Mission Statement:

The Department of Environmental, Health and Safety provides professional guidance and leadership to the University in achieving regulatory compliance, and promotes a culture of safety and environmental stewardship.

The department of EHS Fire Marshal's Office is responsible for the annual, semi- annual and monthly inspections of all of the fire protection equipment (fire alarms, range hood suppression systems, and fire extinguishers.) We conduct quarterly fire drills in residential halls. Sprinkler system inspections are done by a state provided contractor. All inspection reports are maintained in the University Fire Marshal's Office.

Residence Halls

- *Are equipped with an automatic fire alarm system and are fully sprinkled buildings.
- * Each residence room is equipped with a standalone smoke alarm that is inspected for operation monthly by the RA's during safety checks.
- *Each kitchen is equipped with an automatic range hood suppression system.
- * All residence halls are equipped with ABC type fire extinguishers.
- * All fire alarm systems are monitored by the WKU Police Dispatcher with our priority monitoring systems.

- Put your hand across the opening to test the heat of the air.
- If the door is hot and the hallway unsafe, stop up any opening or cracks through which smoke may enter, using wet towels, sheets, blankets, etc.
- If smoke does enter room, open the window for ventilation; break it if it is sealed.

- Do not jump; make your presence known by hanging a sheet or a piece of clothing from your window and wait for rescue.

In case of a minor fire:

- Pull the fire alarm.
- Use a wastebasket full of water, a fire extinguisher, or a blanket to smother out the fire.
- Do not use water on an electrical or grease fire!
- Call the staff member on duty in your hall.
- Never risk your personal safety!

The “Emergency Procedures Guide” which has been widely distributed to faculty and staff and which is also available on the WKU webpage at <https://www.wku.edu/ehs/fire/> contains a fire section which outlines the following procedures to be followed:

1. Smoke, fire or an explosion in a building shall warrant activation of the nearest fire alarm pull station which is located near an outside exit.
2. Call WKU Police at 911 (on campus phones ONLY). If there is no answer, or if the line is busy, call 270 -745-2548 if calling from a cell phone. Immediately evacuate the building using established evacuation routes. DO NOT USE ELEVATORS.
3. If possible, provide assistance to mobility-impaired individuals. If this is not possible, or if anyone is injured, call WKU Police at 911. Provide the location to arriving emergency services (fire, police, etc.) of physically impaired individuals.
4. Do not attempt to extinguish fire.
5. Once outside the building, account for all building occupants at the designated meeting area.
6. Do not re-enter the building or leave the campus unless told to do so by the building hall director of HRL staff, or WKU Police.
7. Report damage to Facilities Management at 270 745- 3253.

Each building on campus has a designated Building Coordinator. The Building Coordinator Program incorporates a yearly review with building occupants of evacuation procedures. This program is administered by EH&S Fire Marshal’s Office.

Reports of fires on campus should be immediately made to the Western Kentucky University Police Department. The WKU Police Department can be reached by dialing 911 or 745-2548 any on-campus phone. Campus Security Act Legal Requirements

In November 1990, the Student Right-to-Know and Campus Security Acts were signed into law. The Higher Education Opportunity Act of 2008 (HEOA) requires that postsecondary institutions participating in federal student aid programs make certain disclosures to enrolled and prospective students, parents, employees, and the public. The following information is disclosed in compliance with federal law.

Federal Law: The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (referred to as the Clery Act) is part of the Higher Education Opportunity Act. It requires institutions of higher education that receive federal financial aid to report specified crime statistics on college campuses and to provide other safety and crime information to members of the campus community. The U.S. Department of Education holds enforcement authority for the Clery Act and there is a maximum penalty of \$54,789 for each violation of the regulations that define the reporting requirements.

State Law: The Michael Minger Act is a Kentucky state law that requires public colleges and universities as well as private institutions licensed by the Kentucky Council on Postsecondary Education (CPE) to report campus crimes to their employees, students and the public on a timely basis. This law took effect July 14, 2000, and additional provisions dealing with student housing fire safety took effect on July 13, 2004. This law also requires a public crime log, to be available on-line, recording incidents known to campus police and other campus officials, as well as special reports when there is an ongoing threat to the safety of students and employees. Campus officials must also immediately report each fire or threat of fire to the state fire marshal's office and local authorities. School officials that violate the law may be fined up to \$1,500, be imprisoned in their county jail for up to 30 days, or both.

Compliance: Western Kentucky University Police Department has been designated as the compliance office for ensuring that the requirements of the Clery and Minger Act are met by the designated Campus Security Authorities (CSAs) and the University and is responsible for issuing the annual reports and release of all Campus Crime Reports. This site is updated every twenty-four (24) hours Monday through Sunday. You can access this by going to our website and click on Campus Crime Log under Crime & Fire Data.

Should you have any questions concerning the Federal Campus Crime and Security (Clery) Act or Kentucky Campus and Crime security (Minger) Act Annual Report, please call the Western Kentucky University Police Department at (270)745-2548 or visit our website, www.wku.edu/police.

The Annual Campus Security Report: Is prepared each year and outlines required safety and security information as well as crime tables for the previous three (3) calendar years. This data is collected in conjunction with partnerships across WKU and Warren County. An e-mail is sent to all WKU students, and parents as well as all WKU faculty and staff employees. You can access this report at any time by visiting the WKU Police website at www.wku.edu/police and clicking on the Crime & Fire Date tab. This report is also available in pdf if you prefer a printed copy. If you have any questions or concerns contact the WKU Police Department at 270-745-2548.

University police officers receive their law enforcement authority through the provisions of Kentucky Revised Statutes §164.950 – 164.990. University police officers have law enforcement authority and jurisdiction on property owned or controlled by the university and on streets that run through or adjacent to campus. They are empowered to conduct University-related criminal investigations anywhere within the Commonwealth of Kentucky, have the authority to carry firearms, and make arrests. If offenses involving University rules and regulations are committed by a University student, WKUPD may also refer the student to the Office of the Dean of Students.

Working Relationship with Federal, State, & Local Police Agencies

The WKU Police Department maintains a close working relationship with local, state and federal law enforcement agencies. Bowling Green Police Department, Kentucky State Police, Warren County Sheriff's Office, FBI, Postal Inspectors, ATF, and the Secret Service regarding common crime problems and criminal activity on and near campus. Crime related reports and statistics are also exchanged for the monitoring and recording of criminal activity which may involve students at off-campus locations. Through agreements with these agencies, the WKU Police Department responds to situations at off-campus locations when requested by the agencies. The same agencies will also respond to campus at the request of University Police to investigate alleged criminal offenses. Any action taken by WKU officers or other agencies while on WKU Campus, will be documented in this report.

Crime Reporting

Crimes or criminal activity should be reported immediately to The WKU Police.

