The following four-year grid is designed to help you plan your degree in the Photojournalism program. Everyone student will finish with a unique plan of his/her own depending on the minor area of study, electives selected, etc. This four-year chart is an example to help plan your degree program in consultation with your Photojournalism faculty advisor. Refer to the University catalog for additional information.

**Note:** To meet ACEJMC accreditation standards, students must complete **80** hours outside of the major area of journalism and mass communication with no fewer than **65** semester hours of liberal arts and natural sciences. If the minor selected is not in a liberal arts or natural science subject (LAS), then the student should select LAS courses for all general electives and may need to take more hours than the program requirement of **122** hours for graduation. A course listing of accepted liberal arts and sciences courses is available at [www.wku.edu/pcal/uploads/Journalism%20Broadcasting/las.doc](http://www.wku.edu/pcal/uploads/Journalism%20Broadcasting/las.doc)

**Note:** the degree will require up to **139** total hours if the minor is not in a liberal arts or science subject. (See advisor)

### 122 hours total with 24-hour minor in a liberal arts/science subject
