavior and physical performance, and students are encouraged to pursue personal research interests.

Master of Science in Physical Education

This program is designed to meet the needs of students seeking concentrated study within the academic discipline of physical education. All candidates are required to take PER 501, 12-27 hours of physical education coursework (selected in consultation with the advisor), and 0-6 hours from allied areas. Although Plans A and B are available, candidates are encouraged to write a thesis. The research tool requirement may be met by demonstrating (1) competency in research techniques or (2) reading proficiency in a foreign language.

Master of Arts in Education (Physical Education major or minor)

Students following this program must meet all requirements for the standard high school certificate.

The student majoring in physical education must take 15-21 hours in physical education including PER 501 and three courses selected from PE 502, 503, 504, 505, 506, and 507. The student minorig in physical education must take 12-15 hours in physical education including six hours selected from PE 502, 503, 504, 505, and 506. The remainder of the required 30 hours, in both cases, is taken in professional education (see secondary education).

Master of Science in Recreation

This program is designed to prepare professional recreation practitioners for a wide range of recreation and leisure-service occupations; provide opportunity for study in a specialized area of recreation; provide knowledge of research procedures; and provide academic background for students planning to pursue doctoral study. Although Plans A and B are available, candidates are encouraged to write a thesis. The research tool requirement may be met by demonstrating either (1) competency in the use of appropriate research techniques, or (2) reading proficiency in a foreign language.

A twenty-four hour major in recreation is required with a six hour cognate field to be selected in consultation with the student’s graduate committee.

Recognition of abnormalities and exercise for correction.

492G Advanced Athletic Training. 3 hours. Techniques needed in the prevention and care of athletic injuries—including recognition, prevention, treatment, reconditioning, rehabilitation.

Graduate Courses in Recreation

501 Analysis of Research in Recreation. 3 hours. Selected studies in recreation literature relative to methods, materials, techniques, and planning of research studies used and conducted by the profession.

513 Organization, Administration, and Supervision of Parks, Playgrounds and Recreation Programs. 3 hours. Organization and administration of recreation at federal, state, and local levels. Correlation and integration of the entire recreation program into the culture and society of the community.

515 Planning and Maintenance of Park and Recreation Facilities. 3 hours. Principles and problems in planning and maintenance of park and recreation facilities. Relationship of facilities to program needs. Field trips required.

517 Construction and Utilization of the Survey in Recreation. 3 hours. Planning, application, and evaluation of the survey as a means of determining recreation program needs in selected settings.

519 Fiscal Practices for the Administrator of Recreation and Parks. 3 hours. Budget construction, record-keeping, purchasing, personnel problems, and office management as related to recreation.

521 Public Relations for Parks and Recreation Programs. 3 hours. Effective communication between colleagues, program participants, and the public through the use of audio-visual devices and techniques.

523 Philosophy and Trends. 3 hours. Philosophical and historical development of opinions and attitudes toward the concepts of leisure and recreation.

530 Independent Investigations in Recreation. 3 hours. Special research problems in the area of recreation.

550 Internship in Recreation. 3 hours. Experience in recreation planning, leadership, supervision, and program evaluation through work in recreation, park, and other leisure oriented settings. Supervised by University faculty and personnel from area recreation agencies.

559 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level Recreation courses may be taken for graduate credit

410G Therapeutic Recreation. 3 hours. Principles, trends and programs of therapeutic recreation. Selected disabilities considered.

412G Adaptive Activities and Facilities for Recreation. 3 hours. Methods of adapting recreational programs, activities, and facilities for the handicapped.

432G Principles of Outdoor Recreation. 3 hours. Values and extent of outdoor recreational philosophy based on legislation, geographic factors, land use, standards, agencies, and economics.

433G Camp Administration. 3 hours. Status, purpose, and administration of organized camping. Includes history and trends, selection and training of staff, health and safety considerations, etc.

434G Development of Nature Oriented Areas and Facilities. 3 hours. Nature trail design and preparation, live and inanimate exhibit design and preparation, resource inventory, building, exhibit material purchase, vandalism, etc.

435G Techniques in Outdoor Education. 3 hours. Field trips, nature crafts, audio-visual aids and interpretive materials, etc., and their importance in developing outdoor education as a recreational activity.

450G Introduction to Commercial Recreation and Tourism. 3 hours. Prerequisites: Rec 200, 300, 302, and 306. Commercial recreation and tourism, including the establishment, supervision, and operation of areas and facilities.

451G Recreation Management. 3 hours. Practical approach to management of park facilities and personnel. Includes program planning, design, and standards.

456G Advanced Studies in Recreation. 3 hours.

470G Administration of Municipal Recreation. 3 hours. Covers various aspects of recreation in a municipal setting. Includes personnel, financing, facilities, planning, maintenance, and such other topics as legislation and vandalism.

471G Community Centers and Playgrounds. 3 hours. Playground and community center operation. Teaching techniques, programming, and problems relating to community recreation.

481G Recreation Seminar. 3 hours. Introduces current problems, trends, and issues in the area of leisure services.

482G Recreation Workshop. 1-3 hours. In-depth study of specific skill areas relating to the recreational profession.

DEPARTMENT OF PSYCHOLOGY

COLLEGE OF EDUCATION BUILDING
ROOM 276 (502) 745-2695

John O'Connor, Head

Graduate Faculty

Assistant Professors: C. Eison, D. Redfield

Degrees Offered: Master of Arts in Psychology, Master of Arts in Education (Psychology major or minor).

Master of Arts in Psychology

This program provides preparation for students who wish to pursue careers in clinical, industrial, governmental, or school settings. The Department offers four options: clinical, experimental, industrial, and school psychology. Within each option, the student is expected to become competent in theory, research, and applications of psychology as related to the chosen area of concentration.

Applicants should have a statistics and experimental methodology course, background in general psychology, a minimum score of 850 on the Graduate Record Examination General (verbal and quantitative combined) Test, a GPA of 2.5 with a 3.0 in psychology courses, and four letters of recommendation sent to the departmental admissions committee.

Core requirements for all options are the following:

- Psychology 512, 563, and 599 (thesis)
- Research tool requirement
- Comprehensive oral examination, required at the time of thesis defense

53
Clinical Psychology

This option is practice-oriented and offers a broad foundation for individuals planning to render psychological services at the MA level. Students prepare for the certification examination administered by the Kentucky State Board of Psychology and by boards in other states requiring certification for individuals who provide psychological services at the MA level. Students are expected to adhere to the APA Ethical Standards of Psychologists and to maintain a professional demeanor in clinical activities. Forty-nine hours are required.

Specific course requirements are as follows: Psychology 541, 560, 561, 640, 641, 642, 660, 661, and 562, 662 (Practicum 10 hours). Students may elect to take additional hours in home economics and counselor education as well as additional hours in psychology.

Industrial-Organization Psychology

This option focuses on human behavior in industrial and governmental organizations. Students are expected to become proficient in the construction and validation of personnel selection systems. The Equal Employment Opportunity Commission's (EEOC) Guidelines on employment selection procedures and familiarity with relevant court decisions are major emphases of the program. A four-to-six months paid internship is available to those interested in personnel psychology. Forty-two hours are required.

Specific course requirements are as follows: Psychology 460G, 513, 551, 552, 570, 571, 572, 670, and electives.

School Psychology

This option emphasizes training as a diagnostician-consultant. The student will function as an integral part of the total program of pupil-services. Each student receives on-site experience in public schools, school related practice assignments in the department's psychological clinic, and experience as a member of an interdisciplinary team in the College of Education's Child Diagnostic Clinic. Upon completion of the program the student is recommended to boards of education and state boards of psychological examiners for certification as a school psychologist. Sixty hours are required.

Specific course requirements are as follows: EI Ed 503, Exc Ed 516, Rdg Ed 519, Psy 521, 540, 541, 552, 560, 561, 562, 590, 592, 643.

General-Experimental Psychology

This option is designed for students who plan to pursue doctoral studies after completion of the master's degree or who desire a terminal master's degree in general psychology. Flexibility allows the student to choose courses specific to interests and career goals that are not included in the other options.

Course requirements, other than those required in the core, are individually determined by the faculty advisor.

School Psychometrist

A program which meets Kentucky certification of school psychometrists is available. Detailed information may be obtained from the Psychology Department.

Master of Arts in Education (Psychology major or minor)

Students following this program must meet all requirements for standard high school certification. The major requires a minimum of 18 or a maximum of 21 hours. The minor requires a minimum of 12 hours or a maximum of 15 hours. The remaining hours, in both cases, will be taken in professional education courses. The thesis is recommended.

Graduate Courses in Psychology

500 Trends and Scientific Approaches in Psychological Thinking. 3 hours. Historical and philosophical bases of contemporary psychological thought and research with emphasis on the philosophy and logic of science as it pertains to psychology.

510 Advanced Educational Psychology. 3 hours. Psychology of learning. Different psychological theories, methods and techniques.

511 Psychology of Learning. 3 hours. Theories of learning, including conditioning, social learning, reinforcement, problem solving, motivation and structure of the learning situation.

512 Seminar in Experimental Design. 3 hours. Required for all graduate students in psychology. Understanding the principles of experimental design and the application of appropriate statistical techniques. Includes the design of an experimental project.

513 Advanced Statistical Analysis. 3 hours. Prerequisite: Psy 512 or permission of instructor. Advanced analysis techniques appropriate to psychological research. Emphasizes the more complex forms of the analysis of variance, the analysis of covariance, and non-parametric statistics.

514 Program Evaluation. 3 hours. Prerequisite: Psy 512 or equivalent. Examination of program accountability. Emphasizes phases of program evaluation. Also covers decision making processes.

515 Program Evaluation Laboratory. 1 hour. Corequisite: Psy 514. Student will conduct a program evaluation as a part of an evaluation team and write the report for dissemination to appropriate offices and agencies.

516 Advanced Study in Motivation. 3 hours. Historical and current motivation theories. Particular emphasis on current literature survey of both human and animal research.

519 Psychological Perspectives on Classroom Behavior. 3 hours. Prerequisite: Psy 510. Strategies and techniques designed for coping with problem behaviors in the classroom. Covers both prescriptive and problem solving measures.

520 Psychology of Individual Differences. 3 hours. Research and theory in developmental aspects of behavior from the prenatal period to adulthood with emphasis upon individual differences.

521 Advanced Child Psychology. 3 hours. Particular emphasis upon a critical review of current research in child development.

522 Advanced Adolescent Psychology. 3 hours. Current research and theories in the area of adolescent psychology as they relate to physical, social, emotional and intellectual development.

523 Cognitive Theory. 3 hours. Information processing, thinking and cognition. Covers major theories and research techniques in the area.

540 Behavior Problems of Childhood and Adolescence. 3 hours. The major forms of psychopathology in children and adolescents, with emphasis upon recent research, classification systems and developmental patterns. Also covers clinical and school treatment of behavior problems encountered in the school setting.

541 Introduction to Professional Psychology. 3 hours. Methods and research in clinical, school, and counseling psychology. Emphasis on
roles, ethics, legal and current professional issues as they relate to the master’s level practitioner.

550 Personality Theory. 3 hours. Psychological principles underlying the study of personality in relation to a social environment. Topics include theories of personality, the process of socialization of the individual, factors influencing adjustment to social environment.

551 Social Psychology of Organizations. 3 hours. The dynamics of groups and organizations. Current theory and research in psychology of organizations.

552 Advanced Social Psychology. 3 hours. Behavior of the individual in relation to social contexts. Topics include group dynamics, attitude formation and change, social influence processes, socialization and language use in communication.

550 Individual Assessment—IL 3 hours. Administration of the WICS, WAIS, WPSSI, BINET, and other individually administered tests used as basic tools in education, occupational guidance and clinical diagnosis.

551 Individual Assessment—II 3 hours. Interpretation of the tests commonly used in educational, vocational guidance and clinical diagnostics. Emphasis on report writing and basic clinical practice.

562 Practicum in Psychological Assessment. 1 to 3 hours. Corequisites: Psy 560 or 561. Supervised experience in the administration and interpretation of tests used in an educational or clinical setting for the diagnosis of intellectual and learning problems. (May be repeated.)

563 Test Construction and Psychometric Theory. 3 hours. Required of all graduate students in psychology. Introduction to psychometrics with emphasis on both technical and ethical problems involved in the use and construction of psychological measurement instruments.

570 Introduction to Industrial/Organizational Psychology. 3 hours. Overview of the I/O discipline. Acquaints students with the major perspectives, methods, and applications in the content areas of this concentration.

571 Personnel Psychology. 3 hours. Employee selection procedures, with emphasis on methods and techniques of job analysis, interviewing, testing, etc. Direct involvement in data collection and analysis.

572 Organizational Psychology. 3 hours. Selected topics relevant to work organizations. Emphasizes current theories and research practices.

580 Advanced Physiological Psychology. 3 hours. Anatomy of the nervous system, relationships among the components of the nervous system and psychological functioning.

581 Laboratory in Advanced Physiological Psychology. 3 hours. Corequisite: Psy 580. Physiological techniques of electrical recording and electrical chemical stimulation.

590 Readings or Research in Psychology. 1 to 3 hours. Prerequisite: Departmental permission only. Individual readings or research. Arrangements must be made before enrollment.

591 Internship in College Teaching. 1 to 2 hours. Problems and methods of teaching at the college level. Students enrolled in this course will currently teach a course in introductory or general psychology.

592 School Psychology Internship. 3 hours. Field experience for school psychologists. Required for Kentucky certification. To be taken in the student’s last semester in residence.

599 Thesis Research and Writing. 6 hours. 599c Maintaining Matriculation. 1 to 6 hours.

640 Psychopathology. 3 hours. Major forms of child and adult psychopathology with emphasis upon recent research, classification systems, modification of deviant behavior and developmental patterns of learning and motivation variables.

641 Clinical Interviewing and Psychotherapy I. 3 hours. Selected theories and techniques of psychotherapy and counseling. Also covers group therapy, clinical topics, and professional and ethical issues.

642 Clinical Interviewing and Psychotherapy II. 3 hours. Prerequisite: Psy 641. Continuation of 641 with emphasis on group, family, and marital psychotherapy.

643 Psychoeducational Assessment. 3 hours. Prerequisites: Psy 560, 561, 564. Diagnostic procedures for the mentally handicapped, culturally disadvantaged, and learning disabled. Includes psycho-neurological issues. Students will be exposed to a minimum Individual Educational Programs (IEP).

646 Psychological Evaluation I. 3 hours. Prerequisite: Psy 560. Personality diagnosis using objective and projective techniques with emphasis on current research interpretation, and communication of assessment information.

647 Psychological Evaluation II. 3 hours. Prerequisite: Psy 660. A continuation of 640 with emphasis on personality measures and procedures for assessing psychological and neuro-psychological disorders.

662 Practicum in Psychological Practice. 1 to 3 hours. Supervised practice in schools, clinics, specialized training centers and hospitals. Persons preparing for careers in school or clinical psychology will enroll in 662 for a minimum of two semesters.

670 Equal Employment Opportunity, the Law, and Ethical Considerations. 3 hours. Issues relevant to providing equal employment opportunity. EEOC and FEA guidelines regarding selection practices; review of major court decisions and their implications for the conduct of selection; professional and ethical considerations in the practice of I/O psychology.

The following 400-level courses may be taken for graduate credit

400G History and Systems of Psychology. 3 hours. Prerequisite: Nine hours in psychology. Historical antecedents of contemporary psychology. Both the sequence of psychological theory evolution and personality of prominent theorists are emphasized.

410G Psychology of Learning. 3 hours. Prerequisites: Psy 201 and 210 or permission of instructor. Facts and principles of human and animal learning, treated in theories attempting to provide a general framework for understanding what learning is and how it takes place.

411G Psychology of Sensation and Perception. 3 hours. Prerequisites: Psy 201 and 210 or permission of instructor. Basic data and theories of psycho-physiological illusions and other topics fundamental to the understanding of sensory and perceptual processes.

412G Psychology of Motivation and Emotion. 3 hours. Prerequisites: Psy 201, 210, or 410 or permission of instructor. Needs, desires and incentives as they influence behavior. Includes review and analysis of research on motivational processes in human and animal behavior and the development of motivation and emotions.

422G Adolescent Psychology. 3 hours. Behavior and development from early adolescence to adulthood with emphasis on a critical review of research and literature in the field.

423G Psychology of Adult Life and Aging. 3 hours. Prerequisites: Psy 100. Early adulthood, mid-life, and old age. Both descriptive and theoretical, the emphasis will be on contemporary psychological social and environmental factors in adulthood and aging.

432G Psychology of The Gifted and Creative. 3 hours. Prerequisite: Psy 100. Identification of gifted children and adults with emphasis on educational programs for the maximum development of giftedness.

440G Abnormal Psychology. 3 hours. Prerequisite: Six hours in psychology. Forms of abnormal behavior, etiology, developmental courses, interpretations, behavioral manifestation, and treatment programs.

441G Psychological Aspects of Alcoholism. 3 hours. Prerequisites: Psy 440 and permission of instructor. Application of psychological theories and research to the treatment of alcoholism.

443G Behavior Theory and Application. 3 hours. Prerequisite: Psy 410, or enrollment in special education sequence. Theory and application of techniques for modifying behavior in clinics, hospitals, child rearing and education. Cross-listed with Exc Ed 443.
DEPARTMENT OF TEACHER EDUCATION

COLLEGE OF EDUCATION
Room 104 (502) 745-5414

Curtis L. Englebright, Head

Graduate Faculty

Assistant Professors: J. Carroll, R. McKenzie, M. Roit, A. Ruff

Degrees Offered: Master of Arts in Education, Master of Science, Specialist in Education.

Master of Arts in Education (Elementary Education major)

Since this program leads to the standard elementary certificate, applicants must hold a provisional teaching certificate valid at the elementary school level. (Course work taken to endorse the secondary school certificate for teaching at the elementary level will not apply to the master's degree).

The student's program may be planned to include an emphasis in reading, early childhood education, elementary librarian, or exceptional child education (mental retardation, learning disabilities, emotionally disturbed, and speech and communication disorders).

Completion of the program outlined below, which meets the requirements of Kentucky law and the general regulations of the State Board of Education, qualifies the elementary teacher for the Master of Arts in Education degree and the standard certificate.

---

A. Educational Foundations (6 hours)
   Ed Fnd 500 Research Methods
   El Ed 503 Org of Elem Curr

B. Professional Education (12 hours) in one of the following areas of emphasis:

1. General Elementary Education
   3 hours in advanced reading instruction plus 3-9 hours selected from El Ed 505, 506, 507, and 445G. Any remaining hours may be chosen, with advisor approval, from Ed Fnd 548, 576, 598, and Cns Ed 550.

2. Emphasis in Early Childhood Education
   3 hours in advanced reading plus Ear Ed 508, 509, and 412G. (Erl Ed 493—Student Teaching, Kindergarten, must also be taken, although credit is not received.)

3. Emphasis in Reading
   Rdg Ed 519, 520, 521, and 522

4. Exceptional Child Education (see requirements, as outlined elsewhere)

C. Minor Area (12 hours)

1. Subject matter (non-education) courses, selected with advisor approval, from one, two or three areas (courses from a maximum of three areas may be used in the minor).

2. Elementary Librarian emphasis (Available to general elementary students)

Master of Arts in Education (Secondary Education major or minor)

This program leads to the standard high school certificate. Applicants must declare both a major and a minor (one of the other must be in secondary education). The following majors are permitted:

Agriculture, art, biology, business education and office administration, chemistry, communication, economics, English, English and allied language arts area, French, geography, German, health, health and safety, history, home economics, industrial education, library science, math, math-science area, music, physical education, psychology, reading, science area, secondary education, social science area, and Spanish.