Contact the WKU Police Department by:

- Dialing (270) 745-2548 to report non-emergencies
- Dialing 9-1-1 from any campus phone to report an emergency
Calls made from cell phones or off campus phones by dialing 9-1-1 will connect you to the Bowling Green Police Emergency 9-1-1 center. The 9-1-1 Center will connect you back to WKU Police Emergency Communications
- Subjects who are hard of hearing, deaf, or have a speech impediment are to call the Kentucky Relay Services by dialing 711, the individuals will be directed to the WKU Police Department for assistance
- There are numerous emergency call boxes located throughout Main Campus, South Campus, Campbell Lane Lot., and The Center. These call boxes are connected directly to the WKU Police Department. When activated, the dispatcher will immediately know the call box location and will dispatch an officer. When speaking with the dispatcher, you should state the type of emergency. The Call boxes can be used to:
 - Request help
 - Report a crime
 - Report a suspicious activity
 - Request an escort
 - Report any other type of emergency you may encounter

Unless you are at risk, wait at the call box location for the officer to arrive. If you must leave the call box location tell the dispatcher where you are going and go to an area where people are located. It is important emergency call boxes only be used for true emergencies. To activate the Emergency Call Box press the red button once, a flashing blue strobe light is activated. This draws attention to the area which can deter or stop criminal acts. In addition, close circuit television cameras in the vicinity of the emergency call box will also be redirected to the call box. This will allow Dispatch to see the area and gain valuable information about the reason for the activation. If you are not near an Emergency Phone use campus phone and dial 9-1-1 or call 270-745-2548 and you will be immediately connected to the WKU Police. If the Emergency Phone is pushed and it's not an emergency you could be charged for falsely reporting.

The University encourages prompt reporting of all crimes and public safety related incidents to the WKUPD. If a victim of a crime does not want to pursue action within the University system or the criminal justice system, the victim may still consider making a confidential report. With the permission of the victim, the Chief of Police or a management level designee at the University can file a report on the details of the incident without revealing identity. The purpose of a confidential report is to comply with the victim's wish to keep the matter confidential, while taking steps to ensure the future safety of others. Within such information, the University can keep an accurate record of the number of incidents involving students, determine where there is a pattern or crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. To voluntarily file a confidential report, please come by the police department and request for the report to stay anonymous. This will ensure that all identifiable victim information is removed from all publicly available records. Reports filed in this matter are counted and disclosed in the annual crime statistics for the institution, as to not impair the university from providing protective measures for the community.

WKUPD shall make record of every incident to which it responds, whether a written report is created or not, in any of the following: citizen reports of crimes, citizen complaints, citizen requests for services when: (a) an officer is dispatched, (b) an employee is assigned to investigate, (c) an employee is assigned to take action at a later time, (d) criminal and non-criminal cases initiated by law enforcement officers, and (e) incidents involving arrests, citations, or summonses.

Comprehensive reporting is necessary to ensure that alleged events are recorded accurately and to protect the rights of officers and citizens. A record will be made of actions taken by the responding officer whether the call is a request for service or self-initiated activity. In many instances, the report requirement will be accomplished through the collection of information on audiotape and Computer Aided Dispatch (CAD) by the Communications Division (i.e. case numbers, disposition codes, etc.). A record will be made of all dispatched calls. This in no way relieves officers from their responsibility to take written reports when the circumstances of a call or activity require one. When duplicate calls are received for a single incident, only one report will be required.

Any WKUPD criminal incident report involving a University student, where that student is listed as a suspect or offender, will be forwarded to the Office of Student Conduct for review and potential action. WKUPD detectives will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Office of Student Conduct.

WKUPD maintains direct communications with the appropriate local police, fire and emergency medical response agencies in order to facilitate their responses in an emergency. Direct communication is also maintained with the Environmental Health and Safety Division (EHS), University Fire Marshal, and Transportation Services.

Timely Warning Policy

WKU Police will post a **"Timely Warning"** about an event that poses a threat (or a continued threat) to the safety of students, faculty or staff on or off campus. Several "timely warning" methods of delivery may be utilized by WKU Police to inform the campus community of a threat. These methods may include text messaging, mass email notifications, local newspapers, television, and radio stations.

When an incident or crime that has occurred on University property or surrounding public property is reported to or brought to the attention of WKUPD, WKUPD will determine if the incident or crime constitutes an emergency. WKUPD is responsible for issuing a Timely Warning if WKUPD confirms that the incident is an emergency and represents an ongoing threat to the safety of members of the campus community. Information for warnings may also come from other law enforcement agencies or other offices. Timely Warnings will be distributed as soon as possible after the incident is reported; however, the release is subject to the availability of accurate facts concerning the incident.

WKUPD writes the Timely Warnings and works in conjunction with WKU Public Relations, Emergency Management, or the Office of the President to disseminate the information to students and employees in a timely manner. The WKUPD will utilize “WKU Rave” as the primary notification system for Timely Warnings and Emergency Notifications as they can reach the greatest number of community members in the quickest manner. Secondary notifications may also be completed on the WKU websites home page to give further details. Victim names and any other identifying information is kept strictly confidential and is not printed as part of the Timely Warning. Timely Warnings may be printed and distributed to multiple areas on campus. These areas can include residence halls, other on-campus residence facilities, libraries, and any additional areas that may assist in alerting the campus community.

Emergency Response & Evacuation Policies

The University operates an emergency message notification system for the purpose of delivering subscription-based emergency messages to the campus community. The system, known as WKU Rave, is designed to deliver emergency messages via telephone (cellular), text messaging, email, various social media sites, and indoor/outdoor siren notification systems to subscribers and the campus community. The objective is to employ a multi-layered approach to deliver emergency messages.

The design goal of WKU Rave is to assist in promoting a safe environment for students, faculty, staff, and visitors. The system is designed to be used only during emergency situations that require immediate action by the recipient. Emergencies are unplanned events that can cause physical injury to the community, that can cause physical or environmental damage, or that can disrupt and/ or damage research or educational operations. Examples include but are not limited to:

- Dangerous Situation (active shooter, civil disturbance, hostage situation, etc.)
- Fire
- Hazardous Material Leak/Spill
- Inclement Weather Delays/Closures
- Tornado Warning

All University students, faculty, and staff are requested registered in WKU Rave Alert with their official University email address. The University encourages students, faculty, and staff to provide additional contact information such as mobile phone numbers and personal e-mail addresses to their WKU Rave Alert accounts. Parents, media, visitors, and other interested parties may register for WKU Rave Alert on a voluntary self-subscription basis. For further information or to sign-up, go to TopNet at https://acsapps.wku.edu/pls/prod/wku_emergencySMS.p_start.

Off-Campus Crime:

If Bowling Green Police Department is contacted about criminal activity occurring off-campus involving University students, they may notify WKUPD. However, there is no official BGPD policy requiring such notification. Students in these cases may be subject to arrest by BGPD and University disciplinary proceedings through the Office of Student Conduct. If notified, WKUPD officers may assist with the investigation in cooperation with local, state, or federal law enforcement. BGPD routinely works and communicates with campus officers on serious incidents occurring on-campus or in the immediate neighborhoods and/or businesses surrounding campus. If BGPD is contacted in reference to incidents occurring in University controlled property, including non-campus student housing facilities and student organizations, WKUPD has requested that BGPD also notify them of the incident. While BGPD has primary jurisdiction in all areas off campus, WKUPD officers can and will respond to student-related incidents that occur in close proximity to campus when requested by BGPD.

CrimeStoppers

270-781-CLUE (270-781-2583) or toll free 866-842-CLUE. Remember, your identity remains confidential. WKU Police is affiliated with the CrimeStoppers program associated with the Bowling Green Police Department program which brings the campus community, the media, and the police together in the fight against crime. Through the Crime Stoppers program, citizens become aware of the real impact of crime on the community and are continually encouraged to come forward with information that might aid in the solution of crimes.

