

# Engineering Living & Learning Community

## Requirements

- Declare a major in Engineering at WKU
- Live on ELLC residence floor in Hugh Poland Hall
- Take ENGR 175 – Engineering University Experience Course
- Participate in ELLC activities

**To apply** send an email to:  
Jennifer.Anderson@wku.edu

Space is limited, so apply now!

## What is it?

The ELLC provides a residential environment that fosters peer networking and academic success. This community gathers students majoring in the engineering disciplines and facilitates an open support system via faculty/staff mentoring and strategic programming.

## Living & Learning Community Benefits

- Academic success
  - Studies have shown that members of a LLC have higher GPAs than other on-campus students
- Access to resources
  - Structured social and educational activities that promote faculty and peer networking
