Enter required information, create username and password, select security questions, select top wellness goal, select communication preference, upload a photo and accept terms and conditions!

Re: Username and Password –

Employees: The only time you would use this Username and Password is to log directly into the HealthFitness Portal instead of going to <http://www.toplifewellness.com> and using your WKU NetID and Password to access the portal through the single sign-on process.

Cross-Reference Secondary Employee and Spouses/Partners: You'll use this Username and Password during each login.

The screenshot shows the toplife WKU user interface. At the top, there is a navigation bar with icons for home, profile, analytics, messages, and notifications, along with a 'Reward Progress' indicator at 66% and a user profile for 'Michael w.'. Below this is the toplife and WKU logos. The main content area is divided into three columns: a left navigation bar, a central 'Activity' feed, and a right 'To-Dos' sidebar. The 'Activity' feed contains two 'Healthy Eating' posts with images of food and text encouraging healthy choices. The 'To-Dos' sidebar lists tasks like 'Coaching Activities', 'Track Physical Activity', and 'Try a handful of nuts for a snack'. A 'Tip of The Day' section at the bottom right features an image of fresh produce and text about boosting fruit and vegetable intake. Callouts point to the 'Navigation Bar' on the left, 'Activity Feeds' in the center, and 'To Do List' on the right.
