Chinese teacher leaves home behind to teach local students

- STAFF REPORT 8 hrs ago

Wenchang Wang

Park City Elementary Principal Anthony Janes presented Wenchang Wang as the Barren County Schools District's Certified Employee of the Month during the August school board meeting.

“Mr. Wenchang Wang is devoted not only to his job, but to his students and making sure that each child learns what is required of them in his Chinese Culture Class,” Janes said. “Devotion to learning is when you have lived in the same place, graduated college, received gainful employment and decide to move 8,000 miles away to a foreign country to increase your own knowledge in teaching and learning.

“Mr. Wang’s compassion and love for children is evident by his genuine enthusiasm in and out of the classroom. Mr. Wang works to meet the individual needs of every child in his class. In his first year teaching Mandarin Chinese at PCE, one of his students placed first in the Mandarin Chinese Bridge competition at Western Kentucky University. Mr. Wang’s mentorship was vital in this achievement.”

Janes told board members and district administrators that “it is a pleasure to work with Mr. Wenchang Wang, Park City Elementary Mandarin Chinese Teacher.”
