

Major in Photojournalism- 4-year plan

(Revised 3/2013)

The following four-year plan will help you implement your program in photojournalism. Every student will finish with a unique plan of his/her own depending on the minor area of study, electives selected, etc. This four-year plan is an example to help execute your degree program in consultation with your photojournalism faculty advisor. Refer to the University undergraduate catalog for additional information.

Note, effective fall 2013: To meet ACEJMC* accreditation standards, students must take a minimum of 72 semester hours in courses outside of the School of Journalism & Broadcasting unit including the University's general education requirements. In addition to meeting institutional requirements for graduation, the photojournalism major must have a minor or second major outside of the School of Journalism & Broadcasting and Film Studies that is approved by the major faculty advisor. Students may not select a minor in film studies, or those offered within the School, unless taken as a second minor.
