

HOW TO FIND THE COST OF MEDICAL SERVICES

Log-in to www.anthem.com (or create a new account if you have never logged in to your account). You will be able to access all of your claims history within the Anthem portal. You can look at each Explanation of Benefits (EOB) individually or you can download them and export them into excel.

When you review your claims or EOB, you find the Total Charge for the service minus (-) the Anthem Discount and then you will see the Total for Services. This is the amount you will pay first until you meet your deductible. After the deductible is met you will pay the applicable coinsurance percentage of this charge (15% or 30%).

		Charges \$		Payments \$				
Date of service	Procedure code	Total charged		Your health plan pays	You pay			
Services received	Reason Code	- Your discounts	= Total for services		Copay	Deductible	Coinsurance	Services not covered
04/01/14	240	1,021.00						
Medical Service PSS		- 393.08	627.92	166.05	0.00	461.87	0.00	0.00
Subtotal		1,021.00 - 393.08	627.92	166.05	0.00	461.87	0.00	0.00
Total		1,021.00 - 393.08	627.92	166.05	0.00	461.87	0.00	0.00
Without an Anthem plan, your cost would have been \$1,021.00. You saved \$393.08					Total you pay: \$461.87			

HOW TO FIND THE COST OF PRESCRIPTIONS

Call your pharmacy and request a list of your current medications that includes the total cost of the medication. If you use the mail order program, you may need to contact the mail order pharmacy or check your online account. Additionally, check to see if your medication is available on the Preventive Medication list that are not subject to the deductible.