This program permits minors in the following areas:
Agriculture, art, biology, business education and office administration, chemistry, communication, distributive education, drama/theatre, economics, English, folk studies, French, geography, German, health, health and safety, history, home economics, industrial education, library science, mathematics,
music, physical education, physics, psychology, science area, secondary education, sociology, and Spanish.

General Requirements:

A. Required professional courses (9 hours)
   Ed Fnd 500—Research Methods
   Sec Ed 580—Curriculum

   One course from the following:
   Sec Ed 528 through 542—Seminar
   Sec Ed 543—Interactive Teaching Skills
   Sec Ed 544—Classroom Teaching Skills
   Ed Fnd 576—Social Foundations of Education
   Ed Fnd 577—Philosophy of Education
   Psy 510—Advanced Educational Psychology
   Psy 511—Learning

B. Elective professional courses can be selected from the following (3 to 9 hours):
   Any courses listed under A above
   Sec Ed 444G—Reading Jr/Sr High School
   Sec Ed 455G—Junior High School
   Sec Ed 455G—Audio Visual
   Sec Ed 570W—Workshop
   Sec Ed 571—Junior High Curriculum
   Reading Ed 519—Foundations of Reading
   Sch Adm 585—Fundamentals of School Adm
   Sch Adm 598—Supervision of Student Teachers
   Cns Ed 550—Introduction to Guidance
   Cns Ed 554—Group Guidance

C. Area of academic specialization (at least 12 hours): student must meet the requirements for the declared academic major/minor, as outlined by the administering department.

Reading Major Requirements

A. Professional Education, as above (9 hours)
B. Rdg Ed 519, 520, 521, and 522 (12 hours)
C. Non-professional education coursework, individually prescribed (12 hours)

Master of Arts in Education (Exceptional Child Education—Trainable Mentally Handicapped)

Since this program leads to the standard certificate for teachers of exceptional children—learning and behavior disorders, applicants must hold a provisional certificate for teaching exceptional children with learning and behavior disorders and must be endorsed for elementary classroom teaching in grades one through eight. Requirements are as follows:

A. Professional Education Core Ed Fnd 500, Ed 503 or Sec Ed 580, and Exc Ed 531
B. Specialization Courses Exc Ed 530, 532, 534, 535, and 518
C. Electives—Nine hours of coursework, approved by the advisor, from one or more of the following areas: communication and theatre, health and safety, home economics, industrial education, library science, physical education, psychology, recreation, sociology

Master of Arts in Education (Exceptional Child Education—Learning and Behavior Disorders)

Since this program leads to the standard certificate for teachers of exceptional children—learning and behavior disorders, applicants must hold a provisional certificate for teaching exceptional children with learning and behavior disorders and must be endorsed for elementary classroom teaching in grades one through eight. Requirements are as follows:

A. Professional Education Core Ed Fnd 500, Ed 503 or Sec Ed 580, and Exc Ed 531
B. Specialization Courses Exc Ed 518, 530, 532, 533, and 534
C. Electives—Nine hours of coursework, approved by the advisor, from one or more of the following areas: communication and theatre, health and safety, home economics, industrial education, library science, physical education, psychology, recreation, sociology

Master of Arts in Education (Library Science major or minor)

The applicant must meet the general Graduate College admission requirements and must meet requirements for certification.

The following options are available under this degree:

A. Elementary Education Curriculum (Library Science area of specialization)
   When approved by the student's graduate advisory committee, 12 to 15 hours in the curriculum for elementary teachers can be applied toward the total requirements for certification as a public school media librarian.
B. Secondary Education Curriculum (Library Science major or minor)
   This program provides courses for the school librarian. Students following it must meet all requirements for the standard high school certificate or the standard certificate for school media specialist. The library science major requires 18-21 hours in library science, while the minor requires 12-15 hours. The remaining hours will be taken in professional education courses.

Master of Science (Communication Disorders)

This program is designed to prepare professional speech pathologists to meet the needs of the communicationally handicapped in hospitals, clinics, nursing facilities, and residential schools. It is also designed to meet the academic and clinical requirements of the American Speech Language and Hearing Association, leading to national certification and state licensure.

Admission to the program requires an undergraduate grade point average of B for the final 60 semester hours or a minimum combined score (verbal and quantitative) of 800 on the General Test of the GRE. Students without an undergraduate background in communication disorders will complete a total of 42 hours in the area to meet the National Association’s academic requirements. A strong academic background in psychology is desirable.

Thirty-three semester hours are required for both the thesis and non-thesis option. Specific course requirements are Exc Ed 504 and 509. Twenty-four hours must be selected, with advisor approval, from the departmental course listing. Additionally, the student must complete 150 clock hours of clinical experience at the graduate level.

The research tool requirement may be met by success-
ful (grade A or B) completion of Ed Fnd 500 or as otherwise specified by the student's major advisor and approved by the graduate dean.

During the final semester of coursework, the candidate must pass the written comprehensive examination. Students are also encouraged to take the national certification examination during the final semester.

Master of Science (Library Science)

This program is designed for those who are interested in the field of school media librarianship.

In addition to meeting the general Graduate College admission requirements, the applicant should have a grade point average of at least 2.7 (4.0) for the final 60 semester hours of undergraduate work, a minimum combined score (verbal and quantitative) of 800 on the General Test of the Graduate Record Examination, and six hours of approved prerequisite work in library science from LME 288, 401, 406, 408, and 445 or their equivalents. The prerequisite courses may be taken concurrently with graduate coursework. Students with media library experience equivalent to these prerequisite courses may, with the approval of the department head, take a qualifying examination to have these courses waived. Applicants who have a grade point average of 3.0 and a score of 700 (verbal and quantitative combined) on the General Test of the GRE may be admitted. Students having less than the required grade point average may be considered for admission provided their combined (verbal and quantitative) General Test score is above 800.

Both Plan A (thesis) and Plan B (non-thesis) are available. Up to six hours of the required 30-hour minimum may be selected from related fields such as literature, mass communications, history, or education. The research tool requirement shall be met by successful (grade A or B) completion of Ed Fnd 500—Research Methods—or its equivalent.

Students may select either of the two program options but must complete 406G, 408G, and 502 within the program.

Specialist Degree in Education (Elementary Education, Secondary Education)

This post-master's degree provides opportunity for the advanced graduate student to improve the foundations and competencies for teaching. The program may also be structured to meet Rank I requirements under Kentucky's minimum foundation program of education. The following emphases or specializations are available to the elementary education major: reading, early childhood education, general curriculum and instruction. Available concentration areas for secondary education majors are science, social science, language arts, and vocational education.

In addition to meeting the admission requirements of the Graduate College, applicants must meet the following departmental requirements:

1. Three years (two years for secondary education majors) of teaching experience at the appropriate level. (For elementary education majors, up to two years of experience may be waived in favor of equivalent experience)
2. Four letters of recommendation: two from graduate faculty members and two from professional associates in administrative or supervisory roles.

The student's program is individually planned to include educational foundations and professional education coursework, cognate area coursework, and the specialist project.

The student's graduate committee will assist in the development of the program, supervise the research project, and administer the final comprehensive examination.

---

**Graduate Courses in Teacher Education**

**Early Childhood Education (Ear Ch Ed)**

508 Child Development and Child Study for Elementary Teachers. 3 hours. Prerequisite: Ed Fnd 500 or permission of instructor. Educational implications of major theories of child development. Includes an intensive study of a child or children and interpretation of the collected data in terms of educational techniques and practices.

509 Curriculum Trends in Early Childhood Education. 3 hours. Current national and international issues and problems in preschool and early elementary education with emphasis on program planning for curriculum improvement.

The following 400-level Ear Ch Ed courses may be taken for graduate credit

410G Early Childhood Development, Education and Guidance. 3 hours. Physical, emotional, social, and intellectual development and guidance of infants and children through five years of age.

411G History and Organization of Preschool Programs. 3 hours. Kindergarten and nursery school development; contributions of early leaders; recent leaders and current programs; physical plant equipment, financing, standards, and teacher-parent relationships.

412G Materials and Methods in Preschools. 3 hours. Organization of educational programs for kindergartens and nursery schools; planning and use of materials; individual and group needs. Lecture and lab.

**Elementary Education (El Ed)**

503 Organization of the Elementary School Curriculum. 3 hours. Principles and practices in elementary school curriculum construction. Emphasis on forces affecting curriculum, current innovations, and trends.

505 Advanced Materials and Methods in Modern Mathematics for Elementary Teachers. 3 hours. Kindergarten through grade eight. Involves the conceptual, the computational and application aspects of mathematics with emphasis on the structural aspects of mathematics and on the "why" of arithmetic computation.

Supervised observations of preschool children.

506 Seminar in Elementary School Science. 3 hours. Advanced methods and materials for teaching science in the elementary school.

507 Advanced Materials and Methods in Social Studies. 3 hours. Concepts and objectives, classroom organization for instruction, current strategies in teaching content, and materials available.

543 Interactive Teaching Skills. 3 hours. Opportunity for elementary and secondary teachers to extend interactive teaching skills by selecting and completing two of four minicourses developed by Far West Laboratory for Educational Research and Development.

544 Classroom Teaching Strategies. 3 hours. Opportunity for elementary and secondary teachers to extend their teaching strategies by completing two of five minicourses developed by the Far West Laboratory for Educational Research and Development.

545 Investigations in Classroom Teaching. 1 to 3 hours. Opportunity for elementary teachers to engage in the concentrated study of specific problems and/or the development of specific skills related to effective classroom instruction.
599 Thesis Research and Writing. 6 hours.
599c Maintaining Matriculation. 1 to 6 hours.

603 Advanced Seminar Elementary Curriculum. 3 hours.
Strategies and models to assist the elementary classroom teacher in assuming an active role in total elementary school curriculum development.

604 Management of the Learning Environment I. 3 hours.
The first of a two-course sequence designed to enable elementary teachers to utilize Mastery Learning strategies and related teaching skills to increase student achievement and improve student attitudes toward learning.

605 Management of the Learning Environment II. 3 hours.
The second of a two-course sequence designed to enable elementary teachers to utilize Mastery Learning strategies and related teaching skills to increase student achievement and improve student attitudes toward learning.

609 Specialist Project. 6 hours.
609c Maintaining Matriculation. 1 to 6 hours.

The following 400-level Ex Ed courses may be taken for graduate credit

420G Reading in the Primary Grades. 3 hours.
Prerequisite: Ed 220. Principles and methodologies currently in use at the primary (K-3) school levels.

421G Reading in the Intermediate Grades. 3 hours.
Prerequisite: Ed 220. Principles and methodologies currently in use at the intermediate (4-6) school levels.

445G Audio-Visual Materials and Methods. 3 hours.
Instruction and laboratory experience in the operation and maintenance of equipment; theory relative to effective practices in audio-visual techniques. Cross-listed with LME.

446G Selection, Acquisition and Evaluation of Non-Print Material. 3 hours.
Instruction and experience in locating sources of suitable non-print materials and use of appropriate selection aids, acquisition procedures and evaluative techniques appropriate to non-print materials. Cross-listed with LME.

Exceptional Child Education (Ex Ch Ed)

502 Motor Speech Disorders. 3 hours.
The etiologies, communication characteristics, appraisal and treatment of motor speech disorders.

503 Advanced Diagnostic Procedures in Speech Pathology. 3 hours.
Prerequisites: Exc Ed 481 or 481G and 485 or 485G.
Expansion of diagnostic theory and procedures utilized in clinical settings by the certified speech pathologist.

504 Seminar in Language Disorders of Childhood. 3 hours.
Prerequisite: Exc Ed 481 or 481G and 483 or 483G or permission of instructor.
Language development disorders of children. Characteristics of normal as well as of delayed and disrupted language patterns and their differential diagnoses.

505 Communication Disorders of Cleft Palate and Cerebral Palsy. 3 hours.
Prerequisite: Exc Ed 481 or 481G.
Etiology, diagnosis, and management of speech and language dysfunctions associated with cleft palate and cerebral palsy.

506 Dysfluency. 3 hours.
Prerequisite: Exc Ed 481 or 481G.
Research review in the field of dysfluency, including cluttering and stuttering. Emphasis on etiology and clinical management of all fluency disorders.

507 Dysphasia. 3 hours.
Prerequisite: Exc Ed 481 or 481G.
Dysphasia—including symptomatology, etiology, differential diagnosis, and training, with primary emphasis on adult problems.

508 Voice Disorders. 3 hours.
Prerequisites: Exc Ed 481 or 481G and 484 or 484G.
Diagnosis and remediation techniques of voice disorders in childhood and adulthood. Rehabilitation of the laryngectomized client, with emphasis on the development of esophageal speech or the use of the electro-larynx as a substitute voice.

509 Speech Science. 3 hours.
Contemporary research in the area of speech science.

510 Seminar in Speech Pathology. 3 hours.
Current issues that influence the profession of speech pathology: local, regional, and national issues that affect the speech pathologist's role as a service provider.

511 Neurology of Speech and Language. 3 hours.
Neuropathology and neurophysiology as it applies to normal reflex, motor and perceptual speech, and language behavior. Emphasis given to test procedures for evaluation.

516 The Exceptional Child: Perspectives and Issues. 3 hours.
Characteristics, needs, and problems of children who are atypical in the mental, physical, sensory, emotional, and social areas of development.

518 Seminar: Problems in Special Education. 3 hours.
Prerequisite: Exc Ed 516.
Issues in special education. Classroom experiences to develop awareness of and sensitivity to educational needs.

532 Intervention Strategies with Parents. 3 hours.
Interpreting programs for handicapping conditions to maximize family involvement. Emphasizes the attitudes, skills, and knowledge taught in the educational program.

533 Seminar: Curriculum for Learning and Behavior Disorders. 3 hours.
Development, adaptation, and evaluation of curricula, methods, materials, and resources. Implementing and evaluating instructional programs.

534 Seminar: Research in Exceptional Child Education. 3 hours.
Non-categorical and discrete areas of exceptionalities. Emphasis on an independent research project.

535 Advanced Curriculum for the Moderately Retarded. 3 hours.
Curricula and programs for the moderately retarded. Focuses on a continuum of services philosophy for the handicapped.

580 Diagnostic Procedures in Speech Disorders. 1 hour.
Identification of speech disorders and treatment available.

589 Special Topics in Communication Disorders. 1-3 hours.
Independent investigation of special topics.

590 Clinical Practicum in Speech Pathology. 1 hour.
Advanced, supervised, clinical practicum. Clinical experience with the more acute communication disorders. Must be repeated for a total of three (3) hours.

599 Thesis Research and Writing. 6 hours.
599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level Ex Ch Ed courses may be taken for graduate credit

460G Special Problems. 1 to 3 hours.
Investigation of special problem from an area of individual interest.

461G Introduction to Speech Pathology. 3 hours.
The development of speech and language; cause and treatment of the simpler deviations from normal speech and language; identification of and remedial suggestions for the more common speech problems.

482G Audiology. 3 hours.
The anatomy of hearing, causes of loss of hearing, and introduction to the methods of testing, analysis, and rehabilitation of people of all ages with hearing loss.

483G Articulation Disorders. 3 hours.
The etiology, evaluation, and management of articulatory disorders in children and adults.

484G Speech Anatomy and Physiology. 3 hours.
Structures and functions which comprise the speech mechanism and its relation to the production and development of speech and language.

485G Introduction to Diagnostic Procedures in Communication Disorders. 3 hours.
Theory and utilization of the most com-
486G Language Disorders. 3 hours. Identification, diagnosis, evaluation, and treatment techniques to be used with language disorders—specifically, aphasia and delayed language problems.

487G Aural Rehabilitation. 3 hours. Principles and procedures of communication and amplification systems for the hearing impaired.

488G The Stuttering Child. 3 hours. The etiology and diagnosis of and treatment programs for stuttering in children.

489G Geriatric Communication Disorders. 3 hours. Prerequisites: Biol 131, HL 443, or permission of instructor. Causes, symptoms and treatment of speech, language and hearing disorders in the aged population.

490G Clinical Practicum in Speech. 3 hours. Supervised clinical experience, including individual and group therapy.

Library Media Education (LME)

501 Organization and Administration of the Instructional Materials Center. 3 hours. Prerequisite. LME 401 and/or consent of instructor. Role of the staff and the function of management in the organization and administration of instructional materials centers.

502 The Library in Society. 3 hours. Types of libraries and their history, laws, standards, and inter-cooperation. Librarianship as a career, professionalism and the freedom to read.

504 The Media Center and the Computer. 3 hours. Prerequisite: Eighteen hours of library science, including LME 401, 406, 408. The use of computers in media centers on a local, national and commercial basis.

506 Cataloging of Non-Book Materials. 3 hours. Prerequisite: LME 406 or equivalent. Classification and cataloging of motion pictures, filmstrips, slides, transparencies, phon-o-records, pictures, manuscripts, maps, microforms kits, etc.

508 Advanced Reference. 3 hours. Prerequisite: LME 406 or equivalent. Reference materials in humanities, social science, history, pure and applied sciences, and general reference works in bibliography and library science.

509 Investigations in Library Science. 3 hours. Prerequisite: 18 hours of LME, Ed Fnd 500 or the equivalent, and permission of graduate advisor. Independent investigation under the direction of a faculty member.

515 Government Publications. 3 hours. Prerequisite: LME 406 or equivalent. Sources and types of government documents, both state and federal; their acquisition and organization for use.

518 Advanced Children's Literature. 3 hours.

Materials available to meet the needs of children, including outstanding authors, illustrators, topical issues, and the re-viewing of children's books.

519 Special Topics. 3 hours. Special topics in the field of media services. May be repeated once with a different topic.

521 Media Facilities. 3 hours. Basic considerations in the design of media facilities: equipment, illumination, electrical circuitry, flexible space, electronic learning labs, preparation of specifications, etc.

545 Instructional Graphics. 3 hours. Basic aesthetic understanding and skills needed for design and preparation of instructional graphics. Development of graphic vocabulary and techniques.

547 Instructional Technology. 3 hours. The systematic design, execution, and evaluation of the total process of information training. Emphasizes behavioral objectives and the appropriate combinations of human and non-human elements in facilitating optimal learning.

549 Instructional Media Photography. 3 hours. Expands and applies the basic principles of photography and the principles of design and graphics to the preparation of two- and three-dimensional visuals in slide and filmstrip formats.

590 Field Experiences. 3 hours. Guided experience and reading on the design, organization, and administration of media programs: activity log, field visits, projects and evaluation conferences.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level LME courses may be taken for graduate credit:

401G Library Organization and Administration. 3 hours. Organization and administration of media for access and use; circulation and other library records; maintenance of the media collection; and service to patrons. Field trips may be required.

403G Books and Related Materials for Young People. 3 hours. Principles of selection; reading guidance; materials for information and recreation. Field trips may be required.

406G Recreational Reading, Listening, and Viewing. 3 hours. Emphasizes popular reading and viewing interests of adults in such areas as recreation, inspiration, self-improvement, and information. Field trips may be required.

406G Classification and Cataloging. 3 hours. Classification, descriptive cataloging, main entries, added entries, shelf list, and filing. Laboratory sessions.

407G Literature for Young Adults. 3 hours. Reading interests of young adults and study of selected titles. Methods of working with young adults in public and school libraries.

408G Reference and Bibliography. 3 hours. Study of bibliographies, indexes, dictionaries, encyclopedias, yearbooks, almanacs, directories, atlases, gazettes, and handbooks.

409G Selected Topics in Library Science. 1 to 3 hours. A problematic study under the direction of a faculty member.

410G Storytelling. 3 hours. Storytelling in work with children, the literature; criteria in selection of materials; practice in oral communication.

