REVISED: July 25, 2016

Policy for: J-1 Visiting Scholars

Authorized by: David D. Lee, Provost and VP for Academic Affairs  
Tony Glisson, Director, Department of Human Resources

### **I. Purpose and Scope**

As part of the university's growing commitment to internationalization, WKU has encouraged colleges, departments, and individual faculty members to seek relationships with institutions and scholars in other countries to provide foreign nationals with opportunities to participate in educational and cultural programs at WKU. One means to achieve that objective is through the U.S. Department of State managed J-1 Visa Exchange Visitor Program. Under this program colleges and universities in this country are able to sponsor international exchanges of scholars.

Please see Section II of this policy for the specific DS-2019 categories of visiting scholars that WKU is approved to sponsor. This policy does not apply to students participating in J-1 Visa Exchange Programs. Please see either the undergraduate or graduate catalog(s) for English proficiency guidelines pertaining to students.

### **II. Definitions**

The definitions below are in accordance with 22CFR 62.4.

Professor – An individual primarily teaching, lecturing, observing, or consulting a post-secondary accredited institution, museum, library, or similar type(s) of institutions. A professor may also conduct research, unless disallowed by the sponsor. Program participation of not less than three weeks is required for this category of J-1 scholar, and may not exceed five years.

Research scholar – An individual primarily conducting research/creative activity, observing, or consulting in connections with a research project at research institutions, corporate research facilities, museums, libraries, post-secondary accredited educational institutions, or similar types of institutions. The research scholar may also teach or lecture, unless disallowed by the sponsor. Program participation of not less than three weeks is required for this category of J-1 scholar, and may not exceed five years.

Short-term scholar – A professor, research scholar, or person with similar education or accomplishments coming to the United States on a short-term visit for the purpose of lecturing, observing, consulting, training, or demonstrating special skills at research institutions, museums, libraries, post-secondary accredited educational institutions, or similar type of institution. There is no minimum program participation requirement for this category of J-1 scholar, however, program participation may not exceed six months.

  - a. A J-1 scholar who engages in unauthorized employment shall be deemed in violation of his or her program status and subject to termination as a participant in an exchange

visitor program.

- b. The acceptance of employment by an accompanying spouse or minor child of an exchange visitor is governed by the United States Department of Homeland Security regulations.

2. J-1 Exchange Visitors who are subsequently selected for on-going employment at WKU must meet applicable visa/status requirements and must remain in compliance with university policies as they apply to this employment category. Since Exchange Visitors are normally identified and assigned through international inter-university exchange agreements, their appointment to the university will not follow customary search and selection policies. The WKU Department of Human Resources is responsible for helping to monitor working conditions of Exchange Visitors similar to other university employees.

#### **IV. Procedures**

- A. Colleges, departments, units, or individual faculty members wishing to recommend university sponsorship for a J-1 scholar should contact the International Student Office (ISO) and speak with either the University Responsible Officer (RO) or Alternate Responsible Officer (ARO) for advice on non-immigrant visa requirements. Information regarding how to invite an international scholar to WKU may be found on the International Student Office (ISO) website at: <https://www.wku.edu/iso/scholars/deptreq.php>.
- B. University sponsors must allow a minimum of three months lead time in preparing paperwork for new visiting scholars (departments should be aware that delays in visa processing and security checks may mean that some scholars need up to 4 months to secure a J-1 visa in order to arrive at WKU).
- C. The sponsoring unit nominates the prospective exchange visitor and submits the required documentation to the International Student Office (see Section III.B.1.).
- D. The International Student Office issues the DS-2019.
- E. The sponsoring unit ships the DS-2019 and other J-1 program information to the potential exchange visitor. \*\*\*Note - documents must be shipped and cannot be sent via e-mail or fax.
- F. Additional Guidelines
  1. The sponsoring unit must provide the International Student Office (ISO) with the information/documentation necessary for university sponsorship of a potential visitor's visa application (see Section III.B.1.). Sponsoring units should consult the International Student Office (ISO) website at <https://www.wku.edu/iso/scholars/> for details and timelines.
  2. The International Student Office (ISO) will complete the immigration documents necessary for proposed university sponsorship of an exchange visitor.
  3. Depending on the terms negotiated, the sponsoring unit will be responsible for arranging or identifying support for transportation (local and international), housing, meals, office and lab space, stipends, health insurance, and salary and benefits (if applicable) for the exchange visitor.

4. In collaboration with the sponsoring department, the exchange visitor is required to check in with the International Student Office (ISO) within one week of arrival on campus. ISO staff will provide the mandatory scheduled orientation to the university and to the provisions of the exchange visitor program.
  - a. The exchange visitor's arrival and departure will be officially reported to the U.S. Department of Homeland Security (in accordance with federal regulations). The sponsoring unit will be responsible for notifying ISO, in a timely manner, of the departure-especially early departure- of any exchange visitor attached to that unit.
  - b. If the exchange visitor is to be employed by the university, the Department of Human Resources will provide the exchange visitor with a standard orientation that includes employee rights, responsibilities, benefits, etc. Employed exchange visitors will be paid a stipend at a fixed monthly rate for a specific appointment period (as opposed to an hourly rate), with clearly understood work responsibilities.
5. Depending on the Exchange Visitor category (see Section II. *Definitions*), reflective of their curriculum vitae sponsoring units will provide each of their exchange visitors with a clear statement of expectations during the period of the exchange visitor's residency. For exchange visitors employed by the university, a copy of that statement will be filed with the Department of Human Resources and Academic Affairs.
6. Since Exchange Visitors fall into a special category of affiliation with the university, they will not usually have access to the standard student, faculty or staff complaint procedures. If an Exchange Visitor has a complaint, they may direct that complaint to the head of the department and/or the college dean and provost. As an alternative to working through their supervisor, the Visiting Scholar may address a non-academic or non-personnel related complaint to the Chief International Officer within International Enrollment Management who will, in turn, inform and work with the appropriate college dean to resolve the complaint. While maintaining appropriate confidentiality, the college dean will endeavor to keep the sponsoring unit informed of the progress and resolution of the complaint.
7. The International Student Office (ISO) and the Department of Human Resources (if the J-1 Scholar is employed) will maintain appropriate files on each individual Exchange Visitor hosted by the university.

WKU provides multiple means for certifying that a J-1 scholar satisfies the English proficiency requirement. Sponsoring department/unit may choose one of the options outlined below.

A J-1 Scholar must achieve the minimum score indicated below on an approved English language test taken within two years of the program start date at WKU with the minimum score indicated below. The scholar must request that his or her scores be sent to the sponsoring unit/department.

	TOEFL (Test of English as a Foreign Language)	IELTS (International English Language Testing System)
