HOW TO READ THE LIBRARY OF CONGRESS CALL NUMBERS

Example: **BF 11 .H39**

- **BF** = Subject Area
- **11** = Location within the Subject – *Like a Street Address*
  - Numbers go from 1-9999, so 11 is in beginning of BF section, 9879 at end of BF section
- **.H39** Letter stands for author’s last name and shows where in BG11 the book sits on the shelf.
  - (If there is no author—such as an edited book—the letter may stand for the 1st word of the title.)
