

Blackboard Mobile™ Learn

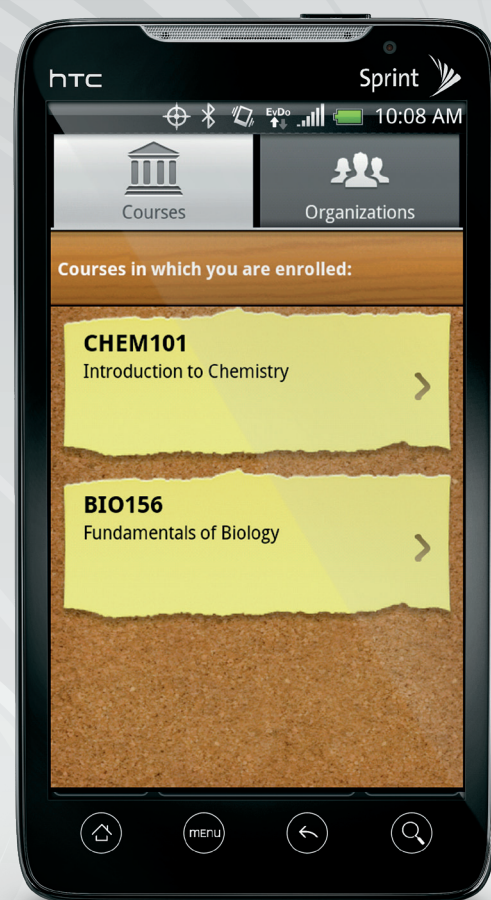

Teach and learn from here, there, anywhere.

Your students expect interactive experiences in the classroom, online, and when they're on the go. Using Blackboard Mobile Learn, now you and they can stay connected and access your courses wherever and whenever you want from the palm of your hands. Welcome to the world of mobile teaching and learning.

Blackboard Mobile Learn extends and enriches the course experience of the Blackboard Learn™ platform in native applications built for a range of popular mobile devices.

With Blackboard Mobile Learn, you and your students receive:

1. **Instant Course Access.** View and post back to key areas of Blackboard® courses and organizations, including Announcements, Discussion Boards, Blogs and Journals.
2. **Network and Wireless Options.** Access your courses on the Sprint® 3G/4G network on select Android and BlackBerry® devices, as well as over Wi-Fi only on the Apple® iPad™, iPod touch® and iPhone®.
3. **Free Mobile Apps.** Download the "Blackboard Mobile Learn" app from the store for your device at no cost thanks to Blackboard's partnership with Sprint and their commitment to foster mobile learning in higher education.