Reporting Crimes and Other Emergencies

All reports will be investigated. The University Police encourages anyone who is a victim or witness to a crime to promptly report the incident to the police when the victim of a crime elects to or is unable to make such a report. When a potentially dangerous threat to the University community arises, timely warnings and emergency alerts will be issued by means including, but not limited to: Rave text messages, Voice Outdoor Warning System, For the purposes of inclusion in the annual disclosure of crime statistics, confidential reports are generally made to other CSAs who meet certain requirements and only under certain situations. In circumstances where the employee is considered a CSA but is working as a pastoral and professional counselor, when acting in that role and made aware of a crime, are not considered CSAs for mandatory reporting.

If you are the victim of a crime but do not want to pursue action within the University system or the criminal justice system, you may still want to consider making a confidential report. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the university can keep an accurate record of the number of incidents involving students, employees and visitors; determine where there is a pattern of crime with regard to a particular location, **The University will investigate all complaints of sexual misconduct.**

Reports of sexual misconduct are taken seriously. Once a Report has been filed an investigation will be conducted. While complete confidentiality cannot be guaranteed, the university will take reasonable steps to conduct an investigation or otherwise handle a complaint of sexual misconduct in as confidential a manner as practical. However, those with a need to know include University officials,

witnesses, and those responsible for the investigation and disciplinary processes, shall have appropriate access to information concerning the complaint.

Notification to the WKU Community about an Immediate Threat:

WKU has created the “The WKU Alert” as a communication tool for mass notifications of imminent threats or emergency situations to campus. The WKU Alert uses a matrix system to identify the type of emergency or threat and the format of message to be sent. Messages may be sent by text message, mass emails, and outdoor alerts systems or other mentioned methods.

Based on the type of threat or danger, notification may be made through Rave as an SMS text message to cell phones or email. Students, faculty and staff may register for this service on TopNet. To sign up to receive notifications and would go to your TopNet account in log into your account personal information page, click on update cell phone messaging notification, fill out the notification information and click submit.

Federal Outdoor Warning System

This system is a voice command outdoor emergency mass alert system on Bowling Green Campus and Bowling Green South Campus. This system gives voice instructions to everyone outdoors regarding immediate dangers or threats. Emergency notifications can also take the form of video message boards, mass emails, WKU website, media press releases and news conferences. Stay connected to the WKU website for updates situations pertaining to all WKU Campuses.

In the event of a serious incident that poses an immediate threat to members of the University community, the below methods may be used together or individually during an emergency notification:

- Emergency text alerts - [Sign up to receive text alerts](#)
- Telephone alert recording: 270-936-0000
- Outdoor warning system (voice alerts and sirens)
- Building warning systems (voice alerts and sirens)
- Mass emails to students, faculty and staff
- WKU News
- Messages posted to the WKU website
- Messages posted to WKU Facebook and on Twitter @wkunews and @wku.
- Digital signage boards on campus
- Override of the campus cable television system
- Local news media

During a critical incident, the University will provide additional information through the University home page (www.WKU.edu) as well as local media. Individuals outside the University community may remain informed by visiting the university website and signing up for WKU Rave Alert on TopNet https://acsapps.wku.edu/pls/prod/wku_emergencySMS.p_start. All members of the local community are encouraged to notify WKUPD of any emergency that may pose a risk to the health and safety of the students, faculty, staff, or visitors on campus. WKUPD has the responsibility to mitigate, respond, and investigate all emergency/dangerous incidents. In addition, WKUPD has a responsibility to respond to

such incidents to determine if the situation does, in fact, pose a threat to the community. If so, federal law requires notification to the University community or the appropriate segments of the community that may be affected by the situation. This segment will be determined based on the location of the incident and the threat toward different campus, i.e. Main Campus, Bowling Green, Warren County, or satellite campuses outside of Warren County.

The content for a “WKU Alert” will be gathered by University Officials, WKU Public Relations, WKU Police Officers, or WKU Communications Officers. Information can be placed in the WKU Rave System by any of the above individuals. The decision to send a “WKU Alert” will be decided upon by WKU Public Relations or WKU Police Supervisors. These “WKU Alert’s” will be sent without delay taking into account the safety of the WKU community.

Evacuation Policy:

The Student Life Handbook contains a section entitled “Emergency Procedures” that includes Fire Emergency instructions.

In Case of a Fire:

- Sound the fire alarm
- Call the Fire Department (911)
- Call the hall desk or staff member on duty in hall
- Remain calm and act quickly
- Wear protective clothing such as a coat and shoes, and carry a damp towel for use in heavy smoke
- Close the room door and windows
- Walk in an orderly manner to the nearest exit: NEVER USE AN ELEVATOR
- Move a safe distance away from the building and out of the way of the fire department personnel
- Remain outside until told by the hall staff to return

If you think there is a fire in the hallway, you should feel the door before opening it.

- If the door does not feel hot, open it slightly, holding your head away and bracing the door with your foot.
- Put your hand across the opening to test the heat of the air.
- If the door is hot and the hallway unsafe, stop up any opening or cracks through which smoke may enter, using wet towels, sheets, blankets, etc.
- If smoke does enter room, open the window for ventilation; break it if it is sealed.
- Do not jump; make your presence known by hanging a sheet or a piece of clothing from your window and wait for rescue.

In case of a minor fire:

- Pull the fire alarm.
- Use a wastebasket full of water, a fire extinguisher, or a blanket to smother out the fire.
- Do not use water on an electrical or grease fire!
- Call the staff member on duty in your hall.
- Never risk your personal safety!

The “Emergency Procedures Guide” which has been widely distributed to faculty and staff and which is also available on the WKU webpage at <https://www.wku.edu/ehs/fire/> contains a fire section which outlines the following procedures to be followed:

1. Smoke, fire or an explosion in a building shall warrant activation of the nearest fire alarm pull station which is located near an outside exit.
2. Call WKU Police at 911 (on campus phones ONLY). If there is no answer, or if the line is busy, call 270-745-2548 if calling from a cell phone. Immediately evacuate the building using established evacuation routes. DO NOT USE ELEVATORS.
3. If possible, provide assistance to mobility-impaired individuals. If this is not possible, or if anyone is injured, call WKU Police at 911. Provide the location to arriving emergency services (fire, police, etc.) of physically impaired individuals.
4. Do not attempt to extinguish fire.
5. Once outside the building, account for all building occupants at the designated meeting area.
6. Do not re-enter the building or leave the campus unless told to do so by the building hall director of HRL staff, or WKU Police.
7. Report damage to Facilities Management at 270-745-3253.
8. Give any known details of the alarm or fire to arriving emergency personnel.

Each building on campus has a designated Building Coordinator, The Building Coordinator Program incorporates a yearly review with building occupants of evacuation procedures. This program is administered by the Environmental, Health and Safety Department.

Reports of fires on campus should be immediately made to the Western Kentucky University Police Department. The WKU Police Department can be reached by dialing 911 or 270-745-2548 any on-campus phone. If using an off campus (or cell) phone, the WKU Police Department can be reached by dialing 270-745-2548.

Evacuation Policy

In accordance with Kentucky Fire Prevention Code, it is Western Kentucky University policy that a building be immediately evacuated upon the activation of the fire alarm system. WKU policy does make exceptions for persons with disabilities that may require assistance during an emergency.

