

Curriculum Vitae
Rachel Tinius, PhD, ACSM-EP-C, Fellow-ACSM
August 2023

CONTACT INFORMATION

Program in Exercise Science
School of Kinesiology, Recreation, and Sport
Western Kentucky University
Smith Stadium 1059
1906 College Heights Blvd, #11089
Bowling Green, KY 42101
Phone: (270)745-5026
E-mail: rachel.tinius@wku.edu

PRESENT POSITION

Associate Professor
Exercise Biochemistry Lab Director
School of Kinesiology, Recreation, and Sport
Western Kentucky University

EDUCATION

Ph.D. Movement Science Fall 2011-Fall 2015 Washington University in St. Louis

- Movement Science- Program in Physical Therapy
- Translational Physiology Laboratory
- Advisor: Todd Cade, PT, PhD
- Cumulative/Final GPA: 4.0

TL1 Predoctoral Clinical Research Training Program

Fall 2013-Spring 2015 Washington University in St. Louis

- The Clinical Research Training Center at Washington University supports a select group of trainees, as they embark on careers as outstanding patient-oriented researchers, by teaching them how to:
 - Design and conduct clinical research, analyze data, consider relevant ethical and legal issues, write manuscripts and grants, develop and present scientific posters, and compete for research funding
- Advisors: Jay Piccirillo, MD, FACS; Jeffrey Peipert, MD, PhD; Susan Stark, PhD, OTR/L

M.S. Clinical Investigation Fall 2013-Fall 2015 Washington University in St. Louis

- Advisor: Jay Piccirillo, MD, FACS
- Cumulative/Final GPA: 4.0

M.S. Exercise Science Spring 2010-Summer 2011 Western Kentucky University

- Designated Graduate Scholar of the College of Health and Human Services
- Advisor: Scott Lyons, PhD
- Cumulative/Final GPA: 4.0

B.S. Exercise Science Fall 2006-Fall 2009 Western Kentucky University

- Designated Scholar of the College of Health and Human Services at Graduation
- Advisor: Scott Lyons, PhD
- Cumulative/Final GPA: 4.0

PROFESSIONAL CERTIFICATIONS

ACSM Certified Exercise Physiologist *November 2014* *National Certification*

- Ability to conduct physical fitness assessments, interpret results, develop exercise prescriptions, and apply behavioral and motivational strategies to apparently healthy individuals and individuals with medically controlled diseases and health conditions
- Support clients in adopting and maintaining healthy lifestyle behaviors
- Skill in management, administration, and supervision of fitness programs
- Scored 744/800 on certification exam

Preparation in Pedagogy *Spring 2015* *Washington University in St. Louis*

- Extensive knowledge of effective pedagogy, including evidence-based teaching methods, by participating in advanced-level Teaching Center workshops
- Classroom teaching experience that includes observation and feedback from faculty and students
- Developed and refined a well-informed teaching approach

PROFESSIONAL ORGANIZATIONS/SERVICE

American College of Sports Medicine

Pregnancy and Postpartum Special Interest Group *2019-present*

Role/s: Steering Committee (2019-2022)
Executive Committee/ 3rd Chair (2022- present)

WORK EXPERIENCE

Fall 2011-Spring 2015 *Washington University- Program in Physical Therapy* *St. Louis, MO*
Translational Physiology Lab

Research Assistant

- Assistance with ongoing Research Projects (W.Todd Cade, PT, PhD, PI)
- Hyperinsulinemic/euglycemic clamp/isotope infusion studies
- Stable isotope tracer serum processing
- Mass spectrometry
- Indirect calorimetry (resting and exercise)
- Body composition testing (adults, children, and infants)
- Exercise testing and training
- Body Plethysmography (Bod Pod and Pea Pod Certified)
- Elisa Kit Protocols
- Clinical exercise testing for BJH patients (ECG, blood pressures, VO₂ measurement)

Teaching Assistant

- Principles in Human Physiology (Spring 2013)
 - Lectures:
 - *Adipose Tissue as an Endocrine Organ*
 - *Pregnancy Physiology, Common Pregnancy Complications, Pregnancy and Exercise*
- Women's Health Unit- Doctorate of Physical Therapy Program (Spring 2013, Spring 2014, & Spring 2015)
 - Lectures:
 - *Pregnancy Physiology and Exercise in Pregnancy*
- Teaching Center Annual Teaching Symposium (August 13, 2014)
 - Discussion leader for first time teaching assistants on discipline-specific topics

Spring 2015 *Maryville University- Exercise Science Program* *St. Louis, MO*

Adjunct Professor

- Anatomy and Physiology (Spring 2015)

Rachel Tinius, PhD, ACSM-EP-C

Fall 2010-Summer 2011 *WKU Department of Kinesiology Recreation and Sport* *Bowling Green, KY*
Graduate Assistant