411G Creative Experiences for Elementary Children. 3 hours. Experiences in creative expression: creative play acting, puppetry, creative writing, shadowplays, creative use of audio-visual equipment and materials.

445G Audio-Visual Materials and Methods. 3 hours. Theory relative to the best practices in audio-visual techniques. Laboratory experience. Cross-listed with Elementary Education.

446G Selection, Acquisition, and Evaluation of Non-Print Materials. 3 hours. Instruction and experience in locating sources of supply for non-print materials and use of appropriate selection aids; acquisition procedures and evaluative techniques appropriate to non-print materials. Cross-listed with Elementary Education.

447G Instructional Television for Media Specialists. 3 hours. Types of distribution systems, budgeting, personnel requirements, equipment operation and care, and classroom planning between teacher and media specialist. Laboratory experience.

475W-G Workshop in Library Science. 1 to 3 hours. One, two, and three week workshops designed primarily for practicing librarians.

Reading Education (Rdg Ed)

519 Foundations of Reading Instruction. 3 hours. Analysis of the reading process with emphasis on the psychological and physiological foundations of the reading act.

520 Clinical Diagnosis of Reading Disabilities. 3 hours. The nature and causes of reading disabilities and investigation of general and specific principles and approaches to diagnosis. Actual case studies using both group and individual tests in diagnosis.

521 Correction of Reading Difficulties (Practicum). 3 hours. Instructional techniques for use with individuals or groups involved in remedial reading instruction; materials and procedures; clinical experiences with remedial students.

522 Investigations in Reading. 1, 2, or 3 hours. Maximum total credit allowed 3 hours. Individual investigation of the research and descriptive literature in the field of reading.

523 Diagnostic Reading Procedures for Classroom Teachers. 3 hours. Emphasizes practical methods of reading appraisal, diagnostic procedures, and materials essential for developing teaching strategies in reading instruction.
524 Teaching Reading Skills in the Content Areas. 3 hours.
Reading and study skills strategies and techniques to increase student achievement in content-area classes.

520 Advanced Diagnosis of Reading Problems. 3 hours.
Provides experience in advanced testing materials in diagnosing severely retarded readers.

524 Seminar in Reading Problems. 3 hours.
Covers research and descriptive literature related to specific reading problems.

Secondary Education (Sec Ed)

528 Seminar in the Teaching of Secretarial Subjects. 3 hours.
Materials, methods, techniques, and devices for teaching typewriting, shorthand, and the related skilled subjects. Review and application of research findings to this area.

529 Seminar in the Teaching of Bookkeeping and Basic Business. 3 hours.
Current methods and materials for teaching bookkeeping and basic business. Review and application of research findings to this area.

530 Seminar in English Education. 3 hours.
Prerequisite: Permission of Instructor. Current trends in foreign language education methods and materials for teaching a foreign language at the secondary and advanced levels of instruction.

531 Seminar in Art Education. 3 hours.
Prerequisite: Permission of Instructor. Curricular trends in specific areas of art education; methods and materials for teaching and supervising art in the public schools.

532 Seminar in Foreign Language Education. 3 hours.
Prerequisite: Permission of Instructor. Trends in foreign language education methods and materials for teaching a foreign language in the junior and senior high school.

533 Seminar in Industrial Arts Education. 3 hours.
Prerequisite: Permission of Instructor. Includes historical development, exploration of curricular trends and innovations, methods and materials of teaching, and current research problems related to teaching industrial arts.

534 Seminar in Mathematics Education. 3 hours.
Prerequisite: Permission of Instructor. Covers newer concepts in curriculum and methods of instruction, current research and problems in mathematics education.

535 Seminar in Music Education. 3 hours.
Historical, philosophical and psychological foundations of music education; application of the principles of education to the music program. Emphasis on current trends in educational thought and their implications for instruction, supervision, administration and evaluation in music education.

536 Seminar in the Teaching of Physical Education. 3 hours.
Traditional and recent techniques, methods and knowledge in the practical application of educational science to the teaching of physical education and the coaching of sports and games. Investigation in specific problems through lectures, discussion groups, demonstrations, and use of audiovisual aids.

537 Seminar in Science Education. 3 hours.
Prerequisite: Permission of Instructor. Includes the history and comparative study of science teaching, curriculum and course content changes, materials available, evaluation, methods in science teaching, professional organizations, and research in science education.

538 Seminar in Social Studies Education. 3 hours.
Prerequisite: Permission of Instructor. Covers newer concepts in curriculum and methods of instruction as well as current research in social studies education.

539 Seminar in Agriculture Education. 3 hours.
Current problems in the organization, teaching supervision, administration and evaluation of agricultural education programs. Investigation, papers, and reports.

540 Seminar in Home Economics Education. 3 hours.
Prerequisite: HE 572 or consent of Instructor. Current trends in family life education with emphasis on individualized instruction, team teaching and audiovisual aids and their use in improved learning.

541 School Media Programs. 3 hours.
Historical development, exploration of curricular trends and innovations, organizations for library services, materials and equipment available, and programs in school librarianship.

542 Seminar in Speech Education. 3 hours.
Includes historical development, exploration of curricular trends and innovations and current research and problems.

543 Interactive Teaching Skills. 3 hours.
Cross-listed with EI Ed.

544 Classroom Teaching Strategies. 3 hours.
Cross-listed with EI Ed.

545 Investigations in Classroom Teaching. 1 to 3 hours.
Opportunity for secondary teachers to engage in the concentrated study of specific problems and/or the development of specific skills related to effective classroom instruction.

546 Junior High School Curriculum. 3 hours.
Examination of programs designed for the young adolescent. Functions, organizations, planning and evaluation of the curriculum. Includes special curricular areas.

547 The Curriculum. 3 hours.
Principles, psychology and methodology for teaching the general and specialized reading skills in the second- ary grades.

548 Selection, Acquisition and Evaluation of Non-Print Materials. 3 hours.
Prerequisite: Permission of Instructor. Instruction and experience in locating sources of supply for non-print materials and use of appropriate selection aids; acquisition procedures and evaluative techniques appropriate to non-print materials. Cross-listed with LME.

549 The Junior High School. 3 hours.
The junior high/middle school and its role in American education. Philosophy, functions, and total program of early adolescent education.

550 Materials and Methods in Library Science. 3 hours.
Prerequisites: Ed 280, Psy 220. Laboratory experiences for the prospective librarian.
COLLEGE OF SCIENCE, TECHNOLOGY AND HEALTH

DEPARTMENTS

Agriculture
Biology
Chemistry
Geography and Geology
Health and Safety
Industrial and Engineering Technology
Mathematics and Computer Science
Physics and Astronomy

DEGREES OFFERED

Master of Public Service (City and Regional Planning)
Master of Science (Agriculture, Biology, Chemistry, Computer Science, Geography, Health, Mathematics)

JOINT DOCTORAL (With University of Louisville)

Doctor of Philosophy (Aquatic Biology, Chemistry of Free Radicals)

Majors and Minors Offered Under the Master of Arts in Education

Agriculture
Biology
Chemistry
Geography
Health
Industrial Technology
Mathematics
Mathematics-Science (major only)
Physics (minor only)
Science (major only)

Major Offered Under the Specialist in Education

Vocational Agriculture
DEPARTMENT OF AGRICULTURE

ENVIRONMENTAL SCIENCE AND TECHNOLOGY BUILDING
ROOM 269 (502) 745-3151

James Worthington, Acting Head

Graduate Faculty

Professors: E. Gray, R. Johnson, G. Jones, J. McGuire, W. Normand, R. Schneider, J. Worthington

Associate Professors: A. Bedel, D. Coffey, J. Shirley

Degrees Offered: Master of Science in Agriculture, Master of Arts in Education (Agriculture major or minor), *Master of Public Service (Agriculture option), Specialist in Education (for secondary teachers in the area of vocational agriculture).

Graduate Courses in Agriculture

528 Population Genetics. 3 hours. Prerequisites: Biol 327 and Ag 491 or equivalent. Application of genetic and statistical concepts to populations of domestic animals and plants.

533 Physiology of Lactation. 3 hours. Prerequisite: Ag 243, 330, or Biol 430 or permission of instructor. Anatomy of the mammary gland, hormonal control of mammmogenesis, initiation and maintenance of milk secretion, factors affecting level and composition of milk, synthesis of milk. Lecture, 2 hours; lab, 2 hours.

545 Ruminant Nutrition. 3 hours. Prerequisite: Ag 448, Biol 446 or equivalent, or permission of instructor. Rumen development and function, products of fermentation, nutrient requirements, absorption and metabolism, symptoms of deficiency and toxicity.

546 Advanced Animal Breeding. 3 hours. Prerequisites: Ag 446 and 428 or permission of instructor. Application of population genetics to the economic improvement of farm animals, phenotypic and genetic relationships, role of selection in changing populations, formulation and application of breeding plans. Lecture, 2 hours; lab, 2 hours.

547 Advanced Animal Nutrition. 3 hours. Prerequisite: Ag 446, Biol 446 or equivalent, or permission of instructor. Individual nutrient requirements of monogastric animals, structure, metabolism and function of each nutrient class, interrelationship of nutrient classes, deficiency and toxicity symptoms.

551 Advanced Soil Fertility. 3 hours. Prerequisite: Ag 351 or permission of instructor. Evaluation of soil fertility and fertilizers; soil-plant relationships; composition and properties of soil in relation to ion intake, nutrition and growth of plants.

551 Agricultural Production Economics. 3 hours. Prerequisite: Ag 448, Biol 446 or equivalent. Production and cost functions, programming and decision-making principles and their application to agriculture.

561 Curriculum Development and Determining Content in Vocational Agriculture. 3 hours. Principles of curriculum development, a local survey, and development of a course of study.

564 Program Development in Vocational Agriculture. 3 hours. Inservice course for new and returning vo-ag teachers. Covers planning, conducting, and following through instructional programs for secondary, post-secondary, and/or adult students.

569 Special Problems in Agriculture Education. 1 to 3 hours. Prerequisite or corequisite: Student teaching. Supervised individual study in vocational agriculture education. May be repeated to a maximum of 6 hours.

590 Experimental Design and Data Analysis. 3 hours. Prerequisite: Ag 491 or permission of instructor. Statistical consideration in experimental design: covariance, multiple regression, factorial design, incomplete block designs, etc.

597 Special Problems in Agriculture. 1 to 3 hours. Prerequisite: Permission of instructor. Supervised individual study in agriculture. May be repeated to a maximum of 9 hours.

588 Seminar. 1 hour. Problems and research in agriculture. Required of all graduate students. May be repeated to a maximum of 3 hours.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

627 Advanced Topics in Agriculture. 1 to 3 hours. Prerequisites: Permission of instructor. Problems and scientific developments of current interest. May be repeated to a maximum of 10 hours with different topics.

590G Plant Physiology. 3 hours. Prerequisites: Biol 248, 249 and two semesters of chemistry. The function of plant systems. Lecture, 2 hours; lab, 2 hours.

401G Landscape Plants I. 3 hours. Prerequisites: Ag 448, Biol 305-306. Identification, recognition, and use of deciduous trees, shrubs and herbaceous plants in the landscape. Introduction to evergreen shrubs and trees, fall flowering bulbs, and perennials.

402G Landscape Plants II. 3 hours. Prerequisite: Ag 401 or permission of instructor. Identification, recognition, and use of landscape plants. Emphasis on evergreens, annuals, perennials, and bulbs. Winter effect and flowering sequence of deciduous trees and shrubs.

403G Landscape Design and Construction. 3 hours. Prerequisite: Ag 402. Design of residential and commercial landscapes. Techniques and materials for construction of landscape features.

*MPS option temporarily suspended

Master of Science in Agriculture

Applicants for this degree should have an undergraduate major or area of concentration in agriculture or a related science. Persons admitted with a non-agriculture undergraduate degree may be required to complete pertinent undergraduate courses in agriculture, at the discretion of the departmental graduate committee. Admission requirements are a minimum overall undergraduate grade point average of 2.50 or a Graduate Record Examination score of 1200 for the combined quantitative, verbal, and analytical sections of the General Test.

Master of Arts in Education (Agriculture major or minor)

This program provides graduate coursework in agriculture and meets certification requirements. The student majoring in agriculture shall take a minimum of 18 hours in the major area; the student minoring in agriculture shall take a minimum of 12 hours in agriculture and related areas as designated by the departmental advisor. The remaining hours, in both cases, will be taken in professional education.

Specialist in Education (See Department of Teacher Education)
404G Landscape Maintenance, 3 hours. Prerequisite: Ag 110, 401, or 402. Maintenance of landscape plants including shrubs, annuals, perennials, and turf; proper use of equipment, fertilizers, and pesticides; landscape business practices.

409G Weed Science, 3 hours. Identification of prominent weed species; relationship of weeds to crop production problems; physical and chemical control measures. Lecture 2 hours, lab 2 hours.

410G Crop Protection, 3 hours. Prerequisite: Chem 107 or equivalent and two plant science core courses. Control of insects, weeds, diseases, and animal pests which reduce the yields or values of Kentucky crops.

411G Turfgrass Management, 5 hours. Prerequisite: Ag 110. Adaptation, identification, uses and fundamental principles for establishing and maintaining quality turf.

412G Modern Fruit Science, 3 hours. Prerequisite: Ag 311 or 312 or permission of instructor. Selected problems in planting, management, production and varieties of deciduous fruits and nuts.

413G Principles and Practices of Plant Propagation, 3 hours. Prerequisite: Biol 248 or Ag 312 or permission of instructor. Fundamental principles and basic techniques of plant propagation.

414G Crop Improvement, 3 hours. Prerequisites: Six hours of plant science and graduate standing. Identification, development, and utilization of genetic differences in the improvement of cultivated plants.

415G Greenhouse Management, 3 hours. Prerequisite: 6 hours of plant science. Structures, equipment and general techniques and procedures for commercial production of ornamental and vegetable plants in the greenhouse.

416G Commercial Floriculture I, 3 hours. Prerequisite: Ag 415 or permission of instructor. Cultural requirements and propagation of plants commonly grown during the fall season in commercial greenhouses. Lecture, 2 hours; lab, 2 hours.

417G Commercial Floriculture II, 3 hours. Prerequisite: Ag 415 or permission of instructor. Cultural requirements and propagation of plants commonly grown during the spring season in commercial greenhouses. Lecture, 2 hours; lab, 2 hours.

418G Landscaping for Modern Living, 3 hours. Prerequisite: Ag 312 or permission of instructor. Blending of house and lawn, building materials, and plant selection to create attractive surroundings for everyday living.

419G Vegetable Production, 3 hours. Prerequisites: Ag 110, 250, and Biol 148. Production and utilization of vegetable crops with emphasis on environmental factors influencing growth and handling of vegetables.

421G Forage Crops, 3 hours. Prerequisite: Ag 110, 250, and Biol 148. Distribution, establishment, production and storage of forage crops, soil-plant-animal complex as related to the morphology, physiology and utilization of forage.

422G Field Crops, 3 hours. Prerequisite: Ag 110, 250, and Biol 148 or permission of instructor. Distribution, improvement, morphology, culture, harvesting, and utilization of field crops.

428G Population Genetics, 3 hours. (Cross-listed with Biology 428) Prerequisite: Biol 327 or equivalent. Application of statistical principles to biological population in relation to give frequency, zygotic frequency, mating systems and the effects of selection, mutation and migration on equilibrium population.

430G Dairy Technology, 3 hours. Prerequisite: Ag 140. Dairy cattle, improvement agriculture, nutrition, breeding and management of dairy cattle.

438G Dairy Microbiology, 3 hours. Prerequisite: Biol 207 or equivalent, or permission of instructor. Microbiological principles and their application to production and processing of milk and milk products, identification, and control of microorganisms in dairy products.

446G Animal Breeding, 3 hours. Prerequisites: Ag 243 or Biol 330 or permission of instructor. Physiology and endocrinology of reproductive systems; anatomical, physiological, and biochemical basis of reproduction; artificial breeding, synchronized estrus and related topics.

448G Principles of Animal Nutrition, 3 hours. Prerequisite: Ag 345. Principles of nutrition basic to animal feeding, chemical and physiological aspects of nutrition, techniques in nutrition research.

449G Laboratory Methods and Techniques in Animal Nutrition, 3 hours. Prerequisites: Ag 448, Chem 122 or equivalent, or permission of instructor. Laboratory methods for determining major minerals and vitamins in feeds, proximate analysis of feeds, products of fermentation, feed residues and contamination. Lecture 1 hour, lab 4 hours.

450G Soil Chemistry, 3 hours. Prerequisites: Ag 250, Chem 107 or 122, or permission of instructor. Analytical techniques in soil chemistry and soil fertility studies and nutrient determination; colloidal systems; chemical properties related to plant nutrition.

451G Soil Management, 3 hours. Evaluation of characteristics which determine the productive potential of soils and use of this knowledge and the prevailing climate to maximize production or net income.

452G Soil Microbiology, 4 hours. Prerequisites: Ag 250 and Biol 207, or permission of instructor. Soil microbial populations and systems and their influence on plant nutrition. Soil organic matter, its decomposition and associated microorganisms; oxidation-reduction processes; nitrogen fixation.

453G Soil Formation, Classification and Mapping, 3 hours. Prerequisite: Ag 250. Soil origin; methods of soil survey; classification schemes; profile description, mapping and interpretation information, with emphasis on Kentucky soils.

454G Land-Use and Conservation, 3 hours. Prerequisite: Ag 250 or permission of instructor. Economic utilization of land for agricultural recreation and public purposes; interpretation and application of soil conservation; public and industrial use; practice in designing land-use maps.

455G Soil Physics, 3 hours. Prerequisite: Ag 250, Physics 201 and 207, or permission of instructor. Relation of physical properties of soil to plant growth, particle-size distribution, soil structure, moisture, and temperature.

460G Agricultural Policy, 3 hours. Prerequisite: Ag 250. The place of agriculture in the national economy; objectives of agricultural policy; appraisal and proposed agricultural programs; legislation for economic action.

461G Advanced Farm Management, 3 hours. Prerequisite: Ag 361 or permission of instructor. Identification, analysis, and solution of problems of farm organization and operation. Case studies and field trips to farms in South Central Kentucky. Lecture, 2 hours; lab, 2 hours.

463G Agricultural Finance, 3 hours. Prerequisite: Ag 361 or permission of instructor. Farm finance problems including capital requirements, investment decisions, budgeting techniques, etc. Lending agencies and alternative means of acquiring capital.

470G Agricultural Materials Handling, 3 hours. Prerequisite: Ag 374 or permission of instructor. Principles of operation. Functional analysis and design of agricultural handling systems. Includes conveyance, drying, sizing, mixing and sorting machines for handling of farm crops and animals.

475G Selected Topics in Agriculture, 1 to 3 hours. Prerequisite: Permission of instructor. Special topics on significant problems and scientific developments of current interest in agriculture. Lecture and assignments are variable with credit. May be repeated with change in content.

475G Geography of Agriculture, 3 hours. Prerequisite: Geog 250 or Ag 260, or permission of instructor. Regional patterns of world agricultural production. Ecological and economic factors and cultural preferences as related to the spatial patterns of crops and agricultural types.
DEPARTMENT OF BIOLOGY

THOMPSON COMPLEX—NORTH WING ROOM 201 (502) 745-3696

Jeff H. Jenkins, Head

Graduate Faculty

Associate Professors: B. Ferrell, S. Ford, E. Hoffman, D. Skean

Degrees Offered: Master of Science in Biology, Master of Arts in Education (Biology major or minor), Doctor of Philosophy (in cooperation with the University of Louisville) in Aquatic Biology.