Emergency evacuation plans are reviewed and tested throughout campus on an annual basis. All residence halls conduct drills at least once per semester and all other buildings on campus conduct drills based on their individual Building Emergency Action Plans. To view your Building Emergency Action Plans [click here](#). For Residence Hall Fire Evacuation Plans [click here](#).

Emergency Response & Evacuation Testing Procedures

While WKU continually evaluates fire safety and preparedness, no other further improvements in fire safety have been identified by the institution. If or when a need for improvement is identified, WKU will place a priority on making the necessary changes.

Evacuation plans:

Each on-campus student housing facility have been developed by the Environmental, Health and Safety and Housing and Residence Life Department and have been placed inside each door on-campus student rooms and on each floor. There plans show the evacuation route as well as providing basic instructions for evacuation in case of a fire.

Testing the System

Test of the alert systems are conducted annually in conjunction with the state earthquake, and tornado preparedness drills. These tests are announced through media releases and by email to the campus community. The tests are conducted in February and March each year. As part of the announcement faculty, staff and students are requested to review the evacuation plan for their buildings. These plans are located at the front desk, and entrance of each campus building.

Fire Drills

The Department of Environmental, Health and Safety is responsible for the annual, semi- annual and monthly inspections of all of the fire protection equipment (fire alarms, range hood suppression systems, and fire extinguishers.) They conduct quarterly fire drills in residence halls. These drills are reviewed by The Department of Environmental, Health and Safety to determine if any further training is needed. Sprinkler system inspections are done by a state provided contractor. All inspection reports are maintained in the University Fire marshal's office.

Security of and Access to Campus Facilities

Western Kentucky University is an open campus within the city limits of Bowling Green. Western Kentucky University also has regional campuses located in Glasgow, Elizabethtown/Fort Knox and Owensboro. As such there are numerous streets entering onto campus. A student enrolling at WKU assumes the obligation for conduct in a manner compatible with the university's function as an educational institution. Students are subject to discipline for acts or misconduct. Registered students and student organizations may use campus facilities, provided the facilities are used for the purpose contracted and subject to the regulations of the university. Each student has the right to a campus environment characterized by safety and order. Campus classroom buildings are locked at various times of the evening depending on class occupancy

Lighting: Campus Administrators and Student Government Association hold a "Campus Safety Walk" each fall. The purpose of this walk is to asses' safety issues on campus. The walk often locates dark area where additional lighting is needed to improve the safety of the area. The walk identifies areas with heavy bushes where trimming could reduce possible hazards, lights that are burned out. Western Kentucky University is a well-lit campus. This is a major factor in creating a safer, more inviting environment for students, faculty, staff and visitors.

Facilities Management: Is responsible for the maintenance and operation of campus buildings, grounds, and utilities, and can be reached at 270-745-3253.

Housing Report: Students with routine maintenance problems in their residence hall rooms should report the problem [Online here](#), by texting WKUDFM to 82257, or phone 270-745-3253. Emergency Maintenance should be reported directly to the information desk in each residence hall. The on-call person will respond

to emergency maintenance issues. The Hall Director and Resident Assistant staff members in each hall turn in maintenance for the common area including kitchens, hallways, and bathrooms. Housing and Residence Life Zone Technicians and Environmental Service Attendants take care of both the room and common area maintenance and housekeeping needs in the residence halls.

Residence Hall Security: Each residence hall desk is staffed 24 hours a day and closed circuit cameras are used to monitor each door that is not easily visible from the desk area. Residents of the building will also scan their IDs to enter their residence hall and to confirm their residency in that building. All non-residents must be checked in to the building with a current resident. Any attempt to circumvent the security measures is a violation of policy and may result in disciplinary action up to and including removal from the residence halls.

Desk Assistant: A student is employed by the Department of Housing and Residence Life to manage the desk operations and maintain order in the lobby area at night.

Unauthorized Guest: For any WKU student to be considered an authorized guest, they must adhere to all visitation procedures of the hall in which they are visiting including visitation hours, check-in/out procedures and being properly escorted. The link to Housing Residence Hall Policy manual can be found at:

<https://www.wku.edu/housing/halls/hilltopics.php>

Key: Room keys must be used to unlock lobby doors of residence halls and mailboxes.

Room Entry: Entry to the living quarters of a student may be conducted by the following people for the purposes listed below:

2. By authorized custodial and maintenance personnel to make improvements, repairs and to provide routine maintenance.
3. By authorized university personnel in order to ensure that health, fire and safety standards are maintained.
4. By authorized university personnel in emergency situations to protect the health, comfort and welfare of a student or to make emergency repairs.

Escort Service: The Escort Service is an on-campus service provided by the WKU Police Department for the protection of students, faculty, staff and visitors of the Western Kentucky University Campus. Escorts will be provided from dusk until dawn by calling WKU Police Department at 745-2548 or 745-3333.

Promoting Safety and Security

The following is a list of crime prevention and security awareness programs and projects available to the University community. All of our programs are provided at no cost to the participants. The campus community is encouraged to be responsible for their own security and the security of others.

The WKU Police Crime Prevention section uses handouts, programs, and personal contacts to inform students, faculty and staff on measures that can be taken to reduce the likelihood of becoming a crime victim. WKU Police provide safety tips on our website at www.wku.edu/police. Crime Prevention programs presented in residence halls during the academic year and during Crime Prevention Week each fall. Topics covered in the Crime Prevention program include date rape awareness, theft prevention, escort services, drugs and narcotics, general safety and security, and alcohol awareness. Films, guest speakers, and handouts are used to illustrate procedures and to enhance the educational process. A representative of the WKU Police often serves as guest lecturer in many class projects throughout the year. In addition to programs presented by the WKU Police and Housing and Residence Life, information relating to drugs and alcohol is provided by Student Health Services. Presentations are also made to parents and students during the orientation, advisement and registration program.

Alcohol & Drug Awareness and Education:

University Police believe that the abuse of alcohol and other drugs is unhealthy for students, faculty, staff and visitors. Alcohol use is prevalent on many college and university settings. High-risk behaviors associated with alcohol abuse and misuse impact all community members. Intoxicated persons often engage in high risk behaviors which can lead to injury, sexual assault, sexually transmitted diseases and death due to overdose, violence and impaired mobility. Alcohol abuse is often a contributing factor for poor school and work performance, as well as contributing to health-related problems. This program is designed to address a number dangerous issues associated with excessive drinking and brings awareness to hazards of driving while impaired.

In this program, students are taught how to:

- Make informed choices about whether or not to drink
- Recognize the warning signs of alcohol poisoning
- Know when to call for emergency services when warning signs are present
- Recognize that intoxication can be a significant factor in causing injury to oneself and others, sexual violence, and other criminal behaviors

Officers also provide an overview of the various narcotics typically abused by young people, and help students identify and understand the effects of the drugs. The program also discusses the types of environments where illegal drugs may be found.

M.A.S.T.E.R. Plan

During M.A.S.T.E.R. Plan, students are able to engage in daily interactive sessions, called "Cluster Blocks," and have small group meetings. These sessions are designed to provide students with essential information and resources to help ensure their success during their first semester on the Hill. Their small group will introduce them to their classmates; who will be their support along the way. Students have the opportunity to ask questions, meet new people, interact with peers and get "pro-tips" from current students and WKU faculty and staff.