- Class instructor : PE 101- Jogging & PE 100- Lifetime Fitness & Wellness
- Teaching Assistant: Exercise Physiology Lab
- Conducted Research in the Exercise Physiology Lab

Fall 2010- Spring 2015 *Vetta Sports* *O'Fallon, IL*

Soccer Coach

- Coordinate and conduct practice sessions for ages 3-10
- Coach games

Spring 2009-Winter 2009 *WKU Athletic Training Room* *Bowling Green, KY*
Internship Position

- Assistance with WKU athletes' treatment and injury rehabilitation
- Experience with electrical muscle stimulation and therapeutic ultrasound
- Experience with many different injuries and rehabilitation protocols

HONORS AND AWARDS

Academics

- Equalize Competition- Viewer's Choice Award- Digital Tools- 2023
- WKU Innovation and Impact Award (University-wide winner)- 2022
- Kentucky Commercialization Ventures IMPACT Competition- 1st place- 2022
- College of Health and Human Services- Faculty Award for Research/Creative Activity- 2022
- WKU Faculty Award for Excellence in Research- 2019 (overall University winner)
- College Health and Human Services- Faculty Award for Research/Creative Activity- 2018
- WKU Office of Research and Creative Activity- Prolific Proposer Award-2018
- WKU Office of Research and Creative Activity Early Investigator Award – 2017
- WKU Office of Research and Creative Activity Early First Time Obtaining External Funding Awardee – 2017
- WKU Graduate Scholar of the College of Health and Human Services-2011
- WKU Graduate Student-Athlete of the Year- 2011
- WKU Exercise Science Female Outstanding Graduate Student of the Year- 2010-2011
- WKU Scholar of the College of Health and Human Services- 2009
- WKU Student-Athlete of the Year- 2009
- WKU Exercise Science Female Outstanding Student of the Year- 2008-2009
- Designated a President's Scholar at WKU in 2008-2009
- Department of Foreign Language Outstanding Achievement Award-2006
- WKU College of Health and Human Services Freshman Academic Achievement Award- 200

College Athletics (WKU)

Soccer

- Nominated as WKU's Representative for NCAA Woman of the Year- 2010
- Lowe's Senior CLASS Leadership award candidate (one of thirty nationwide)- 2009
- NSCAA/Adidas Scholar-Athlete All-Region Team- 2008 & 2009
- ESPN the Magazine Academic All-American- 2008 & 2009
- ESPN the Magazine Academic All-District- 2007
- NSCAA All-Region Team- 2009
- Voted by peers as Team Captain- 2009
- WKU Coach's Award for Outstanding Commitment- 2009
- Preseason All-Sunbelt Conference- 2009
- First Team All-Sunbelt Conference- 2008 & 2009

Rachel Tinius, PhD, ACSM-EP-C

- Great Lakes All-Region Team- 2008 & 2009
- Second Team All-Sunbelt Conference- 2007

Track and Field

- All-Sunbelt Conference in the 3000m Steeplechase-2010

Post-College Running

- Boston Marathon Participant- April 2015 and April 2023
- 1st place female- Run for Sight 5k- September 2022
- 1st place Bowling Green female/2nd overall- Medical Center 10k- October 2022
- 1st place female- Bowling Green 26.2 half marathon- November 2019
- 3rd place female- Main street full marathon- September 2019
- 1st place female- Family Enrichment Center half marathon- March 2019
- 3rd place female in the Missouri Cowbell Marathon - October 2013
- 1st place female in the Total Fitness mini-marathon - March 2012
- 1st place female in the Bowling Green 26.2 Marathon- November 2012
- 1st place female Corvette half-marathon- October 2011

RESEARCH SUPPORT

- Kentucky IDeA Networks of Biomedical Research Excellence Renewal Award- May 2023-May 2024
 - Amount: \$40,000
 - Role: PI
- Kentucky Commercialization Ventures: IMPACT (Innovative Mobile, Public Health, and Community-Oriented Technologies) Competition- 1st place
 - Title: BumpUp: an evidence-based digital technology to improve physical activity and health outcomes among pregnant and postpartum women
 - Amount: \$25,000
 - Role: PI
- Kentucky IDeA Networks of Biomedical Research Excellence Bridge Funding Award- May 2022-May 2023
 - Amount: \$50,000
 - Role: PI
- NIGMS-funded Institutional Development Award (IDeA) Networks of Biomedical Research Excellence (INBRE) in Kentucky (5P20GM103436-21, 341854)
 - Title: Pilot testing of a mobile health intervention designed to increase physical activity and improve morbidity and mortality-related outcomes among pregnant and postpartum women in a rural setting
 - Role: PI
 - Amount: \$216,364
- NIGMS-funded Institutional Development Award (IDeA) Networks of Biomedical Research Excellence (INBRE) in Kentucky (P20GM103436).
 - Title: Development of an mHealth application to increase physical activity and monitor weight status during pregnancy and postpartum
 - Role: PI
 - Amount: \$149,144
- Kentucky Biomedical Research Infrastructure Network Investigator Development Award- May 2016-April 2019
 - Title: Physical Activity during Pregnancy: Novel Pathways and Intervention Strategies for Improving Maternal and Neonatal Outcomes.
 - Amount: \$170, 400
 - Role: PI