Admission requires the equivalent of an undergraduate major in biology including two laboratory courses each in inorganic chemistry and physics and one course in organic chemistry. Exceptions are made in favor of superior students whose undergraduate degrees are in allied subject matter fields.

A cooperative graduate program leading to the Doctor of Philosophy with specialization in Aquatic Biology is administered by the departments of biology of Western Kentucky University and the University of Louisville. Interested students may obtain information about the program from Dr. R. Hoyt.

Graduate Courses in Biology

501 Biological Perspectives I. 3 hours. Prerequisite: Science area major or minor. Designed for in-service teachers. Advances in the biological sciences; practical applications of biological principles. Includes the chemical and cellular basis of life, metabolism, reproduction, and development. Not applicable to MS in biology. Lecture, 2 hours; lab, 2 hours. (Summers on demand).

503 Ultrastructure and Cellular Mechanisms. 3 hours. Prerequisite: Biol 411 or equivalent. Review of research findings that have led to present ideas of the relationship between cell structure and function. Lecture. (Spring of even-numbered years).

502 Biological Perspectives II. 3 hours. Prerequisite: Science area major or minor; Biol 501 desirable. Designed for in-service teachers. Advances in the biological sciences; practical applications of biological principles. Includes the origin and early evolution of life, viruses and monera, the plant kingdom, the animal kingdom, biological evolution, and ecology. Not applicable to MS in biology. Lecture, 2 hours; lab, 2 hours. (Summers on demand).

505 Biogeography. 3 hours. See Department of Geography and Geology.

511 Limnology. 4 hours. Physical, chemical, and biological aspects of bodies of freshwaters with emphasis on water as a biological environment. Lecture, 2 hours; lab, 4 hours. (Fall of odd-numbered years)

515 Plant Ecology. 4 hours. Prerequisites: Biol 305 and permission of instructor. Ecological concepts and their application to experimental approaches for studying the interaction of plants with their environment. Lecture, 2 hours; lab, 4 hours. (Spring of even-numbered years)

516 Investigations in Biology. 1 to 3 hours. Prerequisite: Permission of research project director. Research project completed under faculty supervision. Not applicable to MS Plan A. (Every semester and summer)

502G Development of Agricultural Resources for Rural Recreation. 3 hours. Developing facilities for recreational enterprises. Topics include enterprise selection, program planning, site selection, financing, and construction.

507G Methods in Teaching Vocational Agriculture. 3 hours. Course organization, methods, farming programs, employment training, and Future Farmers of America activities.

488G Young Farmer and Adult Education in Agriculture. 4 hours. Organization and program planning for classes in post-high school vocational agriculture and technical programs for young and adult farmers.

491G Data Analysis and Interpretation. 3 hours. Prerequisite: Math 100 or permission of instructor. Statistical models and use of samples, variation, statistical measures, distributions, tests of significance, analysis of variance, regression, correlation and chi-square as related to interpretation and use of scientific data.

Master of Science in Biology

Both Plan A (Thesis) and Plan B (non-thesis) are available. Students needing specialization within biology and desiring a related research experience should follow Plan A. The thesis is based upon original research conducted under the direction of a departmental graduate faculty member. The Plan B program is designed for students who desire additional training for biological or biologically-related professions. Candidates following Plan B are required to take Biology 516—Investigations in Biology (2 or 3 hours) as an introduction to research.

The research tool, under both plans, may be met by demonstrating (1) a reading knowledge of a foreign language or (2) competency in statistical methodology, computer programming, or electron microscopy.

Master of Arts in Education (Biology major or minor)

This program is designed for the preparation and strengthening of secondary school science teachers. The major requires 21 hours of coursework in biology, and the minor requires 12 to 15 hours in biology. In both cases, the remainder of the required 30 hours is taken in professional education.

Students who desire a breadth of coursework in the sciences may major in the Science Area of Concentration under the MA in Education program. Students following this option must have all biology courses approved by the appropriate advisor in the Department of Biology.

TECH AQUA BIOLOGICAL STATION

Western Kentucky University is a charter member of the Tech Aqua Development Consortium which operates a biological station on Center Hill Lake near Cookeville, Tennessee. A variety of field biology courses is offered during two five-week sessions each summer. Students interested in the Tech Aqua Program should contact Dr. H. Shadowen of the Department of Biology for additional information.
569 Professional Work/Career Experience in Biology, 3 hours. Practical experience in a supervised work situation with a cooperative business, industry, or governmental agency, emphasizing application of advanced knowledge and skills in specified areas of biology.

570 Immunology, 4 hours. The biology of the immune response: the mechanisms of pathogen recognition, cell-to-cell interaction, and host defense. (Fall of odd-numbered years)

580 Plant Biochemistry, 3 hours. Prerequisite: Chem 314 or 342. The occurrence, properties, function, and metabolism of organic compounds found in plants. Lecture. (Summer of odd-numbered years)

584 Internship in Biology, 3 hours. Practical experience in a supervised work situation with a cooperative business, industry, or governmental agency, emphasizing application of advanced knowledge and skills in specified areas of biology.

591 Aquatic Biology, 4 hours. Plant and animal communities of freshwater lotic and lentic habitats. Lecture, 2 hours; lab, 4 hours. (On demand)

592 Freshwater Ecology, 4 hours. Principles of ecology employing the aquatic ecosystem as the area of investigation. (Summers of even-numbered years)

596 Graduate Seminar, 1 hour. Special topics in biology. (Every fall and spring)

599 Thesis Research and Writing. 6 hours. Selected topics in Biology. (On demand)

600 Internship in College Instruction. 1 hour. Designed for prospective teachers of biology. Staff direction in preparing and giving lectures. Includes analyses of presentation and techniques. May be repeated.

605 Advanced Topics in Biology. 1 to 3 hours. Selected topics in Biology. (On demand)

799 Doctoral Research. 1 to 6 hours.

799c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit

400G Plant Physiology, 3 hours. Prerequisites: Biol 305, 306, and two semesters of chemistry. The functioning of plant systems. Lecture, 2 hours; lab, 2 hours. (Fall of odd-numbered years)

404G Techniques and Theory of Electron Microscopy, 3 hours. Fundamentals of electron microscopy including basic theory, techniques for specimen preparation and photography and operation of the electron microscope. Requires independent research project involving interpretation of data obtained by using the electron microscope. Lecture, 2 hours; lab, 2 hours. (Every fall)

407G Virology, 3 hours. Prerequisites: Biol 148, 149, and a microbiology course. Bacterial, animal, and plant viruses with special emphasis on the chemistry and replication of viral nucleic acids. (Spring of odd-numbered years)

408G Invertebrate Zoology, 4 hours. Prerequisites: Biol 318, 319. Phyyla of invertebrate animals, including their taxonomy, morphology, physiology, development, and evolution. Lecture, 2 hours; lab, 4 hours. (Spring of odd-numbered years)

411G Cell Biology, 3 hours. Prerequisites: Biol 148, 149 and Organic Chemistry. Morphological and chemical makeup of cells, physical and chemical properties of the cell and modern techniques for investigation of cellular functions. Lecture. (Every fall and spring)

412G Cell Biology, 1 hour. Prerequisite: Biol 411G. Lab correlated with Biol 411G. Two hours per week. (Every spring)

416G Systematic Botany, 4 hours. Prerequisite: Biol 348 or permission of instructor. Variation, phylogeny, classification and identification of flowering plants. (Fall of odd-numbered years)

418G Mycology, 4 hours. Prerequisites: Biol 305, 306. A comparative morphological and physiological study of fungi. Lecture 3 hours, lab 2 hours. (Fall of even-numbered years)

419G Freshwater Algae, 3 hours. Morphology and systematics of freshwater algae. Emphasis on regional flora. Lecture, 1 hour; lab, 4 hours. (Spring of even-numbered years)

426G Population Genetics, 3 hours. See Department of Agriculture.

431G Radiation Biophysics, 4 hours. See Department of Physics and Astronomy.

432G Advanced Animal Physiology, 3 hours. Prerequisites: Biol 330, 331. Selected systems and topics in physiology with emphasis on the biophysical approach. Lecture. (Spring of even-numbered years)

436G Biophysics Seminar, 1 hour. See Department of Physics and Astronomy.

446G Biochemistry, 3 hours. See Biochemistry.

447G Biochemistry Laboratory, 2 hours. See Biochemistry.

456G Ichthyology, 4 hours. Prerequisites: Biol 318, 319 and permission of instructor. Fishes of the world, their physiology, structure, behavior, and ecology. Emphasis on the collection and identification of freshwater species of Kentucky. Lecture, 2 hours; lab, 4 hours. (Fall of odd-numbered years)

458G Fishery Biology, 3 hours. Biological aspects of population of freshwater fishes. Emphasizes reproduction and development, food and feeding habits, pollution effects, etc. Lecture, 2 hours; lab, 2 hours. (Spring of odd-numbered years)

459G Mammalogy, 3 hours. Prerequisites: Biol 318, 319. Taxonomy, life history and ecology of the mammals. Laboratory work includes field experience.
Graduate Faculty

Associate Professors: J. Chamberlin, D. Hartman, R. Hessley, E. Pearson

Degrees Offered: Master of Science in Chemistry, Master of Arts in Education (Chemistry major or minor), Doctor of Philosophy in Chemistry (in cooperation with the University of Louisville).

Master of Science in Chemistry

Candidates for admission to this program must submit evidence of satisfactory completion of undergraduate curricula in chemistry. Graduates of American colleges and universities are urged to submit, at the time of application, test scores from the Graduate Record Examination Subject Test and the Graduate Record Examination General Test. Students admitted without these scores should take the tests during their first semester on campus. Graduates of foreign colleges and universities are required to submit test scores from Graduate Record Exam (General Test), Graduate Record Exam (Subject Test), and the Test of English as a Foreign Language (TOEFL) as a part of their applications for admission to graduate studies in chemistry.

Two hours per week. (On demand)

Biochemistry II. 3 hours. See Biochemistry.

Pathogenic Microbiology. 4 hours. Prerequisites: Biol 306, 310, and permission of instructor. Organisms causing disease with emphasis on bacteria. Includes pathogenic bacteria, viruses, rickettsiae, fungi and protozoa. Lecture, 2 hours; lab, 4 hours. (Fall)

Food Microbiology. 4 hours. Prerequisites: Biol 307 and 306 or 309 and 310. Preservation, fermentation and spoilage of foods including a study of food and milk microbiology. Lecture, 2 hours; lab, 4 hours. (Every fall)

Selected Topics in Biology. 1 to 3 hours. Significant problems and developments of current interest in biology. (Every semester and summer)

Morphology of Non-Vascular Plants. 4 hours. Prerequisites: Biol 305 and 306. Structure, development and phylogenetic relationships of the algae, fungi and protozoa. Lecture, 3 hours; lab, 2 hours. (On demand)

Morphology of Vascular Plants. 4 hours. Prerequisites: Biol 305 and 306 or 477. Structure, development and phylogenetic relationships of the primitive vascular plants, gymnosperms and angiosperms. Lecture, 2 hours; lab, 4 hours. (Fall of even-numbered years)

Field Biology. 3 hours. Two-week camping field experience on a specific biological topic, preceded and followed by introductory and evaluative sessions. (Summer sessions only)

Data Analysis and Interpretation. 3 hours. See Department of Agriculture.

The program may be planned to emphasize one of five interdisciplinary areas: analytical, coal, inorganic, organic, physical, or biochemistry.

Course requirements (except for coal chemistry option) are as follows:

Chem 435G—Analytical Chemistry
Chem 580—Chemical Skills
Chem 550—Advanced Physical Chemistry
Chem 581—Spectroscopy
Chem 598—Seminar
Chem 599—Thesis Research and Writing

Two courses from the following:
Chem 420G, Chem 540, Chem 446G

Two courses from the following:
Chem 446G, 462G, 521, 531, 541, 551, 562

Course requirements for coal chemistry option are as follows:

Chem 590—Coal Chemistry
Chem 540—Organic Reactions
Chem 435G—Analytical Chemistry
Chem 550—Advanced Physical Chemistry I
Chem 420G—Inorganic Chemistry
Chem 591—Coal Chemistry Laboratory
Chem 581—Spectroscopy
Geol 511—The Dynamic Earth or Chem 580—Chemical Skills
Chem 599—Thesis Writing and Research

Students accepted to the cooperative program will complete Chem 596 through off-campus research for one summer and one semester. Candidates for the MS must maintain a grade point average of at least 3.0 in all chemistry courses, including research.

The thesis (required) is based on the results of an experimental laboratory investigation under the direction of a member of the graduate faculty within the Department of Chemistry. The research tool may be met by demonstrating the ability to translate a modern foreign language (German, Rus-
sian, or French). If the candidate elects a research tool other than the language requirement, it must be approved by the research advisor, the head of the chemistry department, and the graduate dean.

A student who wishes to pursue an interdisciplinary program of study may obtain permission from the department head to take fewer than 33 hours in chemistry, provided the "outside" coursework is in an allied science and that all other departmental requirements are met.

Master of Arts in Education (Chemistry major or minor)

This program is designed especially for the preparation and strengthening of secondary school science teachers.

For a subject-matter major in chemistry, the MA in Education student must complete a minimum of 12 hours of coursework in chemistry. The remaining six hours of the 18-hour major may be taken in chemistry or in a related subject-matter area. The student pursuing a major in an allied subject-matter area may qualify for a minor in chemistry with the completion of a minimum of eight hours of coursework in chemistry. Students who have not previously completed a year of physical chemistry are strongly urged to take Chemistry 450 and 452; with prior approval these courses may be counted for credit toward the MA in Education degree.

Students desiring a breadth of coursework in the sciences may major in the Science Area of Concentration. The chemistry courses taken under this option must be approved by the advisor in the science area and by the advisor in secondary education.

Doctor of Philosophy

A cooperative graduate program leading to the Ph.D. with specialization in chemistry of free radicals and spectroscopy is administered by the Departments of Chemistry of Western Kentucky University and the University of Louisville.

Graduate Courses in Chemistry

500 Fundamentals of Chemistry. 3 hours. Prerequisite: Undergraduate minor in chemistry. Fundamental principles, theories, and laws of chemistry. (Not applicable to the MS degree).

502 Fundamentals of Modern Chemical Analysis. 3 hours. Prerequisite: Undergraduate minor in chemistry. Modern methods of chemical analysis including an introduction to Instrumental analysis. (Not applicable to the MS degree).

503 Fundamentals of Modern Chemical Analysis Laboratory. 1 hour. Corequisite: Chem 502. Includes experiments using the instruments and techniques discussed in the lecture.

516 Investigations in Chemistry. 1 to 3 hours. Review of chemical literature on topics of individual interest. Includes reports and proposals for further research. (Not applicable to the MS degree).

520 Advanced Inorganic Chemistry I. 3 hours. Prerequisites: Chem 452 and 420 or equivalent. Various aspects of coordination chemistry.

521 Advanced Inorganic Chemistry II. 3 hours. Prerequisite: Chem 520 or permission of instructor. Current theories of inorganic reaction mechanisms.

531 Advanced Analytical Chemistry. 3 hours. Prerequisite: Chem 435 or permission of instructor. Survey of selected topics in modern instrumental methods of chemical analysis. Includes instrumental techniques not covered in Chem 435.

540 Organic Reactions. 3 hours. Prerequisite: Permission of instructor. Modern synthetic methods used in organic chemistry.

541 Advanced Organic Chemistry II. 3 hours. Prerequisites: Org Chem 342 and Phys Chem 452. Modern physical-organic chemistry including bonding, stereochemistry, reaction mechanisms, concerted reactions, photochemistry, and free-radical reactions.

550 Advanced Physical Chemistry I. 3 hours. Prerequisites: Chem 452 and Math 227 or equivalents. Covers thermodynamics, kinetics and molecular structure in preparation for graduate study or research.

551 Advanced Physical Chemistry II. 3 hours. Prerequisite: Chem 550 or equivalent. Continuation of basic physical chemistry concepts. Further study in the areas of thermodynamics, kinetics and molecular structure at the graduate research level.

561 Spectroscopy. 3 hours. Prerequisites: Chem 342 and 452 or 550. Application of nuclear magnetic resonance, ultraviolet, infrared and mass spectrometry to solving chemical structures.

562 Internship in Chemistry I. 3 hours. Prerequisite: Undergraduate minor in chemistry. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

563 Laboratory. 3 hours. Prerequisite: Chem 452 or permission of instructor. The design and operation of meaningful lecture demonstrations in chemistry. (Not applicable to the MS degree).

564 Chemical Skills. 3 hours. Skills in the use of the library, glass working, and the laboratory.

565 Advanced Chemical Skills. 1 hour. Prerequisite: Chem 564 or equivalent. Further study in the areas of chemical skills.

566 Advanced Analytical Chemistry. 1 hour. Prerequisite: Chem 564 or permission of instructor. Further study in the areas of analytical chemistry.

567 Internship in Chemistry II. 3 hours. Prerequisite: Chem 452 or permission of instructor. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

568 Advanced Analytical Chemistry Laboratory. 1 hour. Prerequisite: Chem 564 or permission of instructor. Further study in the areas of analytical chemistry.

570 Lecture Demonstration Techniques. 1 hour. Prerequisite: Chem 452 or permission of instructor. Further study in the areas of lecture demonstration techniques.

580 Internship in Chemistry III. 3 hours. Prerequisite: Undergraduate minor in chemistry. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

581 Internship in Chemistry IV. 3 hours. Prerequisite: Undergraduate minor in chemistry. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

582 Internship in Chemistry V. 3 hours. Prerequisite: Undergraduate minor in chemistry. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

583 Internship in Chemistry VI. 3 hours. Prerequisite: Undergraduate minor in chemistry. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

584 Internship in Chemistry VII. 3 hours. Prerequisite: Undergraduate minor in chemistry. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

585 Internship in Chemistry VIII. 3 hours. Prerequisite: Undergraduate minor in chemistry. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

586 Internship in Chemistry IX. 3 hours. Prerequisite: Undergraduate minor in chemistry. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

587 Internship in Chemistry X. 3 hours. Prerequisite: Undergraduate minor in chemistry. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

588 Internship in Chemistry XI. 3 hours. Prerequisite: Undergraduate minor in chemistry. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

589 Internship in Chemistry XII. 3 hours. Prerequisite: Undergraduate minor in chemistry. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

590 Coal Chemistry. 3 hours. Prerequisites: Org Chem 342 and Phys Chem 452 or 412. The chemistry of coal-derived products.

591 Coal Chemistry Laboratory. 3 hours. Prerequisite: Chem 530 or equivalent. Techniques of classical coal analysis, as specified by the American Society for Testing and Materials (ASTM). Also covers recent developments in methods and instrumentation used in coal analysis.

596 Cooperative Research I. 11 hours. Prerequisite: Student must have completed one academic year of coursework for the MS-Coal Chemistry option. Research at a cooperating laboratory leading to a thesis in coal chemistry.

597 Cooperative Research II. 11 hours. Prerequisite: Student must have completed one academic year of the MS-Coal Chemistry option. Research at a cooperating laboratory leading to a thesis in coal chemistry.

598 Graduate Seminar. 1/2 hour.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

799 Doctoral Research in Chemistry. 1 to 6 hours.

799c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit.

412G Introduction to Physical Chemistry. 4 hours. Prerequisites: Chem 122-123 and Math 125. Chemical principles involved in thermodynamics, kinetics, equilibrium, etc. Specifically for secondary education majors and those students not qualifying for the Chemistry 350-352 sequence.