Sessions include topics that may not come up in their regular classes, like personal goal setting, how to meet new people and make friends in college, how to get involved in campus life, and how to utilize campus resources (Financial Aid, Blackboard, bus routes, Topnet. etc.). Other major topics include campus safety, student conduct, sexual assault awareness, and Title IX.

Self-Defense Training Program

Purpose:

The training is dedicated to teaching defensive concepts and techniques against various types of assaults, by utilizing easy, effective, and realistic self-defense tactics. This program provides participants with the knowledge to make an educated decision about resistance. Our main goal is to empower individuals to take responsibility for their safety and well-being.

Program Outline:

The first 20-30mins of the program is spent talking with students about the various situations that they may commonly find themselves in on any given day. From there we discuss some easy safety precautions one can take to help make themselves more aware of their surroundings, and be better prepared if approached by someone with bad intentions. Other topics covered include: mental mindset, online safety, home safety, vehicle safety, walking safety, and weapons.

The second half of the program is designed to allow students to practice some basic hands on techniques, identify techniques often employed by an aggressor, and ways to outsmart them. All aspects of the physical portion of the class are optional and can be adapted to fit a wide variety of needs based on the group. This program typically lasts 60-90mins.

(I.S.E.C.) Intercultural Student Engagement Center Orientation Program:

The Cynthia and George Nichols III Intercultural Student Engagement Center (I.S.E.C.) promotes a culturally inclusive campus environment, cultural awareness and competence, inter-group dialogue, engagement and intercultural interaction, and supports lifelong learning about self and others. The office serves as a hands-on recruitment and retention resource for the many cultural, religious/spiritual, and identity groups reflected within the WKU community. The center provides student support services to foster academic success and sponsors culturally based celebratory events. Staff within I.S.E.C. carry out programmatic initiatives designed to increase the cultural competency of students, faculty, and staff. Additionally, center staff manages respectful spaces for students to learn about themselves and others through meaningful experiences, dialogues, and opportunities for growth.

Intercultural Student Engagement Center (ISEC) Academy is a Western Kentucky University initiative/program to assist students that identify as students of color (Black, Hispanic/Latino, Asian, Native American, Multiracial) and/or who are first generation, Pell eligible, and have some need with their transition, persistence, and graduation from Western Kentucky University. This program is coordinated by the Intercultural Student Engagement Center. We believe that students of color at Western Kentucky University are scholars who will achieve positive change in themselves, the WKU Community, and the world!

Over the past two years, the WKU Police Department and I.S.E.C. have joined together to help provide an even more enriching and meaningful experience for the I.S.E.C. Academy students. Many of these students are first generation students who come from areas where they have fought extremely hard to escape and never return to. Many of these students have also had a number of negative encounters with law enforcement prior to attending WKU. This joint effort allows the university's community based police department to begin bridging that gap with students of color as soon as they touch foot on campus by engaging them in conversations about the role the police department plays on this campus and the services provided, while also allowing for open and honest dialogue regarding the fears and or concerns they may have in regards to law enforcement. This initiative has also led to mentorships and continued guidance type connections with many of these students.

The primary components of the ISEC-Academy include peer mentoring and a living learning community for students of color. Through the program students will have the opportunities for transformation related to personal development, academic engagement, culture and diversity, a support network and involvement. Our peer mentors (Navigators) are:

- Diverse in terms of majors, social identities, and experiences.
- Equipped to support new students in transitions, campus involvement, development of goals, and the Western Kentucky University experience.

This living learning community located in Pearce Ford Tower and Hugh Poland Hall, builds a sense of belonging to Western Kentucky University, forms a support network and begins creating the student's college experience. In addition, students will enroll in two courses together: University experience and English 100.

Selfies with the Chief:

This program was designed to allow for a one-on-one conversations between the WKUPD Chief and any member of the University community to promote stronger relationships with the police department and those it serves. It is intended to create a relaxed atmosphere to casually discuss any areas of concern or suggestions for improvements that would aid the department in its mission to build stronger relationships with the WKU community. Selfies with the Chief are scheduled as requested throughout the year. During the 2017-2018 academic year, one professor used this program for a class project, as students were required to meet with the chief and complete a project that was based on finding ways to help the police department in its efforts to build an even better agency. Many of these topics included identifying ways to become more engaged with the students through social media.

POPO Pancakes:

This initiative was put together by the WKU Chief of Police and the Public Information Officer during the week of the fall semester finals. The purpose of this event was to provide students with a few moments of relief from studying and cramming for finals, and to come out be served breakfast by their university police department. The university police department have been strongly promoting their commitment to service above self, and this allowed students an opportunity to see the officers beyond the uniform. Officers used this time to talk with students about their finals, how their first semester went, and to receive feedback on any suggestion as to how the police department could better serve them in the near future.

Campus Violence Prevention Training:

Active shooter response training for professors and students helps to ensure safety and limit liability at universities across the country. University active shooter events can happen anywhere on campus. Wide-spread aggressive intruder plan is the optimal solution for providing campus safety and effective preparedness to an entire campus population.

Just like other many other campus across the nation, WKU spans multiple geographic areas, and has additional locations the university police department patrols. WKU operates complex enterprises in addition to their academic programs, including the off campus Medical Center/WKU Health Sciences Complex, research and development facilities, performing arts venues, athletic facilities, agricultural centers, residential complexes, and transportation systems. The university is an open campus that has continued to integrate into the surrounding community, with visitors regularly on campus touring facilities, attending events, and receiving medical care.

At WKU, training on how to respond to an armed intruder, many departments has become as much a part of fall orientation as lessons on alcohol abuse. Students, faculty, and staff hear presentations covering their options, such as running, hiding or fighting back. The training offered is voluntary, but some professors have gone as far as reaching out to the police department and having an officer come present the training to every class they teach. The Run, Hide, Fight video training is posted on the WKU Police Department's web page for all to view at any time. Some department heads have gone as far to make the training mandatory for their staff each year.

Healthy Days Fair:

Since 2010, WellU has hosted he annual Health Days Fair for WKU students to help promote healthier choices. The health fair featured vendors addressing a wide variety of health aspects. Aside from topics centering on physical health such as healthy eating and exercise, there were vendors discussing mental health, educational health, drunk driving, fire safety and self-image. The WKU Police Department hosted a table where students had the opportunity to attempt the Walk & Turn portion of the Standard Field Sobriety Test while wearing the Fatal Vision goggles. Fatal Vision goggles are used to educate people of all ages about the consequences of alcohol misuse and abuse. These goggles use special lens technology that allows the wearer to experience a realistic simulation of impairment. After completing the test, the students were asked how they felt while attempting the test. They were then asked if they were comfortable driving home in that type of condition. Each of them stated there was no way they could even attempt to operate a vehicle in that type of condition.

The fair included various vendors including:

- WKU Health Services
- WKU Health & Fitness Lab
- WKU Counseling & Testing Center
- WKU Police Department
- WKU Restaurant & Catering Group
- Department of Public Health
- WKU Nursing Department
- WellU
- Clark Chiropractic
- Kentucky Cancer Program
- Hope Harbor

- MADD

For every activity that students completed and got signed off on, even activities like getting a henna tattoo or chair massage, they were growing closer to the number of signatures needed to gain a T-shirt or raffle tickets to submit their names into drawings for larger prizes such as scholarships, bluetooth headphones, hammocks and gift cards, or, if they had enough signatures, both the T-shirt and the raffle tickets. Healthy Days demonstrates all of the resources at the fingertips of students and puts students in the position to take charge of their own wellness.

