

MHC Honors Colloquia Course: Your Gambit: Chess Lessons for Life

Fall 2021

HON 300 | 3 credit hours

This colloquium course will illustrate how, through play, lessons can be gleaned in developing a personal strategy for life that considers the implications of our choices, capitalizes on opportunities, and learn from mistakes.

While playing chess for enjoyment and appreciation, as well as readings and discussion, we will explore practical applications of strategy for our lives.

This class will meet every Monday and Wednesday from 3:25-4:45pm.