413G Introductory Physical Laboratory. 1 hour. Prerequisites: Chem 230, Math 125. Corequisite: Chem 412.
BIOCHEMISTRY

THOMPSON COMPLEX—CENTRAL WING
(502) 745-3457

Graduate Faculty

Professors: R. Farina, M. Houston, F. Toman
Associate Professor: D. Hartman

Biochemistry is the study of the most intricate of all chemical systems, living matter, and attempts to determine the chemical nature and chemical reactions in protoplasm—the basic material of living matter. Training in biochemistry provides many opportunities in teaching, research, and public service and provides excellent preparation for many other areas of basic and applied sciences.

Biochemistry courses are administered jointly by the Departments of Biology and Chemistry. The student should enroll either in the Department of Biology or the Department of Chemistry, depending upon the major emphasis. Enrollment requires the completion of proper prerequisites in biology and chemistry.

For further information, contact Dr. Toman in the Department of Biology or Dr. Hartman in the Department of Chemistry.

Graduate Courses in Biochemistry

562 Intermediary Metabolism. 3 hours.
Prerequisite: Biochem 446.
The metabolic pathways of carbohydrates, lipids, and proteins. Lecture. (Fall)

563 Enzymology. 3 hours.
Prerequisites: Biochem 446 and 447.
Includes kinetics and mechanisms for reactions of biological significance. Lecture. (On demand)

564 Enzymology Laboratory. 1 hour.
Corequisite or prerequisite: Biochem 563.
The techniques of enzyme isolation and purification coupled with kinetic studies. Three hours per week. (On demand)

580 Plant Biochemistry. 3 hours.
Prerequisite: Chem 314 or 340.
The occurrence, properties, function, and metabolism of many organic compounds found in plants. Lecture. (Summer of odd-numbered years)

The following 400-level courses may be taken for graduate credit

400G Plant Physiology. 3 hours.
See Department of Biology.

411G Cell Biology. 3 hours.
See Department of Biology.

412G Cell Biology Laboratory. 1 hour.
See Department of Biology.

446G Biochemistry. 3 hours.

447G Biochemistry Laboratory. 2 hours.
See Biochemistry.

447G Biochemistry Laboratory. 2 hours.
See Biochemistry.

462G Bioinorganic Chemistry. 3 hours.
Prerequisite: Chem 314 or 340.
The coordinating properties and reactivity of metal ions in living organisms. Lecture. (On demand)

467G Biochemistry II. 3 hours.
Prerequisite: Biochem 446.
The reactions of living systems and an introduction to the mechanisms and energetics of metabolism. Lecture. (Spring)
DEPARTMENT OF GEOGRAPHY AND GEOLOGY

ENVIRONMENTAL SCIENCE AND TECHNOLOGY BUILDING
ROOM 305 (502) 745-4555

Wayne L. Hoffman, Head

Graduate Faculty

Associate Professor: C. Moore
Assistant Professor: M. Trapasso

Degrees Offered: Master of Science in Geography, Master of Arts in Education (Geography major or minor), Master of Public Service (City and Regional Planning option).

The graduate programs in geography provide a solid background for students who plan to continue advanced studies toward the Ph.D. degree, to pursue careers in college teaching or teaching in middle and high schools, or to enter public service as city and regional planners. Graduates are prepared for a variety of other employment areas such as rangers or naturalists in national and state parks, cartographers, airphoto interpreters, and similar consulting positions in business and industry.

Applicants for the Master of Science in Geography and the MPS Degree (City and Regional Planning option) must have (1) an overall grade point average of 2.80 or above, or (2) a grade point average of 2.80 or above on the last sixty semester hours of undergraduate work, or (3) a score of 800 or above (verbal and quantitative combined) on the General Test of the Graduate Record Examination.

Master of Science in Geography

Both Plan A (thesis) and Plan B (non-thesis) are available. Plan A requires a minimum of 30 semester hours of graduate credit, including Geog 500, 502, 504, and 491G or 590. With approval from the advisory committee, a student may take a maximum of six hours outside the discipline. The thesis must be based upon original research directed by the advisor. Plan B requires 33 semester hours of graduate credit individually planned, with 18 hours in courses open only to graduate students.

The research tool, under both plans, must be met by demonstrating either (1) reading proficiency in a foreign language appropriate for the major area or (2) competency in the appropriate research techniques.

Individual student programs may be designed to emphasize mapping, remote sensing, hydrology and geomorphology, meteorology and climatology, conservation, cultural geography, and regional geography.

Master of Arts in Education (Geography major or minor)

Students following this program must meet all requirements for standard high school certification. The major requires a minimum of 18 hours (see advisor for course selection). The minor requires a minimum of 12 hours. The remaining hours (within the required 30) are taken in professional education.

Master of Public Service (City and Regional Planning Option)

This interdisciplinary program consists of offerings from several departments and prepares individuals to serve in governmental positions requiring administrative training as well as knowledge of the particular areas they are to administer.

This option provides academic and practical training in city and regional planning and prepares students for employment with local, state, and federal agencies, as well as for positions within the private sector economy.

All candidates for the Master of Public Service degree (regardless of the option chosen) are required to complete a minimum of 9 hours in the core—three semester hours from category A and six semester hours from category B as follows:

A. Organization Theory Courses—3 hours
   Govt 540 Seminar in Public Administration
   Psy 551 Social Psychology of Organizations
   Soc 562 Formal Organizations
   Mgt 575 Organization Theory

B. Socio-Economic and Political Factor Courses—6 hours.
   *Geog 484G Planning: Theory and Application
   Govt 511 Seminar in State and Local Government
   Econ 588 Public Sector Economics
   Soc 542 Community

*Required for the City and Regional Planning option.

Individual programs are planned in accordance with specific needs of the student. The thesis is optional. Required courses (within the 36-hour minimum) are:

Geog 580 Problems in Urban Geography
Geog 500 Introduction to Research
Geog 584 Advanced Planning
Geog 595 Planning Practicum
Graduate Courses in Geography

500 Introduction to Geographic Research. 3 hours. Development of geographic research skills with emphasis on posing of research problems, documentation, organization, and presentation.

501 Geography, Science, Civilization. 3 hours. Topical seminar examining current issues and trends of the discipline and related fields, recent research, and the role of science in society, technology and culture.

502 Geographic Techniques for Field Investigations. 3 hours.

504 Historical and Philosophical Bases of Geography. 3 hours. The evolution of geography as a distinct discipline through study of the writings of outstanding scholars.

505 Biogeography. 3 hours. Prerequisites: Introductory courses in geography and/or biology, and permission of instructor. The evolutionary, geographical, ecological, pedological, and edaphic factors involved in the naturalization, acclimatization, and distribution of plant and animal life.

510 Selected Topics in Geography. 3 hours. Topics will vary according to student needs.

521 Advanced Studies in Geomorphology. 3 hours. Prerequisites: Geomorphology 420, or equivalent, and 3 hours in upper-level physical geography or geology. A review of topics in advanced geomorphology, field and laboratory procedures, and an introduction to research in landform analysis. Research in instructor-approved geomorphic topics.

522 Advanced Studies in Climatology. 3 hours. Prerequisites: Geog 422 and permission of instructor. The effects of climatic controls on microclimates and climatic anomalies. Detailed use of environmental characteristics, i.e., rainfall patterns, etc.

524 Meteorology for Science Teachers. 3 hours. Basic weather course with emphasis on new developments and applications.

525 Advanced Political Geography. 3 hours.

530 Selected Problems in Cultural Geography. 2 hours. Prerequisite: Geog 430 or permission of instructor. Seminar-field experience. Covers cultural origins and dispersals, environmental perception and behavior, and resulting consequence upon the geographic landscape.

532 Studies in Geographic Exploration. 3 hours. Eighteenth, 19th and 20th century scientific exploration of the "terra incognita" through examination of firsthand accounts.

534 Historic Preservation Planning: Application. 3 hours. Prerequisite: Geog 434G Field application of historic preservation method and techniques.

540 Advanced Regional Geography. 3 hours. Prerequisites: Two courses in regional geography and consent of instructor. The regional method as a basic approach to geographic research via one or more major regional units.

541 Seminar in Tropical Geography. 3 hours. Prerequisites: Geog 210, 422, 430 and permission of instructor. Specific problems of the man-environment relationships of the American, African, and Asian Tropics.

550 Advanced Studies in Economic Geography. 3 hours. Prerequisites: Geog 250, 478 or 479 and permission of instructor. An examination of the major theories in economic geography.

560 Settlement Geography. 3 hours. Prerequisite: Geog 430 or consent of instructor. Sources and philosophies of settlement studies. Investigations of selected settlement patterns and emphasis on rural and rural non-farm settlement; farmstead, hamlet, village and town, and functionally related features, architectural style, and functional rationale.

571 Quality of Life: Environmental Problems and Ecological Solutions. 3 hours. Seminar approach to developing critical ecological sensitivity through analysis of past and present environmental problems, implemented and alternative solutions.

580 Problems in Urban Geography. 3 hours.

584 Advanced Planning. 3 hours. Prerequisite: Geog 484. Analysis of advanced topics and results of recent research in city and regional planning.

585 Advanced Studies in Population Geography. 3 hours. Prerequisites: Geog 485 and permission of instructor. Seminar approach to regional and world problems in human population.

590 Experimental Design and Data Analysis. 3 hours. Prerequisite: Geog 401 or permission of instructor. (Cross-listed with Agriculture 590) Statistical consideration in experimental design: Covariance, multiple regression, factorial design, incomplete block designs, etc.

595 Planning Practicum. 3 to 6 hours. Prerequisites: Geog 484, 584, and permission of instructor. Supervised planning experience in a cooperating government or private agency.

599 Thesis Research and Writing. 6 hours.

599C Maintaining Matriculation. 1 to 6 hours.

The following 400-level Geography courses may be taken for graduate credit:

402G Physiography of North America. 3 hours. Prerequisites: Geog 106 and 108 or Geol 102 or 111 and 113.

404G Computer Mapping. 3 hours. Geographic information systems and computer mapping programs. Introduction to the graphic terminal, plotter, hard copy unit, and digitizers. While knowledge of computer programming is not required, a course such as CS-240 would be extremely helpful.

410G Cartography II. 3 hours. Prerequisite: Cartography I (315). History of cartography, map compilation, lettering and typography, cartographic design, map reproduction, use of color, map projections, scribing techniques.

415G Air Photo Interpretation. 3 hours. Characteristics of aerial photographs; use of air photos for analysis of the earth's physical and cultural features; air photo approach to urban and regional planning. (Spring)

416G Remote Sensing: Principles and Applications to Environment and Planning. 3 hours. Remote sensing techniques and their application in the study of man's biophysical environment through the use of infrared, thermal infrared, radar and space photography.

420G Geomorphology. 4 hours. Prerequisites: Geog 100, Geol 102, 111, and 113. The origin, history and characteristics of land-forms produced by fluvial, glacial, wind and wave erosion and by mass-wasting and ground-water.

421G Advanced Geomorphology. 3 hours. Prerequisite: Geol 420. Landform development under processes associated with running water. Principal topics are: climate and geomorphic processes; weathering; the drainage basin as a geomorphic unit; channel form; hill-slope characteristics; drainage pattern evolution, etc.

422G Climatology. 4 hours. Prerequisite: Geog 100, 105, or 121. The elements of climate and their world distribution with emphasis on the climatic controls.

423G Transportation Planning. 3 hours. The problems of interaction, diffusion and information transfer as they appear in a spatial context.

424G Weather Analysis and Forecasting. 3 hours. Prerequisite: Geog 100, 105, 121, or permission of instructor. Analysis of air masses; principles of weather forecasting; drawing and interpretation of the daily weather map; and making weather forecasts.

425G Political Geography. 3 hours. Prerequisite: Geog 101 or permission of instructor. The political system as a spatial phenomenon. Examples from local, metropolitan-regional, national and international levels.

426G Applied Meteorology/Climatology. 3 hours. Prerequisite: Geog 121 and 422 or permission of instructor. Practical insight into the influence of meteorology and climatology on man. Problems of the physical environment caused by what man has done or will do to the weather and climate patterns of the world.
430G Cultural Geography. 3 hours. Concepts of culture and the interaction between various cultures and their environments.

452G Field Studies in Geography. 3 hours.

453G Geography of the Soviet Union. 3 hours.

454G Geography of Middle America. 3 hours. Prerequisite: Geog 101 or permission of instructor. A regional analysis of Mexico, Central America and the West Indies.

456G Exploration Geophysics. 3 hours. Prerequisites: Geol 111-113, Geog 100 or 102 or permission of instructor. Geologic factors as related to site selection, energy production, land use, waste disposal, planning, water resources, engineering practices, and the recognition and control of geologic hazards.

457G Advanced Geomorphology. 3 hours. Prerequisite: Geog 101. Landform development under processes associated with running water. Principal topics are: climate and geomorphic processes; weathering: channel form, hillslope characteristics; drainage pattern evolution, etc.

461G General Oceanography. 3 hours. Prerequisite: Geol 102 or 111. The ocean as a biogeochemical system, etc.

462G Geography of South America. 3 hours. Prerequisite: Geog 101 or permission of instructor. Physical and cultural bases of South America's geographic patterns with emphasis on problems of resource development.

464G Geography of Europe. 3 hours. Prerequisite: Geog 101 or permission of instructor.

465G Geophysics. 3 hours. Prerequisite: Geol 102 or 111 and 113. Origin, history and characteristics of land-forms produced by fluvial, glacial, wind and wave erosion, and by mass-wasting and ground-water.

466G Geography of Africa. 3 hours. Prerequisite: Geog 101 or permission of instructor. Geographical survey, assessing the relationships of the physical and cultural patterns to actual and potential economic development.

467G Geography of the Middle East. 3 hours. Various aspects of the recent occupancy of Southwestern Asia and surrounding regions mentioned in the Bible.

470G Exploration Geophysics. 3 hours. Fundamentals of general geophysics and practical experience in the major methods of exploration geophysics, such as gravity, magnetic, seismic, and electrical methods.

471G Geophysics. 3 hours. Prerequisite: Geol 330. Plate Tectonics, the unifying theory of modern earth sciences. Emphasizes the contribution of previous hypotheses and research (i.e., continental drift, sea-floor spreading, paleomagnetics, magnetic reversals, geosynclines, etc.)

475G Special Topics in Geology. 3 hours.
DEPARTMENT OF HEALTH AND SAFETY

SCIENCE AND TECHNOLOGY HALL
ROOM 412 (502) 745-4797

J. David Dunn, Head

Graduate Faculty

Professors: D. Dunn, W. Hourigan, G. Lohr, J. Price

Associate Professors: H. Baughman, R. Baum, R. Biggerstaff, D. Carter, W. Higgins, N. Schira, F. West, R. Wilson

Assistant Professors: N. MacDowell, P. Tanner

Degrees Offered. Master of Arts in Education (Health major and minor, Health and Safety major and minor), Master of Science in Health (Public Health).

The program leading to the Master of Arts in Education with a major or minor in health is designed to prepare students for positions as (1) health educators in junior and senior high schools, (2) coordinators of school health programs, (3) administrators and supervisors of school health programs, and (4) health educators in community health agencies. The program leading to the Master of Arts in Education with a major or minor in health and safety is designed to prepare students for positions as (1) teachers of driver education and health in high schools, (2) coordinators of health and safety programs, and (3) administrators of health and driver education programs. The applicant must hold a valid teaching certificate and have a minimum of a minor in health and safety. Applicants who hold a valid teaching certificate but have not completed a recognized minor in health and safety may be conditionally admitted if they have completed a minimum of 12 semester hours of undergraduate coursework in health and safety and related courses.

The program leading to a Master of Science in Health (Public Health) is designed to meet the needs of a wide range of professionals (e.g., public health educators, nurses, sanitarians, administrators, industrial health personnel, nutritionists, dental hygienists, and other allied health professionals) who desire graduate education in public health. The flexibility of the program allows for individual consideration of student needs, expectations, and career objectives. To pursue the Master of Science (Public Health), each applicant must submit at least a minor in health or adequate preparation in the sciences basic to health.

Master of Arts in Education (Health major or minor)

Students pursuing a major in health must complete 18 to 21 hours in health—including Health and Safety 520, 545, and 567. Both Plan A (thesis) and Plan B (non-thesis) are available. For a minor in health students must complete 12 to 15 hours in health, including Health and Safety 545 and 567. The additional hours in health must be chosen in consultation with the graduate advisor. The remaining coursework will be taken in professional education.

Master of Arts in Education (Health and Safety major or minor)

Students pursuing a major in health and safety must complete 18 to 21 hours in health and safety including Health and Safety 520, 545, and 567; 9 hours in safety and driver education, chosen in consultation with the graduate advisor; and 9 to 12 hours in professional education. Both Plan A (thesis) and Plan B (non-thesis) are available. For a minor in health and safety, students must complete 12 to 15 hours in health and safety—including Health and Safety 545, 567, 570, and 471G—and 15 to 18 hours in professional education. The additional hours in health and safety (for a major or minor) must be chosen in consultation with the graduate advisor.

Master of Science in Health (Public Health)

Students pursuing the Master of Science in Health must complete Health and Safety 481G, 520, 582, 583, and either 599 (Thesis) or 546 (Public Health Internship). The additional 12 hours of coursework will be chosen in consultation with the candidate’s graduate committee and may be selected from the health and safety curriculum as well as related disciplines. The research tool requirement is met by satisfactory completion of Health and Safety 501.

Graduate Courses in Health and Safety

501 Analysis of Research in Health and Safety. 3 hours. Review of literature related to methods, materials, techniques, and planning of research studies used and conducted by the profession.

520 Vital and Medical Statistics. 3 hours. Application of statistical techniques to health and safety data. Emphasizes basic principles and techniques in designing and analyzing health problems.

530 Independent Investigations in Health and Safety. 1 to 3 hours. Prerequisite: HI Stf 520. Research problems or projects in the area of health and safety.

545 The Health Education Curriculum. 3 hours. Prerequisite: Ed 580. For health educators and administrators. Review of health curriculum guides and curriculum studies in health education. Laboratory work in construction of curriculum guides.

546 Field Work in Community Health Programs. 3 hours. The philosophy, organization, and services of community health organization. Includes observation of, and participation in, local community health programs. May be repeated once.

567 Administration and Supervision of Health and Safety Programs. 3 hours. Responsibilities, activities, and problems of administering and supervising health and safety programs within and among the school and other community agencies.

570 School and Community Safety Programs. 3 hours. Responsibilities, activities, and problems of school and community safety programs. Emphasizes pupil transportation programs. Also includes home, fire, traffic and transportation, industrial and public safety.

580 History and Philosophy of Public Health. 3 hours. Development and scope of public health within an historical and philosophical context.

581 Methods in Public Health Education. 3 hours. The roles and functions of community health educators.
Epidemiology: Practice and Theory. 3 hours. 
Prerequisite: 3 hours graduate level statistics. 
Application of epidemiological principles to representative occurrences of communicable and noncommunicable disease. Emphasizes problem solving and interpretation.

Public Health Administration. 3 hours. 
Advanced concepts of organization, administration and management of public health agencies and programs.

Health Planning. 3 hours. 
Concepts and methods of health planning with emphasis on the "certificate of need" requirement and program evaluation.

International Health. 3 hours. 
Analyzes international health problems, including the development and administration of the World Health Organization. Covers critical health problems of both developed and underdeveloped countries. Emphasizes effective intervention strategies.

Health Economics. 3 hours. 
Economic principles applied to the study of health care facilities, health services and manpower.

Health, Illness, and Sick-Role Behavior. 3 hours. 
Models of positive health within the individual's life style. Includes types of illnesses and factors influencing health behavior.

Seminar in Public Health. 3 hours. 
Current issues in public health.

Public Health Law. 3 hours. 
The judicial system and the development, enactment and enforcement of laws as they relate to public health.

