Motion to Approve – 1st/2nd: Autin/Welsh Discussion: Elliott, double checking this is a non-repeatable course. It says repeat, number 1. Doesn't it typically have a 2 in there? Autin, stated this came up years ago and said it doesn't really mean the way we often use it, that they can repeat it to replace the grade. It means, if it's a course that they could take, like, a special topic more than once and get it more than one time so it really doesn't matter here. Vote: Approved (8/8)

Plemons wanted to tell everyone thanks for showing up today for the meeting. I know that everyone has just finished grading, and the provost office greatly appreciates it. The School of Media and Communications had a new program, and had it not been approved today by the UCC, it would have delayed the implementation by a semester. So, I appreciate you all doing that, so they could make the February board meeting.