Rachel Tinius, PhD, ACSM-EP-C

- Kentucky Biomedical Research Infrastructure Network- Equipment Grant – April 2019
 - BodPod Air Displacement Plethysmography System and Parvomedics Resting and Exercise Metabolic System
 - Amount: \$77, 278
 - Role: PI

- Faculty-Undergraduate Student Engagement Internal Grant (Kylee Meece)-May 2023
 - Title: Lipid Genetics in Pregnant Women: Genes Present in Pregnant Women after High Fat Meals and Their Effect on Women’s Health
 - Amount: \$3,000
 - Role: PI/Student Mentor

- Faculty-Undergraduate Student Engagement Internal Grant (Kat Howard)-May 2022
 - Title: Maternal modifiable factors contributing to postpartum depression
 - Amount: \$1,500
 - Role: PI/Student Mentor

- CHHS Quick Turnaround Grant (QTAG)- October 2018
 - Title: An educational intervention on postpartum depression for perinatal nurses
 - Amount: \$1,200

- Research and Creative Activities Program (RCAP)- May 2018- December 2019
 - Title: Postpartum health: investigating the metabolic health of women after pregnancy
 - Amount: \$15,947
 - Role: PI

- Research and Creative Activities Program (RCAP)- May 2016- December 2019
 - Title: Physical Activity during Pregnancy: Novel Pathways for Improving Maternal and Neonatal Outcomes
 - Amount: \$15,800
 - Role: PI

- Faculty-Undergraduate Student Engagement Internal Grant (Kat Howard)- May 2022
 - Title: The relationship between modifiable maternal lifestyle factors and postpartum depression
 - Amount: \$1,500
 - Role: PI/Student Mentor

- Faculty-Undergraduate Student Engagement Internal Grant (Matthew Johnson)- May 2019
 - Title: The role of maternal obesity and physical inactivity on cortisol and insulin levels in umbilical cord blood
 - Amount: \$3,000
 - Role: PI/Student Mentor

- Faculty-Undergraduate Student Engagement Internal Grant (Lauren Miller)- May 2018
 - Title: The role of physical activity during pregnancy on infant motor development at 1-year
 - Amount: \$3,000
 - Role: PI/Student Mentor

- Research and Creative Activities Program (RCAP)- May 2016- December 2017
 - Title: Physical activity during Pregnancy
 - Amount: \$15,484
 - Role: PI

- Faculty-Undergraduate Student Engagement Internal Grant (Nicholas VanMeter)- December 2017
 - Title: Investigating the Expression of Important Metabolic Proteins in the Placenta

Rachel Tinius, PhD, ACSM-EP-C

- Amount: \$3,000
- Role: PI/Student Mentor

- Faculty-Undergraduate Student Engagement Internal Grant (Britt Fugmann)- December 2017
 - Title: Exercise and Dietary Factors and their Potential Role on Fertility-Related Outcomes
 - Amount: \$3,000
 - Role: PI/Student Mentor

- Faculty-Undergraduate Student Engagement Internal Grant (Nikitha Rajendran)- July 2017
 - Title: The role of physical activity during pregnancy on infant motor development
 - Amount: \$3,000
 - Role: PI/Student Mentor

- Kentucky Biomedical Research Infrastructure Network- Equipment Grant – July 2017
 - Peapod Air Displacement Plethysmography System
 - Amount: \$89,000
 - Role: PI

- Faculty-Undergraduate Student Engagement Internal Grant (Keagan Keen)- January 2017
 - Title: The impact of an acute bout of high intensity exercise on mood among pregnant women
 - Amount: \$3,000
 - Role: PI/Student Mentor

- Faculty-Undergraduate Student Engagement Internal Grant (Caitlin Hesse)- January 2017
 - Title: Exercise Testing and Pregnancy: Should secondary criteria for VO₂max testing be adjusted for women during pregnancy?
 - Amount: \$3,000
 - Role: PI/Student Mentor

- Faculty-Undergraduate Student Engagement Internal Grant (Gabrielle Ringenberg)- January 2016- Complete
 - Title: Testing the validity of a submaximal exercise test in obese women
 - Amount: \$3,000
 - Role: PI/ Student Mentor