The following 400-level courses may be taken for graduate credit

Health Problems of the Aged. 3 hours. 
Covers ecological factors affecting human health and longevity, current health problems, and research on health and disease as they relate to the aged.

School and Community Health Workshop. 3 hours. 
Emphasizes the coordination of school and community health programs and personnel in seeking solutions for health problems.

School Health Organization. 3 hours. 
Standards and criteria for the three phases of the school health program: health services, healthful school environment, and health instruction. Emphasizes coordination of the total school health program. Visitations in public schools.

Folk Medicine. 3 hours. 
Historical circumstances, associations, and logic of traditional non-scientific medical practices.

Consumer Health. 3 hours. 
Benefits and/or hazards of and criteria for selection of health related products and services. Analysis of methods and techniques of health frauds. May include field trips.

Health and Safety in the Elementary School. 3 hours. 
Prerequisite: Three hours of health. Nature and purpose of school health and safety in the elementary school, including curriculum development, instructional content areas, appraising students' health, and evaluation.

Clinical Health Education. 3 hours. 
Multidisciplinary approach for health educators in a clinical situation. Includes education of patient, health facility personnel and family. Also covers program development and discharge counseling. May include field trip.

Critical Issues in Health and Safety. 3 hours. 
Prerequisite: H 360, 361 and PSY 250. Research and discussion of specific local, national and world wide health and safety problems.

Driver Education and Traffic Safety II. 3 hours. 
Prerequisite: SRT 370 or equivalent. Management of classroom and laboratory phases of the high school driver and traffic safety education program. Emphasizes simulation and range programs.

Advanced Studies in Driver Education. 3 hours. 
Prerequisite: SRT 370 or equivalent. Advanced instructional technology to meet the needs of the driver and safety education program. Emphasizes behavioral approaches to traffic safety education.

Environmental Factors of Health Problems. 3 hours. 
The environment and its relationship to disease causation. Includes the ecology of health and disease, air and water pollution, insect vector and rodent control, noise pollution, population imbalance and consumer protection. Field trips required.

DEPARTMENT OF INDUSTRIAL AND ENGINEERING TECHNOLOGY

ENVIRONMENTAL SCIENCE AND TECHNOLOGY BUILDING
ROOM 205 (502) 745-3251

Boyce Tate, Head
Graduate Faculty
Professors: F. Conley, E. Hein, F. Pittman, D. Rowe, D. Wendt
Associate Professors: R. Eversoll, C. Roberts, J. Russell, T. Tomazic
Assistant Professor: H. Leeper

Degrees Offered: Masters of Arts in Education (Industrial Education major or minor), Specialist in Education (for secondary teachers in the area of Industrial Arts). Applicants must meet the general requirements of the Graduate College and of the College of Education.

Master of Arts in Education (Industrial Education major or minor)

This program is designed for the professional development of persons who are teaching in or administering industrial education programs and also serves as the basis for entering a specialist or doctoral program. Its flexibility meets the needs of students with varying backgrounds and goals.

Individuals following this program must meet all requirements for standard high school certification (see Secondary Education).

The major requires 18-21 hours and the minor requires 12-15 hours of industrial education courses. The remaining hours, in both cases, will be taken in professional education courses.

Specialist in Education (See Secondary Education)
Graduate Courses in Industrial Education

510 Investigations in Industrial Education. 3 hours. Individual research under the direction of a graduate faculty member.

520 Philosophy of Industrial Education. 3 hours. The development of industrial education in Europe and America. Emphasis on influences, experiments, and trends leading to modern practices in industrial, vocational, and technical education.

524 Organization and Teaching of Industrial Education for the Handicapped and Disadvantaged. 3 hours. Current research and literature on the handicapped and/or disadvantaged surveyed in relation to the adaptation of industrial education activities.

525 Industrial Education Curriculum. 3 hours. Curriculum practices, concepts, and trends in curriculum development and improvement of programs.

The following independent study courses are for students pursuing specific areas.

530 Advanced Drafting. 3 hours.
532 Industrial Design. 3 hours.
542 Industrial Electricity and Electronics. 3 hours.
544 Wood Technology. 3 hours.
548 Graphic Arts. 3 hours.
552 Advanced Machine Shop. 3 hours.
556 Power and Auto Mechanics. 3 hours.
560 Metal Technology. 3 hours.
564 Problems in Crafts. 3 hours.
568 Ceramics and Plastics. 3 hours.
572 General Shop. 3 hours.
599 Thesis Research and Writing. 6 hours.
599c Maintaining Matriculation. 1 to 6 hours

The following 400-level courses may be taken for graduate credit

410G Industrial Arts Problems. 3 hours. Prerequisite: Departmental approval. Individual study and/or research in industrial education.
439WG Workshop in Industrial Education. 3 hours. Special short course on problems in industrial education and technology.
452G Industrial Wood Processing II. 3 hours. Prerequisite: Departmental approval. The setup and use of woodworking machines. Includes tooling, jigs, and fixture design, and the mass production of wood products. Field trips.
460G Seminar in Vocational-industrial and Technical Education. 3 hours. Individual and group investigations of current problems and issues in the field of vocational-industrial and technical education.
465G Industrial Arts for Elementary Teachers. 3 hours. Philosophy, purposes, organization and correlation of industrial arts activities as they apply to the elementary school program.
495G Acoustic Guitar Construction. 4 hours. Prerequisites: IE 103 and 341 or equivalent. The Haile method of steel string and/or classic guitar construction. Students are required to construct an acoustic guitar and related jigs and fixtures. Lecture, lab, and field trips.
498G Advanced Wood Products Analysis. 3 hours. Prerequisite: Departmental approval. Seminar on selected wood products topics. Current research and development as it relates to the wood products industries. Field trips.

Engineering Technology courses may serve as a part of both the Science Area major and the Health minor for the Master of Arts in Education degree and may be used in other graduate degree programs when considered appropriate by the student’s advisory committee.

The following 400-level Environmental Engineering Technology courses may be taken for graduate credit

405G Atmospheric Pollution: Sources, Effects, Monitoring and Control. 3 hours. Includes sources; effects; monitoring; legal aspects of air pollution; and air pollution control. Lecture, 2 hours; lab, 2 hours.
406G Water Pollution for Science Teachers. 3 hours. The importance of water in the environment. Topics include water resources, water pollutants; origins, characteristics and effects, water pollution legislation and standards, and water and waste water treatment. Lecture, 2 hours; lab, 2 hours.
410G Water Supply. 3 hours. Includes the planning, operation and design of water supply systems. Emphasizes testing procedures for carrying out water quality surveys and water treatment plant operation. Lecture.
415G Water Supply Laboratory. 1 hour. Corequisite: ET 410G.

420G Waste Water Treatment. 3 hours. Theory, design and operation of waste water collection and disposal systems. Chemical and biological characteristics of waste water. Lecture.
425G Waste Water Treatment Laboratory. 1 hour. Corequisite: ET 420G. Three hours per week.
430G Radiological Health. 3 hours. Principles of radiation protection. Topics include nature and origins of radiation, and standards and methods for protection. Lecture.
435G Radiological Health Lab. 1 hour. Lab correlated with ET 430G. Three hours per week.
440G Industrial Hygiene. 3 hours. Principles of recognition, evaluation, and control of stresses in the industrial environment. Topics include legislation and standards as well as physical, chemical, biological and ergonomic stresses. Lecture.
445G Industrial Hygiene Laboratory. 1 hour. Prerequisite: ET 440G. Correlated with ET 440G. Techniques of evaluating occupational health hazards. Calibration, sampling, and analysis for chemical and physical hazards.
460G Environmental Impact Statements. 3 hours. Preparation of assessments of environmental impacts as outlined by the National Environmental Policy Act. Resource information provided.
470G Industrial Waste Treatment. 3 hours. Prerequisite: ET 410 or ET 420 or permission of instructor. Basic principles involved in the treatment of industrial and domestic waste waters. Includes the design of various waste water treatment processes. Lecture.
475G Selected Topics. 1 to 3 hours. Current problems and development in engineering technology. Topics will vary.
480G Solid Waste Treatment. 3 hours. Characteristics and extent of the solid waste problem. Emphasizes methods of disposal of solid waste including sanitary landfill, incineration, recycling and reclamation and conversion processes. Lecture.
490G Sanitation. 3 hours. Sanitary principles involved in the processing and distribution of milk and milk products, meat shellfish and other foods. Lecture, 2 hours; lab, 3 hours.
DEPARTMENT OF MATHEMATICS
AND COMPUTER SCIENCE

THOMPSON COMPLEX, CENTRAL WING
ROOM 357 (502) 745-3651

Robert C. Bueker, Head
Graduate Faculty

Professors: J. Barksdale, R. Bueker, J. Crenshaw,
C. Davis, B. Detwiler, W. Jones, J. Stokes,
K. Wallace, M. Watson, C. Wells

Associate Professors: T. Cheatham, R. Crawford,
A. Crawley, P. Lowman, G. Powers

Degrees Offered: Master of Science in Mathematics,
Master of Science in Computer Science, Master of Arts in
Education (Mathematics major or minor, Math-Science
Area major).

Applicants for departmental programs must have the
appropriate background in mathematics and computer
science. In addition to the general Graduate College
requirements, students must meet departmental
requirements.

Master of Science in Mathematics

This program is designed to give the student a general
but thorough understanding of the main areas of pure and
applied mathematics. For acceptance into the program,
the student is expected to have completed courses in
linear algebra, abstract algebra, and either real analysis or
advanced calculus.

A minimum of 30 semester hours is required, and must
include at least 15 hours at the 500 level. Both the thesis
and non-thesis options are available. Each student’s pro­
gram is developed individually and must satisfy the follow­
ing requirements:

A. Math 431G, 432G, 417G, 439G (unless equivalent
courses were taken at the undergraduate level).

B. One indicated two-course sequence from each of
three of the following areas:
1. Algebra: 417G-517
3. Applied Mathematics: 435G-535, 470G-570, 529-
530
4. Topology-Geometry: 439G-539, 423G-523, 439G-
523
5. Computer Science: 406G-510, 442G-541, 443G-
543

C. A working knowledge of a higher level programming
language such as BASIC or FORTRAN (unless ob­tained
at the undergraduate level).

A student may, upon approval of the departmental grad­
uate committee, include in his/her program a maximum
of six semester hours of coursework from a related discipline
(e.g. Physics 510-550).

The research tool requirement may be fulfilled with a
foreign language, a mathematics reading course or com­
puter science. For specific details, contact a graduate stu­
dent advisor in the Department of Mathematics and Com­
puter Science.

If the candidate elects the non-thesis option, satisfac­
tory completion of a one-hour written examination over
each of the three sequences chosen to satisfy item B
above is required. The eligible candidate must have com­
pleted (or be scheduled to complete by the end of the cur­
rent academic term) the last course in each of the se­
quencies selected. If the candidate elects the thesis option,
then the final written examination is based on only two of
the aforementioned areas. An oral thesis defense is re­
duired in lieu of the written examination in the third area.

Master of Arts in Education (Mathematics major or
minor)

Since this program is designed for the public school
mathematics teacher, students following it must satisfy all
requirements for standard high school certification. Ade­
quate preparation for a major in mathematics consists of
an undergraduate teaching major in mathematics which
includes, in addition to a calculus sequence, coursework in
linear algebra and at least two of the following three areas:
abstract algebra, geometry, analysis or advanced cal­
culus. For a minor in mathematics, preparation should in­
clude at least one undergraduate teaching minor in mathe­
matics with post-calculus coursework including linear
algebra and one of the three areas.

Students majoring in mathematics must take 21 hours of
mathematics including a course in each of the following
areas: geometry, analysis, algebra. Upon approval of the
graduate committee, 18 hours may satisfy the above re­
quirement provided the student has previously completed
Math 317, 323, and 327 (or the equivalent). A minor in
mathematics must include at least 12 hours of mathe­
matics. The remainder of the required 30 hours will be taken in
professional education courses.

Neither a thesis nor a research tool is required; how­
ever, Education 500—Research Methods is required as
one of the professional education courses. An oral final
examination, based on the coursework and related con­
cepts, is required.

(See mathematics courses specifically for students pur­
suing the Master of Arts in Education degree)

Master of Science in Computer Science

In addition to the general Graduate College require­
ments, applicants must have completed approximately
two years of undergraduate study in computer science and
mathematics. Minimal requirements include a knowledge
of programming in a higher level language; assembly lan­
guage; computer organization; discrete structures. Also
required are at least 12 semester hours of foundational
mathematics including linear algebra and one year of cal­
culus. A knowledge of probability and statistics is highly
recommended. These entrance requirements may be sat­
fied by courses taken as an undergraduate, substantial
practical experience in the computer field, or deficiency coursework taken while a graduate student.

A minimum of 30 semester hours of course work is re­
quired, at least 15 of which must be 500-level or above.
Both thesis and non-thesis options are available. The re­
search tool, under both options, may be met by successful
completion of CS 476—Research Methods and Projects.
No credit earned in meeting the research tool requirement
will apply toward hours required for the degree. A compre­
hensive examination over the course work (and thesis if applicable) is required after completion of at least eight courses.
Specific degree requirements are as follows:

A. CS 442G Information Structures
   CS 443G Data Base Management Systems
   CS 445G Operating Systems
   CS 541 Mathematical Foundations of Computer Science
   CS 543 Computer Information Systems Design

Graduate Courses in Mathematics

500 Readings in Mathematics. 1-3 hours.
Prerequisite: Undergraduate major in mathematics.
Students read and present papers that have appeared in (or have been accepted by) mathematical journals. Topics covered are determined by areas of interest.

517 Topics from Algebra. 3 hours.
Prerequisite: Math 417.
Theory of rings, fields, and vector spaces.
Topics include: polynomial rings; principal ideal domains; unique factorization domains; field extensions; Galois theory.

523 Topics from Geometry. 3 hours.
Prerequisite: Undergraduate geometry and permission of instructor.
Geometry of special lines and points; isometries; similarities; inversion; applications.

529 Mathematical Statistics I. 3 hours.
Prerequisite: Math 431 or 327.
Probability models; combinatorial analysis; random variables and their distributions; moments of probability distributions; moment generating functions and sampling distributions.

530 Mathematical Statistics II. 3 hours.
Prerequisite: Math 529.
Properties and determination of point estimation; interval estimation; testing hypothesis; multivariate normal distribution; nonparametric statistics and linear models.

531 Advanced Differential Equations. 3 hours.
Prerequisites: Math 331, 431.
Power series solutions; existence and uniqueness theorems; stability and Liapunov method; regular singular points; perturbations of periodic solutions.

532 Real Analysis. 3 hours.
Prerequisite: Math 432.
Function spaces, additive set functions; outer measure; measurable functions; integration.

535 Advanced Applied Mathematics I. 3 hours.
Prerequisite: Math 331, 431.
Eigenvalue and boundary value problems; orthogonal expansions in function spaces; classical polynomials; Sturm-Liouville theory; Fourier and Laplace transforms.

536 Advanced Applied Mathematics II. 3 hours.
Prerequisite: Math 535.
Integral equations; calculus of variations; maximization of linear functionals; maximum gradient method.

539 Topology II. 3 hours.
Prerequisite: Math 439.
Homotopy; homology theory.

550 Complex Analysis. 3 hours.
Prerequisites: Math 450 and 432.
Analytic continuation; conformal mapping; Riemann surfaces; univalent functions.

560 Functional Analysis. 3 hours.
Prerequisite: Math 432.
Theory of abstract linear spaces. Topics include: normed vector spaces; inner product spaces; Hilbert spaces; open mapping and closed graph theorems; Banach-Steinhaus theorem; weak and weak* topologies.

570 Advanced Topics in Operations Research. 3 hours.
Prerequisite: Math 432, 470 or consent of instructor.
Specific area(s) of operations research.

590 Special Topics in Mathematics. 3 hours.
Prerequisite: Math 432.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

Additional 500-level Math courses acceptable for the Master of Arts in Education

501 Introduction to Probability and Statistics I. 3 hours.
Prerequisite: Permission of instructor.
Combinations and permutations; basic theorems or probability; mathematical expectations; random variable and basic probability distributions; central limit theorem.

502 Introduction to Probability and Statistics II. 3 hours.
Prerequisite: Math 501.
Review of linear algebra; Markov chains; decision theory; linear programming and game theory.

503 Introduction to Analysis. 3 hours.
Examination of selected topics in elementary calculus including sequences, series, limits, continuity, the derivative, and the Riemann integral. Introductory material includes logic, set theory, and functions.

504 Computer Applications to Problems in Mathematics. 3 hours.
Computer techniques and solutions of problems in mathematics including calculus, applied statistics, simulation, linear programming, game theory and linear algebra.

The following 400-level Math courses may be taken for graduate credit

406G Numerical Analysis I. 3 hours.
Prerequisites: Math 327, CS 240 or equivalent.
Roots of equations, linear operators, polynomial approximation, interpolation, numerical differentiation and integration, difference equations, and numerical solution of initial value problems in ordinary differential equations. Algorithmic computer solutions of problems will be required.

413G Algebra for Elementary Teachers. 3 hours.
Prerequisite: Math 102 or 303 or equivalent.
Properties of real numbers, linear equations and inequalities, systems of equations, complex numbers, algebraic structures. For elementary education majors only.

415G Algebra and Number Theory. 3 hours.
Prerequisite: Math 315 or 317.
Survey of modern algebra and number theory. Includes number systems, divisibility, congruences, groups and their application to number theory.

417G Algebraic Systems. 3 hours.
Prerequisite: Math 317.
Theory of groups.

423G Geometry II. 3 hours.
Prerequisite: Math 332.
An axiomatic development of plane hyperbolic geometry which presupposes a development of absolute geometry.

429G Probability and Statistics II. 3 hours.
Prerequisite: Math 329.
Sampling distributions from normal populations; point estimations, interval estimation, theory and application of hypothesis testing; regression and correlation; analysis of variance.

431G Intermediate Analysis I. 3 hours.
Prerequisite: Math 317.
Sequences; continuity; elementary topological concepts; differentiation; Riemann integral; Euclidean n-space.

432G Intermediate Analysis II. 3 hours.
Prerequisite: Math 431.
Sequences of functions; series; continuity and differentiation of vector-valued functions of a vector variable; inverse and implicit function theorems.

435G Partial Differential Equations. 3 hours. Prerequisite: Math 331 and Math 327. Equations of first and second order; elliptic; hyperbolic and parabolic equations of mathematical physics using separation of variable and Fourier series.

439G Topology. 3 hours. Prerequisite: Math 431 or permission of instructor. Orderings; topological spaces; mappings; separation of axioms; compactness; connectedness; arcwise connectedness; metric spaces.

450G Complex Variables. 3 hours. Prerequisite: Math 327. Complex number plane; analytic functions of a complex variable; integration; power series; calculus of residues; conformal representation; applications of analytic function theory.

470G Introduction to Operations Research. 3 hours. Prerequisite: Math 329 or 327 or consent of instructor. Principles and techniques including linear programming, queuing theory, inventory models, deterioration and replacement theory; sensitivity analysis and dynamic programming.

475G Selected Topics in Mathematics. 1-3 hours. Prerequisite: Permission of instructor. Significant problems and developments of current interest.

Graduate Courses In Computer Science

541 Mathematical Foundations of Computer Science. 3 hours. Topics of fundamental importance to computer science: graph theory, algebraic structures, combinatorial analysis.

543 Computer Information Systems Design. 3 hours. Prerequisite: CS 443. Systems organization, design, and implementation. Physical and logical file organization methods and access techniques. Alternatives in system design and implementation. Group projects include design and implementation of a data base system.

544 Compiler Theory and Design. 3 hours. Prerequisites: CS 442 and 444. Formal properties of programming languages and the techniques used to construct compilers for these languages. Topics include parsing techniques, symbol table construction, code generation, etc. Class will complete a programming project.

