I. Purpose and Scope

The purpose of the policy is to align practices at Western Kentucky University with the best practices for public universities regarding public prayer at University-sponsored events.

II. Policy

Western Kentucky University is a multicultural community. Students, faculty, staff, and alumni are of many different religious persuasions. If expressions of faith or thanksgiving are deemed necessary or appropriate, then a "moment of silence" is the preferred form of religious expression at official campus events. Any prayers that may be given at University-sponsored public events should be nonsectarian.