Summer Start Orientation:

Summer Start helps first-year students acclimate to college before starting classes in the fall. Students receive a well-rounded introduction to academic and social life at WKU by living on campus, taking college courses, engaging with professors, meeting other first-year students, and learning effective ways to utilize student resources. For the past two years the program has invited the university police department to come present a session on general campus safety, and the resources available to students via the police department. This also yields the opportunity to engage with students, and to openly discuss some important tips on how to be successful in the classroom, and navigate their social life in an enjoyable yet safe manner.

Head for the Hill:

This has become WKU's largest on-campus recruiting event. Head for The Hill is a free, open house event that offers a comprehensive look at WKU's outstanding academic offerings, student activities, and beautiful campus. Sessions are offered to provide valuable information about life on The Hill, and an information expo allows students and their families the opportunity to personally connect with representatives from different academic departments, student services, housing, financial aid, and more! For a number of years the WKU Police Department has had a featured spot in this event where officers have spoken with both parents and students about campus safety which includes information such as R.A.D., the emergency alert notification system, campus violence prevention, securing personal property, and more.

New Member Greek Symposium:

The members of the WKU Greek community are excited to welcome new members each semester. This annual event occurs in the fall and is an opportunity to equip and empower the newest members of the WKU Greek community. Attendees at the symposium learn about campus resources which can assist in their transition to WKU's campus, as well as their transition into the Greek community and their individual chapters.

Topics at the symposium focus on developing students while also improving our Greek community. Past presentations have included bystander intervention for hazing, sexual violence, and substance abuse, maintaining a healthy school, social, and work balance and college, and how to get the most out of your Greek experience. The WKU Police Department continues to be a staple at this symposium as students are immersed into an honest, down to earth conversation about the reality of how choices can impact not only one individual's life, but also those he/she may be connected to. The police department has hosted a session entitled My Brother's Keeper, in which students are encouraged to truly and honestly examine themselves, who, and what they represent by donning their letters. Students are challenged by being placed in "What Would You Do" type scenarios to gauge their ability to critically think in the moment about what they would or would not do. Sexual Assault Awareness has become a major topic in

this session. So often this topic has been directly addressed towards young women; providing them with a laundry list of things they should avoid doing. With both young men and women present, an even greater emphasis is placed on the role of men in helping to prevent rapes and sexual assault incidents from occurring.

5th Week Assessment:

The Academic and Career Development Center (ACDC) provides a 5th week check-in to all freshmen and sophomores in 100-level, 200-level and developmental classes during the 5th week of each semester to help identify areas that may need improvement. Instructors will provide information about students' class performance regarding attendance and grades. Students may receive a mark for missing class too frequently and/or may receive a mark for having a D/F in the course. Course instructors, academic advisors, residence hall staff and/or the ACDC follows up with students that have one or more marks to discuss potential issues the student may be facing in and out of the classroom. Just this past year, the WKU Police Department began a new initiative by assist in the follow up process and meeting with students to discuss their marks. This was a significant change for the police department as not many agencies are known to have a direct role in the world of academics. This initiative sent the message to campus community that the police department is also invested in seeing students succeed, and to help provide them with additional assistance in achieving their goals. Officers were able to utilize their mobile tablets to go into the TopNet system and make their notes in regards to how things went with the student they met with, and to note whether or not additional campus resources are needed to better help aid that individual.

Lighthouse Academy Mentoring:

Lighthouse Academy High School is an alternative school in Bowling Green, Kentucky designed by the Warren County Public School System for students having difficulty succeeding in their regular or traditional high school setting. For a number of years, WKU Police Department has sent an officer to the academy to speak with the young men and women about making good decisions, hanging with the wrong crowd, their dreams and goals, and general law enforcement information. Many of these students have already had a number of encounters with law enforcement whether it was due to them engaging in some sort of criminal activity.

Career Day:

Career Day provides students with a dynamic and tangible experience that facilitates a connection between their academic pursuits and professional endeavors in the future. Additionally, Career Day provides a platform to develop meaningful and personal connections between our students, alumni, parents and friends. Career Day is one way that the university police department encourages students to explore their interests and passions as an extension of their academic program and in the process better understand themselves, their community, and the world around them. This event has been hosted at a number of different locations, including but not limited to Smart Start Day Care, the WKU campus, and local high schools.

Toys for Tots:

Toys for Tots is a program run by the United States Marine Corps Reserve which distributes toys to children whose parents cannot afford to buy them gifts for Christmas. The mission of the program is to collect new, unwrapped toys during October, November and December each

year, and distribute those toys as Christmas gifts to needy children in the community in which the campaign is conducted. It is the hope of the program that by delivering a child a new toy at Christmas, a message of hope to less fortunate youngsters will be received that will assist them in becoming responsible, productive, and patriotic citizens.

This past year, the WKU Police Department partnered with TJ Maxx and was able to assist a mother and grandmother in purchasing some much needed clothes for their kids and grandchildren. This was the first year the university police department participated in the program, and is looking to make it a continued tradition.

Hand it to a Hero Toy Drive:

The WKU Police Department, partnership with the Warren County Sheriff's Department, Kentucky State Police, Bowling Green Police Department, Bowling Green Fire, and the United States Marine Corps Reserve, in the third annual Hand it to a Hero Toy Drive. Throughout the morning and into a Saturday afternoon, the local law enforcement agencies and representatives of the U.S. Marine Corps Reserve stood outside the Walmart on Campbell Lane and collected donations.

The drive presented an opportunity to network with other departments and build cooperation. It was also beneficial for kids and families who might only see a police officer on the worst day of their lives, and establish a positive rapport for them to build on.

Crime Stoppers:

Crime Stoppers is an organization designed to create a network of local programs that work together to prevent and solve crimes in communities and schools across the nation. The WKU Police Department has worked to cultivate a good working relationship with Crime Stoppers. The use of this program just this past year led to the identification of individuals who were involved in a crime that had occurred near campus.

Sexual Assault Prevention Month:

Throughout the month of April, a number programs designed to educate the students about sexual assaults, and the roles we all play in helping to prevent such incidents from occurring, and then how to support those whom have been victims of such trauma.

While each day of the year is an opportunity for students, faculty and staff to create change for the future, Sexual Assault Prevention Month calls attention to the fact that sexual violence is widespread and impacts every person in our community. Every day is a day to **Use Your Voice** to prevent sexual assault on campus and in our community. The WKU Police department was a unified supporter of the Counseling Center who responsible for putting together the Sexual Assault Awareness Proclamation Signing Day. This proclamation focuses on creating safer campus and community through sexual violence prevention and healthy sexual respect and encourages communities, individuals, and organizations to commit themselves to sexual violence prevention.

Sexual Assault Prevention Month Facebook Live Series:

This past April, the WKU Police Department partnered with the Student Conduct office to film a Facebook Live Event entitled What to Expect When You Report. This event was a part of the Facebook Live Series. Through this event, students learned about their reporting options after a sexual assault situation.

Let's Talk Topper:

The WKU Office of Admissions began a video series called, Let's Talk Topper, where different departments discuss important information for incoming students. Campus Safety is always an important topic to go over when talking to those students (and particularly parents) and so they reached out to the university police department to have a video where they talked about initiatives and programs the department has in place to ensure safety for our students.