547 Techniques of Mathematical Programming. 3 hours. Prerequisites: CS 241 and Math 327. Methods for optimization of functions of one or more variables including studies of algorithms for both constrained and unconstrained problems. Computing assignments will illustrate techniques such as Fibonacci search, Pattern search, the methods of Powell and Davidson, and SUMT.

549 Advanced Topics in Computer Science. 1 to 3 hours. Prerequisites: 9 hours of CS and permission of instructor. Significant problems and current developments in computer science. May be repeated, with a different topic, for a maximum of 6 hours.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level CS courses may be taken for graduate credit

405G Numerical Analysis I. 3 hours. Prerequisite: Math 327, CS 240, or equivalent. Cross-listed with Math 405G.

406G Numerical Analysis II. 3 hours. Prerequisites: CS 405 and Math 331. Cross-listed with Math 406G.

442G Information Structures. 3 hours. Prerequisite: CS 543 or 548. Arrays, lists, trees, storage and file structures, sorting and searching techniques, etc. PL/I capabilities: structures, pointers, list processing, use of macros, etc.

443G Data Base Management Systems. 3 hours. Prerequisites: CS 242, 343, and 442. Design and implementation of data base management systems. Assigned projects will require use of several established data base systems such as VAX's Transportation Data Base and library system.

444G Programming Languages. 3 hours. Prerequisite: CS 442 or permission of instructor. Survey of procedure-oriented and special-purpose languages. Emphasis on the syntactic and semantic structures present in these languages.

445G Operating Systems. 3 hours. Prerequisites: CS 340, 342, 442. Overview of a comprehensive operating system with emphasis on procedure libraries, storage management and protection, task scheduling, linkage editing, etc.

446G Interactive Computer Graphics. 3 hours. Elementary topics in interactive computer graphics. Includes both input and display devices and techniques for 2-D and 3-D transformations, as well as difficulties encountered in these areas. Computing assignments will emphasize interaction, data structures, and applications to various disciplines.

447G System Simulation. 3 hours. Prerequisites: CS 241 and Math 329. Computer simulation of theoretical systems and realtime processes. Includes abstract properties of simulations; basic algorithms for lists, list structures, and stochastic processes; general purpose simulation languages. Term project simulation program required.

475G Selected Topics in Computer Science. 1-3 hours. Significant problems and developments in computer science.
THOMPSON COMPLEX—CENTRAL WING
ROOM 246 (502) 745-4357

N. Frank Six, Head

Graduate Faculty

Associate Professors: D. Bryant, E. Dorman, A. Fennelly, K. Hackney, R. Hackney, R. Hall, M. Longmire

Assistant Professors: T. Bohuski, C. Wolff

Degrees Offered: Master of Science in Physics (predoctoral option and Engineering Physics option), Master of Arts in Education (Physics minor).

*Master of Science in Physics temporarily suspended.

Master of Arts in Education

The Department offers three program options leading to the Master of Arts in Education: a physics minor of 12-15 hours, a science area major of 18-21 hours, and a math-sciences major of 18-21 hours. Each of these programs may include physics and astronomy courses which familiarize the teacher with modern instructional techniques and curricula and strengthen the academic background. In all cases, the remainder of the 30 hours will be taken in professional education. (See physics and astronomy courses specifically for students pursuing the Master of Arts in Education degree.)

Graduate Courses in Physics and Astronomy

510 Methods of Mathematical Physics I. 3 hours.
Prerequisite: Differential Equations. Selected topics from the mathematical methods of classical physics.

520 Atomic and Molecular Spectra. 3 hours.
Prerequisite: Phys 480. The structure of atomic and molecular spectra including quantum mechanical energy states, wave mechanical rules for combining momenta and magnetic moments, the Stark and Zeeman effect.

530 Statistical Mechanics. 3 hours.
Prerequisite: Phys 450, 480. Statistical theories of body systems and their thermodynamic consequences. Topics include the Boltzmann equation, Liouville’s theorem phase space, ensemble theory, entropy and probability, etc.

540 Electromagnetic Theory. 3 hours.
Prerequisite: Phys 440. Electrostatics, magnetostatics, and potential theory; Maxwell’s electrodynamics; the theory of wave optics, refraction, interference and diffraction; radiation of electric and magnetic multipole fields.

550 Classical Mechanics. 3 hours.
Prerequisite: Phys 450. Dynamics of particles and rigid bodies, the methods of Lagrange and Hamilton, the Hamilton-Jacobi equation, and the theory of small vibrations.

580 Quantum Theory. 3 hours.
Prerequisite: Phys 480. Wave and matrix mechanics, general operator methods, angular momentum, symmetry principles and conservation theorems, variational principle and elementary perturbation theory.

598 Graduate Seminar. 1 hour.
Discussion of recent and current literature on developments in experimental and theoretical physics.

660 Theory of Solids. 3 hours.
Prerequisite: Phys 480. Matter in the condensed state emphasizing quantum mechanical aspects, the behavior of electrons in solids and the thermal and magnetic properties of matter.

670 Theoretical Nuclear Physics. 3 hours.
Prerequisite: Phys 480. Static properties of nuclei; descriptive aspects of radioactivity and nuclear reactions; systematics of nuclear energies; nuclear models, decay, reactions, and forces.

675 Advanced Topics in Physics. 1 to 3 hours.
Directed study under supervision of a faculty member. May be repeated with different topics.

The following 400-level courses may be taken for graduate credit

404G Experimental Physics 4. Optics. 1 hour.
Corequisite: Phys 441G. The conclusions and concepts of optics and techniques of experimental optics.

405G Experimental Physics 5. Solid State. 1 hour.
Corequisite: Phys 460G. Includes solid state experimental techniques and demonstrations from lecture material.

Prerequisite: Phys 302. Experience with modern nuclear detection equipment, examination of some nuclear properties via experimental methods, and demonstration of nuclear radiation as an analytical research tool.

408G Experimental Physics 7. Research Techniques. 2 hours.
Prerequisite: Two years of college physics. Laboratory techniques in experimental research. Includes drawing and fabrication of apparatus, technical photography, and statistical treatment of data.

414G Introductory Astrophysics. 4 hours.
Prerequisites: Two years of college physics and permission of the instructor. Topics in solar system and stellar astrophysics. Includes radiation theory, solar phenomena, the fundamentals of radio astronomy, pulsars, quasars, and cosmic X-ray sources, etc.

431G Radiation Biophysics. 4 hours.
(Also, Biology 431)
Prerequisites: Phys 201-202 or Phys 231-232. The properties of the various forms of radiation and their interactions with, and effects on, living matter. Laboratory offers training in monitoring ionizing radiations and in techniques of radioactive isotopes.

440G Electricity and Magnetism. 3 hours.
Prerequisites: Phys 350 and Math 331. Classical electricity and magnetism with emphasis on fields, potentials, conductors, dielectrics, etc.

441G Optics. 3 hours.
Corequisite: Phys 404G. One year of college physics and one year of calculus. Geometrical and physical optics including wave propagation, refraction, dispersion, diffraction, and polarization.

450G Theoretical Mechanics. 3 hours.
Prerequisites: Phys 350, Math 331. Rigid body motion, moving coordinate systems, continuous media, and Lagrange’s equations.

460G Solid State Physics. 3 hours.
Prerequisite: Phys 350.

465G Geophysics. 3 hours.
(Also cross-listed as Geol 465)
Prerequisites: Geol 111 and one year of college physics or permission of the instructor. General and exploration geophysics. Topics include the origin of the earth and the solar system, the earth’s interior, gravity and tectonics, seismology, upper atmosphere, continents and ocean basins, etc.

470G Nuclear Physics. 3 hours.
Corequisite: Phys 407G. Prerequisite: Phys 320. Properties of the nucleus including nuclear forces, alpha emission, radioactive-
475G Selected Topics in Physics.  
1 to 3 hours.  
Directed study under the supervision of a faculty member. May be repeated with different topics.

480G Quantum Mechanics. 3 hours.  
Prerequisites: Phys 320, 350, 450.  
Fundamental principles of quantum mechanics including the hydrogen and helium atoms, the harmonic oscillator, and the Schroedinger wave equation.

Courses which may be taken for graduate credit toward the Physics minor, Science Area major, and Math-Science major under the MA in Education

501 Classical Developments in Physics.  
3 hours.  
Physics for junior high and high school teachers covers the discovery of physical laws, the origin of forces, motion, energy, momentum, conservation principles, wave phenomena, and electromagnetics.

502 Modern Developments in Physics.  
3 hours.  
Physics for junior high and high school teachers. Covers atomic structure, the nucleus, elementary particles, probability and uncertainty, and special relativity. Emphasizes the impact of twentieth century discoveries on the foundations of physical law.

503 Physics Demonstrations and Laboratory Exercises. 3 hours.  
Designed to acquaint the junior high and high school teacher with laboratory equipment and demonstrations for use in secondary education. Utilization of a laboratory library containing approximately sixty experiments, in place.

505 Investigations in Physics. 3 hours.  
Topics of individual interest relating to the teaching of physics.

401G Physical Science I and II. 3 hours.  
402G The primary physical properties of matter and forms of energy. Emphasis on measurement process, symbolism, graphical analysis algebraic calculations, etc.

405G Astronomy for Teachers. 3 hours.  
Selected topics in astronomy for elementary and secondary teachers. Not applicable toward physics major.

410G Physics for Elementary Teachers. 3 hours.  
Covers the areas of physics relevant to the teaching of science in the elementary school. Includes laboratory experiences.

425G Modern Concepts in Physics. 3 hours.  
Prerequisite: One year of college physics.  
Current ideas in atomic and nuclear physics, astronomy and space physics, solid state and low temperature physics. Includes demonstrations, experiments, and field trips.

GRADUATE FACULTY

ADAMS, RONALD D. Ed.D., University of Southern Mississippi, Professor of Education

AHSAN, S. REZA Ph.D., University of Florida, Professor of Geography

ALBIN, MARVIN Ed.D., Arizona State University, Associate Professor of Finance and Quantitative Business Analysis

ALEXANDER, LIVINGSTON Ed.D., University of Houston, Professor of Psychology

ANDERSON, CHARLES M. Ph.D., Indiana University, Professor of Broadcasting

ANDERSON, JAY Ph.D., University of Pennsylvania, Professor of Historic Preservation and Folk Studies

ASHLEY, J. WAYNE Ed.D., University of Kentucky, Associate Professor of Educational Leadership

ATKINS, T. VIRGINIA Ph.D., University of Alabama, Associate Professor of Textiles and Clothing

AYERS, RICHARD C. Ph.D., University of Missouri-Columbia, Assistant Professor of Distributive Education

BAALI, FUAD G. Ph.D., Louisiana State University, Professor of Sociology

BABCOCK, JAMES C. Ph.D., Vanderbilt University, Professor of Modern Languages

BAILEY, DONALD W. Ph.D., Emory University, Professor of Biology

BALDWIN, THOMAS P. Ph.D., University of Wisconsin, Professor of Modern Languages

BARKSDALE, JAMES B., JR. Ph.D., University of Arkansas, Professor of Mathematics and Computer Science

BAUGHMAN, W. HENRY H.S.D., Indiana University, Associate Professor of Health and Safety

BAUM, ROBERT A. H.S.D., Indiana University, Associate Professor of School Health

BECK, LOUIS M. Ph.D., Louisiana State University, Associate Professor of Sociology

BECKER, JAMES P. Ph.D., Florida State University, Associate Professor of Education

BEdEL, ALVIN A. Ph.D., University of Tennessee, Associate Professor of Education

Bennett, James D. Ph.D., Vanderbilt University, Professor of History

Biggerstaff, Ray P., JR. Ed.D., Indiana University, Associate Professor of Public Health

BLUHM, GEORG Ph.D., University of Freiburg, Professor of Government

BOHLANDER, EDWARD W. Ph.D., Ohio State University, Associate Professor of Sociology

BOHUSKI, THOMAS J. Ph.D., University of Texas, Assistant Professor of Physics and Astronomy

BOLES, JERRY E. Ed.D., University of Kentucky, Assistant Professor of Distributive Education

BOUCHER, LAWRENCE Ph.D., University of Illinois, Professor of Chemistry

BOWEN, HOYT E. Ph.D., Florida State University, Professor of English

BRENNER, KENNETH W. Ed.D., Indiana University, Professor of Education

BROACH, B. W. Ed.D., University of Arkansas, Professor of Educational Leadership

BROWN, CAROL PAUL Ph.D., University of Oklahoma, Professor of Modern Languages

BRUMFIELD, STANLEY H. Ed.D., University of Southern Mississippi, Professor of Educational Leadership

BRUNER, MARGARET Ph.D., Vanderbilt University, Professor of English

BRYANT, F. DUDLEY Ph.D., Auburn University, Associate Professor of Physics and Astronomy

BUCKMAN, WILLIAM G. Ph.D., University of North Carolina, Professor of Physics and Astronomy

BUKER, ROBERT C. Ph.D., Iowa State University, Professor of Mathematics and Computer Science

BURKEEN, EMMETT D. Ed.D., University of Kentucky, Professor of Educational Leadership

BUSCH, EDGAR T. Ph.D., University of Arkansas, Professor of Management

BUSSEY, CHARLES J. Ph.D., University of Kentucky, Associate Professor of History

CAILLEOUET, LARRY Ph.D., University of Illinois, Assistant Professor of Speech

CAMPBELL, F. KENT Ed.D., University of Kentucky, Professor of History

CANGEMI, JOSEPH P. Ed.D., Indiana University, Professor of Music

CANN, KENNETH T. Ph.D., Indiana University, Professor of Psychology

CAPPS, RANDALL Ed.D., University of Virginia, Professor of Economics

CARDWELL, JERRY D. Ph.D., University of Utah, Associate Professor of Sociology

CARPENTER, HOWARD R. Ph.D., University of Rochester, Professor of Music

CARROLL, FAYE Ph.D., University of Kentucky, Professor of Government

CARROLL, JERI A. Ph.D., University of Kansas, Assistant Professor of Education

CARTER, DONALD G. Ed.D., University of Tennessee, Associate Professor of Health and Safety

CASKEY, JEFFERSON D. Ed.D., University of Houston, Professor of Library Science

CHAMBERLIN, JOHN M. Ph.D., Duke University, Associate Professor of Chemistry

CHEATHAM, TOM Ph.D., University of Kentucky, Associate Professor of Mathematics and Computer Science

CHELF, CARL P. Ph.D., University of Nebraska, Professor of Government

CHRISTENSON, VICTOR J. Ed.D., University of Nebraska, Professor of Educational Leadership

CLARK, LYNN FRED Ph.D., University of Kansas, Professor of Psychology

CLARK, SALLYE RUSSELL Ph.D., Texas Woman's University, Professor of Textiles and Clothing

CLINE, H. DWIGHT Ed.D., University of Kentucky, Associate Professor of Education

COFFEY, DAVID Ed.D., Virginia Polytechnic Institute and State University, Associate Professor of Agriculture

COLLINS, CAMILLA Ph.D., Indiana University, Associate Professor of Folk Studies

COMBS, DON WHITNEY Ph.D., University of Illinois, Associate Professor of Theatre

CONLEY, FRANKLIN D. Ed.D., University of Missouri, Professor of Industrial Education and Technology

CONSTANS, H. PHIL Ed.D., University of Florida, Professor of Educational Leadership

COOHILL, THOMAS P. Ph.D., Pennsylvania State University, Professor of Biophysics

COOKE, STAN S. Ed.D., University of Virginia, Professor of Communication Disorders

COUNTS, EDWARD L. Ed.D., East Texas State University, Associate Professor of Library Science

