SOW 2.2.2: PLP (Snapshot) Support
Grads 360
Sandra Baker   4/3/2015
http://kidfriendlyky.com/innovation-snapshot/
Schools development the School Personalized Learning Plan in year 1. The planning was foundational for schools to develop plans for kF supports and to begin to vision. Schools developed an Innovation Snapshot in yr. 2 to envision their future of learning. Schools will use a combination of both phases of planning to continually refine their plan based upon lessons learned and capacity. By the end of the grant period, CSIP for each school will reflect their path for innovation.

Purpose			This event wraps up a week long focus on CCR and is an opportunity to connnect our kids with community members who may be potential employers in the future while exposing them to the wide variety of careers that are available in the area.	I volunteered to serve ice cream to students and parents and help set up for the event. The purpose was to raise money for Adair County Elementary School CCR field trips and gave me an opporunity to talk to and get to know more parents of students in grades 3-5.	The purpose of this event is to help our 10th grade students focus on their current career plans and career path at ACHS and to begin thinking about their futures and set goals. This will be completed through math classes and will involve a team consisting of school leadership and teachers to help advise and mentor students.	Dr. Tim Smith, founder of the Institute for Aerospace Education gave an overview of the program, which will offer paths to career readiness certifications in the aviation field as well as a college ready pathway, or both. The program includes career ready jobs in the Aerospace Industry, and so far, Dr. Smith said, placement has been nearly 100%. For those going on to college, up to six hours of dual high school/college credit is available to seniors in the program for no tuition. Students only pay for books.	Recruit rising freshmen to explore careers in STEM by enrolling in the initial class of students pursuing the Air and Space Pathway	This event was held to showcase all of the career pathway options now available at Adair County High School. The Lake Cumberland Area Technology Center satellite campus in welding and health sciences was featured as well a a preview of the new aerospace and print and broadcast media pathways. Economic development driven by community unity and partnerships between the school and business and industry were echoed throughout the night.	All 12th grade students are encouraged to set up a job shadowing experience on this day or attend an industry tour of Tarter Gate. 7 Habits training will be available for those seniors who choose not to job shadow or attend the trip provided by the CCRC and the ACHS 7 Habits teacher training team.	I was invited to chaperone the field trip to Mammoth Cave National Park with 5th grade students. Students learned about the history and science of the cave as well asthe training and background needed for careers with the National Park System. The trip also allowed me to make connections with the 5th grade students as the CCRC.	I facilitated and assisted KHEAA counselor Audrey Fowler with FAFSA follow up with ACHS students who were not complete on the FAFSA initiative. She was available to answer questions about housing applications and orientation as well.	All bus drivers and cooks in Adair County Schools will recieve 7 Habits of High Successful Families traings from the district training team. The purposed is to continue to make 7 Habits a permanent and sustainable part of the school and community culture.