How to Conduct Yourself During a Traffic Stop:

The WKU Police Department and members of the WKU Football staff came together to brainstorm a way to connect with the football players and talk about the things they need to know in order to help them have a positive interaction with law enforcement. This was a two phase initiative that began with Chief Walker and Officer Gray first having a meet and greet with the entire team. They shared some of their background history and what got them into law enforcement. This initial connection allowed them to form a bond with the players that ultimately created this sense of trust and relatability between the two. The second phase of the initiative the officer met back up with the team, and this time they went into specific details about what to do during a traffic stop, places the student athletes should be wary about going, and choosing the right type of people to hang out with. The officers also showed videos from start to finish about how quickly things can go from good to bad on a traffic stop all over bad decisions and involuntary compliance. This has ultimately created a genuine connection between the team and the police department.

Social Justice Committee

The purpose of this committee is to support and provide social justice and diversity awareness, training, development, education, and programming resources to proactively address social justice issues on campus for students. This committee was comprised of a group of faculty and staff members that came from various departments across campus, including the WKU Police Department.

Breaking Down the AR-15:

A couple of officers from the WKU Police were asked to come over to the WKU ROTC Program and demonstrate to the cadets how the AR-15 functions, and to break it down to its basic components. Many of the young cadets have not had the opportunity to operate an actual rifle, so this was a good hands on experience for them. No ammo was present for either weapon.

Coffee with a Cop:

Coffee with A Cop was launched in Hawthorne, California in 2011 when Officers from the Hawthorne Police Department were looking for ways to interact more successfully with the

citizens they served each day. Community policing has long been considered a framework for establishing trust between the community and the police. This program is a simple plan to break through the barriers that have been built over the years. We have recently begun a partnership with Starbucks that will allow us to host this program at their restaurant once a month. The program typically lasts for about 1.5hrs.

The key to Coffee with a Cop program is that it opens the door for interactions outside of the crisis situations that typically bring law enforcement officers and community members together. The program focuses on creating a neutral space and having officers engage community members in one-on-one conversations with “no agenda and no speeches.” In effect, it eliminates the town hall type meeting, and creates an environment where officers talked *with* community members instead of *at* them.

Higher Ed. Citizens Police Academy:

This past year we began a partnership with the Bowling Green Police Department to host a first-ever joint agency Citizens Police Academy. The focus of this academy was WKU students.

The purpose of a Citizens Academy is to familiarize students with the operations of both police departments. This includes classes on patrol procedures, criminal law, narcotics, search and seizure, tactical operations, investigations, juvenile law, firearms demonstration, emergency vehicle operations, use of force issues, and police canine demonstrations. Participants may also have the opportunity to ride with a patrol officer and witness the street-activity officers encounter on a day-to-day basis.

The academy is intended to open lines of communication between the community and the police department. By allowing citizens a firsthand look at each police department and how their operations are handled, citizens take away a better understanding of the role of police in the community. Additionally, citizens bring a wealth of knowledge about their community and, particularly, the problems in their neighborhoods. In this way, police are able to learn and better understand the concerns of the citizens.

Hallowellness Event:

This program combines Halloween and wellness into a fun event for student engagement. This is a great opportunity for WellU® to collaborate with other departments on campus, and promote all around wellness.

From the on-look, this event is designed to mimic “trick-or-treating.” Each department asks a question to students or have an activity for them to do. Students will have to visit each table to earn WellU® credit. For our table, the WKU Police conducted a “Walk the Line” activity using the drunk goggles. This was designed to educate students on alcohol safety. This makes this event engaging and not one where students have to listen to the same information they’ve heard since they’ve been on campus. After doing the activity, students can be given a “treat.” This is how we tie in the concept of Halloween; therefore, students are going from table to table “trick or treating.”

Online Safety Program:

Going online allows students to keep learning, connect with friends and family and even enjoy some entertainment. Just as we teach young people to fasten their seat belt before driving, teaching them how to take precautions before using the internet to be safer and more secure, has become just as important. With this program, we teach them how to take safety measures, think about the consequences of their actions, and then connect knowing they have taken steps to safeguard themselves when online. We also utilize our website to provide internet safety tips.

Office Space Threat Assessment:

Every workplace on our campus is unique. In that, many faculty/staff come to us with concerns about ways they can create a safer workplace environment to help prevent a violent incident from occurring. With that in mind, we have begun consulting and assisting with safety assessments that are tailored to their specific concerns. We work with staff all across the campus to help provide simple suggestions they can implement to help create the presence of a safer environment for employees, while still leaving visitors feeling invited. This assessment is designed to look at the safety of your office or facility from multiple angles. The assessments consider the physical nature of your office or other work space, as well as human behavior and how certain aspects of technology can be integrated into your environment. This will allow employees to also examine areas of potential risk, which often serves as the first step toward creating a proactive risk mitigation strategy.

Stay Safe WKU:

Student safety is a priority at WKU! Being safe on campus includes many different facets! Every aspect of this program is designed to teach our students how to keep themselves safe while studying at WKU. This program is a joint effort between multiple departments on campus, covering a range of topics. Topics to be covered: Self-care, healthy relationships, how to be an Upstander, self-defense, safe drinking, online safety, information technology safety, energy drink consumption with exercise, and more! Snacks, activities, and prizes are also provided. Along with teaching self-defense, the WKU Police Department has a giant 3D map of campus with all of the emergency phones plotted. Students are given the opportunity to come up, locate an emergency phone, and then stick a push pin through it. Doing this hands on activity allows students to be an active participant in making themselves aware of the safety tools that are in place in and around campus.

How to have a Positive Interaction with Law Enforcement:

A national disconnect appears to exist between the law enforcement profession and members of racial and ethnic minority groups. Several groups/organizations contact us throughout the year, inquiring if we would do a program with young minority men and women about how to have positive interactions with police. Much of this came after continual national coverage over perceived mistreatment and unreasonable force videos of police and minorities; particularly black males. So we began with the fraternity members of Kappa Alpha Psi, who charted a program known as Kappa League. The time spent with young high school and middle school aged young males was designed to have an open dialogue about concerns they as to how to

interact with police, the misrepresentations of law enforcement across the nation, and how to collectively bridge the gap of understanding and create more productive relationships.

These young men learned about many of the inherent dangers and obstacles that officers face when conducting official business on the job. They also learned about their civil rights, and they appropriately applied in various situations. They too learned about the often unspoken positive roles of police officers, and the many things they do that often go unseen, or never heard of. The overarching goal of this program is to seek first to understand, then be understood.

Sexual Misconduct and Harassment Education and Prevention:

The Counseling Center, The Office of Student Conduct and the Title IX Coordinator work in partnership to educate the campus community on the interpersonal violence and discrimination, including sexual misconduct, relationship violence, harassment, hazing, and stalking. Trained staff of these offices provide programs and presentations to student, faculty and staff groups on prevention strategies, bystander intervention, reporting violence or discrimination, as well as handling disclosures of interpersonal violence/harassment. Additionally, Western Kentucky University offers HAVEN, an online program addressing sexual assault, relationship violence, stalking and harassment, to all incoming students, informing them of their rights, resources, options, and university policies. For additional information, including a list of individuals to contact for programs or assistance, visit: <https://www.wku.edu/handbook/reportingsa.php>

SAFE Zone Project:

The SAFE Zone Project includes two trainings with the purpose to reduce homophobia and heterosexism by training members of the WKU community to serve as a resource for the Lesbian, Gay, Bisexual, Transgender, Questioning, Intersex, and Asexual/Ally (LBGTQIA) community. For more information or to inquire about the next SAFE Zone Project training, contact the Counseling Center at 270-745-3159.