CRAIG, JAMES R. Ph.D., Iowa State University, Professor of Psychology

CRAVENS, RAYMOND L. Ph.D., University of Kentucky, Professor of Government

CRAWFORD, NICHOLAS C. Ph.D., Clark University, Professor of Geography
CRAWFORD, ROBERT R. Ph.D., Indiana University, Associate Professor of Mathematics and Computer Science  
CRAWLEY, ALTON R. Ph.D., Texas A & M University, Associate Professor of Mathematics and Computer Science  
CRENSHAW, JOHN H. Ph.D., Iowa State University, Professor of Mathematics and Computer Science  
CREWS, THADDEUS R. Ph.D., University of Missouri, Associate Professor of Physical Education  
CROWE, J. CRAWFORD Ph.D., Vanderbilt University, Professor of History  
CROWE-CARRACO, CAROL E. Ph.D., University of Georgia, Professor of History  
CRUMB, GLENN H. Ph.D., University of Nebraska, Professor of Education  
CUNNINGHAM, WILLIAM H. Ed.D., Indiana University, Professor of Psychology  
DANIEL, CHARLES V.  
DANSEREAU, H. KIRK Ph.D., Michigan State University, Professor of Sociology  
DAVIS, CHESTER L. Ph.D., Michigan State University, Professor of Mathematics and Computer Science  
DAVIS, JAMES L. Ph.D., Northwestern University, Professor of Geography  
DAVIS, NANCY H. Ph.D., Northwestern University, Associate Professor of English  
DAVIS, WILLIAM W. Ph.D., University of Kentucky, Associate Professor of Economics  
DEEB, NORMAN A. Ed.D., University of Kentucky, Professor of Educational Leadership  
DETWILER, BETTY C. Ph.D., University of Kentucky, Professor of Mathematics and Computer Science  
DILAMARTE, RONALD R. Ph.D., State University of Iowa, Professor of Geography  
DILLARD, GARY E. Ph.D., North Carolina State University, Professor of Biology  
DILLINGHAM, GEORGE A., JR. Ph.D., George Peabody College, Associate Professor of Education  
DORMAN, ED S. Ph.D., Johns Hopkins University, Associate Professor of Physics and Astronomy  
DOTSON, ELSIE J. Ph.D., University of Kentucky, Professor of Psychology  
DUNN, JAMES DAVID D.Sc., Tulane University, Professor of Public Health  
DUNN, THOMAS P. Ph.D., University of Kentucky, Professor of Sociology  
ECKARD, RONALD Ed.D., Ball State University, Associate Professor of English  
EHRCKE, LOU A. Ph.D., University of Tennessee, Professor of Hotel and Restaurant Management  
EHRESMAN, NORMAN D. Ed.D., University of Illinois, Professor of Education  
EISON, CHARLES L. Ed.D., University of Kentucky, Associate Professor of Psychology  
ELLIOTT, LARRY PHILLIP Ph.D., University of Wisconsin, Professor of Biology  
ENGLEBRIGHT, CURTIS L. Ph.D., Southern Illinois University, Professor of Education  
EVANS, EUGENE E. Ph.D., University of Illinois, Professor of Management  
EVERSOLL, ROBERT L. Ed.D., University of Missouri, Associate Professor of Industrial Technology  
FAINE, JOHN R. Ph.D., State University of Iowa, Professor of Sociology  
FARINA, ROBERT D. Ph.D., State University of New York at Buffalo, Professor of Chemistry  
FEINTUCH, BURT H. Ph.D., University of Pennsylvania, Associate Professor of Folk Studies  
FENNELLY, ALPHONSUS J.  
FERNANDEZ, LEO A. M.F.A., Claremont Graduate School, Professor of Art  
FERRELL, BLAINE Ph.D., Louisiana State University, Associate Professor of Biology  
FIELDS, NOLAND E., JR. Ph.D., Louisiana State University, Professor of Geology  
FINLEY, LAWRENCE K. Ph.D., Ohio State University, Associate Professor of Management  
FISICARO, SEBASTIANO Ph.D., University of Texas at Arlington, Assistant Professor of Psychology  
FLETCHER, HAROLD Ph.D., University of Illinois, Professor of Finance  
FLOYD, WILLIAM A. Ed.D., North Texas State University, Professor of Child Development and Family Living  
FLYNN, JAMES S. Ph.D., Auburn University, Associate Professor of English  
FONG, LOUELLA J. Ph.D., Purdue University, Professor of Child Development and Family Living  
FORD, SCOTT Ph.D., Tulane University, Associate Professor of Biology  
FORRESTER, CHARLES H. M.F.A., University of Oregon, Professor of Art  
FOSTER, CAROLYN ANN  
FRIDY, WILFORD Ph.D., University of Kentucky, Professor of English  
FUGATE, DOUGLAS L. Ph.D., University of Kentucky, Professor of Geography  
GEESSLIN, DORINE H. Ed.D., Florida State University, Professor of Education  
GIBBS, JAMES A. Ed.D., Oklahoma State University, Professor of Education  
GIBBS, SHIRLEY Ed.D., Oklahoma State University, Associate Professor of Foods and Nutrition  
GLASER, JOSEPH A. Ph.D., University of Texas, Professor of English  
GLEASON, LARRY N. Ph.D., University of North Carolina, Professor of Biology  
GLUHMAN, JOSEPH Ph.D., Harvard University, Professor of Art  
GOETTING, ANN Ph.D., Western Michigan University, Assistant Professor of Sociology  
GRAY, ELMER Ph.D., Cornell University, Professor of Agriculture  
GRICE, DORSEY D. Ph.D., University of Nebraska, Associate Professor of Psychology  
GRIFFIN, BARRY S. Ph.D., Virginia Polytechnic Institute, Associate Professor of Quantitative Business Analysis  
GRIMM, JAMES W. Ph.D., University of Illinois, Professor of Sociology  
GUDIKNST, ARTHUR C. Ph.D., Rensselaer Polytechnic Institute, Associate Professor of Finance  
GUTHRIE, CHARLES S. Ed.D., University of Kentucky, Associate Professor of English  
GUTHRIE, VERA G. Ed.D., University of Kentucky, Professor of Library Science  
HACKNEY, KAREN R. Ph.D., University of Florida, Associate Professor of Physics and Astronomy  
HACKNEY, RICHARD L. Ph.D., University of Florida, Associate Professor of Physics and Astronomy  
HALE, VIRGIL E. D.M.A., University of Kentucky, Associate Professor of Music  
HALL, JACK O. Ph.D., C.P.A., University of Missouri, Professor of Accounting
HALL, ROBERT S. Ph.D., University of Iowa, Associate Professor of Physics and Astronomy
HANES, EDWARD C. Ed.D., Indiana University, Associate Professor of Education
HARDIN, HENRY N. Ed.D., University of Miami, Professor of Education
HARRINGTON, J. DREW Ph.D., University of Kentucky, Professor of History
HARRINGTON, JOANN Ed.D., Arizona State University, Professor of Business Education and Office Administration
HARRISON, LOWELL Ph.D., New York University, Professor of History
HARRYMAN, M. EUGENE Ed.D., University of Kansas, Professor of Educational Leadership
HARTMAN, DAVID R. Ph.D., Virginia Polytechnic Institute, Associate Professor of Chemistry
HATCHER, PAUL G. Ph.D., University of Michigan, Professor of Modern Languages
HAYDEN, DELBERT J. Ph.D., Florida State University, Professor of Child Development and Family Living
HAYS, CHARLES T. Ph.D., C.P.A., University of Missouri, Professor of Accounting
HAZZARD, MARY E. Ph.D., New York University, Professor of Nursing
HEDGES, ROY D. Ph.D., Florida State University, Professor of Child Development and Family Living
HEGEN, EDMUND E. Ph.D., University of Florida, Professor of Geography
HEIN, EDWARD C. Ed.D., University of Northern Colorado, Professor of Industrial Technology
HELMAN, JAMES M. Ph.D., University of North Carolina, Professor of English
HELLSTROM, WARD Ph.D., University of Illinois, Professor of English
HENRICKSON, CHARLES H. Ph.D., State University of Iowa, Professor of Chemistry
HESSLEY, RITA K. Ph.D., University of Missouri-Rolla, Associate Professor of Chemistry
HICKS, JAMES W. Ed.D., University of Tennessee, Professor of Education
HICKS, RETA D. Ed.D., University of Southern Mississippi, Associate Professor of Education
HIGGINS, C. WAYNE Ph.D., University of Texas-Medical Branch, Associate Professor of Health Care Administration
HOBS, WAYNE Ph.D., Tulane University, Professor of Music
HOFFMAN, EUGENE Ph.D., Iowa State University, Associate Professor of Biophysics
HOFFMAN, WAYNE L. Ph.D., University of Florida, Professor of Geography
HOLY, NORMAN L. Ph.D., Purdue University, Professor of Chemistry
HOURIGAN, WILLIAM R. Ph.D., Ohio State University, Professor of Chemistry
HOUCK, STEPHEN D. Ed.D., Indiana University, Assistant Professor of Educational Leadership
HOUCK, MARTIN R. Ph.D., Vanderbilt University, Professor of Biology
HOWE, E. MARGARET Ph.D., University of Manchester, Professor of Philosophy and Religion
HOWSEN, ROY M. Ph.D., University of Arkansas, Assistant Professor of Economics
HOWTON, BETSY Ph.D., University of Alabama, Associate Professor of Psychology
HOYT, ROBERT DAN Ph.D., University of Alabama, Associate Professor of Psychology
HUMPHREY, DOUGLAS L. Ph.D., Ohio University, Professor of Physics and Astronomy
HUNTER, NORMAN W. Ed.D., University of Toledo, Professor of Chemistry
JACKSON, CARLTON L. Ph.D., University of Georgia, Professor of History
JARRELL, STEPHEN B. Ph.D., Purdue University, Assistant Professor of Economics
JENKINS, JEFF H. Ph.D., Louisiana State University, Professor of Biology
JENKINS, MARTHA C. Ph.D., Ohio State University, Professor of Textiles and Clothing
JOHNSON, JAMES S. Ed.D., George Peabody College, Professor of Education
JOHNSON, RAY E. Ph.D., North Carolina State University, Professor of Agriculture
JONES, GORDON F. Ph.D., University of Tennessee, Professor of Agriculture
JONES, JOHN WILLIAM P.E.D., Indiana University, Professor of Physical Education
JONES, WILBURN C. Ph.D., George Peabody College, Professor of Mathematics and Computer Science
KALAB, KATHLEEN A. Ph.D., Vanderbilt University, Professor of Sociology
KEARNY, EDWARD N. Ph.D., American University, Professor of Government
KECK, PEGGY D. Ed.D., University of Oklahoma, Professor of Business Education and Office Administration
KELL, CARL L. Ph.D., University of Kansas, Professor of Speech
KERSENBAM, SYLVIA Artist Diploma, Academia di Santa Cecilia (Rome), Professor of Music
KESLER, W. JACKSON Ph.D., University of Texas, Associate Professor of Theatre
KIBBEE, DOUGLAS A. Ph.D., Indiana University, Assistant Professor of Modern Languages
KLEIN, MICHAEL E. Ph.D., Columbia University, Associate Professor of Art
KOPER, JAMES A. Ed.D., University of Missouri, Professor of Education
KREISLER, CARL W. Ed.D., Indiana University, Professor of Educational Leadership
KRENZIN, JOAN L. Ph.D., University of Wisconsin, Associate Professor of Sociology
KUMMER, WILLIAM G. Ph.D., University of Utah, Associate Professor of Recreation
LAMAN, ARCHIE E. Ed.D., University of Arkansas, Professor of Education
LANE, WILLIAM L. Th.D., Harvard University, Professor of Philosophy and Religion
LANEY, SHIRLEY A. Ph.D., University of Texas, Associate Professor of Physical Education
LAYNE, C. CLINTON Ph.D., Southern Illinois University, Professor of Psychology
LAYNE, LOIS E. Ph.D., Southern Illinois University, Associate Professor of Psychology
LEE, DAVID D. Ph.D., Ohio State University, Associate Professor of History
LEEPER, HOWARD T. Ed.D., Texas A & M University, Assistant Professor of Industrial Education and Technology
LEONARD, WILLIAM E. Ph.D., Ohio State University, Professor of Theatre
LILE, STEPHEN E. Ph.D., University of Kentucky, Professor of Economics
LITTLE, ALTON D. Ed.D., University of Kentucky, Professor of Recreation
LITTLE, LEROY Ph.D., George Peabody College, Professor of English
LIVINGSTON, DAVID Ph.D., Ohio State University, Professor of Music
LLOYD, WILLIAM G. Ph.D., Michigan State University, Professor of Chemistry
LOHR, J. GLENN H.S.D., Indiana University, Professor of School Health
LONG, JOHN F. Ph.D., Brandeis University, Assistant Professor of Religion
LONGMIRE, MARTIN S. Ph.D., Massachusetts Institute of Technology, Associate Professor of Physics and Astronomy
LOWE, LARRY S. Ph.D., University of Washington, Associate Professor of Marketing
LOWMAN, PAULINE Ph.D., George Peabody College, Associate Professor of Mathematics and Computer Science
LOWRY, MARK, II Ph.D., Syracuse University, Professor of Geography
LUCAS, MARION B. Ph.D., University of South Carolina, Professor of History
MARTIN, ROBERT L. Ed.D., University of Georgia, Associate Professor of Modern Languages
MARTIN, VERNON N. Ph.D., University of Kentucky, Professor of Government
MARTRAY, CARL R. Ph.D., University of Alabama, Professor of Psychology
MASANNAAT, GEORGE S. Ph.D., University of Oklahoma, Professor of Government
MASON, RICHARD L. Ph.D., Florida State University, Assistant Professor of Child Development and Family Living
MAYHEW, LARRY D. Ph.D., Vanderbilt University, Associate Professor of Philosophy
MccELVEY, GEORGE E. Ph.D., Duke University, Professor of English
McFARLAND, SAM G. Ph.D., Vanderbilt University, Professor of Psychology
McDOwell, NORMAN M. D.P.H., University of Texas, Assistant Professor of Health
McGREGOR, JACK D. Ph.D., University of Illinois, Professor of Geology
McGUIRE, JAMES E. Ph.D., Purdue University, Professor of Agriculture and Education
McKENZIE, ROBERT G. Ph.D., University of Iowa, Assistant Professor of Education
McMAHON, DOROTHY E. Ph.D., Vanderbilt University, Professor of English
McMAHON, WILLIAM Ph.D., University of Chicago, Professor of English
MEADORS, WILLIAM J. D.P.E., Springfield College, Professor of Physical Education
MELVILLE, ROBERT Ed.D., Utah State University, Professor of Education
MENDEL, RAYMOND M. Ph.D., Iowa State University, Associate Professor of Psychology
METZ, LEROY P. Ph.D., University of Houston, Professor of Psychology
MILLER, JIM WAYNE Ph.D., Vanderbilt University, Professor of Modern Languages
MILLER, LARRY D. Ph.D., University of Michigan, Associate Professor of Speech
MILLER, RICHARD L. Ph.D., University of Houston, Professor of Psychology
MILLER, ROY W. Ph.D., University of South Carolina, Professor of English
MINTON, JOHN D. Ph.D., Vanderbilt University, Professor of History
MITCHELL, DEWAYNE W. Ph.D., University of Kentucky, Professor of Educational Leadership
MORone, E. G. Ph.D., University of Ottawa, Professor of Art
MORone, Eula E. Ed.D., George Peabody College of Vanderbilt University, Associate Professor of Education
MONTEll, W. LYNWOOD Ph.D., Indiana University, Professor of Folk Studies
MOORE, CONRAD T. Ph.D., University of California at Los Angeles, Associate Professor of Geography
MOORE, GEORGE C. Ph.D., Northwestern University, Professor of Physics and Astronomy
MOORE, VIOLET Ph.D., Southern Illinois University, Professor of Vocational Home Economics
MORGAN, MICHAEL Ph.D., University of South Carolina, Associate Professor of Economics
MORRISS, RUTH T. M.A., George Peabody College, Assistant Professor of Music
MOSBY, CHARMAINE A. Ph.D., University of North Carolina, Associate Professor of English
MUNSON, ALVIN Ed.D., University of Nebraska, Professor of Education
MURPHY, FREDERICK I. Ph.D., University of Florida, Professor of History
NASH, RONALD H. Ph.D., Syracuse University, Professor of Philosophy and Religion
NELSON, ROBERT E. D.B.A., Indiana University, Professor of Finance
NEuber, FRANK W. Ph.D., University of Oregon, Professor of Government
NICELY, KENNETH A. Ph.D., North Carolina State University, Professor of Biology
NORMAND, WILL C. Ph.D., Louisiana State University, Professor of Agriculture
OAKES, JOHN M.F.A., University of Iowa, Associate Professor of Art
O'CONNOR, J. REGIS Ph.D., Indiana University, Professor of Speech
O'CONNOR, JOHN Ph.D., George Peabody College, Professor of Psychology
OGLESBY, Burch E. Ph.D., Ohio University, Professor of Physical Education
OTTO, ROBERT A. Ph.D., University of Iowa, Associate Professor of Education
OTTO, ROBERT W. Ph.D., Northwestern University, Associate Professor of Business
OWEN, ERNEST H. Ed.D., University of Florida, Associate Professor of Psychology
PADILLA, RAUL H. Ph.D., University of Illinois, Associate Professor of Modern Languages
PANCHYSHYN, ROBERT Ph.D., University of Iowa, Professor of Education
PANKRATZ, ROGER S. Ph.D., Ohio State University, Professor of Education
PARKER, JOHN D. Ph.D., University of Georgia, Professor of Government
PARKS, J. E. Ph.D., University of Kentucky, Professor of Physics and Astronomy
PEARSON, EARL F. Ph.D., Vanderbilt University, Associate Professor of Chemistry
PEASE, EDWARD J. Ph.D., Indiana University, Professor of Music
PETERIE, D. NEIL Ed.D., University of Missouri, Professor of Art
PETERSEN, ALBERT J. Ph.D., Louisiana State University, Professor of Geography
PETERSEN, JOHN H. Ph.D., University of Pittsburgh, Professor of Government
PETHIA, ROBERT F. Ph.D., Ohio State University, Professor of Management
PFoHL, WILLIAM F. Psy.D., Rutgers University, Associate Professor of Psychology
PHILHOURS, JOEL Ph.D., Kansas State University, Professor of Accounting
PICKARD, CLAude E. Ph.D., University of Nebraska, Professor of Geography
PITTMAN, FRANK M. Ed.D., Texas A & M University, Professor of Industrial Education and Technology
POE, RETTA E. Ph.D., University of Missouri, Associate Professor of Psychology
POLLICK, JOHN C.  Ph.D., University of Colorado, Associate Professor of Education
POWERS, R. GLENN  Ph.D., Memphis State University, Associate Professor of Mathematics and Computer Science
PRICE, JIMMIE O.  Ed.D., University of Alabama, Professor of School Health
PRINS, RUDOLPH  Ph.D., University of Louisville, Professor of Biology
PUCKETT, D. HUGH  Ph.D., University of Virginia, Professor of Biology
PULSINELLI, ROBERT W.  Ph.D., Rutgers University, Associate Professor of Economics
RASDALL, JOYCE O.  Ph.D., Ohio State University, Associate Professor of Interior Design and Housing
RAY, CHARLES M.  Ed.D., University of Kentucky, Professor of Business Education and Office Administration
REASONER, JOHN W.  Ph.D., Iowa State University, Professor of Chemistry
REDFIELD, DORIS  Ph.D., University of Arizona, Assistant Professor of Chemistry
REEVES, DOROTHY E.  Ed.D., George Peabody College, Associate Professor of Psychology
RICE, JAMES W.  Ph.D., University of Wisconsin-Madison, Professor of Finance and Quantitative Business Analysis
RICH, E. EUGENE  Ed.D., University of Arkansas, Professor of Education
RILEY, CLAYTON  Ed.D., University of Missouri, Professor of Education
RILEY, JOHN T.  Ph.D., University of Kentucky, Professor of Chemistry
RITTER, DONALD E.  Ed.D., Indiana University, Associate Professor of Education
ROBE, HARRY R.  Ed.D., Indiana University, Professor of Psychology
ROBERTS, CHARLES A.  Ph.D., University of Georgia, Associate Professor of Economics
ROBERTS, GEORGE D.  Ed.D., University of Missouri, Associate Professor of Industrial Education and Technology
ROBERTS, RICHARD A.  Ed.D., Oklahoma State University, Professor of Education
ROBERTS, ROBERT C.  Ph.D., Yale University, Associate Professor of Philosophy
ROBINSON, FAYE  Ed.D., University of Tennessee, Professor of Educational Leadership
ROENKER, DANIEL L.  Ph.D., Kansas State University, Associate Professor of Psychology
ROIT, MARSHA L.  Ed.D., Harvard University, Assistant Professor of Education
ROWE, DONALD R.  Ph.D., University of Texas, Professor of Environmental Engineering Technology
RUDOLPH, EVAN  Ph.D., University of Denver, Associate Professor of Speech
RUFF, ANN C.  Ed.D., Indiana University, Assistant Professor of Education

Mail to Graduate College
Western Kentucky University
Bowling Green, Kentucky 42101

(Signature) (Date)

(Date received in Graduate College)
APPLICATION INSTRUCTIONS

NOTE: Credentials submitted for admission purposes become the property of the University. If the applicant does not enroll within one year, the admission file is destroyed unless the student contacts the Graduate College.

Degree-Seeking Students must have forwarded to the Graduate College one official transcript each from the undergraduate degree-granting institution (unless WKU) and from any institution (except WKU) where course work has been pursued. The applicant who has not yet completed the undergraduate degree should have forwarded one transcript now and one after the degree is completed. The Graduate Record Examination—Aptitude Section is required of all except M.B.A. applicants, who must take the Graduate Management Admission Test. If already taken, the scores should be forwarded to the Graduate College.

Non-degree Students (e.g., students applying for Rank I or Fifth-year programs) must submit transcripts as outlined above.

Transient Students (pursuing advanced degrees at other institutions) will be mailed Form H, which must be completed and returned to the Graduate College by an official of the degree-granting institution.

Unclassified Students (pursuing coursework only) must have forwarded to the Graduate College an official transcript indicating completion of the undergraduate degree (unless earned at WKU).

International Students must follow “Admission Requirements for International Students.” If you have not received the additional information (TOEFL, Financial Statement, etc.), contact the Graduate College.

STATEMENT OF COMPLIANCE

Western Kentucky University is committed to equal opportunity. It is an Equal Opportunity-Affirmative Action Employer and does not discriminate on the basis of age, race, color, religion, sex, national origin, or handicap in any employment opportunity. No person is excluded from participation in, denied the benefits of, or otherwise subjected to unlawful discrimination on such basis under any educational program or activity receiving federal financial assistance.

If you have experienced discrimination in such educational programs or activities, written inquiries about procedures that are available at the University for consideration of complaints alleging such discrimination should be directed to the President’s Office, Western Kentucky University, Bowling Green, Kentucky 42101. Inquiries about such alleged discrimination also may be made directly to the Director, Office of Civil Rights, United States Department of Health, Education, and Welfare, Washington, D.C. 20201.

Inquiries about employment discrimination may be directed to the Affirmative Action Officer, Western Kentucky University, Bowling Green, Kentucky 42101, or The Commission on Human Rights, Commonwealth of Kentucky, 828 Capital Plaza Tower, Frankfort, Kentucky 40601, or Equal Employment Opportunity Commission, 1800 G Street, N.W., Washington, D.C. 20506, or Office of Federal Contract Compliance, United States Department of Labor, Washington, D.C.