- Faculty-Undergraduate Student Engagement Internal Grant (Hannah Fickey)- January 2016- Complete
 - Title: The 6 minute walk test and the YMCA cycle ergometry test: Can they predict VO₂max in pregnancy?
 - Amount: \$3,000
 - Role: PI/Student Mentor

MANUSCRIPT REVIEWER RESPONSIBILITIES

Reviewer for:

Medicine and Science in Sport and Exercise
PLOS one
Journal of Human Lactation
Journal of Physical Activity and Health
BMC Pregnancy and Childbirth
Journal of Obesity
Journal of Physical Therapy
International Journal of Exercise Science
Integrative Obesity and Diabetes
Journal of Applied Physiology, Nutrition, and Metabolism
Journal of Maternal-Fetal & Neonatal Medicine

Editorial Board Member for:

Rachel Tinius, PhD, ACSM-EP-C

The International Journal of Exercise Science

TEACHING AND MENTORING RESPONSIBILITIES

Teaching Responsibilities at WKU

Kinesiology Master's Degree Curriculum

Course Master
Research Method (EXS 511) _____ 2022-Present

Exercise Science Curriculum

Course Master
Clinical Exercise Physiology (EXS 420) _____ 2016-2019

Course Master
Exercise Science Practicum (EXS 296) _____ 2016-Present

Course Master
Exercise Testing and Prescription (EXS 412) _____ 2015-Present

Course Master
Motor Learning and Control (EXS310) _____ 2015-2017

Doctor of Physical Therapy Program

Lecturer
Women's Health Unit _____ 2015-Present

Screening and Diagnosis (DPT 775) _____ 2016-Present

Exercise Physiology _____ 2016-Present

Mentoring Responsibilities at WKU

Masters

Alison Colao
Master's Thesis Chair _____ April 2022
Do Changes in the Navy Physical Readiness Test Impact Performance?

Brenna Menke
Master's Thesis Chair _____ June 2020
Is physical activity during late pregnancy related to infant body composition at birth?

Samantha Henry
Master's Thesis Chair _____ June 2020
Factors influencing both maternal and infant body composition at two years postpartum

Kolbi Edens
Master's Thesis Committee Chair _____ May 2019
Project Title: Effects of Evidence-Based Materials and Access to Local Resources on Physical Activity during Pregnancy in a Rural Setting

Kristin Yoho
Master's Thesis Committee Chair _____ May 2019
Project Title: Metabolism during pregnancy and postpartum: How does it change and what factors influence it?

Rachel Tinius, PhD, ACSM-EP-C

Alyssa Olenick
Master's Thesis Committee _____ May 2017
Project Title: Metabolic flexibility among women following a single high fat meal

Regis Pearson
Master's Thesis Committee _____ May 2017
Project Title: The acute impact of high-fat load on PBMCS among women: impact of ethnicity and weight status

BethAnne Clayton
Master's Thesis Committee _____ May 2016
Project Title: The implications of different types of diet and exercise on human health

Paige Wessel
Master's Thesis Committee _____ May 2016
Project Title: Accuracy of commercial fitness trackers during high-intensity functional training

Undergraduate

Kathryn Howard
Honors Thesis Committee Chair _____ December 2022
Modifiable Maternal Factors and their Relationship to Postpartum Depression

Obadiah Kirk
Honors Thesis Committee Chair _____ May 2020
The role of mitochondrial pyruvate carrier-1 (MPC-1) on heart failure and its implications for cardiac recovery

Mequeil Howard
Honors Thesis Committee Member _____ May 2020
Infant temperament and cardiac physiology as predictors of infant locomotion

Lauren Miller
Honors Thesis Committee Chair _____ May 2019
FUSE Grant Project Title: Modifiable factors that influence motor development at 4 and 12 months of age.

Britt Fugmann _____ 2018
FUSE Grant Project Title: Exercise and Dietary Factors and their Potential Role on Fertility-Related Outcomes

Nikitha Rajendran _____ 2017
FUSE Grant Project Title: The role of physical activity during pregnancy on infant motor development

Gabrielle Ringenberg
Honors Thesis Committee Chair _____ May 2017
FUSE Grant Project Title: Testing the validity of a submaximal exercise test in obese women
Awarded Honor's Thesis/Capstone Project of the Year

Caitlin Hesse
Honors Thesis Committee Member _____ May 2017
FUSE Grant Project Title: Exercise Testing and Pregnancy: Should secondary criteria for VO₂max testing be adjusted for women during pregnancy?

Keagan Keen _____ 2017
FUSE Grant Project Title: The impact of an acute bout of high intensity exercise on mood among pregnant women

Hannah Fickey _____ 2016
FUSE Grant Project Title: The 6 minute walk test and the YMCA cycle ergometry test: Can they predict VO2max in pregnancy?