High School Leadership Conference:

Each year, high school students from across Kentucky, Tennessee, Indiana and Ohio come together at Western Kentucky University for a one day retreat to further develop their leadership skills. Participants attend sessions presented by Western Kentucky University staff and student leaders. Session topics range from:

- College Student Panel on How to Succeed at the Collegiate Level
- Increasing Student/Organizational Motivation

Sanctions

Section 1213 of this Higher Education Act of 1965, as amended, contains the drug free campuses requirements added by section 22 of the Drug free Schools and Communities amendments of 1989 (Public Law 101-226). Federal, state and local governing the use and possession of alcoholic beverages are enforced. Violations of these statutes are subject to criminal prosecution and administrative sanctions. The Clery Act requires reporting of arrests and referrals for disciplinary actions for the following violations:

Liquor Law Violations:

Violations of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages (with the exception of "driving under the influence" or "drunkenness.")

- **Alcohol Awareness Week:** Activities of the week include Driving under the Influence Simulators where students drive as simulated impaired drivers. Participants use drunk buster goggles, Gators and golf carts to drive an obstacle course and take a series of standardized field sobriety test to show impairment levels of intoxicated drivers. The week also highlights presentations on the dangers of alcohol use and focuses on campus services to combat alcohol abuse.

Drug Abuse Violations:

Violations of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation or use.

Weapons Possession:

Violations of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.

Under University regulation, students who violate this standard of conduct are subject to disciplinary action from a minimum of a warning to a maximum of suspension from the University. Students who reside in University Housing are subject to further disciplinary action which may vary from a warning to termination of their housing contract.

Faculty and staff are subject to disciplinary action from a minimum of a warning to a maximum of termination from University employment.

Under state and federal drug laws, the gravity of the sanction depends on the classification of the controlled substance, the particular activity involved (possession or trafficking which includes manufacture, sale and possession with intent to sell), and whether or not multiple convictions are involved.

Under Kentucky law, the most severe penalty for a drug law violation involves trafficking. On a first offense conviction, one may receive a fine of up to \$10,000.00 and/or a sentence of up to ten (10) years in the penitentiary; for subsequent offenses, the penalties may be doubled.

Under federal laws for simple possession of a controlled substance, one may be imprisoned for up to one (1) year and/or fined up to \$1,000.00. For subsequent offenses, one may be imprisoned for up to three (3) years and/or fined up to \$5,000.00. Under federal law, one may be fined up to \$8,000,000.00 and/or may be sentenced from not less than ten (10) years up to life in prison for trafficking in drugs. For violations of other federal drug laws, one may receive life in prison or the death penalty.

Under both state and federal laws, one may suffer the loss of whatever property (house, farm) or possessions (vehicle) which one may have used in the drug trade.

Sanctions for violation of state alcohol laws vary from a fine of \$10.00 to \$2,000.00, a sentence of forty-eight (48) hours to twelve (12) months in jail, and/or suspension of one's operator license.

 3. All formal criminal complaints will be investigated consistent with applicable legal requirements and customary law enforcement practices. Accusers will be informed promptly of available support services, as well as legal and administrative options, if reasonably available, such as changes to housing assignments, in addition to academic and/or work schedules in writing;
 4. Accusers will be informed about the outcome of any investigation undertaken by the WKU Police Department in writing.
 5. Under appropriate circumstances, the University will inform the campus community of reports involving sexual misconduct/assault, domestic violence, dating violence, or stalking without identifying the victim.
- B. Formal University Complaints:
 1. Formal University complaints may be reported to the Title IX Coordinator, who will designate the appropriate investigator;
 2. A complainant filing a formal University complaint is not prohibited from also filing a formal criminal complaint;

 4. When reported as a confidential complaint, the victims identifying information will be removed from all publicly available records.

5. A formal University complaint may be brought forward by someone other than the complainant. Although the complainant has the right not to file a formal complaint, there may be circumstances, such as the status of the alleged assailant or the seriousness of the offense, in which the University must investigate and take action to protect the complainant or other members of the WKU community;
6. In addition to pursuing administrative penalties and remedies, the complainant maintains the right to pursue criminal charges;

Disclosure of Crime Statistics

Law Enforcement:

The majority of crime statistics tracked for compliance with the Clery and Minger Acts is provided by WKUPD. Individual inquiries are made to local law enforcement agencies (Kentucky State Police, Warren County Sherriff, and Bowling Green Police Department) that may be involved in addressing crime on the University's campuses and properties. If WKUPD becomes aware of a specific crime being worked by a local law enforcement agency that has an

immediate or on-going threat to campus, the two agencies will share information to ensure the community is properly informed.

Campus Security Authorities (CSA):

As defined by the Clery and Minger Acts, CSAs are campus officials who have a significant responsibility for students and campus activities. CSAs are provided with basic training on their responsibilities as well as forms to use when reporting crimes in compliance with the Clery/Minger Acts. Information gathered by CSAs are collected by the WKU Police Department, WKU Housing, and WKU Division of Enrollment and Student Experience personnel and included in the report. The following have been identified as CSAs for the University:

- Officers and employees of the University Police Department;
- Employees of Transportation Services;
- Employees of the Office of the Vice President for Enrollment and Student Experience;
- Office of Student Conduct;
- Office of the Dean of Students and Chief Diversity Officer;

- Employees of Housing and Residence Life, specifically:
 - Hall Directors
 - Residence Assistants
 - Apartment Housing Manager
- Any faculty or staff that lead or participate in education travel experiences that include students, whether credit bearing or non-credit bearing, including international or domestic travel.

Preparation of the Annual Security Report:

The Annual Security Report (ASR) is prepared each spring by the WKU Police Department. The ASR outlines required safety and security information as well as crime tables for the previous three (3) calendar years. This data is collected in conjunction with partnerships across WKU and Warren County. Each year, an e-mail notification is sent to all students, faculty, and staff that provides the website to access this report. The ASR is available in print format, upon request.

Crime Statistics Location Definitions

The crime statistics reported are broken down geographically according to the following Clery categories: On-campus, Residence Facility; Non-campus Property; and Public Property. The following definitions apply to these geographic categories:

VAWA OFFENSES

March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act (VAWA), which among other provisions, amended section 485(f) of the Higher Education Act of 1965, as amended (HEA), otherwise known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics (Clery Act). The Clery Act requires institutions of higher education to comply with contain campus safety- and security-related requirements as a condition of participating in the Federal student financial aid programs authorized by Title IV of the HEA. Notably, VAWA amended the Clery Act to require institutions to compile statistic for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports (ASRs). The statute requires institutions to include this new information in the ASR beginning with the ASR that must be provided to students, employees, and prospective students and employees by October 1, 2014.

VAWA did not affect in any way Title IX of the Education Amendments of 1972 (Title IX), it's implementing regulations, or associated guidance issued by the Department's Office for Civil Rights (OCR).
