January, 2017

To clarify emerita/us recognition for faculty holding the University Distinguished Professor designation.

February, 2017

The title Emerita will no longer be used as a designation for a female faculty member's rank upon retirement. The title Emeritus will be used for both male and female faculty members awarded this designation following the procedures indicated above. As of the date of this revision and in accordance with published policies, two-thirds of WKU's benchmark institutions and three-quarters of Kentucky public universities award the title Emeritus to both male and female faculty members.

Board action would be required to change the title of Emerita to Emeritus for faculty members awarded this designation prior to February 1, 2017 and therefore those titles will remain unchanged.
